

# **AGENDA**

# Ordinary Council Meeting 8 March 2022

Time: 6.00pm

**Location:** E-Meeting and at the Administration

and Civic Centre,

244 Vincent Street, Leederville

David MacLennan
Chief Executive Officer

#### **DISCLAIMER**

No responsibility whatsoever is implied or accepted by the City of Vincent (City) for any act, omission, statement or intimation occurring during Council Briefings or Council Meetings. The City disclaims any liability for any loss however caused arising out of reliance by any person or legal entity on any such act, omission, statement or intimation occurring during Council Briefings or Council Meetings. Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council Briefing or Council Meeting does so at their own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning or development application or application for a licence, any statement or intimation of approval made by an Elected Member or Employee of the City during the course of any meeting is not intended to be and is not to be taken as notice of approval from the City. The City advises that anyone who has any application lodged with the City must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application, and any conditions attaching to the decision made by the Council in respect of the application.

#### Copyright

Any plans or documents contained within this Agenda may be subject to copyright law provisions (Copyright Act 1968, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that Copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

#### PROCEDURE FOR PUBLIC QUESTION TIME

The City's Council Briefings, Ordinary Council Meetings, Special Council Meetings and Committee Meetings are held in the Council Chamber located upstairs in the City of Vincent Administration and Civic Centre. Physical distancing measures are in place. Meetings are also held electronically (as eMeetings), and live streamed so you can continue to watch our meetings and briefings online at <a href="https://www.vincent.wa.gov.au/council-meetings/livestream">https://www.vincent.wa.gov.au/council-meetings/livestream</a>

Public Questions will be strictly limited to three (3) minutes per person.

The following conditions apply to public questions and statements:

- 1. Members of the public present at Council Briefings will have an opportunity to ask questions or make statements during public question time. Questions and statements at Council Briefings must relate to a report contained in the agenda.
- 2. Members of the public present at Council Meetings, Special Council Meeting or Committee Meeting have an opportunity to ask questions or make statements during public question time in accordance with section 2.19(4) of the City's Meeting Procedures Local Law.
- 3. Questions asked at an Ordinary Council Meeting must relate to a matter that affects the City of Vincent.
- 4. Questions asked at a Special Council Meeting or Committee Meeting must relate to the purpose for which the meeting has been called.
- 5. Written statements will be circulated to Elected Members and will not be read out unless specifically requested by the Presiding Member prior to the commencement of the meeting.
- 6. Where in-person meetings are not permitted due to a direction issued under the *Public Health Act* 2016 or the *Emergency Management Act* 2005 questions and/or statements may be submitted in writing and emailed to <a href="mailto:governance@vincent.wa.gov.au">governance@vincent.wa.gov.au</a> by 3pm on the day of the Council proceeding. Please include your full name and suburb in your email.
- 7. Shortly after the commencement of the meeting, the Presiding Member will ask members of the public to come forward to address the Council and to give their name and the suburb in which they reside or, where a member of the public is representing the interests of a business, the suburb in which that business is located and Agenda Item number (if known).
- 8. Questions/statements are to be made politely in good faith and are not to be framed in such a way as to reflect adversely or be defamatory on an Elected Member or City Employee.
- 9. Where practicable, responses to questions will be provided at the meeting. Where the information is not available or the question cannot be answered, it will be "taken on notice" and a written response will be sent by the Chief Executive Officer to the person asking the question. A copy of the reply will be included in the Agenda of the next Ordinary meeting of the Council.
- 10. It is not intended that public speaking time should be used as a means to obtain information that would not be made available if it was sought from the City's records under Section 5.94 of the *Local Government Act* 1995 or the *Freedom of Information Act* 1992 (FOI Act). The CEO will advise the member of the public that the information may be sought in accordance with the FOI Act.

For further information, please view the **Council Proceedings Guidelines**.

#### RECORDING AND WEBSTREAMING OF COUNCIL MEETINGS

- All Council proceedings are recorded and livestreamed in accordance with the <u>Council Proceedings</u> <u>Recording and Web Streaming Policy</u>.
- All recordings are retained as part of the City's records in accordance with the State Records Act 2000.
- All livestreams can be accessed at https://www.vincent.wa.gov.au/council-meetings/livestream
- All live stream recordings can be accessed on demand at https://www.vincent.wa.gov.au/council-meetings
- Images of the public gallery are not included in the webcast, however the voices of people in attendance may be captured and streamed.
- If you have any issues or concerns with the live streaming of meetings, please contact the City's Governance Team on 08 9273 6500.

#### 1 DECLARATION OF OPENING / ACKNOWLEDGEMENT OF COUNTRY

"The City of Vincent would like to acknowledge the Traditional Owners of the land, the Whadjuk people of the Noongar nation and pay our respects to Elders past, present and emerging".

#### 2 APOLOGIES / MEMBERS ON LEAVE OF ABSENCE

Nil

#### 3 (A) PUBLIC QUESTION TIME AND RECEIVING OF PUBLIC STATEMENTS

#### (B) RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

#### **Dudley Maier of Highgate**

Does the CEO believe that the recent Annual General Meeting of Electors was adequately promoted to the community?

Promotional requirements for the AGM were met. It was promoted using a range of promotional methods, including advertisements, notices in public buildings, emails and social media.

- 2. Does the CEO believe that placing an ad for the AGM on the inside back cover of the 22 January edition of The Perth Voice, just under the ads for plumbers and tree services, is an efficient, cost effective, and adequate means of communicating with the community?
- 3. Does the CEO believe that placing an ad for the AGM on the sports page (page 14) of the 27 January edition of Perth Now Central is an efficient, cost effective, and adequate means of communicating with the community?

Refer answer to Question 1. We acknowledge Mr Maier's suggestion that the City reviews the cost and placement of AGM advertisements in community newspapers in 2023.

4. Does the CEO take personal responsibility for the promotion of the AGM? If not, who was personally responsible for the promotion?

Day to day operations of the local government are the function of the CEO (Section 5.41 of the Local Government Act 1995).

5. Who made the decision to hold the AGM at the North Perth Town Hall?

The CEO recommended to Council that the AGM be held at the North Perth Town Hall in the report on the Draft Annual Report 2020/21 on 14 December:

<a href="https://www.vincent.wa.gov.au/Profiles/vincent/Assets/ClientData/Documents/Council/Agendas/202">https://www.vincent.wa.gov.au/Profiles/vincent/Assets/ClientData/Documents/Council/Agendas/202</a>

1/14 December 2021/Item 11 10 Draft Annual Report 2020-21.pdf

6. Were there any costs associated with using the North Perth Town Hall, e.g. PA hire? What were the staff costs associated with setting up the hall for the meeting?

The cost of holding the AGM at North Perth Town Hall was \$105. Staff costs were comparable to setting up the City's committee room and Council chambers for the meeting.

- 7. The Auditor General's report on last year's financial statements listed a number of material matters which were not in compliance with Part 6 of the Act. For each of the following areas identified by the Auditor General, when was the City first made aware of the issue?
  - Inadequate access controls over key systems which are required in order to enforce adequate segregation of duties
  - Failure to retain evidence that changes to the employee Masterfile were made by an authorised person other than the person making the change
  - Inappropriately designed bank reconciliation and review process

• The failure to report the asset renewal funding ratio as required by the Local Government (Financial Management) Regulations 1996.

The City received an **UNQUALIFIED** audit from the Auditor General.

Annual audits are an essential mechanism for managing organisational risk and improvement. It is common for auditors to identify processes requiring improvement. The Audit findings are reported to the Audit Committee who monitor progress via an action log.

The number of significant matters reduced from 7 to 4 between 2020 and 2021.

Issues 1 and 2 were raised in 2020 and immediate manual process changes were made. The full resolution of these matters are dependent on a system upgrade occurring in FY22.

Issue 3 was raised in 2020. This audit finding identified that there was a timing variance in the reconciliation process which has been addressed.

Issue 4 arose as the City had 9 years of capital works estimates approved by Council, and the 10<sup>th</sup> year is awaiting completion of the LTFP in FY22. Finalising the LTFP was dependent on community input, and assumptions captured in the Asset Management Sustainability Strategy, as approved by Council at the 16 November 2021 OCM.

These items are monitored at the Audit Committee.

8. Were any of these 'material matters' which were identified by the Auditor General identified by the Auditor General in previous audit reports.

Answered at Question 7

9. Does the CEO accept responsibility for failing to adequately address the two material matters that were identified by the Auditor General in the previous 2019-20 audit?

These matters have been adequately addressed.

10. Does the CEO accept that the board of a publicly listed company would take a dim view of a continued failure to address material matters identified by the auditors, and that the position of the chief executive officer or chief financial officer would be seriously reviewed?

Refer response to Questions 7 to 9.

There is a premise in the question that remedial action may occur within 6 months, noting the Audit is received in December, which is not always possible or practical.

The City follows the same process as is undertaken within publicly listed companies.

11. When addressing the response to the comments about the Asset Renewal Funding Ratio from the Auditor General at the 14 December 2021 meeting, the Director incorrectly referred to the Asset Sustainability Ratio and said that it was not provided because of a failure to update the Long Term Financial Plan.

Does the CEO accept the reason, and take personal responsibility for not providing the required ratio in the 2020-21 financial report?

Yes, the response provided was in reference to the Asset Renewal Funding Ratio, not the Asset Sustainability Ratio. The response was otherwise correct.

There is no statutory requirement for the LTFP to be updated annually. There is a logical rationale for the absence of this ratio in FY21 and it is planned to be addressed in FY22.

Refer also to response to Questions 7 to 9.

#### 4 APPLICATIONS FOR LEAVE OF ABSENCE

Cr Dan Loden requested a leave of absence from 8 to 23 April 2022.

5 THE RECEIVING OF PETITIONS, DEPUTATIONS AND PRESENTATIONS

Nil

6 CONFIRMATION OF MINUTES

Ordinary Meeting - 8 February 2022

- 7 ANNOUNCEMENTS BY THE PRESIDING MEMBER (WITHOUT DISCUSSION)
- 8 DECLARATIONS OF INTEREST

Nil

#### 9 STRATEGY & DEVELOPMENT

9.1 NO. 31 (LOT: 74; D/P: 32) SMITH STREET, HIGHGATE - PROPOSED ALTERATIONS AND ADDITIONS TO PLACE OF WORSHIP

Ward: South

Attachments: 1. Consultation and Location Map  $\downarrow$ 

2. Development Plans J

3. Heritage Impact Statement <u>U</u>

4. Determination Advice Notes 4

#### **RECOMMENDATION:**

That Council, in accordance with the provisions of the City of Vincent Local Planning Scheme No. 2 and the Metropolitan Region Scheme, APPROVES the application for Alterations and Additions to Place of Worship at No. 31 (Lot: 74; D/P: 32) Smith Street, Highgate, in accordance with the plans shown in Attachment 2, subject to the following conditions, with the associated determination advice notes in Attachment 4:

#### 1. Development Plans

This approval is for Alterations and Additions to Place of Worship as shown on the approved plans dated 29 November 2021. No other development forms part of this approval;

#### 2. Stormwater

Stormwater from all roofed and paved areas shall be collected and contained on site. Stormwater must not affect or be allowed to flow onto or into any other property or road reserve; and

#### 3. Colours and Materials

The colours, materials and finishes of the development shall be in accordance with the details as indicated on the approved plans, to the satisfaction of the City.

#### **PURPOSE OF REPORT:**

To consider an application for development approval for alterations and additions to the Serbian Orthodox Church of St. Sava at No. 31 Smith Street, Highgate (the subject site).

#### PROPOSAL:

The application proposes the addition of two awnings and a patio to the subject site which is listed on the State Register of Heritage Places.

The two awnings are proposed to be attached to the south western façade of the existing hall building at the rear of the site. The ground floor awning would have dimensions of 2.4 metres by 1.0 metre and the upper floor awning would have dimensions of 1.8 metres by 1.0 metre.

The patio is proposed to be attached to the south eastern façade of the existing hall building at the rear of the site. The patio would have a single storey height, dimensions of 3.5 metres by 7.3 metres and would be visible from Smith Street.

The applicant has advised that the awnings and patio are proposed to provide weather protection for people attending the hall building.

The proposed development plans are included as Attachment 2.

#### **BACKGROUND:**

Landowner:	The Parish of the Serbian Orthodox Church of St Sava Inc.		
Applicant:	Paul Vlahos		
Date of Application:	29 November 2021		
Zoning:	MRS: Urban		
	LPS2: Zone: Residential R Code: R80		
Built Form Area:	Residential		
Existing Land Use:	Place of Worship		
Proposed Use Class:	Place of Worship		
Lot Area:	1239m²		
Right of Way (ROW):	N/A		
Heritage List: City of Vincent Heritage List – Management Category B			
	State Register of Heritage Places		

#### Site Context and Zoning

The subject site is bound by Smith Street to the south east, single storey dwellings to the north east and south west and two storey grouped dwellings to the north-west. A location plan is included in **Attachment 1**.

The subject site and all adjoining properties are zoned Residential R80 under the City's Local Planning Scheme No. 2 (LPS2).

The subject site and all adjoining properties are located within the Residential built form area and have a permitted building height of three storeys under the City's Policy 7.1.1 – Built Form (Built Form Policy).

The subject site currently contains the Serbian Orthodox Church of St. Sava at the front of the lot and a two-storey hall, Sunday school and office building to the rear of the lot (hall building). The hall building is detached from the church and was constructed in 1962, with alterations in 1971 and 1984. It underwent major redevelopment in 2017, with the addition of a second storey and modification of the roofline and materials.

#### **Heritage Listing**

The Serbian Orthodox Church of St. Sava is a white stucco church in the traditional orthodox style and is the second oldest Serbian Orthodox church in Australia. The church was constructed in 1954 and the bell tower was added in 1974.

The subject site is listed as Management Category B (Conservation Recommended) on the City of Vincent Heritage List and is included on the State Register of Heritage Places.

The State Government Heritage Council of Western Australia's Statement of Significance for the place is:

Serbian Orthodox Church of St. Sava comprises a Post-War Ecclesiastical style rendered masonry church (1954-55), with a western bell tower (1974), and a separate brick and tile Sunday School building (1962), with additions (1971, 1984), situated in landscaped gardens, and has cultural heritage significance for the following reasons:

- The place is an outstanding example of a church designed in the Christian Orthodox Church tradition whereby all elements, including the ornate art works of the interior, the finely painted iconostasis, frescoes, mosaics, gold chandeliers and timber furniture, including a throne, are of religious symbolic importance; and as such, are integral to the significance of this place;
- The place is indicative of the arrival of East European migrants to Western Australia in the post-World War Two period, and the subsequent establishment of migrant communities, introduction of their cultural activities, religious observance and architectural traditions; the place is valued by the Serbian community for religious, spiritual, aesthetic, social and educational reasons, and the use of the Serbian language in the liturgy of the church is important to the cultural identity of Serbian community of Western Australia;
- The place is the second oldest Serbian Orthodox Church in Australia, and the first to be built in Western
  Australia; the distinctive curved form of the church, with its domed roof and stark white walls, set in
  landscaped gardens has an overall aesthetic quality that is both visually pleasing and peaceful; and

• The place is associated with Archpriest Father Petar Rados OAM, who was instrumental in establishing the Serbian Orthodox community, parish and church in the early 1950s, and continues to conduct services at the church today.

The applicant has submitted a Heritage Impact Statement in support of the proposal, as included in **Attachment 3**, and as required under the City's – Heritage Management – Development Guidelines for Heritage and Adjacent Properties (Heritage Policy). The Heritage Impact Statement sets out how the proposed development would not detrimentally impact the heritage significance of the church.

#### **DETAILS:**

#### **Summary Assessment**

The table below summarises the planning assessment of the proposal against the provisions of the City's LPS2, the Built Form Policy and the Heritage Management Policy.

Planning Element	Deemed-to-Comply (Acceptable Outcome or Acceptable Development)	Requires the Discretion of Council
Land Use	✓	
Street Setback	✓	
Building Setbacks	✓	
Roof Design	✓	
Building Height/Storeys	✓	
Landscaping	✓	
Parking & Access	✓	
Heritage Management Policy	<b>√</b>	

#### **Detailed Assessment**

The Built Form Policy and Heritage Management Policy have two standards for assessing a development application. These are through element objectives and performance criteria, or through acceptable outcome and acceptable development standards.

Element objectives and performance criteria are qualitative measures that describe the desired outcome to be achieved.

Acceptable outcome and acceptable development standards are likely to meet the element objectives and performance criteria, and are typically quantitative measures.

The proposal satisfies all of the acceptable outcome and acceptable development standards of the Built Form Policy and Heritage Management Policy, respectively. Even though this is the case, the proposed development is still required to meet the element objectives and performance criteria of the Built Form Policy and Heritage Management Policy. This is detailed in the Comments section below.

#### CONSULTATION/ADVERTISING:

Community consultation was undertaken in accordance with the *Planning and Development (Local Planning Schemes) Regulations 2015.* The method of consultation included notice on the City's website, sign on site, and 26 letters mailed to owners and occupiers of the properties adjoining the subject site, as shown in **Attachment 1**.

The application was advertised for public comment for a period of 14 days from 21 January 2022 to 4 February 2022, with the sign on site erected from 28 January 2022 to 11 February 2022, in accordance with the City's Community and Stakeholder Engagement Policy.

One submission was received during the community consultation period objecting to the proposal. The objection raised concerns about the availability of car parking within the vicinity of the subject site.

Administration's response to the objection is that the proposed development would not affect the availability of car parking on site or in its vicinity. This is because no parking bays would be removed or altered as part

of the proposal. The proposed patio and awnings would provide for shade and amenity for attendees of the site. The proposed patio and awnings would not intensify the land use or generate additional attendees to the site and would not have an impact on parking provision.

#### Heritage Council of Western Australia (HCWA)

The application was referred to the HCWA for review and consideration in accordance with Section 73 of the *Heritage Act 2018* because it is a registered place on the State Register of Heritage Places. The development proposal as lodged together with the supporting Heritage Impact Statement were referred to the HCWA.

The HCWA support the proposal. A summary of its comments is as follows:

- The place has significance as an outstanding example of a church designed in the Christian Orthodox Church tradition;
- The proposal is for a patio addition and two window awnings to the hall building to the rear of the church. The patio would be located near the north-west corner of the church building; and
- The patio is of a simple design and would be appropriately located to have a negligible impact on the heritage values of the place.

#### **Design Review Panel (DRP):**

Referred to DRP: Yes

The proposal was referred to the City's Design Review Panel Heritage Architect for comment on the development plans. This DRP member has expertise in heritage conservation, and experience in dealing with additions and alterations to heritage buildings.

The proposal is supported by the DRP member.

A summary of the comments from the DRP member is as follows:

- The proposed works are proposed for the hall building to the rear site. No works are proposed to be attached to the main Church building.
- The awnings would be located to the rear of the site and are minor structures and would have no impact on the cultural heritage values of the Church.
- The addition of a proposed patio along the secondary building wall would not damage the significant building fabric. The proposal would be acceptable on heritage grounds
- The proposed steel patio is a simple design that would not detract from the Church's aesthetic significance due to its location to the rear of the Church.
- The siting, design and material selection would not impact on the cultural heritage values of the Serbian Orthodox Church of St. Sava.

The DRP member also noted additional structural detailing may be required. This is usually provided at building permit stage, and an advice note to this effect is included in the officer's recommendation.

#### LEGAL/POLICY:

- Planning and Development Act 2005;
- Heritage Act 2018;
- Planning and Development (Local Planning Schemes) Regulations 2015;
- Burra Charter;
- State Planning Policy 3.5 Historic Heritage Conservation;
- City of Vincent Local Planning Scheme No. 2:
- Community and Stakeholder Engagement Policy;
- Policy No. 7.1.1 Built Form Policy; and
- Policy No. 7.6.1 Heritage Management Development Guidelines for Heritage and Adjacent Properties.

#### Planning and Development Act 2005

In accordance with Schedule 2, Clause 76(2) of the *Planning and Development (Local Planning Schemes)* Regulations 2015 and Part 14 of the *Planning and Development Act 2005*, the applicant would have the right to apply to the State Administrative Tribunal for a review of Council's determination.

#### **Burra Charter**

The Australia ICOMOS Charter for Places of Cultural Significance, the Burra Charter 2013 (the Burra Charter) sets a standard of practice for those who provide advice, make decisions about, and undertake work to places of cultural significance. The Burra Charter applies to all types of places of cultural significance, including the subject site.

In accordance with Article 22.1 of the Burra Charter, 'new work' is acceptable where it respects the cultural significance of the place. This can be done through consideration of its siting bulk, form, scale, character, colour, texture and material. In accordance with Article 22.2 of the Burra Charter, the works should be readily identifiable but should respect the cultural significance of the place.

#### State Planning Policy 3.5 - Historic Heritage Conservation

State Planning Policy 3.5 – Historic Heritage Conservation (SPP 3.5) sets out principles of sound and responsible planning for the conservation and protection of Western Australia's historic heritage. These principles inform the heritage management standards of local planning policies.

Policy No. 7.6.1 – Heritage Management – Development Guidelines for Heritage and Adjacent Properties

The objectives of the Heritage Management Policy are to:

- 1. Encourage the appropriate conservation and restoration of places listed on the City of Vincent Municipal Heritage Inventory (The Heritage List) in recognition of the distinct contribution they make to the character of the City of Vincent.
- 2. Ensure that works, including conservation, alterations, additions and new development, respect the cultural heritage significance associated with places listed on the City of Vincent Municipal Heritage Inventory.
- 3. Promote and encourage urban and architectural design that serves to support and enhance the ongoing significance of heritage places.
- 4. Ensure that the evolution of the City of Vincent provides the means for a sustainable and innovative process towards integrating older style buildings with new development.
- 5. Complement the State Planning Policy No. 3.5 'Historic Heritage Conservation' and the City of Vincent Residential Design Elements Policy and other associated Policies.

Part 4 of the Policy relates to development to heritage listed buildings. The policy includes 'Acceptable Development' criteria as well as the following three performance criteria:

- P1 Development is to comply with the statement of significance outlined in Heritage Assessment, Heritage Impact Statement and/or Place Record Form.
- P2 Alterations and additions to places of heritage value should be respectful of and compatible with existing fabric and should not alter or obscure fabric that contributes to the significance of the place.
- P3 To ensure the cultural heritage significance of a place is conserved and the majority of the significant parts of the heritage place and their relationship to the setting within the heritage place should be retained.

#### **Delegation to Determine Applications:**

The matter is being referred to Council for determination in accordance with the City's Register of Delegations, Authorisations and Appointments because the application proposes additions to a site that is included on the State Register of Heritage Places.

#### **RISK MANAGEMENT IMPLICATIONS:**

There are minimal risks to Council and the City's business function when Council exercises its discretionary power to determine a planning application.

#### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

#### Innovative and Accountable

We are open and accountable to an engaged community.

#### SUSTAINABILITY IMPLICATIONS:

There are no sustainability implications from this report.

#### **PUBLIC HEALTH IMPLICATIONS**

This report has no implication on the priority health outcomes of the City's Public Health Plan 2020-2025.

#### FINANCIAL/BUDGET IMPLICATIONS:

There are no finance or budget implications from this report.

#### **COMMENTS:**

#### **Policy Standards**

The Heritage Management Policy sets out that development will generally be approved where it complies with the acceptable development standards.

The proposed development complies with all of the acceptable development standards of the Heritage Management Policy.

The Built Form Policy sets out that meeting the acceptable outcome standards is likely to achieve the element objectives.

The proposed development meets all of the acceptable outcome standards of the Built Form Policy.

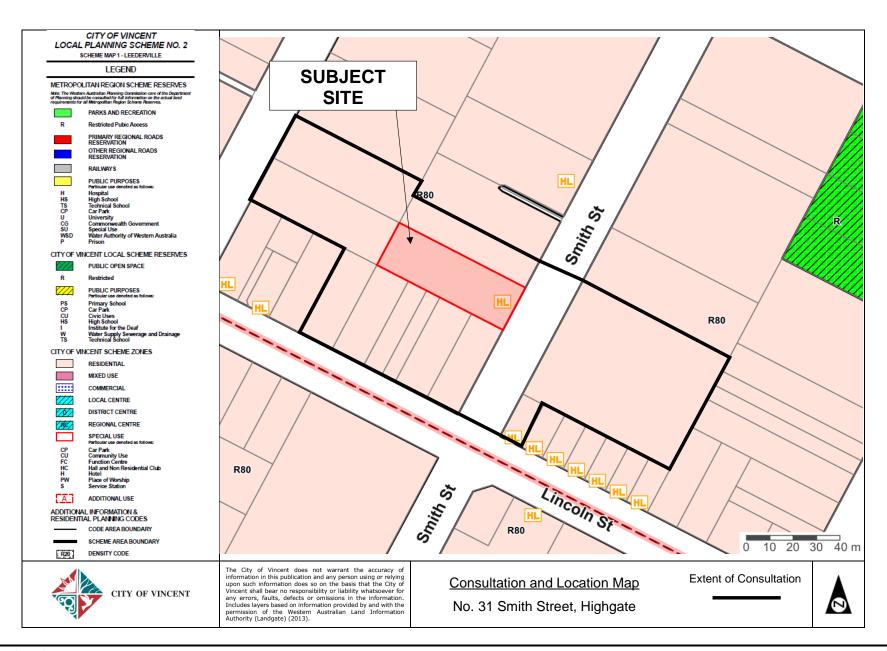

The acceptability of the proposed awnings and patio is detailed below.

