PURPOSE OF REPORT:

To present the statement of financial activity for the period ended 30 April 2019.

BACKGROUND:

Regulation 34 (1) of the *Local Government (Financial Management) Regulations 1996* requires a local government to prepare each month a statement of financial activity including the sources and applications of funds, and as compared to the budget.

DETAILS:

The following documents, included as **Attachment 1**, comprise the statement of financial activity for the period ending 30 April 2019:

Note	Description	Page
1.	Statement of Financial Activity by Program Report and Graph	1-3
2.	Statement of Comprehensive Income by Nature or Type Report	4

Comments on the Statement of Financial Activity (as at Attachment 1):

Operating revenue is reported separately by '*Program*' and '*Nature or Type*' respectively. The significant difference between the two reports is that operating revenue by '*Program*' includes 'Profit on sale of assets' and the report for *Nature or Type*' includes 'Rates revenue'.

Revenue by Program is tracking higher than the year to date budgeted revenue by \$690,430 (4%). The following material items relating to Community Amenities contributed to this position:

- Recognition of monies transferred from trust for contributions relating to Percent of Art \$200,000; and
- Recognition of additional income due to unclaimed monies that have been held in trust for greater than 10 years \$321,248. This is in accordance with s.6.9 (4) of the *Local Government Act 1996*.

Revenue by Nature or Type is tracking higher than the budgeted revenue by \$516,103. The following items materially contributed to this position:

- A budget to actual surplus of \$379,504 in '**Operating grants, subsidies and contributions**' that is materially contributed from the receipt of monies from percentage of art contributions (\$200,000);
- A budget to actual surplus of \$148,633 in '**Other revenue**' that is materially contributed from the recognition of unclaimed monies from the trust fund (\$321,248). However, this increase is offset by \$153,910 from recoups for ongoing variable outgoings not being finalised as yet;
- A budget to actual surplus of \$164,440 due to an increase in 'Interest earnings' from investments; and
- A budget to actual deficit in revenue from interim rates by \$100,742 due to a decline in new development for the current financial year.

Expenditure by Program reflects an under-spend of \$1,256,745 (3%) compared to the year to date budget. Majority of the programs reflect an under-spend, however 'Transport' reflects an over-spend of \$112,434 largely contributed by the budget phasing of depreciation expenditure relating to roads.

Expenditure by Nature or Type reflects an under-spend of \$1,083,263 (2%) compared to the year to date budget. The following items materially contributed to this position:

- **Materials and contracts** reflects an under-spend of \$1,739,004. This variance is largely contributed by timing of on-going works and operating projects that have not commenced as yet resulting in the works being carried forward to 2019/20;
- **Other expenditure** reflects an under-spend of \$414,861 largely contributed to operating projects not having commenced and will be carried forward to 2019/20;
- **Employee costs** reflects an over-spend of \$591,680 largely contributed to budget phasing due to April having 3 payroll payment runs and a one-off redundancy payments;
- **Depreciation on non-current assets** reflects an over-spend of \$433,315 largely due to budget phasing for depreciation relating to roads. The overall impact of depreciation will be on par with the budgeted amount at the end of the financial year.

Opening Surplus Bought Forward – 2018/19

The opening net surplus position brought forward for 2018/19 was \$5,524,405 as stated in the 2017/2018 audited financial statements.

As at 30 April 2019, the surplus amount is \$13,511,705 compared to the year to date budgeted amount of \$8,771,056. This variance is largely comprised of a reduction in expenditure for works relating to capital works. The table in *Note 5* provides a summarised breakdown of the expenditure activity in each asset category.

6. Cash Backed Reserves (Note 6 Page 78)

The cash backed reserves schedule provides a detailed summary of the movements in the reserves portfolio, including transfers to and from the reserve. The balance as at 30 April 2019 is \$13,153,249.

7. Rating Information (Note 7 Page 79 – 80)

The notices for rates and charges levied for 2018/19 were issued on 26 July 2018.

