

Determination Advice Notes:

1. With regard to Condition 1, the owners of the subject land shall obtain the consent of the owners of the relevant adjoining properties before entering those properties in order to make good the boundary walls.
2. With regard to Condition 3, no further consideration shall be given to the disposal of storm water 'off site' without the submission of a geotechnical report from a qualified consultant. Should approval to dispose of storm water 'off site' be subsequently provided, detailed design drainage plans and associated calculations of the proposed storm water disposal shall be lodged together with the building permit application working drawings.
3. The applicant and owner are advised that sufficient parking can be provided on the subject site and as such the City of Vincent will not issue a residential or visitor car parking permit to any owner or occupier of the residential dwellings under Policy No. 3.9.3 – Parking Permits. This information should be provided to all prospective purchasers and it is recommended that a notice be placed on Sales Contracts to advise purchasers of this restriction.
4. The car parking area(s) which form part of this approval shall be sealed, drained, paved and line marked in accordance with the approved plans prior to the first occupation of the development and maintained thereafter by the owner/occupier to the satisfaction of the City.
5. An Infrastructure Protection Bond for the sum of \$3,000 together with a non-refundable inspection fee of \$100 shall be lodged with the City by the applicant, prior to commencement of works, and will be held until all building/development works have been completed and any disturbance of, or damage to the City's infrastructure, including verge trees, has been repaired/reinstated to the satisfaction of the City. An application for the refund of the bond shall be made in writing. The bond is non-transferable.
6. All pedestrian access and vehicle driveway/crossover levels shall match into existing verge, footpath and Right of Way levels to the satisfaction of the City.
7. The movement of all path users, with or without disabilities, within the road reserve, shall not be impeded in any way during the course of the building works. This area shall be maintained in a safe and trafficable condition and a continuous path of travel (minimum width 1.5m) shall be maintained for all users at all times during construction works. Permits are required for placement of any material within the road reserve.
8. All new crossovers to lots are subject to a separate application to be approved by the City. All new crossovers shall be constructed in accordance with the City's Standard Crossover Specifications.
9. Prior to the first occupation of the development, redundant or "blind" crossovers shall be removed and the verge and kerb made good to the satisfaction of the City, at the applicant/owner's full expense.
10. Standard 'Visual Truncations', in accordance with the City's Policy No. 2.2.6 and/or to the satisfaction of the City are to be provided at the intersection of the road reserve or Right of Way boundary, and all internal vehicle access points to ensure that the safety of pedestrians and other road users is not compromised. Details of all required visual truncations shall be included on the building permit application working drawings.
11. If an applicant or owner is aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the *Planning and Development Act 2005* Part 14. An application must be made within 28 days of the determination.
12. If the development the subject of this approval is not substantially commenced within a period of 2 years, or another period specified in the approval after the date of determination, the approval will lapse and be of no further effect.
13. Where an approval has so lapsed, no development must be carried out without the further approval of the local government having first been sought and obtained.