#### Acceptability of Proposed Development

The proposed awnings and patio would satisfy the performance criteria and objectives of the Heritage Management Policy, and the element objectives of the Built Form Policy. It is acceptable for the following reasons:

- <u>Aesthetic value</u>: The hall building is not included in the statement of significance of the Heritage Place
  for its aesthetic value, rather it is for its cultural heritage significance for its social and historic
  connections to the Serbian Orthodox community. The proposed patio and awning additions attached to
  the hall building would not alter or obscure any of the contributing aesthetic fabric of the heritage place;
  - o The proposal is supported by both the HCWA and the DRP Member.
- <u>Separated from church:</u> The proposed patio and awnings would be attached to the hall building and would be separated from the main church building which has aesthetic value, maintaining the relationship of the church with its setting;
- Location: The proposed patio would be:
  - Set back approximately 29.8 metres from Smith Street, located to the north of the church building, and would not interrupt views or vistas of the heritage place; and
  - Unenclosed on its sides and its location to the northern boundary would ensure that the northeastern adjoining property's access to light and ventilation would not be affected. This is because shadow is cast to the south and would fall on the subject site itself;
- <u>Appearance from street:</u> Although the patio would be visible from Smith Street, the lightweight, single storey nature and light colours mean that it would present minimal bulk to the street. The proposed patio and awnings would maintain the prominence of the façades of the aesthetically significant portions of the church:

- Ongoing use: The additions would protect the heritage values of the place by supporting the ongoing use of the site by the Serbian community for religious, spiritual, social and educational reasons in accordance with the statement of significance of the place;
- <u>Burra Charter:</u> The proposed additions would be clearly distinguishable from the heritage fabric of the existing buildings on the site, in accordance with Article 22 of the Burra Charter. The application proposes a simple and utilitarian design which is a focus on function, and incorporating polycarbonate roofing and white paint. White painted render is used extensively on the subject site. The colour and lightweight design of the patio and awnings would assist in ensuring the development is sympathetic and respectful to the heritage place.

**ORDINARY COUNCIL MEETING AGENDA** 

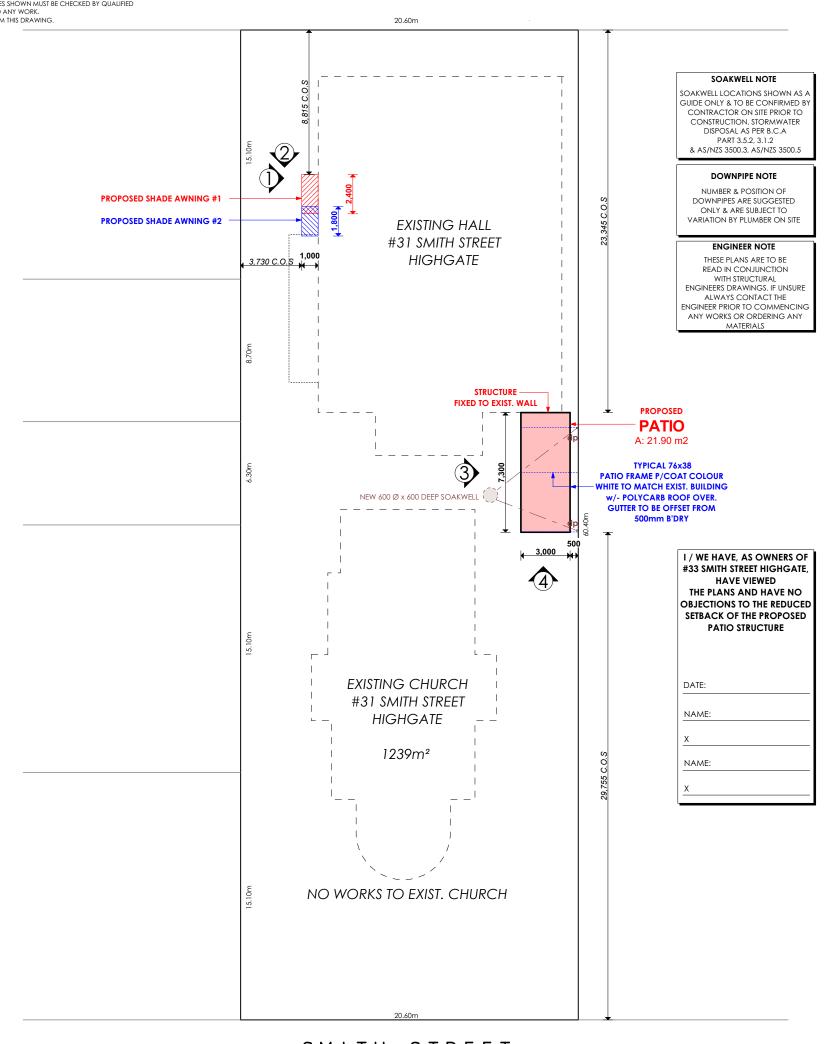

DISCLAIMER NOTE

# HERITAGE IMPACT STATEMENT

#### **A GUIDE**

#### INTRODUCTION

This guide explains what a heritage impact statement is, when one is needed, and the level of detail that is required.

This guide has been prepared to:

- (a) assist people who wish to carry out development that could impact on a heritage place or area
- (b) assist local governments in considering whether to approve such development.

Local governments may adapt the document to suit their own circumstances.

#### What is a heritage impact statement?

A heritage impact statement (HIS) describes and evaluates the likely impact of a proposal.

An HIS is a clear and concise account of the proposed work that addresses three basic questions:

- How will the proposed works affect the significance of the place or area?
- What measures (if any) are proposed to ameliorate any adverse impacts?
- Will the proposal result in any heritage conservation benefits that might offset any adverse impacts?

# When is a heritage impact statement needed?

Many local governments encourage proponents to submit an HIS with any development proposal affecting a heritage place.

Whether or not a local government may require an HIS, and the amount of detail expected, will depend on:

- (a) the significance of the place; and
- (b) the likely impact of the proposal on that significance.

For instance, a proposal to partially demolish, or construct an addition to a place that is listed in the highest category in the local Heritage List, will typically require a detailed HIS.

Minor works to a place of lesser significance may not require an HIS at all.

# How is the significance of a place or area determined?

An HIS will always be based on a Statement of Significance for the place, which clearly spells out the identified heritage values.

Typically, this will be drawn from a State Register entry, a Local Government inventory entry, or a Conservation Management Plan or Strategy (CMP or CMS). If none of these sources exist, it may be necessary for a significance statement to be prepared.

It may also be necessary if an existing statement is very brief and gives little useful guidance about the significance of the place and its fabric.

If a CMP and CMS exists, direct reference should be made to the conservation policies.

# How should a heritage impact statement be presented?

An HIS should be concise.

It should contain a conclusion that addresses the three key questions outlined under 'What is a heritage impact statement?'.

In preparing the HIS, it may be useful to address some more detailed questions, such as those *outlined in* the table at Appendix 1. If the Local Government or heritage agency dealing with the proposal has *decision* guidelines or planning policy in relation to the place or area, these should be specifically addressed.

Relevant supporting documentation, where it exists (e.g. a statement of significance, conservation plan or conservation policy, physical condition report or any other consultant's report), should be referred to in the statement and relevant extracts attached. These documents should not simply be repeated verbatim within the HIS.

HERITAGE IMPACT STATEMENT - A GUIDE

# QUESTIONS TO BE ANSWERED IN A HERITAGE IMPACT STATEMENT

#### **APPENDIX ONE**

PROPOSED CHANGE TO HERITAGE PLACE	SOME QUESTIONS TO BE ANSWERED IN A STATEMENT OF HERITAGE IMPACT		
Demolition of a building or structure NB. Check State Planning Policy 3.5 - Historic heritage conservation	<ul> <li>Have all options for retention and adaptive re-use been explored?</li> <li>Is demolition essential at this time, or can it be postponed in case future circumstances make retention and conservation more feasible?</li> <li>Can any new development can be located elsewhere on the site, so the significant elements of the place can be retained?</li> <li>Has the advice of a heritage consultant been taken? If not, why not?</li> </ul>		
Minor partial demolition (including internal elements)	<ul> <li>Is the demolition essential for the heritage place to function?</li> <li>Are important features of the place affected by the demolition (e.g. fireplaces or staircases)?</li> <li>Is the partial demolition sympathetic to the heritage significance of the place?</li> <li>If the partial demolition is proposed because of the condition of the fabric, is it certain that the fabric cannot be repaired?</li> </ul>		
Change of use	<ul> <li>Has the advice of a heritage consultant been implemented? If not, why not?</li> <li>Does the existing use contribute to the significance of the heritage place?</li> <li>Why does the use need to be changed?</li> <li>What changes to the fabric are required as a result of the change of use?</li> <li>What changes to the site are required as a result of the change of use?</li> <li>Has the advice of a heritage consultant been taken? If not, why not?</li> </ul>		
Minor additions (see also minor partial demolition)	<ul> <li>How is the impact of the addition on the heritage significance of the place to be minimised?</li> <li>Can the additional space be located within an existing structure? If not, why not?</li> <li>Will the additions visually dominate the heritage place?</li> <li>Are the additions sympathetic to the heritage place? In what way (e.g. form, proportions, design, materials)?</li> </ul>		
New development adjacent to a heritage place (additional buildings and major additions)	<ul> <li>How is the impact of the new development on the heritage significance of the place or area to be minimised?</li> <li>Why is the new development required to be adjacent to a heritage place?</li> <li>How does the new development affect views to, and from, the heritage place? What has been done to minimise negative effects?</li> <li>Is the new development sympathetic to the heritage place? In what way (e.g. form, siting, proportions, design, materials)?</li> <li>Will the new building(s) visually dominate the heritage place? How has this been minimised?</li> <li>Will the public and users of the place, still be able to view and appreciate its significance?</li> </ul>		
Subdivision	<ul> <li>Could future development resulting from this subdivision compromise the significance of the heritage place (e.g. by requiring demolition of part of a heritage building, or by siting new buildings too close to a heritage building)?</li> <li>How are negative impacts to be minimised?</li> <li>Could future development that results from this subdivision affect views to, and from, the heritage place? How are negative impacts to be minimised?</li> </ul>		
Repainting (Using new colour schemes)	<ul> <li>Have previous (including original) colour schemes been investigated? Are previous schemes being reinstated?</li> <li>Will the repainting affect the conservation of the fabric of the heritage place?</li> </ul>		

QUESTIONS TO BE ANSWERED IN A HERITAGE IMPACT STATEMENT - APPENDIX ONE

PROPOSED CHANGE TO HERITAGE PLACE	SOME QUESTIONS TO BE ANSWERED IN A STATEMENT OF HERITAGE IMPACT	
Re-roofing/re-cladding	<ul> <li>Have previous (including original) roofing/cladding materials been investigated (through archival and physical research)?</li> <li>Is a previous material being reinstated?</li> <li>Will the re-cladding effect the conservation of the fabric of the heritage place?</li> <li>Are all details in keeping with the heritage significance of the place (e.g. guttering, cladding profiles)?</li> <li>Has the advice of a heritage consultant or skilled tradesperson (e.g.roof slater) been taken?</li> </ul>	
New services (e.g. air conditioning, plumbing)	<ul> <li>How has the impact of the new services on the heritage significance of the place been minimised?</li> <li>Are any of the existing services of heritage significance? In what way? Are they affected by the new work?</li> <li>Has the advice of a heritage consultant (e.g. architect) been taken?</li> </ul>	
Fire services upgrades	<ul> <li>How has the impact of the fire upgrading on the heritage significance been minimised?</li> <li>Are any of the existing services of heritage significance? In what way? Are they affected by the new work?</li> <li>Has the advice of a conservation consultant (e.g. architect) been taken (and if so how)?</li> <li>Has the advice of a fire consultant been taken as to options that would have less impact on the heritage place (and if so how)?</li> </ul>	
New landscape works and features (including carparking and fences)	<ul> <li>How has the impact of the new work on the heritage significance of the existing landscape been minimised?</li> <li>Has evidence (archival and physical) of previous landscape work been investigated/ Are previous works being reinstated?</li> <li>Has the advice of a consultant skilled in the conservation of heritage landscapes been sought? If so, have their recommendations been implemented?</li> <li>Are any known or potential archaeological deposits affected by the landscape works? If so, what alternatives have been considered?</li> <li>How does the work impact on views to, and from, adjacent heritage items?</li> </ul>	
Tree removal or replacement  NB: Always check the tree preservation provisions of your local government when proposing the removal of trees	<ul> <li>Does the tree contribute to the heritage significance of the place?</li> <li>Why is the tree being removed?</li> <li>Has the advice of a tree surgeon or horticultural specialist been taken (and if so how)?</li> <li>Is the tree being replaced and with what species? Why?</li> </ul>	
New Signage  NB: Check whether the local government has a signage policy or design guidelines	<ul> <li>How has the impact of the new signage on the heritage significance of the place been minimised?</li> <li>Have alternative signage forms been considered (and if not why not)?</li> <li>Will the signage visually dominate the heritage place or heritage area?</li> <li>Can the sign be remotely illuminated rather than internally illuminated?</li> </ul>

QUESTIONS TO BE ANSWERED IN A HERITAGE IMPACT STATEMENT - APPENDIX ONE

# HERITAGE IMPACT STATEMENT

#### **FORM**

Name of Place: THE Parish of THE Serbian Orthodox Church of ST Sava Inc.

Registration Date: 28 March 2014

The Place/Area: 31 SMITH STREET, HIGHGATE

Prepared by: Paul Vlahos

Prepared for: 17/01/2022

Date: 17/01/2022

#### Heritage listings:

Serbian Orthodox Church of St. Sava is rare as the second oldest Serbian Orthodox Church in Australia, and the first to be built in Western Australia.

The Main Structure is the one closest to the Primary Street.

Built in a traditional Orthodox style, the building features white stucco walls and two octagonal towers, with cupolas topped with crosses, centered over the ridge of the gable roof, consistent with eastern European inspiration. The towers have arched windows on each facet. The building is entered from the side via a small flight of stairs with metal rails, through an arched doorway into a shallow entry narthex. At the eastern end, attaching to the gabled main section of the church, is a large projecting apse with its own tiled roof. Windows to walls and apse cum sanctuary are groups of three arched windows, symbolising the Holy Trinity. Setback from the street behind a low brick and steel rail fence. None apparent

#### Statement of significance:

The Serbian Orthodox Church of Saint Sava is a fine example of the Postwar Immigrant Nostalgia style, based on the design principles of the Orthodox Church, applied to an ecclesiastical landmark. The Church demonstrates the cultural diversity of the community and provides a special place for the Serbian community, who constructed the place and use it as a place of worship and a focus of their society.

HERITAGE IMPACT STATEMENT - FORM

The following aspects of the proposal respect or enhance the heritage significance of the place or area, for the following reasons:

The proposed works are not to be connected to the main heritage listed Church. All new works are to the newly constructed hall to the rear. It must be noted that any of the proposed works will not obstruct the Facade of the Church nor affect the streetscape.

The following aspects of the proposal could detrimentally impact on heritage significance. The reasons are explained as well as the measures to be taken to minimise impacts:

We believe there is not detrimental impact to the heritage listed church. All works are setback considerably from the front boundary and/or attached to the newly constructed building to the rear.

#### Conclusion:

In conclusion there is no impact to the Streetscape and the Original Church.

The proposed works is purely to assist for shelter and shade to the rear Hall which it lacked in its original design.

HERITAGE IMPACT STATEMENT - FORM

#### **Determination Advice Notes:**

- 1. This is a development approval issued under the City of Vincent Local Planning Scheme No. 2 and the Metropolitan Region Scheme only. It is not a building permit or an approval to commence or carry out development under any other law. It is the responsibility of the applicant/owner to obtain any other necessary approvals and to commence and carry out development in accordance with all other laws.
- NO verge trees shall be REMOVED. The verge trees shall be RETAINED and PROTECTED from any damage including unauthorized pruning.
- 3. An Infrastructure Protection Bond together with a non-refundable inspection fee shall be lodged with the City by the applicant, prior to commencement of all building/development works, and shall be held until all building/development works have been completed and any disturbance of, or damage to the City's infrastructure, including verge trees, has been repaired/reinstated to the satisfaction of the City. An application for the refund of the bond must be made in writing. This bond is non-transferable.
- 4. The movement of all path users, with or without disabilities, within the road reserve, shall not be impeded in any way during the course of the building works. This area shall be maintained in a safe and trafficable condition and a continuous path of travel (minimum width 1.5m) shall be maintained for all users at all times during construction works. Permits are required for placement of any material within the road reserve.
- 5. In relation to Condition 2, all storm water produced on the subject land shall be retained on site, by suitable means to the full satisfaction of the City. No further consideration shall be given to the disposal of storm water 'off site' without the submission of a geotechnical report from a qualified consultant. Should approval to dispose of storm water 'off site' be subsequently provided, detailed design drainage plans and associated calculations for the proposed storm water disposal shall be lodged together with the building permit application working drawings.
- 6. Guttering and the structural engineering details including the size of the structural members and any bracing that may be required shall be provided at the building permit stage.

Page 1 of 1

# 9.2 NO. 188 (LOT: 1; D/P: 33790) VINCENT STREET, NORTH PERTH - PROPOSED ALTERATIONS AND ADDITIONS TO PLACE OF WORSHIP

Ward: South

Attachments: 1. Consultation and Location Map 🗓 🖺

- 2. Development Plans J
- 3. Heritage Impact Statement  $\downarrow$
- 4. Table of Proposed Works  $\downarrow$
- 5. Determination Advice Notes J

#### **RECOMMENDATION:**

That Council, in accordance with the provisions of the City of Vincent Local Planning Scheme No. 2 and the Metropolitan Region Scheme, APPROVES the development application for Alterations and Additions to Place of Worship at No. 188 (Lot: 1; D/P: 33790) Vincent Street, North Perth, in accordance with the plans in Attachment 2, subject to the following conditions, with the associated determination advice notes in Attachment 5:

#### 1. Development Plans

This approval is for Alterations and Additions to Place of Worship as shown on the approved plans dated 4 November 2021, 13 December 2021 and 10 January 2022. No other development forms part of this approval;

#### 2. Stormwater

Stormwater from all roofed and paved areas shall be collected and contained on site. Stormwater must not affect or be allowed to flow onto or into any other property or road reserve:

#### 3. Colours and Materials

The colours, materials and finishes of the development shall be in accordance with the details as indicated on the approved plans, to the satisfaction of the City;

#### 4. Cleaning of Stonework

Any cleaning of stonework of the building shall be undertaken with pressure water washing and soft brush cleaning so that no pitting or raking of the surface stone occurs, to the satisfaction of the Department of Planning, Lands and Heritage; and

#### 5. Documented Record

Within 28 days of completion of the approved works, a photographic record of the completed works (internal and external) shall be submitted to the City for inclusion in its Historical Archive Collection, to the satisfaction of the City.

#### **PURPOSE OF REPORT:**

To consider an application for development approval for alterations and additions to the Redemptorist Monastery and Church at No. 188 Vincent Street, North Perth (the subject site).

#### PROPOSAL:

The application proposes restorative, demolition and new works to the subject site which is listed on the State Register of Heritage Places.

Repair and restoration works to various elements of the verandahs of the existing building are being proposed. This is because they are in a state of disrepair, rotten or corroded.

Works to replace gutters and downpipes are proposed to alleviate issues with water damage.

Proposed demolition and new works include:

- Demolition of two enclosures of the northern ground floor verandah, and reinstatement of verandah;
- Removal of enclosure from southern ground floor verandah and installation of new steel and glass airlock:
- Installation of new glass double doors to western end of southern first floor verandah;
- Removal of a portion of the northern first floor verandah, adjacent to the church and installation of glass walls to form void to working sacristy below;
- Removal of existing roofs over working sacristy and corridor, and replacement with a copper standing seam roof: and
- Removal of concrete floor from northern ground floor verandah and reinstatement of timber flooring.

The proposed development plans are included as **Attachment 2**.

A table of proposed works including photographs of the parts of the building that is subject to the proposal is included as **Attachment 4.** 

#### **BACKGROUND:**

Landowner:	The Congregation of the Most Holy Redeemer Inc.	
Applicant:	Slavin Architects	
Date of Application:	4 November 2021	
To the east	MRS: Urban	
	LPS2: Zone: Residential R Code: R40	
Built Form Area:	Residential	
Existing Land Use:	Place of Worship	
Proposed Use Class:	Place of Worship	
Lot Area:	27,469m²	
Right of Way (ROW):	N/A	
Heritage List: City of Vincent Heritage List – Management Category A		
	State Register of Heritage Places	

#### Site Context and Zoning

The subject site is bound by Vincent Street to the south, Camelia Street to the east, Claverton Street to the north and Alfonso Street to the west. It forms the majority of the land parcel which is bound by these streets. A location plan is included in **Attachment 1**.

The Redemptorist Monastery and Church is located centrally within the subject site. It is surrounded by a carpark to the south-west, and gardens and vegetation to the north and south-east.

The subject site abuts a property at No. 2 Alfonso Street to the north-west which is located at the corner of Claverton and Alfonso Streets. This site accommodates the B.F. Prindiville Southern Cross Retirement Village, which is in separate ownership from the subject site.

The subject site also abuts a property at No. 5 Camelia Street to the east. This site contains the Retreat House which is in common ownership with the subject site and forms part of the Heritage Place. The Retreat House was completed in 1967 and provides accommodation for those participating in retreats to the Monastery.

The subject and abutting sites are zoned Residential R40 under the City's Local Planning Scheme No. 2 (LPS2). The surrounding properties along Alfonso Street are zoned Residential R60, while the properties along Claverton Street are zoned Residential R40.

The subject site and surrounding properties are located within the Residential built form area and have a permitted building height of two storeys under the City's Policy No. 7.1.1 – Built Form (Built Form Policy).

#### **Heritage Listing**

The Redemptorist Monastery and Church is a three storey limestone monastery and church complex in the Federation Gothic style. The complex dates to the early twentieth century.

The subject site is listed on both the City of Vincent Heritage List and the State Register of Heritage Places together with the adjoining property, No. 5 Camelia Street that contains the Retreat House. The site is listed as Management Category A – Conservation Essential under the City's Heritage List.

The State Government Heritage Council of Western Australia's Statement of Significance for the place is:

Redemptorist Monastery and Church, comprising a three storey Cottesloe limestone construction monastery and church complex completed in stages, with a tiled roof designed in the Federation Gothic style, together with a Retreat House constructed in clinker bricks, off form concrete with a clay tiled roof in Late Twentieth Century Perth Regional style, located in a park-like setting, has cultural heritage significance for the following reasons:

- The place is one of a small number of monasteries remaining in operation in Western Australia;
- The place is a landmark as a large and imposing structure in an open setting, which, together with its mature trees, may be seen from a number of vantage points in the area and Perth:
- The place is a well-used Church, highly valued by Western Australia's Catholic community for its religious and spiritual associations, and for the site's long association with the Redemptorist Order;
- The place is an excellent example of the work of architects Michael and James Cavanagh;
- The place is an excellent and intact example of a Federation Gothic style complex, located in a park-like setting, with elegant interiors, well detailed features, and is very well constructed;
- The place contributes to the community's sense of place as a well-known religious complex; and
- The Retreat House built in clinker brick and off form concrete, is a good example of the Late Twentieth Century Perth Regional style.

The Redemptorist Monastery and Church was developed in four main stages. The original church and monastery were completed in 1903, forming the southern part of the current building. An eastern wing was added to the monastery in 1912. In 1922, additions were made to the northern elevation of the church, including the apse. In the late 1920s, the Working Sacristy and northernmost verandahs were added. This is set out in a Conservation Plan prepared for the site.

#### Conservation Plan

Under the City's Policy No. 7.6.1 – Heritage Management – Development Guidelines for Heritage and Adjacent Properties (Heritage Policy), a Heritage Impact Statement is to be submitted if the proposed works are not detailed in a Conservation Plan prepared for the place.

In 2011 a Conservation Plan for the subject site was prepared by Philip Griffiths Architects. The Conservation Plan includes a detailed assessment of the place and recommended actions to guide the conservation of the subject site.

A conservation plan is not a statutory document, but rather contains supporting information to look after the significant cultural heritage values of a Heritage Place. It is used to inform development, restoration and repairs to a place.

The Conservation Plan identifies areas of the place which are of heritage significance and classifies buildings, structures, elements, spaces and features of the place as being of 'Exceptional Significance', 'Considerable Significance', 'Little Significance' or 'Intrusive' to the place. The plan provides guidance and recommendations for proposed works for each classification, new works and detailed recommendations for works to be undertaken on the site.

The proposed works to the Redemptorist Monastery and Church are all located within the zone of 'exceptional significance' identified in the Conservation Plan. In respect to 'exceptional significance', the Conservation Plan states that:

Items of exceptional significance would warrant inclusion on any register of heritage places, including the National List; conservation is essential.

Individual elements may be considered to have a lower level of significance within the zone of exceptional significance. The enclosures of the northern and southern verandahs are noted as being 'intrusive elements' in the Conservation Plan. 'Intrusive elements' are described in the Conservation Plan as follows:

Intrusive items are those which, in their present form, have an adverse affect upon the significance of the place. These elements should be removed when the opportunity arises, or when the element is no longer required, unless their removal is identified as an urgent matter. Zones or elements in this classification generally detract from the significance of the place and may even cause physical harm to the fabric.

The applicant also submitted a Heritage Impact Statement in support of the proposal, as included in **Attachment 3.** The Heritage Impact Statement addresses how the proposed works would maintain and enhance the significance of the Redemptorist Monastery and Church.

#### **DETAILS:**

#### **Summary Assessment**

The table below summarises the planning assessment of the proposal against the provisions of the City of Vincent LPS2, the Heritage Management Policy and the Built Form Policy. In each instance where the proposal requires the discretion of Council, the relevant planning element is discussed in the Detailed Assessment section following from this table.

Planning Element	Deemed-to-Comply (Acceptable Outcome or Acceptable Development)	Requires the Discretion of Council
Land Use	✓	
Street Setback	✓	
Building Setbacks	✓	
Roof Design		✓
Building Height/Storeys	✓	
Landscaping	✓	
Parking & Access	<b>√</b>	
Heritage Management Policy		<b>√</b>

#### **Detailed Assessment**

The Built Form Policy and Heritage Management Policy have two standards for assessing a development application. These are through element objectives and performance criteria, or through acceptable outcome and acceptable development standards.