The Local Government Act 1995 provides for ratepayers to pay rates by four instalments. The due dates for each instalment are:

First Instalment	31 August 2018				
Second Instalment	31 October 2018				
Third Instalment	04 January 2019				
Fourth Instalment	04 March 2019				

Total rates collected, as at 30 April 2019 is \$34,739,356. Furthermore, the outstanding rates debtors balance is \$1,169,721 including deferred rates (\$95,513).

Final instalment notices have been issued to ratepayers that have defaulted on their instalment payments. Thereafter the debt will be handed over for further debt collection.

8. <u>Receivables (Note 8 Page 81)</u>

Trade receivables outstanding as at 30 April 2019 is \$2,495,126, of which \$1,484,200 has been outstanding for over 90 days. Administration has been regularly following up all outstanding items by issuing reminders when they are overdue, subsequently initiating a formal debt collection process for when payments remain outstanding for long periods of time.

Below is a summary of the items that have been outstanding for over 90 days:

• \$1,326,087 (89.3%) relates to unpaid infringements (plus costs) over 90 days. Infringements that remain unpaid for more than two months are sent to the Fines Enforcement Registry (FER), which then collects the outstanding balance on behalf of the City for a fee. The debtor balance has improved by 2.5% (\$186,705) compared to last month.

Due to the aged nature of some of the unpaid infringements, the provision for doubtful debts has been increased this year and an amount of \$1,066,403 has been transferred to long term infringement debtors (non-current portion); and

- \$181,140 (12.2%) relates to cash in lieu of car parking debtors. Administration has entered into special payment arrangements with cash in lieu parking debtors that prefer to pay over a fixed term of five years.
- 9. <u>Beatty Park Leisure Centre Financial Position report (Note 9 Page 82)</u>

As at 30 April 2019, the operating deficit for the centre is \$1,521,906 compared to the year to date budgeted amount of \$1,450,905.

10. Explanation of Material Variances (Note 4 Page 6 – 64)

The materiality thresholds used for reporting variances are 10% and/or \$20,000 respectively. This means that variances will be analysed and separately reported when they are more than 10% (+/-) of the year to date budget or where that variance exceeds \$20,000 (+/-). This threshold was adopted by Council as part of the budget adoption for 2018/19 and is used in the preparation of the statements of financial activity when highlighting material variance in accordance with *Financial Management Regulation 34(1) (d)*.

In accordance to the above, all material variances as at 30 April 2019 have been detailed in the variance comments report in **Attachment 1**.

11. Treatment of Assets Less Than \$5,000

The following amendment has been made to s6.10 Regs.17 (A) (5) of the Local Government Act:

An asset is to be excluded from the assets of a local government if the fair value of the asset as at the date of acquisition by the local government is under \$5,000.

As a result, Administration has reallocated the expenditure relating to the affected assets under this new threshold from capital to operating. The impact of this change is an increase in year to date operating expenditure by \$240,642 resulting in a negative impact on the net position for the year.

Administration is currently reviewing the assets that have been acquired in the previous financial years and will perform a similar exercise to be fully compliant with the new legislative requirements.

CONSULTATION/ADVERTISING:

RECOMMENDATION:

That Council:

- 1. RECEIVES the draft City Policy- "Council Election Period Policy", at Attachment 1;
- 2. AUTHORISES the Chief Executive Officer to provide local public notice of the new policy in Recommendation 1. above and invite public comments for a period of 21 days; and
- 3. NOTES that at the conclusion of the public notice period any submissions received would be presented to Council for consideration.

PURPOSE OF REPORT:

To consider providing public notice of a policy to guide decision making in the lead up to local government elections – Council Election Period Policy.

BACKGROUND:

During an election period the normal business of local government must continue and ordinary matters of administration still need to be addressed.

The City does not currently have a policy or established procedure to guide decision making in the lead up to and during a local government election.

The proposed draft policy provides guidance on decision making during the election period to protect the apolitical nature of the public sector and avoid the use of City resources in a manner that advantages a particular candidate.

The policy will ensure that during the election period the local government avoids:

- making major policy decisions;
- making significant appointments; and
- entering major contracts or undertakings.