Element objectives and performance criteria are qualitative measures that describe the desired outcome to be achieved.

Acceptable outcome and acceptable development standards are likely to meet the element objectives and performance criteria, and are typically quantitative measures.

If an element of an application does not meet the relevant acceptable outcome or acceptable development standard then Council's discretion is required to decide whether this element meets the element objectives and performance criteria.

The elements of the application that do not meet the applicable acceptable development or acceptable outcome standards and require the discretion of Council are as follows:

Roof Design	
Acceptable Outcome Standard	Proposal
Built Form Policy Volume 3 Clause 1.14 – Roof Design	

Flat roofed structures that are not visible from the street or adjacent properties shall have a maximum solar absorptance rating of 0.4.	The application proposes a copper roof to the working sacristy and adjacent corridor. Copper has a solar absorptance rating of 0.18 – 0.64, increasing as the copper tarnishes.	
Heritage Management Policy		
Acceptable Development Standards	Proposal	
Heritage Management Policy – Part 4 – Development to Heritage Listed Buildings		
The additions and alterations do not alter the original façade or roof pitch.	The application proposes a standing seam copper roof at 3 degrees over the working sacristy and adjacent corridor. This would replace the existing corrugated iron roof and adjacent clay tile roof with an approximate 30 degree pitch.	

The above elements of the proposal do not meet the specified acceptable outcome and acceptable development standards. These elements have been assessed against the performance criteria and element objectives in the Comments section below.

Other proposed works comply with the acceptable outcome and acceptable development standards of the Built Form Policy and Heritage Management Policy, including the glazed void to the working sacristy and the glazed airlocks. Even though this is the case, the proposed development is still required to meet the element objectives and performance criteria of the Built Form Policy and Heritage Management Policy. This too is detailed in the Comments section below.

#### **CONSULTATION/ADVERTISING:**

Community consultation was undertaken in accordance with the *Planning and Development (Local Planning Schemes) Regulations 2015* for a period of 14 days. Consultation was initially undertaken from 3 December 2021 to 16 December 2021. The method of consultation included a notice on the City's website and 56 letters mailed to owners and occupiers of the properties adjoining the subject site as shown in **Attachment 1**.

A sign on site for a period of 14 days advertising the proposal is also required for works to a State heritage listed property under the City's Community and Stakeholder Engagement Policy. The sign on site was installed from 4 February 2022 to 18 February 2022, as well as a further notice on the City's website during this same period.

No submissions were received at the conclusion of the community consultation periods.

#### Heritage Council of Western Australia (HCWA)

The application was referred to the HCWA for review and consideration in accordance with Section 73 of the *Heritage Act 2018* because it is a registered place on the State Register of Heritage Places. The development proposal as lodged to the City together with additional plans submitted to the City on 13 December 2021, as well as supporting information such as the Heritage Impact Statement, were referred to the HCWA.

The proposal is supported by the Heritage Council.

A summary of the comments received from the HCWA is as follows:

- The proposed restoration works are well informed and will have a positive impact on the heritage place;
- The proposed glazed airlocks are of a simple design and have minimal interface with the existing fabric
  of the heritage place. The airlocks are reversible and will not negatively impact the cultural significance
  of the heritage place; and
- The proposed works to the working sacristy and corridor will not have a negative impact on the identified cultural significance of place and can be supported.

The HCWA supported the proposal, subject to a condition relating to the manner of cleaning the stonework. This has been included as a condition of approval in the officer recommendation.

#### **Design Review Panel (DRP):**

Referred to DRP: Yes

The proposal was referred to the City's Design Review Panel Heritage Architect for comment on the development plans. This DRP member has expertise in heritage conservation, and experience in dealing with additions and alterations to heritage buildings.

The proposal is supported by the DRP member.

A summary of the comments from the DRP member is as follows:

- The proposal generally comprises conservation works. The proposal is respectful to the heritage place and is acceptable:
- The works to improve stormwater management would have a positive impact on the heritage values of the Redemptorist Monastery & Church;
- New works, such as the glazed air locks, are clearly new work whilst sympathetic to the heritage values of the place. The proposal is mindful of heritage values and the selection of materials reflect this;
- The proposed modifications to the roof of the corridor and the replacement of the working sacristy roof is appropriate. The copper roof is an appropriate replacement material; and
- The proposed glazed void to the northern first floor verandah will have minimal impact on the aesthetic values of the place.

The DRP member also noted that during conservation works, details of a heritage place may be revealed that are not readily apparent when preparing architectural documentation. They recommended that 'as constructed' drawings and/or photographic records should be provided to the City of Vincent for record keeping. Building permit plans would provide the City with a record of detailed drawings of the proposed works. The provision of photographs of the completed works has been included as a recommended condition of planning approval.

#### LEGAL/POLICY:

- Planning and Development Act 2005;
- Heritage Act 2018;
- Planning and Development (Local Planning Schemes) Regulations 2015;
- Burra Charter;
- State Planning Policy 3.5 Historic Heritage Conservation:
- City of Vincent Local Planning Scheme No. 2;
- Community and Stakeholder Engagement Policy;
- Policy No. 7.1.1 Built Form; and
- Policy No. 7.6.1 Heritage Management Development Guidelines for Heritage and Adjacent Properties.

#### Planning and Development Act 2005

In accordance with Schedule 2, Clause 76(2) of the *Planning and Development (Local Planning Schemes)* Regulations 2015 and Part 14 of the *Planning and Development Act 2005*, the applicant would have the right to apply to the State Administrative Tribunal for a review of Council's determination.

#### **Burra Charter**

The Australia ICOMOS Charter for Places of Cultural Significance, the Burra Charter 2013 (the Burra Charter) sets a standard of practice for those who provide advice, make decisions about, and undertake work to places of cultural significance. The Burra Charter applies to all types of places of cultural significance, including the subject site.

In accordance with Article 22.1 of the Burra Charter, 'new work' is acceptable where it respects the cultural significance of the place. This can be done through consideration of its siting bulk, form, scale, character,

colour, texture and material. In accordance with Article 22.2 of the Burra Charter, the works should be readily identifiable but should respect the cultural significance of the place.

#### State Planning Policy 3.5 – Historic Heritage Conservation

State Planning Policy 3.5 – Historic Heritage Conservation (SPP 3.5) sets out principles of sound and responsible planning for the conservation and protection of Western Australia's historic heritage. These principles inform the heritage management standards of local planning policies.

Policy No. 7.6.1 – Heritage Management – Development Guidelines for Heritage and Adjacent Properties

The objectives of the Heritage Management Policy are to:

- 1. Encourage the appropriate conservation and restoration of places listed on the City of Vincent Municipal Heritage Inventory (The Heritage List) in recognition of the distinct contribution they make to the character of the City of Vincent.
- 2. Ensure that works, including conservation, alterations, additions and new development, respect the cultural heritage significance associated with places listed on the City of Vincent Municipal Heritage Inventory.
- 3. Promote and encourage urban and architectural design that serves to support and enhance the ongoing significance of heritage places.
- 4. Ensure that the evolution of the City of Vincent provides the means for a sustainable and innovative process towards integrating older style buildings with new development.
- 5. Complement the State Planning Policy No. 3.5 'Historic Heritage Conservation' and the City of Vincent Residential Design Elements Policy and other associated Policies.

Part 4 of the Policy relates to development to heritage listed buildings. The policy includes 'Acceptable Development' criteria as well as the following three performance criteria:

- P1 Development is to comply with the statement of significance outlined in Heritage Assessment, Heritage Impact Statement and/or Place Record Form.
- P2 Alterations and additions to places of heritage value should be respectful of and compatible with existing fabric and should not alter or obscure fabric that contributes to the significance of the place.
- P3 To ensure the cultural heritage significance of a place is conserved and the majority of the significant parts of the heritage place and their relationship to the setting within the heritage place should be retained.

Part 5 of the Policy relates to development adjacent to heritage listed buildings. The subject site is adjacent to the Redemptorist House, which forms part of the Heritage Place. The policy includes 'Acceptable Development' criteria as well as the following three performance criteria:

- P1 New development maintains and enhances existing views and vistas to the principal façade(s) of the adjacent heritage listed place.
- P2. New development maintains and enhances the visual prominence and significance of the adjacent heritage listed place.
- P3. New development is of a scale and mass that respects the adjacent heritage listed place

#### **Delegation to Determine Applications:**

The matter is being referred to Council for determination in accordance with the City's Register of Delegations, Authorisations and Appointments. This is because the application proposes additions to and demolition of portions of the existing building that is included on the State Register of Heritage Places.

#### **RISK MANAGEMENT IMPLICATIONS:**

There are minimal risks to Council and the City's business function when Council exercises its discretionary power to determine a planning application.

#### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

**Innovative and Accountable** 

We are open and accountable to an engaged community.

#### SUSTAINABILITY IMPLICATIONS:

There are no sustainability implications from this report.

#### **PUBLIC HEALTH IMPLICATIONS:**

This report has no implication on the priority health outcomes of the City's Public Health Plan 2020-2025.

#### FINANCIAL/BUDGET IMPLICATIONS:

There are no finance or budget implications from this report.

#### Comments:

#### **Policy Standards**

The Heritage Management Policy sets out that development will generally be approved where it complies with the acceptable development standards.

The proposed development complies with all of the acceptable development standards of the Heritage Management Policy, with the exception of the angle of the proposed roof of the Working Sacristy and adjacent corridor.

The Built Form Policy sets out that meeting the acceptable outcome standards is likely to achieve the element objectives.

The proposed development meets all of the acceptable outcome standards of the Built Form Policy, except for the solar absorptance rating of the proposed roof to the working sacristy and adjacent corridor.

The acceptability of the proposed works including the roof and adjacent corridor is detailed below.

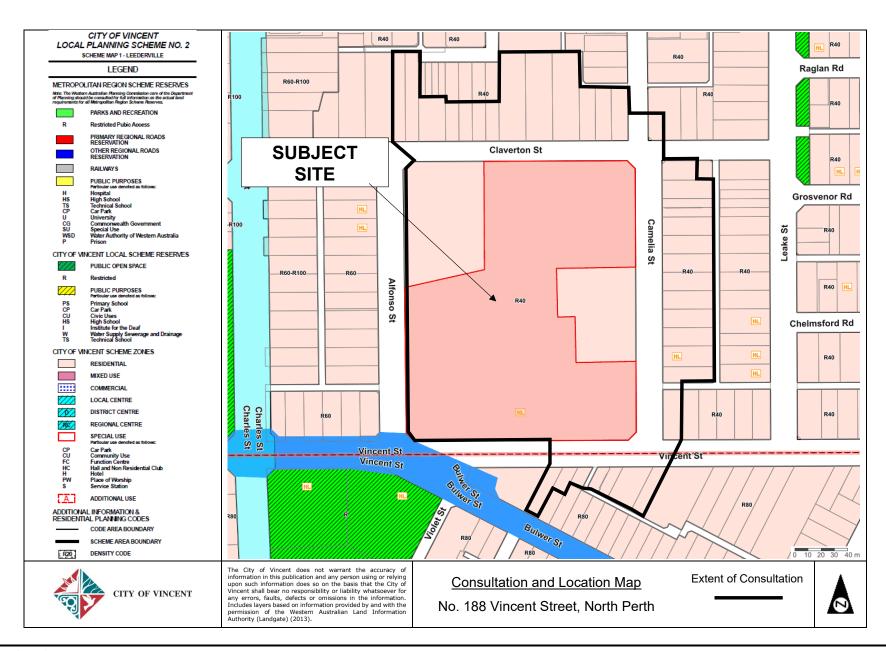

#### Acceptability of Proposed Works and Roof

The proposed development inclusive of the works to the roof and the adjacent corridor would satisfy the performance criteria and objectives of the Heritage Policy, and the element objectives of the Built Form Policy. It is acceptable for the following reasons:

- <u>Verandah enclosures:</u> The Heritage Council and DRP Member have confirmed that the existing verandah enclosures do not contribute to the cultural heritage significance of the place. The enclosures of the northern and southern verandahs are noted as being 'intrusive elements' under the Conservation Plan which would have an adverse impact on and would detract from the significance of the place and should be removed. The removal of the verandah enclosures would enable the restoration of the northern verandahs to their original height and materials;
- Restoration works: The restoration works would address elements of the building which are intrusive, deteriorated or are causing damage to the significant fabric of the heritage place and would support and enhance the ongoing significance of the place;
- <u>Stormwater management:</u> Works to improve stormwater management would assist with preserving and enhancing the heritage character of the place, and would encourage the conservation and restoration of the heritage place;
- <u>Glazed airlocks:</u> The proposed glazed airlocks to the southern ground and first floor verandahs would be located within the existing building envelope. They would not obscure elements of the cultural significance of the place. They would have minimal impact on the aesthetic values of the place due to their location, scale, form and materials proposed;
- <u>Burra Charter:</u> The proposed glazed airlocks and void would be readily identifiable as new work, in accordance with Article 22 of the Burra Charter. This is achieved through the design and materials use of large format clear glass and steel framing. The proposed glazed airlocks and void would require minimal modification of the existing heritage place;
- <u>Glazing to Void:</u> The proposed glazing to the void of the working sacristy would enable the full height of the stained-glass window to be viewed. The glazing would assist in preserving the stained glass and stone fabric of the place by forming an enclosure and protecting these elements from weathering. The

- proposed glazed void would have minimal aesthetic impact on the heritage place due to the choice of large format glass material with minimal framing;
- Roof: The replacement of the working sacristy and corridor roof would be acceptable for the following reasons:
  - The replacement of the existing roofs with a skillion roof form would resolve the existing roof drainage issues and enable better management of stormwater on site. The working sacristy was originally an open courtyard. Over time roofing has been added to enclose the space. The working sacristy roof drains to a number of valley gutters and shows evidence of water damage from roof leaks. The simplified roof form would support easier ongoing maintenance conservation of the heritage place;
  - Seamed copper is already used on the building, specifically the sacristy. The use of an existing
    material assists with integrating the roof and the existing building and is sympathetic to the heritage
    place. The use of copper material is also supported by the DRP member;
  - The use of a light colour (<0.4 solar absorptance) material would not be supported in this situation. This is because the colour would not be in keeping with the character of the heritage place and would not assist in integrating the works with the existing building design; and
  - The working sacristy is bounded by the church to the west, east transept to the north and the monastery to the south. It cannot be seen from Camelia Street to the east due to the Retreat House and additions to the eastern wing of the monastery in 1912. The modification of the roof form would not affect the existing vistas from adjacent streets and would not affect the aesthetic values of the heritage place; and
- Record Documentation: The Conservation Plan includes a recommendation that any modification of original fabric of the building should be documented. The preparation of a record of the completed works was also recommended by the DRP member. A condition of approval to this effect is included in the officer recommendation. The documentation of the modification of the place would enable the ongoing identification of the proposed new works.

ORDINARY COUNCIL MEETING AGENDA

**ORDINARY COUNCIL MEETING AGENDA** 

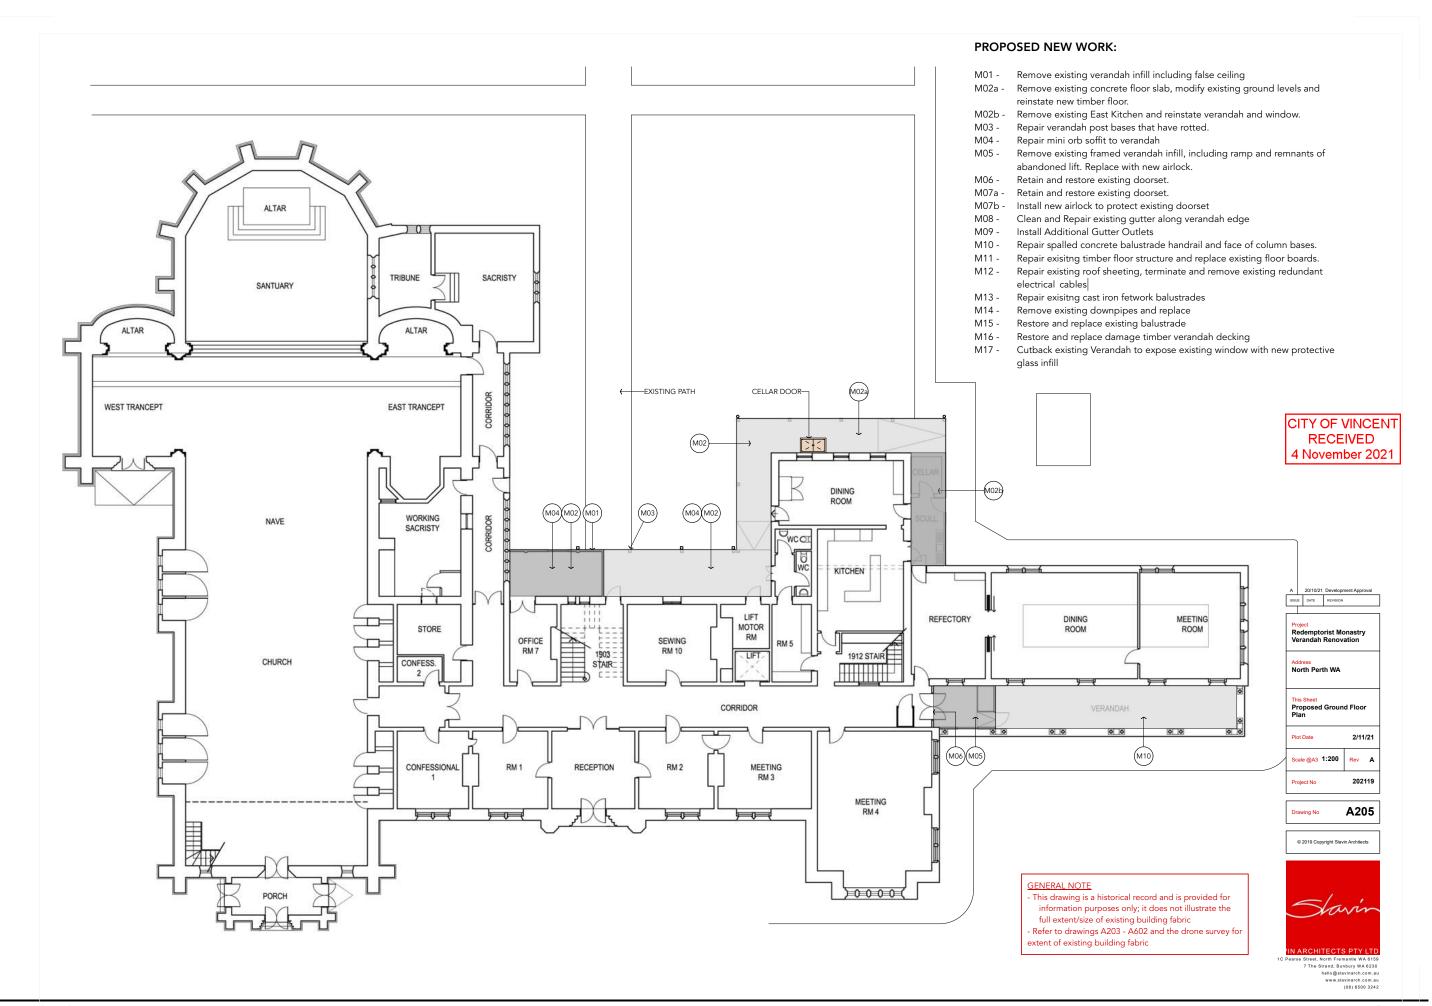

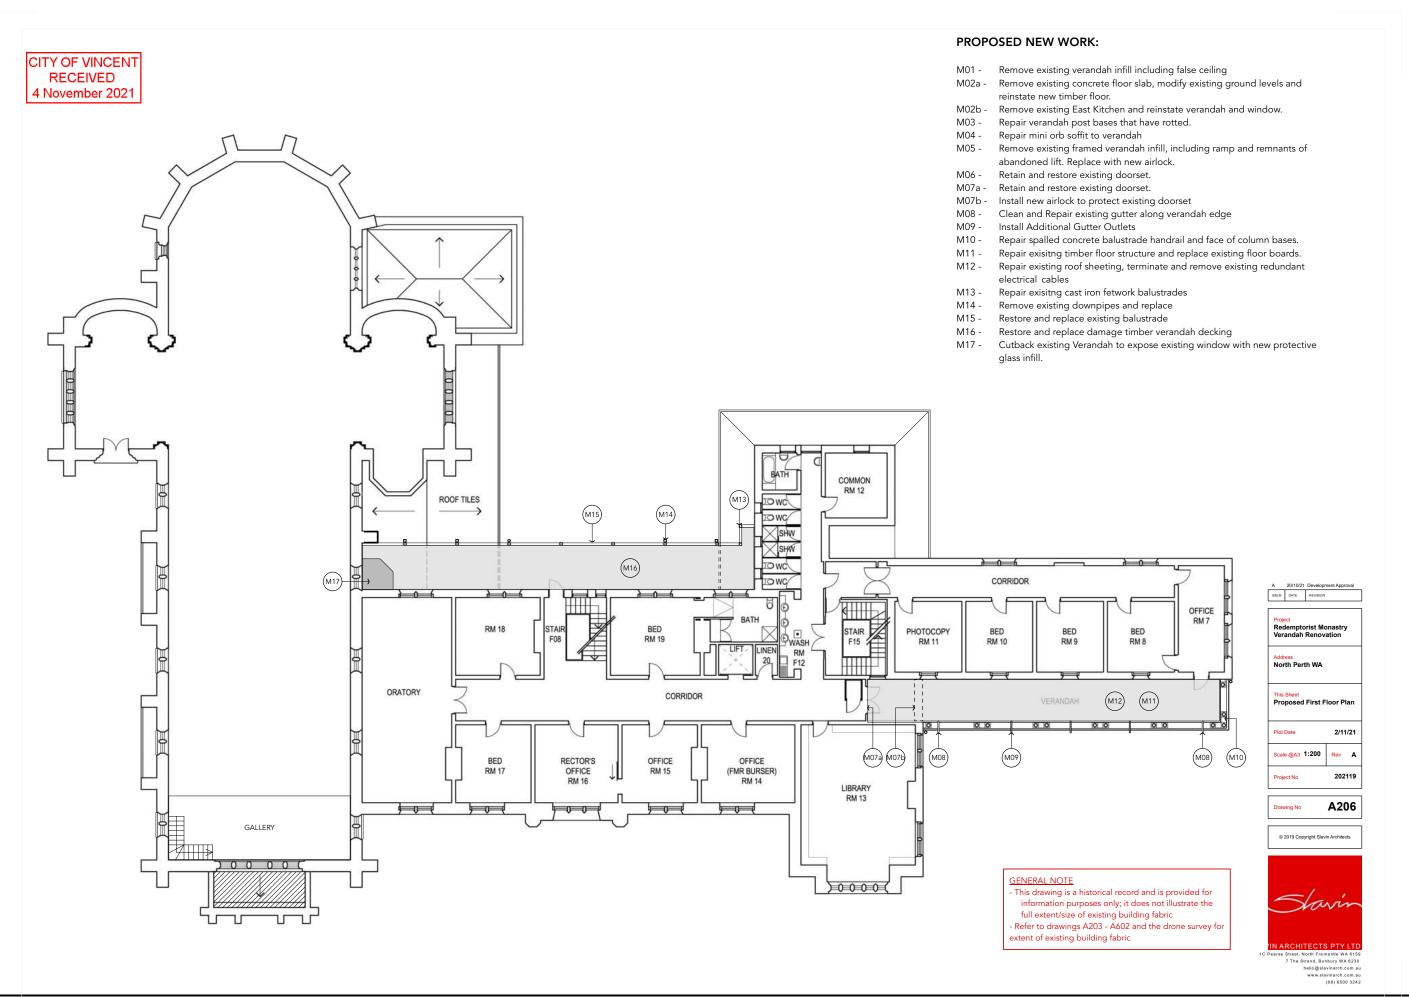

CITY OF VINCENT

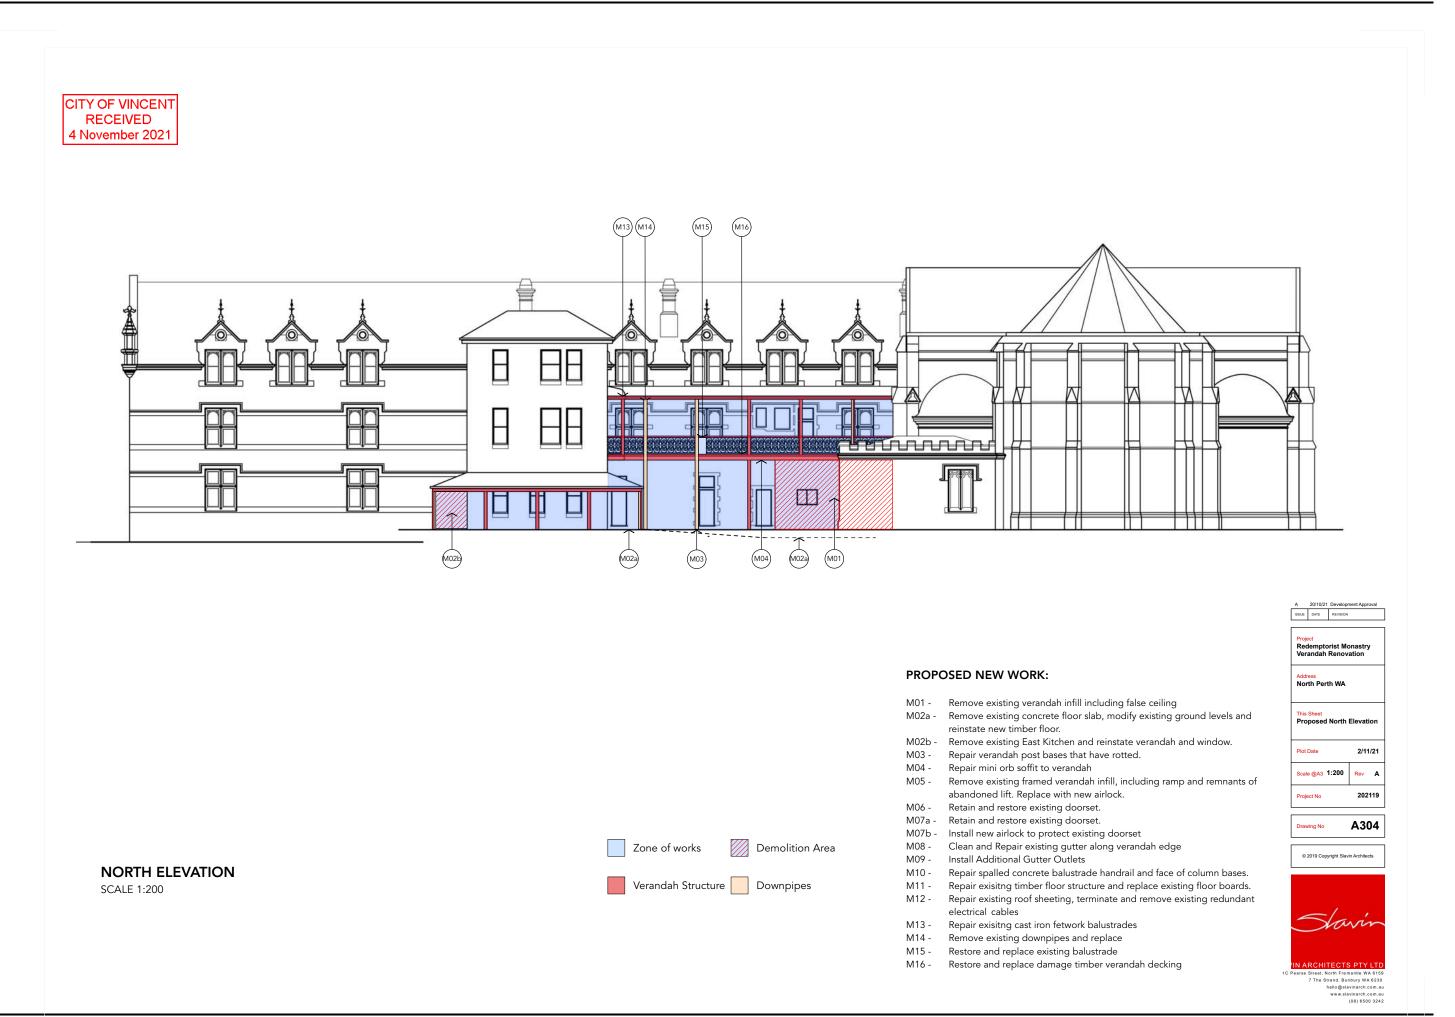

The City of Vincent does not warrant the accuracy of information in this publication and any person using or relying upon such information does so on the basis that the City of Vincent shall bear no responsibility or liability whatsoever for any errors, faults, defects or omissions in the information. No. 188 Vincent Street, North Perth

CITY OF VINCENT RECEIVED 4 November 2021

Remove existing verandah infill including false ceiling

M02a - Remove existing concrete floor slab, modify existing ground levels and reinstate new timber floor.

Remove existing East Kitchen and reinstate verandah and window. M02b -

M03 -Repair verandah post bases that have rotted.

Repair mini orb soffit to verandah M04 -

PROPOSED NEW WORK:

Remove existing framed verandah infill, including ramp and remnants of abandoned lift. Replace with new airlock.

M06 -Retain and restore existing doorset.

M07a - Retain and restore existing doorset.

M07b - Install new airlock to protect existing doorset

M08 -Clean and Repair existing gutter along verandah edge

Install Additional Gutter Outlets M09 -

Repair spalled concrete balustrade handrail and face of column bases. M11 -Repair exisitng timber floor structure and replace existing floor boards.

Repair existing roof sheeting, terminate and remove existing redundant electrical cables

Repair exisitng cast iron fetwork balustrades

M14 - Remove existing downpipes and replace

Restore and replace existing balustrade M15 -

Restore and replace damage timber verandah decking M16 -

## HERITAGE IMPACT STATEMENT

#### **FORM**

CITY OF VINCENT RECEIVED 4 November 2021

Name of Place: Redemptorist Monastery and Church

Date: 25/10/2021

Prepared by: Slavin Architects

Prepared for: City of Vincent

The Place/Area:

Prepared for:

Date: 25 OCTOBER 2021

#### Heritage listings:

State Register of Heritage Places (02218)

Interim Entry: 18 March 2005 Permanent Entry: 17 March 2006

Municipal Inventory - Category A Adopted 27 November 1995 Recommended RHP

#### Statement of significance:

Redemptorist Monastery and Church is an important place that is of considerable cultural heritage significance (Clause 6.3, Redemptorist Monastery and Church Conservation Plan, 2011, Philip Griffiths Architects)

The 1903, 1912 and 1922 campaigns of the Monastery and Church, and their respective elements of original fabric, are of exceptional significance (Clause 7.2.1, Redemptorist Monastery and Church Conservation Plan, 2011)

Elements of exceptional significance include:

Cottesloe limestone walls; stucco ornamentation; roof form, ornamentation and chimneys; leadlight windows; north and south verandahs; timber staircases.

The main layout of a central corridor with accommodation cells on either side to all floors and all major spaces associated with each of the key phases.

The ceiling and leadlight windows to the oratory

(Clause 7.2.1, Redemptorist Monastery and Church Conservation Plan, 2011)

HERITAGE IMPACT STATEMENT - FORM

Item 9.2- Attachment 3 Page 46

The following aspects of the proposal respect or enhance the heritage significance of the place or area, for the following reasons:

The reinstatement of the existing North and South verandahs provide an opportunity to remove existing infill additions and alterations that have had a detrimental effect on the Architectural merit of the building as a whole. There has also been damage to the original building fabric, particularly with the addition of the raised concrete floor to the Northern verandah. Generally, the proposed works will halt the deterioration of the existing timberwork and assist in managing the stormwater through gutter and downpipe restoration as well as assist in conserving the original building fabric. The proposed new glazed airlocks reflect the existing timber details and will help preserve them.

All works will be undertaken in accordance with the conservation policies of the Redemptorist Monastery and Church Conservation Plan, 2011, prepared by Philip Griffiths Architects. The Works will be documented and administrated by Slavin Architects with suitably qualified and experienced specialist tradespersons employed to undertake the conservation works.

The following aspects of the proposal could detrimentally impact on heritage significance. The reasons are explained as well as the measures to be taken to minimise impacts:

Nil

#### Conclusion:

The proposed works will enhance the significance of the Place by reinstating missing original fabric and ensuring the ongoing conservation of the Place by improving the weather resistance of external building fabric and management of stormwater.

To ensure the significance of the Place is maintained the Works will be undertaken in accordance with the conservation policies of the Redemptorist Monastery and Church Conservation Plan, 2011

HERITAGE IMPACT STATEMENT - FORM

Item 9.2- Attachment 3 Page 47

### **MONASTERY REPAIR WORK**

Item No.	Level	Verandah	Scope of Work	Reference Image/s	Approximate Size of Area of Repairs	Recommended Conservation Work from 2011 Conservation Plan
M01	Ground	North	Remove existing verandah infill including false ceiling		Verandah infill approx 5500 x 2760 (15.2m^2)	Item 157 - Remove infilled areas to the north and south verandahs and reinstate.
M02a	Ground	North	Remove existing concrete floor slab, modify existing ground levels and reinstate new timber floor.		Entire Northern Verandah approx 78.8m^2 (63.6m^2 excluding floor area of verandah infill M01)	Item 110, 114, 149, 159 & 168 - Verandah levels around the dining room (northern 1912 extension) have been raised considerably, breaching the damp proof course. Investigate how the levels might be reduced.
M02b	Ground	North	Remove East Kitchen infill and reinstate Verandah and Window		Total space of infill approx 13.5m2	Item 158 - Remove infilled area to east of kitchen when no longer required. Reconstruct verandah and window.
М03	Ground	North	Repair verandah post bases that have rotted.		Original Building Verandah Posts 5 x 150mm x 150mm; Wrap-around verandah extension posts 7 x 120mm x 120mm	Item 160 - Repair verandah post bases to northern verandah and conceal stirrups.

M04	Ground	North	Repair mini orb soffit to verandah	Total Surface Area with mini orb soffit 27.6m^2	<b>Item 161</b> - Repair mini orb soffit lining to northern verandah
M05	Ground	South	Remove existing framed verandah infill, including ramp and remnants of abandoned lift. Replace with new airlock.	Total area of framed verandah infili approx. 9m^2 (remnants of abandoned lift 1.6m^2 approx; ramp structure approx 7.4m^2)	Item 157 - Remove stud frame infill and remants of lift. Remove ramp when no longer required.
M06	Ground	South	Retain and restore existing doorset.	Approx 2450 wide x full height	Item 170 & 171 - Reactivate fanlights. Retain original hardware and replace missing to match original.Take apart and rebuild all doors and highlights to porch.
М07а	First Floor	South	Retain and restore existing doorset.	Approx 2450 wide x full height of room	

CITY OF VINCENT

Мо7ь	First Floor Sout	Install new Doorset to th protect existing Timber Entrance	Approx 9.5m2 new glazing and steel frame	
M08	First Floor Sout	:h		Item 143 - Clean out and line gutters and fit cowels to downpipe heads of southern verandah.
M09	First Floor Sout	h Install additional gutter outlets	Additional gutter outlets installed between columns at intervals from the South-Eastern Corner of 5650mm, 3475mm, 3475mm	

м10	First Floor	South	Repair spalled concrete balustrade handrail and face of column bases.	13 x Column Bases 350mm x 350mm; Spalled concrete balustrade handrail approx. 5.5m^2	
M11	First Floor	South	Repair exisiting timber floor structure and replace existing floor boards.	Floor area to be repaired approximately 52m^2	Item 120 - Remove metal coverings, inspect floors and remove deteriorated timber flooring and structural elements to northern and southern verandahs. Prepare and apply protective finishes. Rebuild and reuse viable original timbers, as per structural engineer's advice. Replace bottom rail to northern balustrade.
M12	First Floor	South	Repair existing roof sheeting, terminate and remove existing redundant electrical cables	Roof Sheeting area approx. 54m^2	Item 144 - Replace deteriorated sections of corrugated iron roof to southern verandah.
M13	First Floor	North		Column 150mm x 150mm; Balustrade rails approx. 1640mm long (919mm + 718mm)	Item 120 - Remove metal coverings, inspect floors and remove deteriorated timber flooring and structural elements to northern and southern verandahs. Prepare and apply protective finishes. Rebuild and reuse viable original timbers, as per structural engineer's advice. Replace bottom rail to northern balustrade.

M14	First Floor	North	Remove existing rusted downpipes and replace	Downpipes currently affixed to 150mm x 150mm verandah posts	
M15	First Floor	North	Restore and replace missing balustrade		Item 148 - Remove paint from cast iron finials and rust treat all finials. Replace missing finials to match original.
M16	First Floor	North	Restore and replace damaged timber floor.	Approximate Surface Area of 60m^2	Item 120 - Remove metal coverings, inspect floors and remove deteriorated timber flooring and structural elements to northern and southern verandahs. Prepare and apply protective finishes. Rebuild and reuse viable original timbers, as per structural engineer's advice. Replace bottom rail to northern balustrade.

#### **Determination Advice Notes:**

- 1. This is a development approval issued under the City of Vincent Local Planning Scheme No. 2 and the Metropolitan Region Scheme only. It is not a building permit or an approval to commence or carry out development under any other law. It is the responsibility of the applicant/owner to obtain any other necessary approvals and to commence and carry out development in accordance with all other laws.
- NO verge trees shall be REMOVED. The verge trees shall be RETAINED and PROTECTED from any damage including unauthorized pruning.
- 3. An Infrastructure Protection Bond together with a non-refundable inspection fee shall be lodged with the City by the applicant, prior to commencement of all building/development works, and shall be held until all building/development works have been completed and any disturbance of, or damage to the City's infrastructure, including verge trees, has been repaired/reinstated to the satisfaction of the City. An application for the refund of the bond must be made in writing. This bond is non-transferable.
- 4. The movement of all path users, with or without disabilities, within the road reserve, shall not be impeded in any way during the course of the building works. This area shall be maintained in a safe and trafficable condition and a continuous path of travel (minimum width 1.5m) shall be maintained for all users at all times during construction works. Permits are required for placement of any material within the road reserve.
- 5. In relation to Condition 4, this has been imposed on the advice of the Department of Planning, Lands and Heritage. Should the applicant/landowner have further queries in relation to this, it is recommended these be discussed directly with the Department. Further information about cleaning of stone masonry can be found in 'Maintenance Series Cleaning Stone Masonry' prepared by the Heritage Council of Western Australia
- 6. In relation to Condition 5, this has been imposed with regard to comments from the Design Review Panel Member and recommendations within the 2011 Conservation Plan. Photographs shall be in colour and of a high quality. Each image shall be clearly labelled with a description of what is depicted in the photograph and the date it was taken. Should the applicant/landowner have further queries in relation to this please liaise with the City of Vincent Local History Centre.

Item 9.2- Attachment 5 Page 53

## 9.3 NO. 3 (LOT: 43; D/P: 1237) ALMA ROAD MOUNT LAWLEY - PROPOSED GROUPED DWELLING (AMENDMENT TO APPROVED)

Ward: South

Attachments: 1. Consultation and Location Map 🗓 🖺

- 2. Final Development Plans  $\downarrow$
- 3. Approved Plans Determined by Council 30 April 2019 U

#### RECOMMENDATION:

That Council, in accordance with the provisions of the City of Vincent Local Planning Scheme No. 2 and the Metropolitan Region Scheme, APPROVES the application to amend Development Approval 5.2018.477.1 dated 30 April 2019 for Grouped Dwelling at No. 3 (Lot: 43; D/P: 1237) Alma Road, Mount Lawley, in accordance with plans shown in Attachment 2, subject to the following conditions:

- 1. All conditions, requirements and advice notes detailed on the development approval 5.2018.477.1 granted on 30 April 2019 continue to apply to this approval, except as follows:
  - 1.1 Condition 6.3 is deleted.

#### **PURPOSE OF REPORT:**

To consider an application to amend development approval for a grouped dwelling at No.3 Alma Road, Mount Lawley (subject site).

#### PROPOSAL:

This amended application seeks to make changes to the previous approval for a grouped dwelling, including removal of the roof terrace. The amendment would still result in the same three bedroom, two parking bay grouped dwelling development oriented to the eastern right of way (ROW).

The development application proposes the following amendments to the previous approval:

#### **Ground Floor**

- Relocation of bin store area from northern side setback to under the carport:
- 4.6 square metre reduction of landscaping to northern side boundary to accommodate a future plunge pool;
- 1.8 square metre increase in landscaping to western side boundary;
- Relocation of lift on ground and upper floors;
- Face brick material on ground floor facade revised to render and painted finishes; and
- The removal of the kitchenette on the ground floor, being replaced by the laundry. The laundry has been relocated to provide for a larger bathroom.

#### First Floor

- Extension of the kitchen on the first floor resulting in the removal of the study. The study has been relocated to be adjacent to the powder ('PDR') room; and
- Removal of the first floor walk in robe ('WIR') window along the western elevation.

#### Roof

Removal of the roof terrace, fixed planter boxes and enclosed staircase.

The amendment to the application is being proposed by the applicant due to the changing needs of the future occupants since the initial approval by Council in 2019.

The proposed development plans are included as **Attachment 2**.

#### **BACKGROUND:**

Landowner:	Milton Maverick, Lynne Maverick, Jack Hobbs and Ella Hobbs	
Applicant:	Milton Maverick and Lynne Maverick	
Date of Application:	16 December 2021	
Zoning:	MRS: Urban	
_	LPS2: Residential R Code: Residential R40	
Built Form Area:	Residential	
Existing Land Use:	Grouped Dwelling	
Proposed Use Class:	Grouped Dwelling	
Lot Area:	Total: 604m², Subject Lot: 266m²	
Right of Way (ROW):	Yes	
	Southern: 3.82 metres wide, sealed and owned by the City	
	Eastern: 4.02 metres wide, sealed and owned by the City	
Heritage List:	No	

The subject site is bound by Alma Road to the north, a single storey single house to the west and ROW's to the east and south. A location plan is included as **Attachment 1**.

The subject site is zoned Residential R40 under the City's Local Planning Scheme No. 2 (LPS2), and is within the Residential built form area under the City's Policy No. 7.1.1 – Built Form (Built Form Policy).

Surrounding residential developments to Alma Road and the adjacent ROW's are single-storey and two-storey single houses.

The subject site and adjoining properties to the south and east are coded R40, and properties to the north and west are coded R60. The surrounding properties are located within the Residential built form area.

The site currently accommodates a single storey single house with a primary street interface to Alma Road.

#### **Existing Planning Approval**

A development application for a three storey grouped dwelling was previously considered and approved by Council at its Ordinary Meeting on 30 April 2019.

The approved plans and approval notice are included as **Attachment 3**.

#### **DETAILS:**

#### **Summary Assessment**

The table below summarises the planning assessment of the proposal against the provisions of the City's (LPS2), the City's Built Form Policy and the State Government's Residential Design Codes (R Codes). In each instance where the proposal requires the discretion of Council, the relevant planning element is discussed in the Detailed Assessment section following from this table.

Planning Element	Use Permissibility/ Deemed-to- Comply	Previously approved	Requires further Discretion
Street Setback		✓	
Front Fence		✓	
Building Setbacks/Boundary Wall		✓	
Building Height/Storeys		✓	
Open Space	✓		
Outdoor Living Areas			<b>√</b>
Landscaping (R Codes)	✓		
Privacy		✓	

Planning Element	Use Permissibility/ Deemed-to- Comply	Previously approved	Requires further Discretion
Parking & Access	✓		
Solar Access	✓		
Site Works/Retaining Walls	✓		
Essential Facilities		✓	
External Fixtures	✓		
Surveillance	✓		
Development on Right of Ways		<b>√</b>	

#### **Detailed Assessment**

The Built Form Policy and R Codes have two pathways for assessing and determining a development application. These are through design principles and local housing objectives, or through deemed-to-comply standards.

Design principles and local housing objectives are qualitative measures which describe the outcome that is sought rather than the way that it can be achieved.

The deemed-to-comply standards are one way of satisfactorily meeting the design principles or local housing objectives and are often quantitative measures.

If an element of an application does not meet the applicable deemed-to-comply standard/s then Council's discretion is required to decide whether this element meets the design principles and local housing objectives.

If an element of an application does meet the applicable deemed-to-comply standard/s then it is satisfactory and not subject to Council's discretion for the purposes of assessment against the Built Form Policy and R Codes.

The elements of the application that do not meet the applicable deemed-to-comply standards and require the discretion of Council are as follows:

Outdoor Living Area			
Deemed-to-Comply Standard	Proposal		
Residential Design Codes Clause 5.3.1	Primary Outdoor Living Area – First Floor Balcony		
4 metre minimum dimension; Maximum of 13.3 square metres without permanent roof cover.	3.6 metre minimum dimension; 9.9 square metres without permanent roof cover		

The above element of the proposal does not meet the specified deemed-to-comply standards and is discussed in the Comments section below.

All other changes being proposed as part of this amendment meet the specified deemed-to-comply standards in the Built Form Policy and R Codes. This includes the proposed 4.6 square metres (1.7 percent) reduction in deep soil area which would still exceed the minimum deemed-to-comply deep soil area amount of 39.9 square metres under the Built Form Policy. The proposed development would provide 16.1 percent deep soil areas and 38.0 percent canopy coverage to the subject lot, which would exceed the 15 percent deep soil and 30 percent canopy cover required by the Built Form Policy.

#### **CONSULTATION/ADVERTISING:**

Community consultation was undertaken in accordance with the *Planning and Development (Local Planning Schemes) Regulations 2015* for a period of seven days from 9 February 2022 to 16 February 2022. Email notification was sent to all previous submitters of the 2019 development application, providing the opportunity to review the amended proposal and to provide any comment in line with the City's Community and Stakeholder Engagement Policy. A notice was also displayed on the City's website.

At the conclusion of the consultation period the City received no submissions on the proposal.

#### **Design Review Panel (DRP):**

Referred to DRP: Yes

The proposal was referred to a member of the City's DRP for comments on the acceptability of the proposed modifications from the previous approval from a design standpoint. This is due to the removal of the roof terrace and associated landscaping. The application also proposes to modify the materiality of the ground floor from face brick to render and painted finishes. The DRP member provided comments advising that the modified proposal was supported for the following reasons:

- The amended materiality of the ground floor maintains a modulation of materials and building forms;
   and
- The materials proposed and lightweight expression of the upper storey softens the bulk and scale of the dwelling and tie in with the local laneway context.

#### LEGAL/POLICY:

- Planning and Development Act 2005;
- Planning and Development (Local Planning Schemes) Regulations 2015;
- City of Vincent Local Planning Scheme No. 2;
- State Planning Policy 7.3 Residential Design Codes Volume 1;
- Community and Stakeholder Engagement Policy; and
- Policy No. 7.1.1 Built Form Policy.

#### **Delegation to Determine Applications:**

The application is being referred to Council for determination in accordance with the City's Register of Delegations, Authorisations and Appointment. The application seeks to amend a development approval previously determined by Council that does not meet all of the deemed-to-comply standards as set out in the R Codes. The application proposes a departure to the outdoor living area deemed-to-comply standard.

#### **RISK MANAGEMENT IMPLICATIONS:**

There are minimal risks to Council and the City's business function when Council exercises its discretionary power to determine a planning application.

#### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

#### Innovative and Accountable

We are open and accountable to an engaged community.

#### **SUSTAINABILITY IMPLICATIONS:**

There are no sustainability implications from this report.

#### **PUBLIC HEALTH IMPLICATIONS:**

This report has no implication on the priority health outcomes of the City's Public Health Plan 2020-2025.

### FINANCIAL/BUDGET IMPLICATIONS:

There are no finance or budget implications of this report.

#### **COMMENTS:**

#### **Outdoor Living Areas**

The roof terrace was the primary outdoor living area of the dwelling in the previous approval. This outdoor living area met all deemed-to-comply standards of the R Codes.

The proposed removal of the roof terrace through this application would result in the balcony on the first floor becoming the primary outdoor living area, resulting in new departures to the deemed-to-comply standards of the R Codes.

The deemed-to-comply standards of the R Codes require the provision of an outdoor living area with a minimum dimension of 4 metres, and a maximum of 13.3 square metres without permanent roof cover.

The balcony would result in an outdoor living area with a 3.6 metre minimum dimension and 9.9 square metres without permanent roof cover. The application does not propose any change to the size or design of this balcony area from the previous approval.

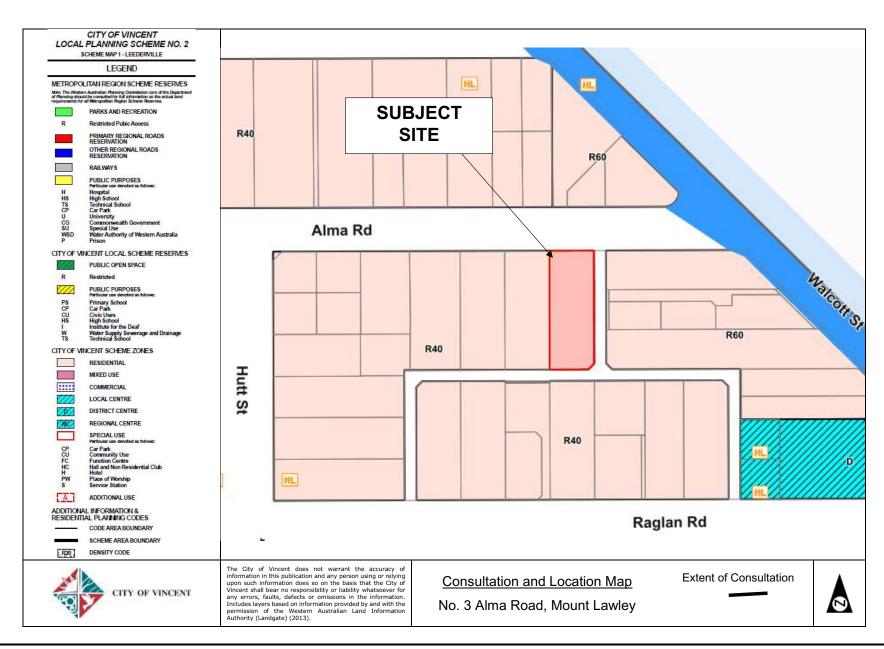

The balcony outdoor living area satisfies the relevant design principles of the R Codes for the following reasons:

- <u>Functionality:</u> The balcony is accessible from habitable rooms of the dwelling, being the kitchen and dining rooms to optimise its function and use;
- <u>Size:</u> The 3.6 metre width of the outdoor living area is compensated by the length of 5.7 metres. The dimensions of the balcony enable the space to be a usable extension of the habitable rooms. The balcony is 20.4 square metres in area, satisfying the minimum 20 square metres deemed-to-comply standard:
- <u>Weather protection:</u> The 10.5 square metre covered portion of the balcony would support the use of the space all year round. The remainder of the balcony is open to allow for sufficient access to sunlight and ventilation to the dwelling and its occupants, enhanced by the northern aspect of the balcony; and
- <u>Second outdoor living area:</u> There is a second outdoor living area at ground level which is accessible from bedroom 3 and that is 36.3 square metres in area. Deep soil areas and canopy cover from three trees are provided to this outdoor living area. The total area of the ground and upper floor outdoor living areas would be 56.7 square metres; areas which are capable for both passive and active use of future occupants.

#### Removal of Condition

The previous approval included the imposition of Condition 6.3 requiring fixed planters boxes to be provided along the western length of the roof terrace. This was required to provide adequate privacy screening to restrict overlooking in accordance with the R Codes.