DETAILS:

The Council Election Period Policy will govern the following during the lead up period to a local government election:

- (a) Decisions made by Council;
- (b) Decisions made under delegated authority;
- (c) Decisions made administratively;
- (d) Promotional materials published by the City;
- (e) Discretionary community consultation;
- (f) Events and functions held by the City or other organisations;
- (g) Use of the City's resources; and
- (h) Access to information held by the City.

The Council Election Period Policy will ensure all Elected Members are aware of their responsibilities during the lead up period to the election, which will result in a fair election process and transparent decision making during this time.

The proposed draft policy is in line with Federal, State and Local Government Caretaker Conventions.

CONSULTATION/ADVERTISING:

Pursuant to the City's Policy No. 4.1.1 – 'Adoption and Review of Policies' public notice of the new policy for a period of 21 days is required.

The public notice which will be provided is as follows:

- Notice in the Perth Voice and Guardian Express;
- Notice on the City's website and social media; and
- Notice on the notice board at the City's Administration and Library and Local History Centre.

LEGAL/POLICY:

- City Policy No. 4.1.1 Adoption and Review of Policies prescribes the process for Council to adopt a new policy.
- City Policy 4.1.5 Community Consultation specifies the community consultation required.
- Sections 4.87, 5.93 and 5.103 of the *Local Government Act 1995* set out the requirements local governments must comply with in the lead up to a local government election.

RISK MANAGEMENT IMPLICATIONS:

Low: The proposed policy would meet the intent of the *Local Government Act 1995,* as it would assist in ensuring the City is efficient, effective and accountable to the community.

STRATEGIC IMPLICATIONS:

1. This is in keeping with the City's Strategic Community Plan 2018-2028:

Innovative and Accountable

Our community is aware of what we are doing and how we are meeting our goals.

We are open and accountable to an engaged community.

SUSTAINABILITY IMPLICATIONS:

Nil.

FINANCIAL/BUDGET IMPLICATIONS:

1. PURPOSE

During an election period the normal business of local government continues and ordinary matters of administration still need to be addressed.

This policy provides guidance to ensure the administration operates during the election period in a manner which protects the apolitical nature of the public sector and avoids the use of City resources in a manner that advantages a particular candidate.

In summary, the policy ensures that during the election period the local government avoids:

- making major policy decisions
- making significant appointments; and
- entering major contracts or undertakings.

These arrangements aim to prevent controversies about the role of the public sector during an election campaign.

2. OBJECTIVES

The primary objective of this policy is to ensure the normal business of local government continues while avoiding:

- a) the Council of the City of V incent making major decisions, prior to an election, that would bind an incoming Council;
- b) the use of public resources in ways that are seen as advantageous or disadvantageous to, or promoting, sitting Elected Members who are seeking reelection or new candidates;
- c) the City of Vincent administration acting in a manner which could influence the result of an election.

This Policy applies during an 'Election Period' (see below for a definition) to cover:

- decisions that are made by the Council;
- materials published by the City;
- attendance and participation in functions and events;
- use of the City's resources;
- access to information held by the City.

5. POLICY STATEMENT

5.1 Introduction

5.1.1 Application

This policy applies to Elected Members and employees of the City of Vincent.

Whilst electoral candidates that are not Elected Members cannot be compelled to comply with a policy of the Council, such candidates will be made aware of this Policy and encouraged to cooperate with its implementation.

5.1.2 Definitions

'Election Period' means the period of time when the Election Period practices are in place prior to the election. The Election Period practices will apply from the close of nominations (37 days prior to the Election Day – Section 4.49 (a) of the *Local Government Act 1995*) until 6.00pm on Election Day.

'Election Day' means the day fixed under the *Local Government Act 1995* for the holding of any poll needed for an election but excludes an extraordinary election other than an extraordinary election to elect a new Lord Mayor.

'Electoral Material' means any advertisement, handbill, pamphlet, notice, letter or article that is intended or calculated to affect the result in an election but does not include:

- a. An advertisement in a newspaper announcing the holding of a meeting (Section 4.87 (3) of the *Local Government Act 1995*).
- b. Any materials exempted under Regulation 78 of the Local Government (Elections) Regulations 1997.
- c. Any materials produced by the City relating to the election process by way of information, education or publicity, or materials produced by or on behalf of the Returning Officer for the purposes of conducting an election.