The roof terrace of the dwelling is proposed to be removed and so this condition is no longer required. The planter boxes also did not contribute to deep soil area and canopy cover due to their size so it would not reduce the amount of deep soil area and canopy cover on the site.

### **RECOMMENDATION:**

That Council, in accordance with the provisions of the City of Vincent Local Planning Scheme No.2 and the Metropolitan Region Scheme, APPROVES, the development application for a Grouped Dwelling at No. 3 (Lot: 43; D/P: 1237) Alma Road, Mount Lawley in accordance with the plans in Attachment 2, subject to the following conditions, with the associated advice notes in Attachment 6:

#### 1. External Fixtures

All external fixtures and building plant, including air conditioning units, piping, ducting and water tanks, shall be located so as to minimise any visual and noise impact on surrounding landowners, and screened from view from the street, and surrounding properties to the satisfaction of the City;

# 2. Stormwater

All stormwater produced on the subject land shall be retained on site, by suitable means to the full satisfaction of the City;

#### 3. Schedule of External Finishes

Prior to the commencement of development a detailed schedule of external finishes (including materials and colour schemes and details) shall be submitted to and approved by the City. The development shall be finished in accordance with the approved schedule prior to the use or occupation of the development;

#### 4. Landscape Plan

- 4.1 A detailed landscape and reticulation plan for the development site and adjoining road verge, to the satisfaction of the City, shall be lodged with and approved by the City prior to commencement of the development. The plan shall be drawn to a scale of 1:100 and show the following:
  - The location and type of existing and proposed trees and plants;
  - Areas to be irrigated or reticulated; and
  - The provision of 15 per cent of the site area as deep soil zone and 30 per cent canopy cover at maturity; and
- 4.2 All works shown in the plans as identified in condition 4.1 above shall be undertaken in accordance with the approved plans to the City's satisfaction, prior to occupation or use of the development and shall be maintained thereafter to the satisfaction of the City at

Page 24

30 APRIL 2019

the expense of the owners/occupiers;

#### 5. Street Walls and Fences

The infill panels of the front fencing shall be 'visually permeable', as defined by State Planning policy 3.1; Residential Design Codes, to the satisfaction of the City;

#### 6. Screening

- 6.1 The 'Black Powdercoated Aluminium Batten Sun Screen' shown for a portion of the eastern side of the 'Balcony' shall meet the definition of 'screening' as defined by State Planning Policy 3.1: Residential Design Codes to the satisfaction of the City. The screening shall be a minimum height of 1.6 metres from the finished floor level, permanently affixed and a minimum of 75 percent obscure to the satisfaction of the City;
- 6.2 Screening shall be provided to the western side of the 'Balcony' and shall meet the definition of 'screening' as defined by State Planning Policy 3.1: Residential Design Codes to the satisfaction of the City. The screening shall be a minimum height of 1.6 metres from the finished floor level, permanently affixed and a minimum of 75 percent obscure to the satisfaction of the City;
- 6.3 The major opening from the kitchen shall be permanently fixed to at least 1.6 metres in height measured from the finished floor level, or shall be modified to be a non-major opening, to comply with the deemed-to-comply Visual Privacy standards of Clause 5.4.1 of State Planning Policy 3.1: Residential Design Codes to the satisfaction of the City; and
- 6.4 Fixed planter boxes no less than 500 millimetres wide and 800 millimetres deep shall be provided on the roof terrace along the whole extent of the western length to the satisfaction of the City. Plantings within the planter boxes are to be no less than 800 millimetres high at maturity and provide a continuous screen of foliage across the length of the terrace; and

### 7. Right Of Way (ROW) Widening

- 7.1 Prior to the commencement of development, the applicant shall lodge a modified plan with the City providing a 0.5 metre setback to the southern ROW, a 1.0 metre setback to the eastern ROW and a 2.0 metre by 2.0 metre truncation setback between the southern and eastern ROW setback areas from any building or structure to enable future ROW widening, to the satisfaction of the City. The modified plan shall show the proposed Galvanised Steel and Rendered Masonry Boundary Fence relocated outside of the setback area, to the satisfaction of the City;
- 7.2 The 0.5 metre setback to the southern ROW, 1.0 metre setback to the eastern ROW and 2.0 metre by 2.0 metre truncation setback between the southern and eastern ROW setback areas referred to in condition 7.1 above shall be sealed, drained and graded to match into the level of the existing ROW to the satisfaction of the City, prior to the occupation or use of the development; and
- 7.3 The 0.5 metre setback to the southern ROW, 1.0 metre setback to the eastern ROW and 2.0 metre by 2.0 metre truncation setback between the southern and eastern ROW setback areas referred to in condition 7.1 above, shall be ceded free of cost to the City on subdivision or amalgamation of the land, including Built Strata subdivision.

Moved: Cr Gontaszewski, Seconded: Cr Hallett

That the recommendation be adopted.

#### **AMENDMENT 1**

Moved: Cr Gontaszewski, Seconded: Cr Hallett

That the recommendation be amended as follows:

"7. Right Of Way (ROW) Widening

- 7.1 Prior to the commencement of development, the applicant shall lodge a modified plan with the City providing a 0.5 metre setback to the southern ROW, a 1.0 metre setback to the eastern ROW and a 2.0 metre by 2.0 metre truncation setback between the southern and eastern ROW setback areas from any building or structure to enable future ROW widening, to the satisfaction of the City. The modified plan shall show the proposed Galvanised Steel and Rendered Masonry Boundary Fence relocated outside of the setback area, to the satisfaction of the City:
- 7.2 The 0.5 metre setback to the southern ROW, 1.0 metre setback to the eastern ROW and 2.0 metre by 2.0 metre truncation setback between the southern and eastern ROW setback areas referred to in condition 7.1 above shall be sealed, drained and graded to match into the level of the existing ROW to the satisfaction of the City, prior to the occupation or use of the development; and
- 7.1 The landowner shall remove any landscaping, development or other works and shall seal, drain and grade to match the existing right of way the area within 0.5 metres of the southern boundary of the lot, within 1.0 metres of the eastern boundary of the lot and the 2.0 metre by 2.0 metre truncation area between the southern and eastern areas at the time these portions of land are ceded to the City. Any costs associated with the above are the responsibility of the owner/applicant; and
- 7.2 3 The 0.5 metre setback to the southern ROW, 1.0 metre setback to the eastern ROW and 2.0 metre by 2.0 metre truncation setback between the southern and eastern ROW setback areas referred to in condition 7.1 above, shall be ceded free of cost to the City on subdivision or amalgamation of the land, including Built Strata subdivision."

# 9.4 SALE OF NO. 26 BRENTHAM STREET, LEEDERVILLE

### **Attachments:**

- 1. No. 26 Brentham Street, Leederville Location and Current State of Land
- 2. No. 26 Brentham Street, Leederville Land and Surrounding Public Open Space U
- 3. Brentham Street Reserve Potential Improvements U
- 4. 26 Brentham Street Market Valuation Report Confidential
- 5. Map Showing Access to POS Within the City U

# **RECOMMENDATION:**

#### That Council:

- 1. APPROVES the disposal of the City's Lot 37 (No. 26) Brentham Street, Leederville, pursuant to section 3.58 of the *Local Government Act 1995*, via public tender, subject to amendment to Local Planning Scheme No. 2 (LPS2) to reclassify a portion of Lot 37 (No. 26) Brentham Street, Leederville from Public Open Space reserve to R60:
  - 1.1 the Request For Tender criteria would include the terms of sale, offer, any conditions, proposed settlement date, and proposed future land use; and

### 2. NOTES:

- 2.1 submissions received as a result of Recommendation 1 would be presented to Council for a potential acceptance of offer;
- 2.2 proceeds of a sale as per Recommendation 1 would be held in the Public Open Space reserve to create or enhance POS within the City of Vincent, specifically in areas of shortfall such as Mount Hawthorn;
- 2.3 when presenting RFT submissions to Council, Administration will provide further information regarding how the remaining funds of sale would be used to enhance or increase Public Open Space in shortfall areas;
- 2.4 Administration will consult with the community regarding a landscape plan within the Brentham Street Reserve green space (comprising new play equipment, extension of footpath and lighting through to Bourke Street, additional trees, and landscaping) to be constructed using part proceeds of a sale not exceeding \$299,000; and
- 2.5 Administration will present a separate report to Council at its March 2022 Meeting regarding the rezoning of the whole of No.26 Brentham Street to Residential R60.

#### **PURPOSE OF REPORT:**

To consider inviting public tender submission for the sale of No. 26 Brentham Street, Leederville, pursuant to section 3.58 of the *Local Government Act 1995*.

# **BACKGROUND:**

The Institute of Sisters of Mercy of Australia and Papua New Guinea (Sisters of Mercy), own under the name of McAuley Property Limited (MPL), the land comprising Aranmore Catholic Primary School (School). The School is located adjacent to the Land on the southern side.

Rosewood Care Group Inc own the land comprising Rosewood Aged Care Leederville (Rosewood), a residential aged care facility providing accommodation for approximately 120 residents. Rosewood is located adjacent to the Land on the eastern side.

At its December 2018 Meeting (Item 11.5), Council agreed in principle to the exchange of a portion of Lot 100 (No. 20) Brentham Street, Leederville, and Lot 37 Brentham Street, Leederville, (both formerly

owned by MPL) for an equal portion of Brentham Street Reserve (portion formally City-owned), subject to the requirements of section 3.58(3) of the Local Government Act 1995. The land exchange was proposed to formalise the agreement of the ownership of the land to reflect its actual use, and to reduce the liability and maintenance risks for the City, the School and MPL. The City provided local public notice of the land exchange and initiated a scheme amendment to facilitate the future use of the land. Council requested a report following the public notice period, to present the submissions received in response to the public notice, and to determine whether the City enters into a contract with MPL for the exchange of the land.

At its May 2019 Meeting (Item 11.3), Council approved the City and MPL entering into a contract to exchange a portion of Lot 100 (No. 20) Brentham Street, Leederville, and Lot 37 Brentham Street, Leederville, for an equal portion of Lot 75 Brentham Street, Leederville (Brentham Street Reserve).

At its April 2020 Meeting (Item 12.3), Council requested the Chief Executive Officer consult with the community, including on-site signage, regarding the potential sale of Lot 37 on Plan 2554 (No. 26) Brentham Street, Leederville (residential lot portion of the Land), and portion of Lot 75 on Plan 10804, Brentham Street Reserve, Brentham Street, Leederville, adjacent to No. 26 Brentham Street (rear pocket park portion of the Land).

At the same Meeting, Council noted that any submissions received as a result of the community consultation would be presented to Council for consideration, and determination of the timing and method of any sale, which would be in accordance with sections 3.58 or 3.59 of the Local Government Act 1995, as appropriate. Council also noted that a scheme amendment would be prioritised and undertaken for the portion of Lot 75 prior to sale and that the proceeds of the land sale would be held in reserve, to be determined by Council when the 2020/21 budget is adopted.

As a result of the land exchange, the City acquired 1,784 square metres of land comprising a vacant residential lot with an area of 539 square meters zoned Residential R60. The land to the rear of this residential lot forms a 1,245 square meters pocket park which is zoned Public Open Space – Restricted. The residential lot and the rear pocket park section together make up the Land on one lot, as demonstrated in **Attachment 1**. The Land is Lot 37 on Plan 2554 (No. 26) Brentham Street, Leederville.

Community consultation on the potential sale of No. 26 Brentham Street was carried out as requested by Council. The purpose of the consultation was to gather community feedback on the potential sale of the Land, prior to any decision being made. The consultation was open between 17 August 2021 and 8 October 2021. The project page had a total of 258 visits during the consultation period.

There were 73 Imagine Vincent survey responses, and a further 14 responses were submitted to Administration directly by email. A total of 87 submissions were received with 82 (94 percent) responses against the potential sale of No. 26 Brentham Street.

Students from Aranmore Catholic Primary School submitted a 440 page document filled with letters and drawings expressing their concern over the potential land sale. After consulting with the Principal of Aranmore Catholic Primary School, it was agreed that due to privacy concerns for the children involved, the document submission will not be made publicly available. Due to this, the student submissions were not included in the data above which was collated from Imagine Vincent and email responses.

At its 14 December 2021 Meeting (Item 9.14), Council noted:

- the public submissions received in response to the community consultation;
- that Administration will investigate the interest of adjoining landholders in the land;
- that any decision to sell the land would require a scheme amendment which includes further public advertising; and
- that Administration will provide further advice in March 2022 regarding any interest from adjoining landowners and a recommended approach regarding the existing play equipment.

### **DETAILS:**

#### The Land

The Land is situated in an area where there is significant public open space, as shown in **Attachment 2**. Given the proximity of this land to Brentham Street Reserve (28,900 square metres) and Britannia Reserve (157,700 square metres), it is deemed surplus to the City's Public Open Space (POS) requirements in this

area. Sale of this land would allow for acquisition of land for public open space where shortfalls have been identified in the City's *Public Open Space Strategy* and/or improvement of existing parks and open spaces.

The residential lot portion of the Land is currently unused. It is not currently maintained as public open space or as an extension of the pocket park.

The rear pocket park portion of the Land comprises play equipment and mature trees. It is utilised by school children as an outdoor play space before, during, and after school hours. There is no formal agreement in place which grants the School exclusive use of the play equipment or the City's land.

# **Brentham Street Reserve improvements**

The consultation submissions indicated that the public are supportive of retaining children's play equipment in the Brentham Street Reserve green space. Due to this, should the sale of the Land eventuate, Administration proposes that part proceeds from the sale go towards upgrading Brentham Street Reserve, and creating a new playground on the City's land within close proximity to the School to replace the existing play equipment near Wylie Place.

The Wylie Place play equipment is at least 15 years old. Brentham Street Reserve is noted in the City's Parks and Urban Green team's Long Term Financial Plan Capital Works Plan, with an allocation of \$80,000 for Structures to be used in 2026/2027. This work could be brought forward due to the allocation of part proceeds of a sale.

The play equipment near Wylie Place is more commonly used by late primary-school aged children. Administration recommends constructing new all ages friendly play equipment using funds from the potential land sale.

The construction of a new playground is estimated to cost \$115,000. This figure is highly dependent on the design specifics of the playground and the materials used. The City's Parks and Urban Green team would undertake community consultation before designing any play equipment, to help determine what sort of playground the community would like. This will include direct consultation with Aranmore Catholic Primary School.

Administration proposes that funds from the possible land sale are allocated to construction of new play equipment as well as improvements to the remaining Brentham Street Reserve green space. Improvements to the area could include extending the footpath from Wylie Place south to Bourke Street, additional lighting along the new pathway, and landscaping.

Landscaping of the area could include planting of new trees and ground cover, reticulation, additional park benches, and two water fountains with dog bowls.

There is an existing footpath in the northern area of Brentham Street Reserve. Continuing the footpath south to Bourke Street gives the ability for community members to walk the entire green space to connect to Leederville. This would increase accessibility in the green space, particularly for residents who may have mobility issues.

Administration proposes to limit the amount to be spent on the Brentham Street Reserve upgrades to \$299,000 of the possible land sale funds. This figure is based off the following estimates:

Improvement	<b>Estimated Cost</b>
Removal of existing play equipment, construction of new play equipment and softfall	\$115,000
Footpath – red asphalt	\$90,000
Lighting x 14	\$49,000
Planting and reticulation	\$25,000
Benches and drink fountains	\$20,000
Total Estimated Cost	\$299,000

The removal of existing play equipment and construction of equipment cost is based off an estimate the City previously made for a comparable project at Les Lilleyman Reserve. From a footprint perspective, the new Brentham Street Reserve play equipment would be similar to the equipment proposed at Les Lilleyman Reserve. However, the design, size and cost of the proposed playground will depend on the results of the community feedback.

The footpath and lighting estimates are based off the previous footpath and lighting works within Brentham Street Reserve. The above estimate considers approximately 360 metres of additional red asphalt footpath and 14 new lights.

Attachment 3 shows an initial plan demonstrating the potential Brentham Street Reserve improvements.

Regarding the existing play equipment at 26 Brentham Street, Administration does not propose to relocate this infrastructure, as it is approximately 17 years old. Administration does not recommend the demolition of the play equipment on 26 Brentham Street prior to any land sale.

### Adjoining landowner interest

Administration has liaised with Sisters of Mercy, Catholic Archdiocese of Perth, Aranmore Catholic Primary School, and Rosewood Care Group Inc regarding any interest in acquiring the land for the purposes of education and/or age care.

Rosewood maintains an interest in acquiring the land for aged and disability care purposes. Rosewood has been informed of the manner in which the City is proposing to dispose of the land, being through public tender in accordance with section 3.58 of the *Local Government Act 1995*.

Aranmore Primary School has informed Administration that it does not have the capacity to invest in the purchase of the land. Sisters of Mercy has confirmed that they have no interest in acquiring the land.

#### Scheme amendment

Prior to any sale, it would be necessary for the City to initiate the scheme amendment process for the Land. The street front section is zoned *Residential R60* and the rear section is zoned *Public Open Space – Restricted*. The scheme amendment would propose the Land in its entirety be zoned *Residential R60*. If approved by Council, (addressed in a separate item) the City would submit the scheme amendment proposal to the Western Australian Planning Commission (WAPC) for confirmation that it is suitable to be advertised.

Following the 42-day advertising period, Council would consider any submissions received and resolve as to whether it proceeds with presenting the scheme amendment to the WAPC and the Minister for approval and endorsement. The scheme amendment process is likely to take 18 months.

# Sale process

Administration considers a Request for Tender (RFT) to be the most appropriate process for the sale of this Land. If Council approves the sale of the Land, the Chief Executive Officer (CEO) would dispose of the Land to the most acceptable tenderer. The RFT criteria would include the terms of sale, offer, any conditions, proposed settlement date, and proposed future land use. Submissions to the RFT, and Administration's recommendation for the most acceptable tendered, would be presented to Council to determine to accept an offer of sale or not.

Any proceeds of a sale would be held in the Public Open Space reserve to enhance POS within the City (including improvements to Brentham Street Reserve), and to create POS within the City (specifically in areas of shortfall such as Mount Hawthorn).

**Attachment 5**, an extract from the City's Public Open Space Strategy, demonstrates areas of POS shortfall within the City. It is evident that POS is required in the area of Mount Hawthorn bounded by Brady Street, the Mitchell Freeway and Green Street. This area can be seen in the North-West section of the attached map, noted in orange and red, signifying a distance between 400 to 1000 metres to the closest POS.

Funds from a land sale could be used to:

- purchase land to develop into POS;
- repurpose an existing road reserve into POS;
- repurpose existing City-owned land into POS;
- action potential long-term land lease opportunities to create POS; or
- provide additional facilities within existing POS.

The funds could be used to action any of the above initiatives within areas of POS shortfall, such as the North-West section of Mount Hawthorn.

The City's <u>Public Open Space Strategy</u> identifies that Local Level Public Open Space is required in the area of Mount Hawthorn bounded by Brady Street, the Mitchell Freeway and Green Street (formerly known as Glendalough). The Strategy states that "access to local level provision in Mount Hawthorn is particularly deficient within the western and southern portions of the suburb". Mitchell freeway runs along the western boundary and splits the City from potentially accessible POS within the Town of Cambridge, most notably Lake Monger. Whilst access to Lake Monger is achieved through a freeway underpass or overhead bridge, the extent of the road network and limited connection points impacts access for City of Vincent residents.

Any development on the Land proposed by the accepted tenderer would be subject to Development Approval by the City's Development Services.

# **CONSULTATION/ADVERTISING:**

The City has notified all community consultation respondents of the land sale being presented to Council for a decision, and will notify all respondents of the outcome of the Ordinary Meeting of Council.

Advertising of the public tender would be done over four weeks through:

- public notice in a Statewide newspaper;
- public notice in a local newspaper;
- publication on the City's website; and
- social media account.

# LEGAL/POLICY:

#### Local Government Act 1995

In accordance with Section 3.58 of the Act a local government can dispose of land in the following ways:

- public auction;
- public tender; or
- directly to a third-party conditional on a public notice period and consideration of any submissions received. Public notice must include the purchase price, name of the purchaser and valuation details.

# Local Government (Functions and General) Regulations 1996 Division 2 Tenders for providing goods or services (s. 3.57) r. 14

- (1) When regulation 11(1), 12(2) or 13 requires tenders to be publicly invited, Statewide public notice of the invitation is to be given.
- (2) If the CEO has, under regulation 23(4), prepared a list of acceptable tenderers, instead of giving Statewide public notice the CEO is required to give notice of the invitation to each acceptable tenderer listed.
  - 2a. If a local government
    - (a) is required to invite a tender; or
    - (b) not being required to invite a tender, decides to invite a tender, the local government must, before tenders are publicly invited, determine in writing the criteria for deciding which tender should be accepted.
- (3) The notice, whether under subregulation (1) or (2), is required to include
  - (a) a brief description of the goods or services required; and
  - (b) particulars identifying a person from whom more detailed information as to tendering may be obtained; and
  - (c) information as to where and how tenders may be submitted; and
  - (d) the date and time after which tenders cannot be submitted.
- (4) In subregulation (3)(b) a reference to detailed information includes a reference to
  - (a) such information as the local government decides should be disclosed to those interested in submitting a tender; and
  - (b) detailed specifications of the goods or services required; and
  - (c) the criteria for deciding which tender should be accepted; and
  - (d) whether the local government has decided to submit a tender.

#### **RISK MANAGEMENT IMPLICATIONS**

Low: It is low risk for Council to invite tender submissions for the sale of 26 Brentham Street, Leederville. There is a medium risk of reputational damage in proceeding with an option that was not supported by community engagement.

#### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

### **Thriving Places**

Our physical assets are efficiently and effectively managed and maintained.

### Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

#### SUSTAINABILITY IMPLICATIONS:

The land sale would not contribute to any environmental sustainability outcomes considered in the City's <u>Sustainable Environment Strategy 2019-2024</u>. The proposed sale would likely decrease the amount of vegetation on the land, which is contrary to the Strategy's aims. However, the sale of the land may allow the City to purchase land to create higher quality POS, and result in a net increase of vegetation in the long-term.

Potentially removing the trees from the site would not affect the canopy targets noted in the City's *Sustainable Environment Strategy 2019-2024*. The City is 2-3 years ahead on planting targets to increase tree canopy. If the sale does go ahead, the City could plant a number of trees in the surrounding City-owned land to replace them.

### **PUBLIC HEALTH IMPLICATIONS:**

This does not contribute to any public health outcomes in the City's Public Health Plan 2020-2025.

# FINANCIAL/BUDGET IMPLICATIONS:

The Land is not leased and the City is not receiving any revenue from this asset as it stands.

The City will not incur any further maintenance expenditure associated with the Land following the sale.

The cost of improvements to Brentham Street Reserve would not exceed \$299,000.

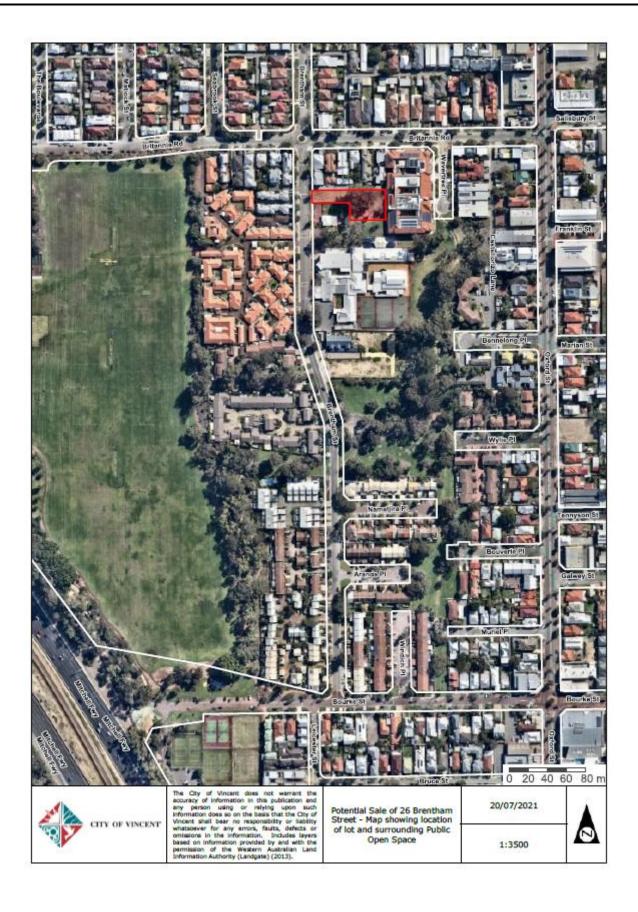

The City has incurred the cost of \$2,750 including GST for the valuation of the Land.

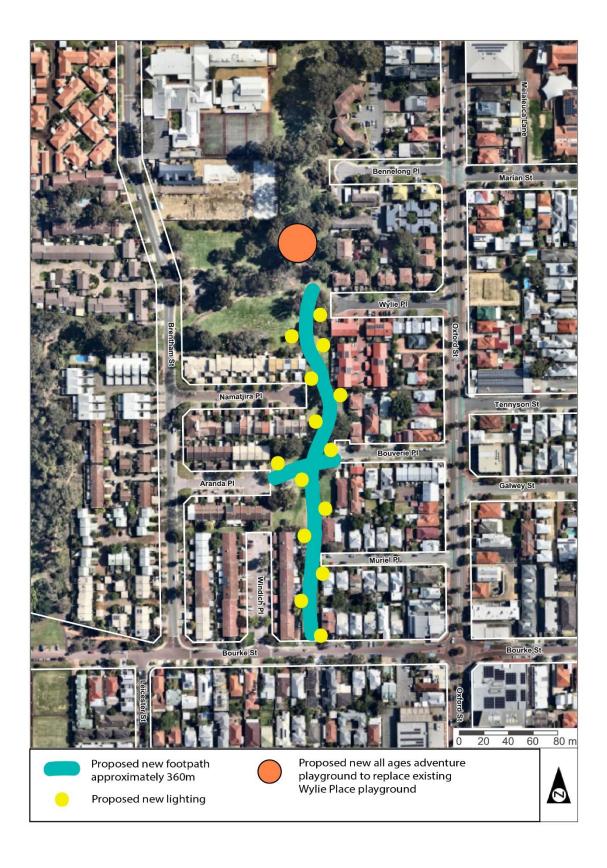

The City's fees for the scheme amendment process are estimated to be \$3,000.

The City will likely incur costs for services provided by real estate agents and settlement agents for the land sale.

The proceeds of the land sale would be held in the Public Open Space reserve to enhance POS within the City (including improvements to Brentham Street Reserve), and to create POS within the City (specifically in areas of shortfall such as Mount Hawthorn).

# 9.5 AMENDMENT 8 TO LOCAL PLANNING SCHEME NO. 2 (NO. 26 BRENTHAM STREET, LEEDERVILLE)

# Attachments:

- 1. Form 2A Amendment 8 to Local Planning Scheme No. 2 🗓 🖺
- 2. Surrounding Public Open Space 🗓 🖼
- 3. Map of Surrounding Landholdings J

### **RECOMMENDATION:**

That Council PREPARES Amendment 8 to Local Planning Scheme No. 2, included as Attachment 1, pursuant to section 75 of the *Planning and Development Act 2005*, to reclassify a portion of Lot: 37 (No. 26) Brentham Street, Leederville from Public Open Space to Residential R60, for community consultation pursuant to Section 47 of the Planning and Development (Local Planning Schemes) Regulations 2015.

#### **PURPOSE OF REPORT:**

To consider Amendment 8 to Local Planning Scheme No. 2 (LPS2) to reclassify a portion of Lot 37 (No. 26) Brentham Street, Leederville from Public Open Space reserve to Residential zone with a density code of R60.

### **BACKGROUND:**

The Institute of Sisters of Mercy of Australia and Papua New Guinea (Sisters of Mercy), own under the name of McAuley Property Limited (MPL), the land comprising Aranmore Catholic Primary School (School). The School is located adjacent to the Land on the southern side.

Rosewood Care Group Inc own the land comprising Rosewood Aged Care Leederville (Rosewood), a residential aged care facility providing accommodation for approximately 120 residents. Rosewood is located adjacent to the Land on the eastern side.

At its December 2018 Meeting (Item 11.5), Council agreed in principle to the exchange of a portion of Lot 100 (No. 20) Brentham Street, Leederville, and Lot 37 Brentham Street, Leederville, (both formerly owned by MPL) for an equal portion of Brentham Street Reserve (portion formally City-owned), subject to the requirements of section 3.58(3) of the *Local Government Act 1995*. The land exchange was proposed to formalise the agreement of the ownership of the land to reflect its actual use, and to reduce the liability and maintenance risks for the City, the School and MPL. The City provided local public notice of the land exchange and initiated a scheme amendment to facilitate the future use of the land. Council requested a report following the public notice period, to present the submissions received in response to the public notice, and to determine whether the City enters into a contract with MPL for the exchange of the land.

At its May 2019 Meeting (Item 11.3), Council approved the City and MPL entering into a contract to exchange a portion of Lot 100 (No. 20) Brentham Street, Leederville, and Lot 37 Brentham Street, Leederville, for an equal portion of Lot 75 Brentham Street, Leederville (Brentham Street Reserve).

At its April 2020 Meeting (Item 12.3), Council requested the Chief Executive Officer consult with the community, including on-site signage, regarding the potential sale of Lot 37 on Plan 2554 (No 26) Brentham Street, Leederville (residential lot portion of the Land), and portion of Lot 75 on Plan 10804, Brentham Street Reserve, Brentham Street, Leederville, adjacent to 26 Brentham Street (rear pocket park portion of the Land).

At the same Meeting, Council noted that any submissions received as a result of the community consultation would be presented to Council for consideration, and determination of the timing and method of any sale, which would be in accordance with sections 3.58 or 3.59 of the *Local Government Act 1995*, as appropriate. Council also noted that a scheme amendment would be prioritised and undertaken for the portion of Lot 75 prior to sale and that the proceeds of the land sale would be held in reserve, to be determined by Council when the 2020/21 budget is adopted.

As a result of the land exchange, the City acquired 1,784 square meters of land comprising a vacant residential lot with an area of 539 square meters zoned Residential R60. The land to the rear of this

residential lot forms a 1,245 square meters pocket park which is zoned Public Open Space – Restricted. The residential lot and the rear pocket park section together make up the Land on one lot, as demonstrated in **Attachment 1**. The Land is Lot 37 on Plan 2554 (No. 26) Brentham Street, Leederville.

Community consultation on the potential sale of 26 Brentham Street was carried out as requested by Council. The purpose of the consultation was to gather community feedback on the potential sale of the Land, prior to any decision being made. The consultation was open between 17 August 2021 and 8 October 2021. The project page had a total of 258 visits during the consultation period.

There were 73 Imagine Vincent survey responses, and a further 14 responses were submitted to Administration directly by email. A total of 87 submissions were received with 82 (94 percent) responses against the potential sale of No. 26 Brentham Street.

At its 14 December 2021 Meeting (Item 9.14), Council noted:

- the public submissions received in response to the community consultation;
- that Administration will investigate the interest of adjoining landholders in the land;
- that any decision to sell the land would require a scheme amendment which includes further public advertising; and
- that Administration will provide further advice in March 2022 regarding any interest from adjoining landowners and a recommended approach regarding the existing play equipment.

# **DETAILS:**

The City has prepared Amendment 8, included at **Attachment 1**, to reclassify the subject site from Public Open Space reserve to Residential zone with and density code of R60.

The subject site is situated in an area where there is significant public open space, as shown in **Attachment 2**. Given the proximity of this land to Brentham Street Reserve (28,900 square meters) and Britannia Reserve (157,700 square meters), it is deemed surplus to the City's Public Open Space (POS) requirements in this area. Sale of this land with a 'Residential' zoning would allow for acquisition of land for public open space where shortfalls have been identified in the City's <u>Public Open Space Strategy</u> and/or improvement of existing parks and open spaces.

Following a land swap requested by McAuley Property Limited in 2020, two of the access points to the subject site are now fenced, private land. As shown in **Attachment 3**, the subject site is separated from the majority of Brentham Street Reserve by private landholdings.

The intent of Amendment 8 is to reclassify the subject site to expand the types of uses that may be permitted. This includes residential dwellings, home offices, and aged or dependent persons dwellings. Amendment 8 proposes a residential density code of R60, which would match the density of the surrounding residential area and development.

The R60 density code allows for the development of houses, units and apartments, which sets a deemed-to-comply height of three storeys and plot ratio of 0.8. In the case of the potential development of grouped dwellings on the site, a maximum of 11 dwellings could be permitted across the entirety of Lot 37 (1,784 square meters), however site constraints would likely limit this further.

# **CONSULTATION/ADVERTISING:**

If Council resolves to prepare the amendment, a notice would sent to relevant public authorities, including the Environmental Protection Authority (EPA). Subject to the approval of the EPA, the amendment would then undergo 42 days of public advertising, in accordance with section 47(3) of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

In accordance with section 76A of the *Planning and Development (Local Planning Schemes) Regulations* 2015, and the City's Community Engagement Framework, the proposed amendment would be advertised:

- On the City's website;
- At the City's Administration and Civic Centre;
- With a sign on site;

8 MARCH 2022

- An advertisement in a local newspaper; and
- Email to previous submitters;
- Via letter drop to owners and occupiers of directly adjoining and opposite properties.

#### LEGAL/POLICY:

- Planning and Development Act 2005;
- Planning and Development (Local Planning Schemes) Regulations 2015;
- State Planning Policy 7.3 Residential Design Codes (R-Codes);
- Local Planning Scheme No. 2;
- Community Engagement Framework; and
- Policy No. 7.1.1 Built Form.

## **RISK MANAGEMENT IMPLICATIONS**

Low: It is low risk for Council to reclassify and zone Residential a lot that the City owns.

#### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

#### Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

#### SUSTAINABILITY IMPLICATIONS:

The reclassification of the subject site to Residential would not contribute to any environmental sustainability outcomes considered in the City's <u>Sustainable Environment Strategy 2019-2024</u>. The proposed Amendment would enable the option for the City to progress residential development on the site that decreases the amount of vegetation on Lot 37. However, the sale of the lot may allow the City to purchase land to create higher quality public open space, and result in a net increase of vegetation in the long-term.

Potentially removing the trees from the site would not affect the canopy targets noted in the City's *Sustainable Environment Strategy 2019-2024*. The City is 2-3 years ahead on planting targets to increase tree canopy. If the sale does go ahead, the City could plant a number of trees in the surrounding City-owned land to replace them.

# **PUBLIC HEALTH IMPLICATIONS:**

This does not contribute to any public health outcomes in the City's Public Health Plan 2020-2025.

#### FINANCIAL/BUDGET IMPLICATIONS:

The cost of advertising and progressing the proposed Amendment would be met through the City's existing operating budget.

# LOCAL PLANNING SCHEME NO. 2

Amendment No. 8

Standard amendment to reclassify a portion of Lot 37 (26) Brentham Street, Leederville from 'Public Open Space – Restricted' to 'Residential R60'.

# FORM 2A

Planning and Development Act 2005

### RESOLUTION TO PREPARE AMENDMENT TO LOCAL PLANNING SCHEME

CITY OF VINCENT LOCAL PLANNING SCHEME NO. 2 AMENDMENT NO. 8

RESOLVED that the local government pursuant to section 75 of the *Planning and Development Act* 2005 (as amended), amend the above Local Planning Scheme to:

- Reclassify the portion of Lot 37 (26) Brentham Street, Leederville currently reserved for 'Public Open Space – Restricted' to 'Residential' zone;
- 2. Apply the 'R60' density code overlay to the entirety of Lot 37 (26) Brentham Street, Leederville.

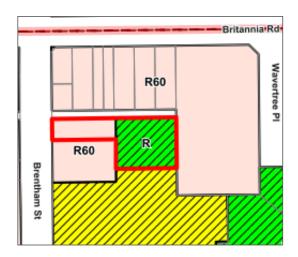

The amendment is standard under the provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* for the following reasons:

- It is an amendment to the scheme map that is consistent with a local planning strategy for the scheme that has been endorsed by the Commission; and
- It is an amendment is not a complex or basic amendment.

### COUNCIL RECOMMENDED/SUBMITTED FOR APPROVAL

#### 9.6 RESCINDING OF POLICY NO. 4.1.23 - STATE ADMINISTRATIVE TRIBUNAL

# Attachments:

1. Draft State Administrative Tribunal Management Practice J

#### **RECOMMENDATION:**

# That Council:

- 1. RESCINDS Policy No. 4.1.23 – State Administrative Tribunal, pursuant to section 2.7 of Local Government Act 1995; and
- 2. NOTES the management practice, included at Attachment 1, to be managed and maintained by Administration.

## **PURPOSE OF REPORT:**

For Council to consider rescinding Policy No. 4.1.23 – State Administrative Tribunal (the Policy).

#### **BACKGROUND:**

Council adopted the Policy on 24 May 2005 (item 10.4.1). Since adoption, the Policy remains largely unchanged except for replacing references to the 'Town' with the 'City'.

The Policy development originally coincided with the creation of the State Administrative Tribunal (SAT). The SAT is responsible for hearing appeals from parties aggrieved by decisions of authorities such as the City and the Joint Development Assessment Panel, primarily in matters related to town planning applications.

Currently, only the decision-making authority and the applicant may be party to an appeal. Neighbouring residents, submitters, and interested parties are generally not involved in an appeal process through the SAT.

The primary purpose of the current Policy is to set out the process for reporting and responding to an application for a SAT review of a Council decision. Due to the Policy being created over 16 years ago, it is overdue for review and not in line with current practice.

# **DETAILS:**

The existing SAT Policy acts as a procedure, in terms of setting out the manner in which certain actions should be undertaken.

In reviewing the Policy, Administration considered current practice and alternative mechanisms that could be used instead of a Policy. For those provisions that act as procedural instructions, these could be transferred to a management practice to be maintained and updated by Administration. Attachment 1 sets out the proposed management practice.

Since the management practice is proposed to be maintained by the Administration, it is presented to Council for 'noting'.

The process outlined in the management practice is almost identical to the existing Policy except that it adds additional detail, and no longer requires the CEO to present a draft report to Council before responding to SAT appeals. The City has already been operating in this manner for some time due to the short turnaround time required by the SAT. The management practice proposes no changes to the current manner in which the City is operating.

# **CONSULTATION/ADVERTISING:**

Pursuant to the City's Community and Stakeholder Engagement Policy, the proposal to rescind the SAT Policy is considered to fall into the 'inform' category. Since there is proposed to be no effective change to the operation of the City's SAT proceedings, consultation would be unlikely to influence the outcome and is not required.

Item 9.6 Page 102

### LEGAL/POLICY:

Local Government Act 1995.

### **RISK MANAGEMENT IMPLICATIONS**

Low: It is low risk for Council to rescind the SAT Policy and note a new management practice.

# **STRATEGIC IMPLICATIONS:**

This is in keeping with the City's Strategic Community Plan 2018-2028:

# Sensitive Design

Our planning framework supports quality design, sustainable urban built form and is responsive to our community and local context.

# **SUSTAINABILITY IMPLICATIONS:**

This does not contribute to any environmental sustainability outcomes. This action/activity is environmentally neutral.

### **PUBLIC HEALTH IMPLICATIONS:**

This does not contribute to any public health outcomes in the City's Public Health Plan 2020-2025.

### FINANCIAL/BUDGET IMPLICATIONS:

The costs of this proposal extend to publishing a notice of rescinding the SAT Policy. This cost will be met from the City's existing operating budget.

# State Administrative Tribunal Management Practice

Previous Policy Requirements	Management Practice
CEO determines how to deal with	Administration determines how to deal with SAT matters.
SAT matters.  Senior employees (with consultants as required) defend Council decisions.	Administration represents matters at SAT for applications that have been determined either:
	Under delegated authority; or     By Council, consistent with Administration's recommendation.
	Administration also represents Council where its determination was contrary to Administration's recommendation; however, staff members attending SAT will not be those who were involved in the assessment of the application or preparation of the recommendation.
	In all instances, planning consultants or legal representation may be engaged, depending on the complexity of the matter and the capacity of Administration to deal with the review.
Confidential report submitted to Council with details of SAT appeal and proposed response, including whether a Council Member or resident should also appear as a witness.	Administration notifies Council Members through the monthly information bulletin of all SAT matters. In most instances, it would not be appropriate or feasible to provide Council with a confidential report prior to SAT directions hearing or mediation.
CEO authorised to respond directly to SAT if there is no time for a Council report.	In instances where a matter previously determined by Council is invited to be reconsidered, this would be scheduled based on the upcoming Council Meeting dates. Items previously dealt with under delegated authority are not presented to Council for determination.
Previous Procedures (Page 2)	Management Practice
The City will notify all submitters that an application is subject to SAT review and invite nominations for	Submitters are notified in writing of a SAT appeal and how this progresses.
involvement in the process.	If submitters own land affected by the proposed development, Administration would request the SAT to allow those submitters to join as a party to the appeal. If SAT supports this, Administration would invite those submitters and support them in applying to SAT to join the appeal proceeding.
All witnesses will be provided with assistance to prepare witness statements but will not be paid.	Members of the Design Review Panel, or other consultants, are paid in accordance with their respective contract.
	Adjoining property owners and submitters called as witnesses, or participating as a party to the appeal, would not be paid for their time.
Where the CEO responds directly to SAT, the draft response should be circulated to Council Members for comment first.	Administration's approach to any SAT review of a Council decision would first be referred to Council Members for comment. Any reconsideration of such a matter would be considered and determined by Council.
	Any SAT review of a delegated authority decision would be dealt with by Administration and reported to Council through the monthly information bulletin.
Once the SAT has made its final decision, the City's response will be included in the Council information bulletin.	Administration notifies Council of the outcome of the review through both an email and the Council information bulletin.

# 9.7 ADVERTISING OF AMENDED POLICY - POLICY NO. 7.5.3 - EDUCATION AND CARE SERVICES

# Attachments:

- 1. Engagement Results Report  $\downarrow$
- 2. Draft Local Planning Policy: Education and Care Services J.
- 3. Local Planning Policy: Education and Care Services Tracked Changes U

### **RECOMMENDATION:**

That Council PREPARES Amendment 2 to Local Planning Policy No. 7.5.3 – Education and Care Services, included at Attachment 2, for the purpose of public advertising, pursuant to clause 4 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015.* 

### **PURPOSE OF REPORT:**

For Council to prepare Amendment 2 to Local Planning Policy No. 7.5.3 – Education and Care Services for the purpose of public advertising.

#### **BACKGROUND:**

Council adopted <u>Local Planning Policy No. 7.5.3 – Education and Care Services</u> (the Policy) on 27 March 2001 and last reviewed the Policy on 12 March 2013.

Review of the Policy aligns its intent with the City's expectations for education and child care services and to help mitigate these uses' potential impacts on adjoining areas.

### **DETAILS:**

# Consultation with key stakeholders

The City sought feedback from education and care service operators within the City of Vincent, applicants who had lodged a development application in 2020 and 2021, and a selection of community members who had provided a submission to the City in relation to a development application relating to an education or child care service. The purpose of this initial consultation was to understand potential improvements for the Policy. The consultation period commenced on 14 December 2021 and concluded on 30 January 2022. A follow up email was sent to all stakeholders on 17 January 2022.

Three submissions were received. The first was from a previous submitter who raised concerns with the amount of traffic generated from child care centres, and the impacts the additional traffic has on surrounding streets.

The second submission was received from a child care operator within the City of Vincent. The submission suggested operating hours should be extended from 7:30am to 6:30am to reflect demand. It also suggested improving provisions relating to appropriate locations, parking and access, outdoor shade and artificial surfaces to protect the safety of children.

The third submission raised concerns that a crèche facility would require development approval under the Policy.

A summary of the submissions and Administration's response is included as Attachment 1.

#### Proposed improvements

As a result of the desktop review and community engagement, the following improvements were identified:

1. Improved objectives

The current objective of the Policy is as follows:

"The purpose of this policy is to facilitate the establishment of Education and Care Services premises and to provide specific development, design and operating requirements for Family Day Care Service and Centre-Based Child Care Service premises."

To accommodate situations not considered by a policy, it is good practice for objectives to provide guidance on acceptable standards and outcomes. The current objective of the Policy does not do this, and simply specifies the purpose of the policy.

New objectives are proposed that refer to appropriate locations, noise generating activities, protection of privacy, traffic impacts on local roads, parking supply and functionality, design quality and overall functionality of the site. The proposed objectives make specific references to the issues that commonly pertain to education and care service developments, and how the Policy should be applied to address these issues.

2. Updated definitions to distinguish between 'Centre-Based Child Care Services' and 'Family Day Care Services'.

The existing definitions within the Policy refers to the *Education and Care Services National Regulations 2012* (Regulations), which is not a user-friendly approach. The proposed amendment includes the definitions in the Policy itself to clearly articulate the difference between the care services.

- 3. Delete provisions that relate to other legislation or are not planning considerations. For example, the number of baby change facilities is not a planning consideration and should not be included within the Policy.
- 4. Include new provisions relating to:

Building design (Clause 1.1)

The new building design requirements are to be considered in addition to those within the City's Policy No. 7.1.1 – Built Form. They ensure buildings are designed to protect the privacy of the adjoining properties and the users of the site, while maintaining an acceptable level of interaction with the street.

Suitable locations for Centre-Based Child Care Services (Clause 3.1 and 3.2)

Child care services are to be appropriately located adjacent to other non-residential land uses. This would reduce adverse impacts on noise sensitive land uses such as residential properties.

Child care services typically do not provide interactive frontages with the street and are not to be located on the ground floor or at grade level within Regional Centres, District Centres or Local Centres under the City's Local Planning Scheme.

Car parking and vehicle access (Clause 3.4)

Additional requirements are included for drop off/pick up locations to ensure they are suitably located and consider amenity impacts on adjoining properties. Separate pedestrian paths are also recommended to provide a safer environment for users of the site.

Traffic volumes on local roads is a common theme raised by residents during public consultation periods. Where available, dual vehicle access will reduce traffic volumes on any one street and assist with the flow of traffic.

5. Amend existing provisions relating to:

Fencing and security (Clause 1.2)

The clause was reworded to use plain English.

Hours of operation (Clause 1.5)

Additional hours may be considered in instances when there is no adverse impact on the amenity of surrounding properties.

External playing space (Clause 3.3)

To consider appropriate locations for external play spaces to avoid them being located adjacent to sensitive land uses (i.e. residential dwellings) or unsafe locations (i.e. near a major road).

To support design excellence, 30 percent canopy coverage, and natural landscaping that is integrated into the overall design of the space is encouraged over artificial materials.

Submission requirements (Clause 4)

Additional detail is included in the 'Submission requirements' section of the proposed Policy to ensure all supporting information is included and assessed as part of the development application. This would assist in assessing compliance with relevant legislation and impact on surrounding areas.

The minimum submission requirements include operation management plans, development plans, traffic impact statement/assessment in accordance with the Western Australian Planning Commission's Transport Impact Assessment Guidelines, parking management plans, waste management plans, landscaping plans, noise assessment, and signage plans in accordance with the relevant local planning policies.

The draft amended Policy is included as **Attachment 2**.

### CONSULTATION/ADVERTISING:

In accordance with the City's <u>Community and Stakeholder Engagement Policy</u>, public notice of all new and significantly amended policies must be provided for a period exceeding 21 days in the following ways:

- notice published on the City's website;
- notice posted to the City's social media;
- notice published in the local newspapers;
- notice exhibited on the notice board at the City's Administration and Library and Local History Centre;
   and
- letters distributed to relevant local businesses and community groups.

Public notice of the Policy would be provided from April 2022.

### LEGAL/POLICY:

Schedule 2, Clause 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015* sets out the requirements to amend a local planning policy.

The City's <u>Policy Development and Review Policy</u> sets out the process for the development and review of the City's policy documents.

# **RISK MANAGEMENT IMPLICATIONS**

Low: It is low risk for Council to provide public notice of the Policy.

# **STRATEGIC IMPLICATIONS:**

This is in keeping with the City's Strategic Community Plan 2018-2028:

#### Sensitive Design

Our planning framework supports quality design, sustainable urban built form and is responsive to our community and local context.

### Innovative and Accountable

We are open and accountable to an engaged community.

# **SUSTAINABILITY IMPLICATIONS:**

This does not contribute to any environmental sustainability outcomes. This action/activity is environmentally neutral.

# **PUBLIC HEALTH IMPLICATIONS:**

This does not contribute to any public health outcomes in the City's Public Health Plan 2020-2025.

# FINANCIAL/BUDGET IMPLICATIONS:

The costs of advertising the Policy can be met by the City's existing operating budget.

# POLICY NO. 7.5.3 EDUCATION AND CARE SERVICES – Feedback from key stakeholders

#### Overview

The City sought feedback from education and care service operators within the City of Vincent, applicants who had lodged a development application in 2020 and 2021, and a selection of community members who had provided a submission to the City in relation to a development application relating to an education or child care service.

The purpose of engagement was to identify issues and potential improvements to the existing policy.

The consultation period commenced on 14 December 2021 and concluded on 30 January 2022. A follow up email was sent to all stakeholders on 17 January 2022.

#### **Summary of submissions**

The below tables summarise the comments received during the engagement and Administration's response.

Stakeholder	Submission summarised	Theme/s	Administration Response
Previous submitter	Education and Care Services generate too much traffic and cause parking issues within	<ul><li>Congestion</li><li>Parking issues</li></ul>	Several changes to the Policy are proposed:
Submitter	local roads.	1 divilia issues	A new objective is included to consider the impact the traffic generated may have of the safety and function of the local road networks.
			Clause 3.4 Car parking and vehicle access includes new requirements to better manage drop off / pick up areas, and where available proposals are to distribute ingress and egress over the multiple crossovers available for use. This is to reduce traffic volumes at any one access point.
			New requirements within Clause 4 as follows:

			<ul> <li>iii) A traffic impact statement is required for applications proposing ten – 100 children, and a traffic impact assessment for applications proposing more than 100 children is requirement; and</li> <li>iv) A parking management plan in accordance with the City's Local Planning Policy relating to Non-Residential Development Parking Requirements.</li> <li>The proposed updates ensure traffic generation and parking requirements of the proposed development would satisfy state and local</li> </ul>
			government requirements, respectively.
Child care operator	3.6 Hours of Operation There are services within the City that open at 6.30am so this may need to be changed to reflect what is actually happening in the community.  4 Planning Approval We have some concerns about this section regarding the safety of children. They are:  Proximity of some services to major roads and /or intersections Provision of parking and safety of this Shade/outdoor requirements Artificial surfaces such as soft fall	<ul> <li>Hours of operation</li> <li>Safety of children</li> <li>Proximity of services to each other</li> </ul>	Hours of operation All Centre-Based Child Care Services and Family Day Care Services require a development application under the City's Local Planning Scheme No. 2. Where a proposal could demonstrate that the extended hours would not have an impact on adjoining properties, extended hours could be approved. An example of where extended hours may be appropriate is when a service was not adjacent to any residential properties or other noise-sensitive land uses.  Planning Approval
	Proximity of services We also have concerns over the proximity of services to each other. One final remark is does the policy cover 3 plus programs, out of school hours care services and vacation care programs?		Most commercial areas, which are preferred locations for child care centres, are located along transport corridors. The Policy includes the following measures to mitigate impacts:     Objectives to consider overall safety of the site, particularly for vehicles and pedestrians

Previous submitter	The policy is ok, but there is a problem for landlords wanting to include a creche facility on their premises, like the ones typically found at IKEA or in hospitals, where the parent must be on premises whilst the child is playing under supervision, such as described here: <a href="https://www.careforkids.com.au/child-care-articles/article/145/creches">https://www.careforkids.com.au/child-care-articles/article/145/creches</a> . The problem is that many websites - including the building code, mention that the term creche is used interchangeably with the term day care centre or childcare education centre. This creates conduction for building consultants and landlords who want a creche. The fact that we also have family day care or home care	Unclear definitions	<ul> <li>Fencing is required to retain children within the premises</li> <li>New parking and access requirements to protect the safety of users of the site and surrounding local road networks</li> <li>Traffic impact statements/assessments in accordance with the Western Australian Planning Commission's Transport Impact Assessment Guidelines. These guidelines include guidelines for pedestrian access and safety.</li> <li>The amount of outdoor area is controlled by the Act and the Regulations. The policy requires 30 percent of the external playing area to be shaded, noting landscaping is encouraged over artificial shade.</li> <li>Proximity of services</li> <li>The proximity of services to each other is not a planning consideration.</li> <li>The Department of Communities, Education and Care Regulatory Unit confirmed creches (including those within shopping centres) do not fall within the definition of 'Education and Care Service' due to primarily being ad hoc or casual care.</li> <li>The Policy was amended to specify care types which are included and excluded from 'Education and Care Service'.</li> </ul>
-----------------------	--	---------------------	--

facilities further adds to the confusion. I think it	
would be great if the policy could clearly	
stipulate what is (and in this case) what is not a	
day care centre.	