'Extraordinary Circumstances' means a situation that requires a major policy decision of the Council because:

- a. in the CEO's opinion, the urgency of the issue is such that it cannot wait until after the election;
- b. of the possibility of legal and/or financial repercussions if a decision is deferred; or
- c. in the CEO's opinion, it is in the best interests of the Council and/or the City of Vincent for the decision to be made as soon as possible.

'Major Policy Decision' means any:

- a. Decisions relating to the employment, termination or remuneration of the CEO or any other designated senior officer, other than a decision to appoint an Acting CEO, or suspend the current CEO (in accordance with the terms of their contract), pending the election.
- b. Decisions relating to the City entering into a sponsorship arrangement with a total City contribution that would constitute substantial expenditure unless that sponsorship arrangement has previously been granted "in principle" support by the Council and sufficient funds have been included in the Council's annual budget to support the project.
- c. Decisions relating to the City entering into a commercial enterprise as defined by Section 3.59 of the *Local Government Act 1995*.
- d. Decisions that would commit the City to substantial expenditure or actions that, in the CEO's opinion, are significant, such as that which might be brought about through a Notice of Motion by an Elected Member.
- e. Decisions that, in the CEO's opinion, will have a significant impact on the City of Vincent or the community.
- f. Reports requested or initiated by an Elected Member, candidate or member of the public that, in the CEO's opinion could, be perceived within the general community as an electoral issue and has the potential to call into question whether decisions are soundly based and in the best interests of the community.

'Public Consultation' means a process which involves an invitation to individuals, groups or organisations or the community generally to comment on an issue, proposed action or proposed policy but does not include consultation required to be undertaken in order to comply with a written law.

'Substantial Expenditure' means expenditure that exceeds 0.1% of the City's annual budgeted revenue (inclusive of GST) in the relevant financial year.

5.1.3 Scheduling Consideration of Major Policy Decisions

So far as is reasonably practicable, the CEO should avoid scheduling major policy decisions for consideration during an Election Period, and instead ensure that such decisions are either:

- a. considered by the Council prior to the Election Period; or
- b. scheduled for determination by the incoming Council.

Where extraordinary circumstances prevail, the CEO may submit a major policy decision to the Council (refer to Part 3).

5.1.4 Decisions Made Prior to an Election Period

This Policy only applies to decisions made during an Election Period, not the announcement of decisions made prior to the Election Period. Whilst announcements of earlier decisions may be made during an Election Period, as far as practicable any such announcements should be made before the Election Period begins or after it has concluded.

5.2 Implementation of Election Practices

5.2.1 Role of the CEO in Implementing Election Period Practices

The role of the CEO in implementing the Election Period practices outlined in this policy is as follows:

- a. The CEO will ensure as far as possible, that all Elected Members and staff are aware of the Election Period Policy and practices at least 30 days prior to the start of the Election Period.
- b. The CEO will ensure that all candidates in an election are aware of the City's voluntary 'Candidate Code of Conduct' upon acceptance of their nomination.
- c. The CEO will ensure, as far as possible, that any major policy or significant decisions required to be made by the Council are scheduled for Council resolution prior to the Election Period or deferred where possible for determination by the incoming Council.
- d. The CEO will endeavour to make sure all announcements regarding decisions made by the Council, prior to the Election Period, are publicised prior to the Election Period.
- e. The CEO will provide guidelines for all relevant staff on the role and responsibilities of staff in the implementation of this policy.

5.3 Extraordinary circumstances requiring exemption

5.3.1 Extraordinary Circumstances

Despite clause 5.1.3, the CEO may, where extraordinary circumstances exist, permit a matter defined as a 'major policy decision' to be submitted to the Council for determination during the Election Period.

5.3.2 Appointment or Removal of the CEO

Whilst part 5.1.2 above establishes that a CEO may not be appointed or dismissed during an Election Period, the Council may, where the substantive officer is on leave, appoint an Acting CEO, or in the case of an emergency, suspend the current CEO (in accordance with the terms of their contract) and appoint a person to act in the position of CEO, pending the election, after which date a permanent decision can be made.