Legislation / local law requirements	This Policy has been prepared under the provisions of Schedule 2, Part 2 and 3 of the <i>Planning and Development (Local Planning Schemes) Regulations</i> 2015.
Relevant delegations	16.1.1 Determination of various applications for development approval under the City's Local Planning Scheme.
Related policies, procedures and supporting documentation	<ul> <li>Education and Care Services National Law (WA) Act 2012.</li> <li>Child Care Services Act 2007.</li> <li>Education and Care Services National Regulations.</li> </ul>

#### **PRELIMINARY**

#### INTRODUCTION

The National Quality Framework (NQF) regulates early learning and school age care in Australia and seeks to improve education and care across long day care, family day care, preschool/kindergarten, and outside school hours care services. The NQF is established through an applied laws system and consists of the Education and Care Services National Law (WA) Act 2012 and the Education and Care Services National Regulations 2012.

The Education and Care Services National Law (WA) Act 2012 and Education and Care Services National Regulations 2012 identifies two types of childcare services. These are Family Day Care Services and Centre-Based Child Care Services.

#### **PURPOSE**

The purpose of this policy is to provide clear direction on the requirements for education and care services within the City of Vincent.

#### **OBJECTIVE**

This Policy seeks to ensure that:

- Centre-Based Child Care Services are adjacent to and complement other non-residential land uses, and are located so as to avoid non-residential development encroaching upon areas which are residential in nature and resulting in adverse impacts.
- Noise-generating activities such as outdoor play areas, vehicle access ways, car parking areas and any
  plant and equipment is located away from noise-sensitive land uses (such as residential dwellings).
- The privacy of adjoining properties and the child care premise is protected through sensitive design.
- Sites are designed to minimise the impact of traffic associated with Centre-Based Child Care premises on the function and safety of the local road network.
- Adequate parking supply is provided that is functional and protects the safety of drivers and pedestrians.
- Buildings are designed to achieve high quality design and respond to the surrounding context, while
  providing a safe environment that meets the needs of its users.
- · Legibility, functionality, and wayfinding are considered in the overall design of the development.

Page | 1 of 6 CM D22/8810

The provisions of this policy apply to all education and care service premises within the City of Vincent. Where a development application does not satisfy the policy provisions, the proposal is to be assessed against the objectives of this Policy.

This Policy prevails over all other planning policies, excluding the City's Heritage Policies.

#### **POLICY PROVISIONS**

#### **DEFINITIONS**

**Centre-Based Child Care Services** means an 'Education and Care Service' other than a Family Day Care Service.

Note: Child Care Premises, as defined within the City's Local Planning Scheme No. 2, has the same meaning as Centre-Based Child Care Services.

**Education and Care Service** means any service providing or intended to provide education and care on a regular basis to children under 13 years of age other than those services listed under Schedule – Education and Care Services National Law, Part 1, Section 5 (1) of the *Education and Care Services National Law* (WA) Act 2012.

Note 1: This term includes services such as centre-based child care and afterschool care.

Note 2: The exclusions include schools, kindergarten, personal arrangements, instructional activities (i.e., sport, dance, music, religion, etc), hospital / medical / therapeutical care services, child protection law, and disability services. Creches, which are primarily ad hoc or casual care are also excluded.

Family Day Care Service means an education and care service that —

- (a) is delivered through the use of 2 or more educators to provide education and care to children; and
- (b) operates from 2 or more residences;

Note 1: A Family Day Care Service that is an approved Family Day Care Service may provide education and care to children from a family day care residence or an approved family day care venue.

Note 2: No more than 7 children can be educated and cared for as part of a Family Day Care Service at a family day care residence or an approved family day care venue at any one time.

In addition to referring to the relevant requirements of the *Education and Care Services National Law (WA)*Act 2012 and Education and Care Services National Regulations 2012 referred to above, applicants are encouraged to refer to the Australian Children's Education and Care Quality Authority

(www.acecqa.gov.au) or contact the relevant State Government regulatory authority (Department of Communities, Education and Care Regulatory Unit) for further information and licensing requirements for the establishment and operation of education and care services.

Page | 2 of 6 CM D22/8810

#### 1. General Requirements For Education And Care Services

#### 1.1 Building design

- The orientation and design of buildings, windows and balconies minimises direct overlooking of habitable rooms and private outdoor living areas of neighbouring properties.
- Buildings are designed to interact with the street and public spaces while maintaining privacy for its users.
- c) The entrance to the building shall be visible from the street and provided with clear wayfinding from all adjacent car parking areas.

#### 1.2 Fencing and security

Any outdoor space used by children are to be enclosed by a fence or barrier that is a minimum of 1.2 metres in height and designed so that children cannot go through, over or under it.

#### 1.3 Swimming pools

Swimming pools or outdoor spas are not permitted.

#### 1.4 Signage

All signage requirements are to be in accordance with the City's Local Planning Policy - Signs and Advertising.

#### 1.5 Hours of operation

Unless otherwise approved by the local government, with due regard to impact on amenity of surrounding properties, the hours of operation are restricted to between 7.00am to 7.00pm on weekdays and 7.00am to 6.00pm on Saturdays. Premises are not permitted to be operational on Sundays.

#### 2. Family Day Care Services

#### 2.1 Suitable types of dwellings

Family Day Care Services may be considered from a single house or grouped dwelling. Multiple dwellings for the purpose of a Family Day Care Service is not permitted.

#### 2.2 External playing space

Family Day Care Services are to have a minimum external 'playing space' of 40 square metres, with a minimum dimension of 6 metres.

Page | 3 of 6 CM D22/8810

#### 2.3 Car parking

Family Day Care Services are not required to provide any additional car parking bays, other than what is required under the Residential Design Codes.

#### 3. Centre-Based Child Care Services

#### 3.1 Suitable locations

- Centre-Based Child Care Services are to be located with a Mixed Use, Local Centre, District Centre, Regional Centre, Centre or Commercial zone as identified by the City's Local Planning Scheme.
- Centre-Based Child Care Services are not permitted on ground floors or at grade level within Regional Centres, District Centres and Local Centres under the City's Local Planning Scheme.

#### 3.2 Suitable locations in Residential zones

Centre-Based Child Care Services will be considered within a Residential zone under the City Local Planning Scheme where it is adjacent to other non-residential land uses.

#### 3.3 External playing space

- Centre-Based Child Care Services are to have a minimum external playing space area in accordance with the Education and Care Services National Regulations (as amended).
- At least 30 percentage of the external playing space is to be provided as canopy coverage.
- c) Landscaping is encouraged over artificial materials and should be integrated into the overall design of the space.
- d) External playing spaces shall be on a safe location of the site (e.g. away from a major road), and away from any adjoining noise-sensitive land uses (e.g. residential dwellings).

#### 3.4 Car parking and vehicle access

- All car parking and vehicular access requirements is to be in accordance with the City's Local Planning Policy – Non-Residential Development Parking Requirements.
- b) A drop off/ pickup area is required in accordance with the City's Local Planning Policy Parking and Access and shall:
  - have convenient access to the entrance of the building
  - · be located away from any adjoining noise-sensitive land uses

Page | 4 of 6 CM D22/8810

be time limited to encourage turnover of vehicles during peak periods

The management of the drop off/ pick up area shall be demonstrated within the parking management plan (see Clause 4 - Submission Requirements).

- Dedicated and clearly defined pedestrian paths shall be provided from the street and onsite parking areas to the entrance of the building.
- d) Where dual access to a site is available, ingress to the site and egress from the site shall be provided from different streets to distribute the traffic volume over multiple streets.

Where it can be demonstrated that the amount of traffic would not affect the amenity of surrounding properties, vehicle access shall be from the secondary street.

Note: Advice from the Department of Planning, Lands and Heritage or Main Roads WA may prevail.

#### 4. Submission Requirements

In addition to submission of the development application form, fees, and mandatory information detailed on the application checklist, applications for a Family Day Care Service or Centre-Based Child Care Services must also be accompanied by:

- a management plan outlining the number of children proposed, age group breakdown, days and hours of operation, staff requirement, and explanation of why the use is appropriate for its location;
- a detailed site plan to a scale sufficient to identify clearly the boundaries and all proposed structures, external play areas; landscaping, refuse storage area, car parking, pedestrian and vehicle access ways, crossover(s) and kerb locations, verge width and associated road infrastructure (e.g. light poles, traffic islands) for the full road reserve width for all roads abutting the application site;
- a traffic impact statement is required for applications proposing 10 100 children, and traffic impact assessment is required for applications proposing more than 100 children, in accordance with the Western Australian Planning Commission's *Transport Impact Assessment Guidelines*;
- a parking management plan in accordance with the City's Local Planning Policy relating to Non-Residential Development Parking Requirements;
- e) a noise impact assessment in accordance with the City's Local Planning Policy relating to Sound Attenuation, demonstrating the internal and external play spaces, car parking and access ways would not cause an adverse impact on adjoining properties, nor be adversely affected by surrounding land uses
- f) a waste management plan in accordance with the City's Waste Guidelines for New Developments;

Page | 5 of 6 CM D22/8810

8 MARCH 2022

CITY OF VINCENT

# LOCAL PLANNING POLICY: CHILD CARE AND FAMILY DAY CARE

- g) a detailed landscaping plan, including indicative design of external playing spaces;
- signage details or a signage strategy in accordance with the City's Local Planning Policy relating to Signs and Advertising; and
- i) any additional information or written justification relevant to the assessment of the application.

#### 5. NATIONAL CARE SERVICES LAW AND REGULATIONS

In addition to the requirements listed in this policy, the applicant is to ensure that the proposed Education and Care Service premises are compliant with the *National Education and Care Services Regulations 2012*. These requirements will not form part of the City's assessment. For further information, please contact the Department of Communities, Education and Care Regulatory Unit.

#### **POLICY NO: 7.5.3 EDUCATION AND CARE SERVICES**

#### INTRODUCTION

On 1 January 2012, the National Quality Framework was introduced into the National Legislative Framework and aims to raise high quality and drive continuous improvement and consistency in education and care services. The national legislative framework is established through an applied laws system and consists of the Education and Care Services National Law and the Education and Care Services National Regulations.

The Education and Care Services National Law identifies two types of child care services. These are Family Day Care Services and Centre Based Child Care Services.

#### **OBJECTIVES**

The purpose of this policy is to facilitate the establishment of Education and Care Services premises and to provide specific development, design and operating requirements for Family Day Care Service and Centre Based Child Care Service premises.

#### **POLICY STATEMENT**

#### 1. FAMILY DAY CARE SERVICES

#### 1.1 Definition

A Family Day Care Service has the same meaning as is given to it in, and for the purposes of, the Education and Care Services National Regulations 2012.

A Family Day Care Service offers education and care in the private homes of registered carers through a family day care scheme.

#### 1.2 Suitable Types of Dwellings

A Family Day Care Service may be considered from a single house or grouped dwelling. The use of a multiple dwelling for the purpose of a Family Day Care Service is not permitted.

#### 1.3 External Playing Space

A dwelling proposed to be used for a Family Day Care Service is to have a minimum external 'playing space' of 40 square metres, with a minimum dimension of 6 metres.

#### 1.4 Car Parking

A dwelling proposed to be used for a Family Day Care Service is not required to provide any additional car parking bays, other than what is required under the Residential Design Codes.

#### 2. CENTRE-BASED CHILD CARE SERVICES

#### 2.1 Definition

A Centre Based Child Care Service has the same meaning as is given to it in, and for the purposes of, the Education and Care Services National Regulations 2012.

A Centre Based Child Care Service offers education and care in from a premises used exclusively for this purpose and includes long day care, out of school hours care and occasional care.

#### **2.2 Internal Playing Space**

A proposed Centre Based Child Care Service premises is to have a minimum unencumbered internal playing space of 3.25 square metres per child.

In calculating the area of unencumbered internal playing space, the following areas are to be excluded;

- i) any passageway or thoroughfare (including door swings);
  - a. any toilet or hygiene facilities;
  - b. any nappy changing area or area for preparing bottles;
  - c. any area permanently set aside for storage;
  - d.—any area or room for staff administration;
  - e. any other space that is not suitable for children; and
- ii) the area of a kitchen is to be excluded, unless the kitchen is primarily to be used by children as part of an education program provided by the service.

#### 2.32.2 External Playing Space

2.3.1 A proposed Centre Based Child Care Service premises is to have a minimum unencumbered external playing space of 7 square metres per child.

In calculating the area of unencumbered external playing space, the following areas are to be excluded,

- i) any pathway or thoroughfare, except where used by children as part of the education and care program;
- ii) any car parking area;
- iii) any storage shed or other storage area; and
- iv) any other space that is not suitable for children.
- 2.3.22.2.1 The external playing space is required to provide a shaded area that is at least 30 percent of the size of the minimum required external playing space.

#### 2.42.3 Car Parking and Vehicular Access

- 2.4.12.3.1 All car parking and vehicular access requirements is to be in accordance with the City's Policy relating to Parking and Access.
- 2.4.22.3.2 A drop off/pick up area is required in accordance with the City's Policy relating to Parking and Access.

#### 2.5-Administrative Space

A Centre Based Child Care Service premises is required to have an adequate area or areas at the premises for the purposes of:

- i) conducting the administrative functions of the service;
- ii) consulting with parents of children;
- iii) conducting private conversations; and
- iv) providing facilities for relief for the nominated supervisor, staff members and volunteers.

#### 2.6 Nappy Change Facilities

2.6.1 If a Centre Based Child Care Service premises educates and cares for children who wear nappies, the premises is required to provide the following facilities:

2.6.1.1 One stable nappy changing surface for every 8 children who wear nappies, together with a nappy change mat or other mat with a washable, waterproof surface; and

2.6.1.2—Hand washing facilities' in the immediate vicinity of the nappy changing area.

2.6.2 The nappy changing facilities are required to be designed and maintained in a way that prevents unsupervised access by children.

#### 3. GENERAL REQUIREMENTS FOR EDUCATION AND CARE SERVICES

#### 3.1. Toilet and Hygiene Facilities

All Education and Care Services is to provide:

3.1.1.1 Adequate, developmentally and age appropriate toilet, hand washing, bathing and drying facilities;

3.1.1.2 The location and design of the toilet, hand washing, bathing and drying facilities enable safe use by the children; and

3.1.1.3 There is convenient access to the toilet, hand washing, bathing and drying facilities from the indoor and outdoor playing spaces.

#### 3.2. Laundry and Hygiene Facilities

All Education and Care Services is to provide:

- 3.2.1 A laundry facility or access to laundry facilities; or
- 3.2.2 Other facilities' for dealing with soiled clothing, nappies and linen; and
- 3.2.3 The laundry or other facilities' are located and maintained in a way that prevents unsupervised access by children.

#### 3.3.3.1. Fencing and Security

- 3.3.1 Any outdoor space at an Education and Care Service premises is required to be enclosed by a fence or barrier that is 1.2 metres in height.
- 3.3.2 The Education and Care Service premises is sufficiently secure:
  - i) to prevent exist by unsupervised children;
  - ii) to prevent persons without a legitimate reason to be on the premises.
- 3.3.3 The Education and Care Service premises is to ensure that the side of any internal or external stairway, ramp, corridor, hallway or balcony that does not abut a wall, is enclosed so as to prevent a child being trapped or falling through or climbing over it.

#### 3.4.3.2. Swimming Pools

A swimming pool or outdoor spa is not permitted on a premises that contains an Education and Care Service.

#### 3.5.3. Signage

All signage requirements is to be in accordance with the City's Policy relating to Signs and Advertising.

#### 3.6.3.4. Hours of Operation

The hours of operation for an Education and Care Service Premises shall be limited to 7:00am to 7:00pm, Monday to Friday and 7:00am to 6:00pm on Saturday.

The City may consider an increase to the above hours of operation for, provided that the amenity of the surrounding area is not unduly affected.

#### 4. PLANNING APPROVAL

When applying for Planning Approval to operate an Education and Care Service premises the following information is required to be submitted to the City in the form of a written submission:

- Information on the type of Education and Care Service including what services will be provided:
- The maximum number of children that will be cared for at any one time;
- The age group/range of the children that will be cared for;
- The maximum number of staff/educators/carers that will be working at the premises at any one time;
- The proposed hours and days of operation; and
- Information on the equipment that will be used.

#### 5. NATIONAL CARE SERVICES LAW AND REGULATIONS

In addition to the requirements listed in this policy, the applicant is to ensure that the proposed Education and Care Service premises are compliant with the National Education and Care Services Regulations 2012.

#### 9.8 CITY OF VINCENT REBOUND PLAN - QUARTERLY UPDATE

#### Attachments: 1. Vincent Rebound Plan - Implementation Framework J.

2. Rebound Roundtable Forward Agenda J

#### **RECOMMENDATION:**

#### That Council NOTES the:

- 1. Quarterly update on the City of Vincent Rebound Plan implementation included as Attachment 1, and the monthly reporting to the Rebound Roundtable; and
- 2. Rebound Roundtable Forward Agenda included as Attachment 2.

#### **PURPOSE OF REPORT:**

To consider an update on the City of Vincent Rebound Plan implementation and the City's actions to manage, recover and rebound from the COVID-19 pandemic.

#### **BACKGROUND:**

On 15 September 2020 at its Ordinary Meeting, Council endorsed the <u>City of Vincent Rebound Plan</u> (Rebound Plan), as an addendum to the <u>COVID-19 Relief & Recovery Strategy</u> and noted that the implementation of the Rebound Plan would be reported monthly to the Rebound Roundtable and quarterly to Council.

On 15 December 2020, 23 March 2021, 22 June 2021, 14 September 2021 and 14 December 2021 at its Ordinary Meeting, Council noted the quarterly update on the implementation of the Rebound Plan.

The Rebound Roundtable was established 12 August 2020, as a collaborative partnership, and forum to share learning and ideas, between the City, local business representatives and the local town teams. The Rebound Roundtable evolved from the Town Team Roundtable which had been established in April 2020 as an online forum to obtain feedback regarding the City's Covid-19 relief and recovery measures.

With the exclusion of January 2021, May 2021 and January 2022 due to attendee availability, the Rebound Roundtable has met monthly since August 2020 to guide the implementation of the Vincent Rebound Plan – Implementation Framework (Implementation Framework), included as **Attachment 1**. The Implementation Framework addresses the ongoing actions and deliverables for the rebound phase of recovery. To enable specific deliverables to be discussed in detail at the Rebound Roundtable, a Rebound Roundtable Forward Agenda has been prepared and is included as **Attachment 2**.

#### **COVID-19 State of Emergency Directions**

Based on health-advice, the current State of Emergency Directions in Western Australia are:

- Face masks are required to be worn in Perth, Peel and the South-West region since 6:00pm, 16 January 2022 at all public indoor settings, in all vehicles unless the person is travelling alone or with members of the same household, at residential aged or disability care facilities both indoors and outdoors and at a hospital.
- Proof of vaccination requirements are in place for the venues in Perth and Peel including hospitality venues, restaurants, cafes, bottle shops, nightclubs, casinos, galleries, museums, indoor entertainment venues, cinemas, major stadiums, gyms, indoor sporting centres, indoor play centres, amusement parks, Perth Convention Exhibition Centre, Perth Zoo and residential aged care facilities.

For the City of Vincent specifically this means the gym, group fitness studios and café at Beatty Park require proof of vaccination, however it is not required for the indoor or outdoor pools.

The list of venues represents environments where:

people cannot wear masks consistently;

- mitigation measures, such as mask use, hand hygiene and physical distancing, are difficult to effectively implement; and
- people are gathering together for extended periods.

A new hard border was introduced 5 February 2022 under <u>WA's Safe Transition Plan</u> to allow for safe, compassionate travel into WA and the return of legitimate Western Australians. The updated plan means the full border opening will be delayed given the full impacts of Omicron in Australia are still unknown, with peak infections not yet reached in jurisdictions with widespread transmission. Western Australia has now classified all Australian jurisdictions as 'extreme risk'. The WA Chief Health Officer continues to monitor and review border controls.

The WA Government released the free application; ServiceWA ahead of WA's Safe Transition Plan. The application enables users to show proof of COVID-19 vaccination, check-in at businesses and venues and access G2G Pass applications for interstate travel.

The prohibition on the use of rapid antigen tests (RATs) was lifted on 10 January 2022, allowing time for the purchase and distribution of RATs by industry and the community in WA. RATs can now be used as a diagnostic tool for COVID-19, as per high caseload setting health advice.

Western Australia transitioned to a new high caseload setting arrangement from Tuesday, 8 February 2022. To manage community transmission and minimise disruption to the community and economy, the following arrangements are in place:

- New close contract definitions.
- New testing and isolation protocols.
- Specific school and childcare close contact protocols.
- Online registration of positive Rapid Antigen Test (RAT) results.
- Reduction in guarantine for approved international and interstate travellers to 7 days.
- Travellers must wear a mask in indoor and outdoor settings for the following 7 days.
- Vaccinated direct international travellers permitted to self-quarantine at a suitable premises, if eligible.
- International arrivals cap doubling to 530 travellers per week.
- Unvaccinated international arrivals required to complete 14 days in hotel quarantine.
- Mandatory use of G2G now still required by all arrivals in self-quarantine.

Applications for Small Business Assistance Grants are now open for businesses and sole traders in the events and hospitality sectors that were directly affected by the public health measures in Perth and Peel from 23 December 2021 to 4 January 2022. The WA Government also announced a new COVID-19 Test Isolation Payment program to support Western Australian's who are required to isolate while waiting for a COVID-19 PCR test result and lose income as a result.

The Bankwest Curtin Economics Centre's December 2021 Labour Market Update reports that WA leads the nation in employment growth since March 2020 by a strong margin (+4.8%) and has enjoyed the strongest labour market recovery over the course of the COVID-19 pandemic, with total hours worked now 5.8 per cent higher than in March 2020. WA now has the lowest unemployment rate across the country at 3.4 per cent, followed by SA and TAS at 3.9 per cent each.

As of 14 February 2022, 94.6 percent of WA's population over the age of 12 had been double vaccinated.

#### **DETAILS:**

The Rebound Plan is a locally responsive action plan designed to support the City's community and businesses to return to strong economic performance by making it easier to do business in the City, further cutting red tape and supporting initiatives to encourage community connection. It is a living document, updated regularly, allowing for new opportunities and initiatives to be included as they arise. It is tracking the City's economic development and social reconnection initiatives over a 24 month period.

The sixth quarterly update to Council is outlined through the Implementation Framework included as **Attachment 1**. The Implementation Framework tracks the implementation of 21 actions and 53 deliverables. Of these deliverables, 12 have been completed to date and 41 are currently being implemented as ongoing projects.

The Implementation Framework has been updated to include the Rebound Plan Risk Mitigation Table. This enables Administration to provide regular status updates on the implementation of the City's risk management and mitigation measurements, such as the City's support of <a href="WA's Safe Transition Plan">WA's Safe Transition Plan</a> to minimise the impacts of COVID-19.

Implementation Framework highlights from the last quarter include:

- To make it easy to get around Vincent and visit town centres and main streets (Action 1.4), the draft Opportunities, Constraints and Gaps Report for the Vincent Wayfinding Plan has been prepared and key findings reported to Council Workshop on 2 November 2021.
- To enhance the public realm through improved development outcomes and incorporation of cultural
  infrastructure and activation (Action 1.6), concept design proposals were submitted on 16 November
  2021 for the phase 2 of the COVID-19 Arts Relief Grant funding. Recommendations from the
  Assessment Panel were endorsed at the 14 December 2021 Council Meeting. Applicants have been
  notified, contracts executed, and design development has commenced.
- To partner with government agencies, third party providers and inner-city local governments to support small businesses and attract visitors and tourists (Action 2.3), the Making Space for Culture report by Hatch RobertsDay has been completed and is being reviewed to determine recommendations to be included for consideration in the draft Arts Plan.
- To partner with government agencies, third party providers and inner-city local governments to support small business (Action 2.3), the City applied for and was accepted into the Small Business Development Corporation (SBDC) Small Business Friendly Approvals Program. The program will assist to improve the customer experience for small business and commenced 9 February 2022.
- To celebrate community resilience and build awareness of local community groups, volunteers, and sporting clubs to increase participation and membership (Action 3.1), the COVID Conversations Film Music Project is complete and was formally launched on 30 January 2022.

While local businesses and the community have shown ongoing resilience through the changing COVID-19 environment, support opportunities continue to be explored. Given the importance of community connection in maintaining mental health and wellbeing, opportunities to better facilitate community interaction and engagement have been identified. Recently identified opportunities include building more flexibility into supporting local event providers and community groups, through agile event funding, and supporting bricks and mortar businesses, through the utilisation of public space.