5.4 Election Period Statement

To assist the Council to comply with its commitment to appropriate decision making during the Election Period, an Election Period Statement will be included in each report submitted to the Council where the Council's decision would, or could, be a Major Policy Decision. The Election Period Statement will state:

"The decision the Council may make in relation to this item could constitute a 'Major Policy Decision' within the context of the City of Vincent Election Period Policy, however, an exemption should be made because, (insert the circumstances for making the exemption)".

5.5 City of Vincent Publications

5.5.1 City of Vincent Website and Digital Media

During the Election Period the City's website and digital media will not contain any material which is precluded by this policy. Any references to the election will only relate to the election process. Information about Elected Members will be restricted to names, contact details, titles, membership of special committees and other bodies to which they have been appointed to by the Council.

5.6 Public consultation during the Election Period

Public consultation can occur during an election period to ensure the normal business of local government continues and ordinary matters of administration are addressed.

Mandatory public consultation required by the *Local Government Act 1995* or any other relevant Act will continue to be undertaken to enable the City to fulfil its functions.

Public consultation will not be undertaken during the Election Period (either new consultation or existing) on an issue which, in the CEO's opinion, could be perceived as intended or calculated to affect the result of an election, unless authorised by the CEO.

5.7 Attendance and participation at events/functions

5.7.1 Public Events Hosted by External Bodies

Elected Members may continue to attend events and functions hosted by external bodies during the Election Period.

5.7.2 City of Vincent Organised Civic Events/Functions

Events and/or functions organised by the City and held during the Election Period will be limited to only those that the CEO considers essential to the operation of the City, and should not in any way be associated with any issues that in the CEO's opinion, are considered relevant to, or likely to influence the outcome of, an election.

All known candidates are to be invited to civic events/functions organised by the City during the Election Period.

5.7.3 Addresses by Elected Members

Excluding the Mayor and Deputy Mayor fulfilling their functions as prescribed by sections 2.8 and 2.9 of the *Local Government Act 1995*, respectively, Elected Members that are also candidates should not, without the prior approval of the CEO, be permitted to make speeches or addresses at events/functions organised or sponsored by the City during the Election Period.

5.8 The use of City of Vincent resources

The City's Code of Conduct and the *Local Government (Rules of Conduct) Regulations 2007* provide that the City's resources are only to be utilised for authorised activities (for example - no use of employees for personal tasks or no use of equipment, stationery, or hospitality for non-Council business). This includes the use of resources for electoral purposes.

It should be noted that the prohibition on the use of the City's resources for electoral purposes is not restricted to the Election Period.

The City's staff must not be asked to undertake any tasks connected directly or indirectly with an election campaign and should avoid assisting Elected Members in ways that could create a perception that they are being used for electoral purposes. A dvice is to be sought from the CEO in any circumstances where the use of City resources might be construed as being related to a candidate's election campaign.

5.9 Access to Council information and assistance

5.9.1 Electoral Information and Assistance

All candidates will have equal rights to access public information, such as the electoral rolls (draft or past rolls), monthly enrolment details, and information relevant to their election campaigns from the City administration.

Any assistance and advice provided to candidates as part of the conduct of the Council election will be provided equally to all candidates.

5.9.2 Media Advice

Any requests for media advice or assistance from Elected Members during the Election Period will be referred to the CEO. No media advice will be provided in relation to election issues or in regard to publicity that involves specific Elected Members. If satisfied that advice sought by an Elected Member during the Election Period does not relate to the election or publicity involving any specific Elected Member(s), the CEO may authorise the provision of a response to such a request.

5.9.3 Publicity Campaigns

The City's publicity during the Election Period will communicate normal City activities and initiatives.

During the Election Period, major or new publicity campaigns, other than for the purpose of conducting (and promoting) the election will be avoided wherever possible.

A publicity campaign deemed necessary for a City activity must be approved by the CEO.

5.9.4 Media Attention

Elected Members will not use or access City staff or resources to gain media attention in support of their or any other candidate's election campaign.

5.9.5 Election Process Enquiries

All election process enquiries from candidates, whether current Elected Members or not, will be directed to the Returning Officer or, where the matter is outside of the responsibilities of the Returning Officer, to the CEO.