The City is investigating the potential for events funding to become a grant program that is extended to be open throughout the year, rather than for only a number of weeks. This would allow event providers and community groups to apply at a time that is most effective for them. The City is also exploring opportunities to host and manage core local events throughout the year and this will be discussed at the March Rebound Roundtable.

To enable businesses to better utilise public space, opportunities to further enable pop-up outdoor dining areas and better facilitate street closures are being explored through the Grosvenor Road Vincent Pedestrian Streets Trial and draft Vibrant Public Spaces Policy.

#### **CONSULTATION/ADVERTISING:**

The Rebound Plan will continue to be implemented in consultation with the town team community and business representatives through the Rebound Roundtable.

#### LEGAL/POLICY:

Nil.

#### **RISK MANAGEMENT IMPLICATIONS**

Low: It is low risk for Council to note the implementation of the actions identified in the Rebound Plan.

#### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

#### **Connected Community**

We have enhanced opportunities for our community to build relationships and connections with each other and the City.

Our community facilities and spaces are well known and well used.

#### **Thriving Places**

We are recognised as a City that supports local and small business.

Our town centres and gathering spaces are safe, easy to use and attractive places where pedestrians have priority.

We encourage innovation in business, social enterprise and imaginative uses of space, both public and private.

#### Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

Our community is aware of what we are doing and how we are meeting our goals.

We are open and accountable to an engaged community.

#### SUSTAINABILITY IMPLICATIONS:

This does not contribute to any specific sustainability outcomes of the *City's Sustainable Environment Strategy 2019-2024;* however, the Rebound Plan has been considered against the Statement of Principles announced by the Mayors of the C40 Climate Leadership Group on 18 August 2020 and has been found to be in alignment. The goal of the Statement of Principles is to build a better, more sustainable, more resilient, and fairer society out of the recovery from the COVID-19.

#### **PUBLIC HEALTH IMPLICATIONS:**

This is in keeping with the following priority health outcomes of the City's Public Health Plan 2020-2025:

Increased mental health and wellbeing

Increased physical activity

Mitigate the impact of public health emergencies

#### FINANCIAL/BUDGET IMPLICATIONS:

The Rebound Plan highlights existing budgeted services, projects and programs.

The actions listed in the Rebound Plan have all been accounted for through the City's approved budget. The relevant funding allocations are referenced against each action in **Attachment 1**. These allocations have been updated following adoption of the City's 2021/22 budget.

Future initiatives and actions will be subject to Council consideration and/or external grant funding. External grant funding opportunities have and will continue to be sought as opportunities arise.

#### **COMMENTS:**

Ongoing engagement with community and business representatives to guide the implementation of the Rebound Plan will support community reconnection, working towards creating more agile and resilient places, and provide ongoing support for businesses to thrive, diversify and start up.

This will promote community ownership of the Rebound Plan and ensure it meets the needs and expectations of the community and businesses.

# VINCENT REBOUND PLAN – IMPLEMENTATION FRAMEWORK

Table 1. Our Places: Actions and initiatives to create safe, easy to use and attractive, places for people that support social interaction, creativity and vibrancy

1.1 Make it easy to use town centre public spaces and simplify the process to host events and activations	update SpacetoCo booking options and promote free hire of town centre public spaces			•			Completed  SpacetoCo booking options have been updated. Free spaces have been promoted and will continue to be promoted on the City's website and in the Use Public Space to Grow Your Business flipbook.	Completed
	explore opportunities to create pre-approved event spaces	\$5,000	Marketing & Partnerships/ Policy & Place	• •	•		Completed  The opportunity to create pre-approved event spaces has been explored by the Event Working Group. It has been determined that it is infeasible due to the uniqueness of each event and the differing approval requirements to which this entails (e.g., emergency egress requirements, risk management, provision of sanitary facilities, COVID-19 requirements, liquor licencing, first aid, lighting requirements, electrics, noise management).  Improvements to the events approval process in general will continue to be explored by the Events Working Group and will be reported on in the action below.	Completed
	streamline events approval processes in consultation with Town Teams to ensure processes are fit for purpose		Built Environment & Wellbeing	•	•		Work is continuing on the priority actions and another Events Working Group is scheduled in November 2021 to discuss progress and new actions.  At the 27 October 2021 Rebound Roundtable, Health Services presented information on improvements to date, and those to come. In response to this Rebound Roundtable meeting, the City is committed to:  • seek feedback from Town Teams on the Event Application form;  • Progress improvements to the Event Guidelines to include common 'tips and tricks'; and  • Advocate to Racing, Gaming and Liquor regarding town centre specific licence requirements.	Progress has been delayed during peak event season. Administration is committed to these improvements and will progress in first quarter of 2022.
1.2 Encourage and support events and activations	collaborate with Town Teams and community event providers to activate our spaces and places	\$30,000	Marketing & Partnerships	•			Special funding round now complete.  On 27 July 2021 at its Ordinary Meeting, Council approved the 2021/22 Event and Festival Funding. Mount Hawthorn Hub was granted \$9,000 for Little Day Out, which was held 13 November 2021. The Beaufort Street Network was granted \$15,000 and an additional \$60,000 was set aside for Town Teams Town Centre Events. The Pickle District has since been granted \$15,000 for Pickle Lit and Leederville Connect has been granted \$5,000 for Kratorville and \$6,000 for the Arty Farty Christmas Party  Free hire of town centre public spaces is ongoing.	Free hire of town centres is ongoing. 2022/23 Festival and Event Sponsorship applications

								to improve club promotion if needed (social media, website updates).	
3.2 Support and promote healthy, active spaces, liveable neighbourhoods and social reconnection	<ul> <li>37. engage the community to determine Pop Up Play locations</li> <li>38. relaunch, promote and showcase Open Streets Events, street activation and Pop-Up Play</li> </ul>	\$20,000	Marketing & Partnerships	•	•			The Pop-Up Play community consultation at Edinboro Street Reserve had been completed and the most popular option was 'Obstacle Course'.  Many of the respondents also requested that the large grass space is not used for the Pop-Up Play installation, as this is heavily used by the community as a kickabout space.  Administration is in the process of determining the layout along with the inclusion of an obstacle course.	Meeting with Parks team occurred late December to discuss design and impact of the Eco Zoning project which is also taking place at the reserve. Space was selected for the pop-up play location taking into consideration consultation feedback.  The next step is arranging draft design of the play space within the budget amount. Anticipate presenting this to CYPAG in late March 2022.
3.3 Support community groups and sporting clubs to become more sustainable and community based initiatives that respond to community need	<ul> <li>39. assist groups and clubs to develop attraction and retention strategies and seek funding and grant opportunities</li> <li>40. prepare and promote tools to aid club development and improve maintenance and lease management to assist club operation</li> </ul>	\$30,000 expense \$15,000 income	Beatty Park Leisure Centre			•	•	The Community Development team are in regular contact with various groups and not-for-profit organisations to advise of the upcoming grant rounds. In addition to this, information is distributed about other organisation's funding opportunities.	Clubs provided with regular newsletter to promote specific assistance that is available to them (grants, funding, programmes, and training). Administration has met with most Clubs to discuss Summer season and how the Winter season went.  The Community Development team are in regular contact with various groups and not-for-profit organisations to advise of the upcoming grant rounds. In addition to this, information is distributed about other organisation's funding opportunities.
	41. advocate for the continuance of community-based initiatives funded by the Leederville Gardens Trust	\$3,000	Marketing & Partnerships		•			This funding stream is nearing completion with one organisation having until December 2021 to acquit funds.	This funding stream is nearing completion – outstanding acquittals are being followed up by Community Development team.
3.4 Foster wellness by ensuring the community has knowledge of, and access to, services that enhance wellbeing, sense of safety and belonging	<ul> <li>42. build relationships with local community and wellbeing service providers and increase the visibility of mental health and wellbeing service providers through promotion</li> <li>43. identify vulnerable cohorts and support the delivery of targeted services and rebound activities that supports segments in need</li> </ul>	Nil	Marketing & Partnerships	•	•	•	•	The Community Development team is continuing to develop new initiatives to build relationships with the local community and service providers in the mental health space.	Community Development team has worked with local schools, Headspace and YMCA HQ to provide mental health education and support initiatives. Community Development is continuing to develop new initiatives to build relationships with the local community and service providers in the mental health space.
3.5 Provide opportunities to celebrate an inclusive and socially connected community	<ul> <li>44. recognise key Days of Importance by supporting innovative delivery models that align with economic and social outcomes, including celebrating NAIDOC and Youth Week</li> <li>45. provide targeted funding opportunities, under the COVID-19 Arts Relief Grant, for artists including LGBTQI+, Youth, ATSI and CaLD</li> </ul>	\$85,600	Marketing & Partnerships/ Built Environment & Wellbeing	•	•	•		Dates of significance are celebrated through social media channels on an ongoing basis.  Pride Fairday and other Pride Celebrations are happening during November 2021.	St Patricks Day event planned for March 2022.
	<ul> <li>46. provide upskilling workshops for organisations, students and youths</li> <li>47. progress towards asset-based community development</li> <li>48. participation in cross-agency collaborations, networks and working groups to find opportunities for local organisations to partner</li> </ul>	TBC (\$20,000)	Marketing & Partnerships	•	•	•	•	Administration is investigating potential upskilling workshops for youth for next year. A First Aid Course and a Coding workshop have been held.  The Young Makers Christmas Markets will be held 12 December 2021.	Administration is investigating potential upskilling workshops for youth for 2022.  A First Aid Course and a Coding workshop were held in 2021.  The Young Makers Christmas Markets was held on 12 December 2021.

#### 9.9 ADVERTISING OF NEW POLICY - DRAFT VIBRANT PUBLIC SPACES POLICY

#### **Attachments:**

- 1. Draft Development on City Owned and Managed Land Policy Summary of Submissions 3
- 2. Draft Development on City Owned and Managed Land Policy Policy Restructure 1
- 3. Vibrant Public Spaces Engagement Results U
- 4. Draft Vibrant Public Spaces Policy 🗓 溢

#### RECOMMENDATION

#### **That Council:**

- 1. APPROVES the draft Vibrant Public Spaces Policy, at Attachment 4, for the purpose of advertising; and
- 2. AUTHORISES the Chief Executive Officer to advertise the proposed new policy and invite public comments for a period of at least 21 days.

#### **PURPOSE OF REPORT:**

To consider approving the draft Vibrant Public Spaces Policy for the purpose of advertising.

#### **BACKGROUND:**

The City receives ongoing requests from private businesses, landowners, and community groups to install infrastructure in the public realm. With the exclusion of parklets and planter boxes, there is currently no clear guidance on how to deal with such requests. The requests include the installation of street furniture, alfresco structures and other structures on land that is owned or managed by the City, including freehold land, road reserves and Crown reserves. These requests are generally associated with an applicant wanting to turn an underutilised piece of land, such as a verge, park or road reserve, into a more vibrant space for the public to enjoy.

At its 22 September 2015 Ordinary Meeting (Item 9.2.9), Council adopted Policy No. 2.2.13 – Parklets (Parklets Policy) to facilitate and guide the implementation of parklets in town centres and commercial areas.

At its 17 March 2020 Ordinary Meeting (Item 12.4), Council resolved to advertise the draft <u>Development on City Owned and Managed Land Policy</u> to provide guidance on managing requests to install other infrastructure including community signage, street furniture and alfresco shelters on City owned and managed land. Advertising commenced 28 April 2020 and concluded 29 May 2020.

At its 28 July 2020 Ordinary Meeting (Item 12.9), Council approved the readvertising of the amended draft <u>Development on City Owned and Managed Land Policy</u> including updates to streamline the approvals process and policy requirements. Advertising commenced 6 August 2020 and concluded 25 September 2020.

At the 9 September 2020 Rebound Roundtable, the amended draft <a href="Development on City Owned and Managed Land Policy">Development on City Owned and Managed Land Policy</a> was presented to obtain town team feedback. Feedback included the need to mitigate privatisation of the public realm through improved design requirements and assessment processes, and the need to provide clearer guidance regarding the spirit and intent of the policy.

In response to both advertising periods, key community and stakeholder feedback included:

- the need to place a stronger focus on the outcomes to be achieved; and
- the need to simplify the language and content around requirements.

The draft Development on City Owned and Managed Land Policy has not been presented to Council since the conclusion of readvertising. Requests to install infrastructure in the public realm continue to be received and are considered with regard to the relevant provisions referenced in the City's existing policies including:

- Minor Nature Development Policy;
- · Parklets Policy; and
- Verge Treatments, Plantings and Beautification Policy.

The existing City policies do not provide sufficient detail and clarity regarding the permissibility and requirements associated with public and private investment in the public realm. This impacts the City's service delivery capability and customer experience when dealing with such requests.

At the 23 February 2021 Council Workshop, a review of the draft Development on City Owned and Managed Land Policy was presented. The review considered feedback received during the readvertising of the draft Development on City Owned and Managed Land Policy, as detailed in **Attachment 1**, and proposed the policy be restructured as shown in **Attachment 2**. In response to the proposed restructure, it was identified that a better understanding of the community's sentiment was required to inform the development of the proposed draft Vibrant Public Spaces Policy (Policy). The sentiment to understand related to parklets and the progression of spaces to vibrant public spaces which are defined as areas in the public realm that support social interaction and community engagement, and provide pedestrian amenity for everyone to enjoy.

At the 24 February 2021 Rebound Roundtable, the concept to prepare the draft Policy was presented to obtain town team feedback. Discussion focused on the features that are required to identify parklets and vibrant public spaces as public and who is best placed to fund them.

Based on guidance received at Council Workshop and the Rebound Roundtable, a 'vibrant public spaces' community engagement campaign was undertaken for a period of 26 days, from Wednesday 12 May 2021 to Monday 7 June 2021. The engagement sought to determine community sentiment regarding parklets and the creation of vibrant public spaces with a focus on:

- current attitudes towards parklets;
- preferred parklet design, location, use and features;
- parklets being publicly accessible and the features that make them appealing for public use;
- progression to vibrant public spaces;
- the design, location, use and preferred features of vibrant public spaces;
- issues with the current and future provision of these spaces; and
- public and private funding and investment in parklets and vibrant public spaces.

A total of 79 submissions were received in response to the vibrant public spaces engagement, as detailed in **Attachment 3**. The respondents showed a general level of support for existing parklets (88 percent) with most using them to eat and drink items purchased from the adjacent business and support (83 percent)-more permanent fixtures. Landscaping and greenery, permanent comfortable seating, shade, and interesting design were considered the highest valued features of these spaces.

Following the conclusion of the survey, 14 submissions were received from business owners operating in the City. To ensure that the opinions of business owners were captured, Administration visited an additional 13 retail businesses (27 business responses total) within the City's town centres to gain a greater understanding of their perception of the spaces, what they do and do not value about them, and how they would feel if one were to be located in front of their business.

The results from the retail business visits were mixed. Six of the retail businesses noted that they enjoy the existing parklets, see value in them and believe they contribute to activating the public realm, but raised concerns over the potential impacts of less parking for customers in close proximity to their business. In comparison, seven retail businesses see the spaces as a value add to the area and would support them being located in front of their business as this would encourage community and customers to linger longer and window shop, potentially leading to a retail sale.

The results revealed consistency in what improvements can be made to parklets and these improvements align with the feedback received at the 9 September 2020 and 24 February 2021 Rebound Roundtable, and responses to the draft Development on City Owned and Managed Land Policy advertising. The results indicated that people do not differentiate between a parklet, which might be considered temporary, and vibrant public space infrastructure which is viewed as more permanent. The results indicated broad support for both parklets and vibrant public spaces. The results and draft Policy objectives were presented at the 29 June 2021 Council Workshop and 27 October 2021 Rebound Roundtable. Key outcomes from the Council Workshop included support for the draft Policy to:

- reflect the outcomes the City is seeking to achieve;
- facilitate the progression of parklets, including verge treatments, to create vibrant public spaces;
- provide clear guidance regarding what is and is not acceptable in relation to street furniture, verge alterations, parklets and vibrant public space infrastructure; and
- provide clear guidance on design and location criteria and the associated approvals processes.

#### **DETAILS:**

The City's Strategic Community Plan 2018 - 2028 (SCP) sets the community vision, priorities and aspirations for the City and includes the Thriving Places priority: "Our vibrant places and spaces are integral to our identity, economy and appeal. We want to create, enhance and promote great places and spaces for everyone to enjoy".

Key aspirations of the SCP include:

- We have enhanced opportunities for our community to build relationships and connections with each other and the City;
- We are recognised as a City that supports local and small business;
- Our town centres and gathering spaces are safe, easy to use and attractive places where pedestrians have priority; and
- We encourage innovation in business, social enterprise and imaginative uses of space, both public and private.

The draft Policy provides consistent guidance on the design and location permissibility, requirements, and management responsibilities for third party (applicant) proposals to deliver vibrant public spaces on City owned and managed land, which reflect the SCP key aspirations.

The draft Policy addresses and expands on the infrastructure types the City currently receives proposals for including street furniture, affixed outdoor eating area furniture, temporary parklets and parklets by amending the existing policy framework in line with **Attachment 2**.

The proposed objectives of the draft Policy and its Guidelines are to ensure vibrant public space proposals:

- 1. achieve the Vibrant Public Space Design Objectives (Design Objectives);
- 2. facilitate public and private investment in the public realm for the benefit of the community;
- 3. encourage pedestrian activity and social interaction;
- 4. enhance the public realm and sensitively respond to local character and context; and
- 5. achieve design outcomes that meet community expectations.

The draft Policy and its Guidelines are included as **Attachment 4** and provide guidance for the following vibrant public space proposal types:

- Street furniture:
- Affixed eating area furniture;
- Pop-up parklet:
- Pop-up eatlet;
- Parklet;
- Eatlet: and
- Other proposal.

The draft Policy and Guidelines is intended to replace the previous Draft Development on City Owned and Managed Land Policy and Parklets Policy.

In line with Action 2.1 of the Vincent Rebound Plan and to support small businesses, parklet fees were waived until 30 June 2022 as part of a 24 month trial. Since commencing the trial in September 2020, twelve parklet application enquiries have been received and two new parklets have been installed. The waiving of the parklet fee has not proven to be an incentive for businesses to install parklets as it represents only a small portion of the host business's outgoings in the design, construction, and maintenance of parklets.

It is proposed the following fee structure be incorporated into the City's fees and charges:

Vibrant Public Space Type	Application/ Design Fee	Approval Fee	Annual Renewal Fee
Street furniture	N/A	N/A	N/A
Affixed eating area furniture	N/A	\$250	N/A
Pop-up parklet	N/A	N/A	N/A
Pop-up eatlet	N/A	N/A	N/A
Parklet – built on existing ground surface or decked platform	N/A	\$1,500	N/A
Parklet – built on new paving	\$2,500	\$1,750	N/A
Eatlet – built on existing ground surface or decked platform	N/A	\$1,500	N/A
Eatlet – built on new paving	\$2,500	\$1,750	N/A
Other Proposal	\$500	To be determined as part of	f Council endorsed Licence.

The proposed fees have been determined to encourage vibrant public space proposals. Based on these fees, the City would not return a monetary profit but would have received improvement and investment in the public realm at no cost to the City.

The \$250 affixed eating area furniture approval fee is based on the cost to remove affixed furniture. This is proposed to cover the cost should the City have to remove the furniture.

Where the applicant is proposing 'new paving' to pave a verge or extend the existing paving of a footpath as part of an Parklet or Eatlet proposal, it is proposed the City will consult with the applicant, design the paving enhancements, and the paving works would be undertaken by the applicant, at the applicants cost, and compliance checked by the City.

To cover the City's resourcing costs, a design fee of \$2,500 is proposed. To cover the cost to remove and dispose of a parklet or eatlet, an approval fee of \$1,500 is proposed for all parklet and eatlet types. To cover the cost of site supervision and compliance checks to install the new paving, an additional \$250 approval fee is proposed for parklets and eatlets built on new paving.

#### CONSULTATION/ADVERTISING:

To ensure the draft Policy facilitates outcomes that meet community expectations, all consultation undertaken to date has been considered during the preparation of the draft Policy.

In accordance with the City's <u>Community and Stakeholder Engagement Policy</u>, public notice of all new and significantly amended policies must be provided for a period exceeding 21 days in the following ways:

- notice published on the City's website;
- notice posted to the City's social media;
- notice published in the local newspapers;
- notice exhibited on the notice board at the City's Administration and Library and Local History Centre;
   and
- letters distributed to relevant local businesses and community groups.

If approved, advertising of the draft Policy will commence in March 2022. Following consultation, the revised Policy will be presented to Council for adoption. After which, slight changes in design will be required.

#### LEGAL/POLICY:

Section 2.7(2)(b) of the Local Government Act 1995 provides Council with the power to determine policies.

The City's <u>Policy Development and Review Policy</u> sets out the process for the development and review of the City's policy documents.

A review of the draft Development on City Owned and Managed Land Policy has been undertaken in accordance with the City's Policy Development and Review Policy.

#### **RISK MANAGEMENT IMPLICATIONS**

Low: It is low risk for Council to approve advertising of the draft Policy.

#### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

#### Accessible City

Our pedestrian and cyclist networks are well designed, connected, accessible and encourage increased use. We have better integrated all modes of transport and increased services through the City.

#### **Connected Community**

We have enhanced opportunities for our community to build relationships and connections with each other and the City.

We are an inclusive, accessible and equitable City for all.

#### **Thriving Places**

We are recognised as a City that supports local and small business.

Our town centres and gathering spaces are safe, easy to use and attractive places where pedestrians have priority.

We encourage innovation in business, social enterprise and imaginative uses of space, both public and private.

Our physical assets are efficiently and effectively managed and maintained.

#### Sensitive Design

Our planning framework supports quality design, sustainable urban built form and is responsive to our community and local context.

#### SUSTAINABILITY IMPLICATIONS:

This is in keeping with the following key sustainability outcomes of the *City's Sustainable Environment Strategy 2019-2024.* 

Sustainable Transport

#### **PUBLIC HEALTH IMPLICATIONS:**

This is in keeping with the following priority health outcomes of the City's Public Health Plan 2020-2025:

Increased physical activity

Increased mental health and wellbeing

#### FINANCIAL/BUDGET IMPLICATIONS:

The cost of advertising of the draft Policy will be met through the City's existing operational budget.

#### **COMMENTS:**

Facilitating vibrant public spaces is an opportunity for the City to be a leader in the enhancement of the public realm. COVID-19 has seen a shift in the way people perceive the public realm and how it functions, with a greater demand and emphasis on public spaces and outdoor dining as a way to connect, interact and thrive.

Vibrant public spaces have the potential to create an avenue for private investment in the public realm for public benefit. Vibrant public spaces are a creative solution for enhancing the streetscape and providing increased pedestrian amenity.

In response to COVID-19, the City of Yarra, provided several businesses with the opportunity to host a temporary parklet. Research found that businesses with access to a parklet bought in an average of \$8,900 additional revenue per month in comparison to the estimated revenue of a car bay which was calculated at \$1,050 per month.

Vibrant public spaces provide an opportunity for the City to increase pedestrian amenity, improve the public realm, provide an opportunity and space for community connection, and support businesses throughout the City.

Summary of Submissions – Development on City Owned and Managed Land Policy. Advertising Period One – 28 April 2020 to 29 May 2020.

Relevant Development Type	Comment	Administrations Response – relating to draft Vibrant Public Spaces Policy.
Street Furniture	<ol> <li>It is proposed that small developments should not incur a fee.</li> <li>We have in consideration now a wide scope for small projects. This proposed system increases the challenges here for us financially and detracts from the motivation.</li> </ol>	<ol> <li>No application fee is payable for street furniture.</li> <li>A small fee covering administrations costs is to be applied to all other vibrant public space types. This fee also reflects that additional revenue is able to be generated by businesses from the increase in capacity.</li> </ol>
Street Furniture	<ol> <li>Does this system of compliance apply to Town Team initiatives?</li> <li>Does this mean all small developments will incur a fee?</li> <li>With very small scale projects, what specific support exists at least in principle to Town Team initiatives like ours now resulting from this revision process?</li> </ol>	<ol> <li>Yes. The policy will apply to any permanent fixtures installed on City freehold or Crown land (including road reserves) by a private party.</li> <li>The application fee has been removed for street furniture. A small fee covering administrations costs is to be applied to other vibrant public space types. This fee also reflects that additional revenue is able to be generated by businesses from the increase in capacity.</li> <li>There is the opportunity for collaboration with and support from the City on small projects. The City's Place Planners can assist with this.</li> </ol>
Street Furniture; Structures and Shelters	There are already examples where development on verge areas creates conflict between business workers and patrons with pedestrians and bike riders. These conflict	The City reserves right of removal for any development in the road reserve. Should any Street Furniture or Structures or Shelters result in an increase in physical injury, the City will respond accordingly. Further, the City has reviewed all

ORDINARY COUNCIL MEETING AGENDA

areas create the potential for collisions and injury. insurance claims for injury from public street furniture 2. The policy should have greater consideration to the or within town centres for the past five years, with no consequences where footpaths are taken over by the types incidents on record. Further to this, there are of development that the policy deals with. If such pedestrian zone areas and curve buffers required development means that footpath cannot be used as a through the guidelines of the policy that ensure a safe transport route for riders and pedestrians, then the policy clearance area is maintained for pedestrians and should require an alternative to be provided. For example, cyclists moving through the area. take away road space used for parking and repurpose it for 2. The proposed policy looks to enable vibrant public pedestrians and riders. spaces within the City's town centres. The City's town 3. The placement of large structures on footpaths can create centres include infrastructure to improve conditions enclosed hidden spaces where the risk of physical assault is for sharing of the whole road including shared cycling heightened. The creation of places where people are hidden areas and traffic calming. It is anticipated that further form an unlicensed view is against the principle of safe development along the kerb will have a further traffic community design (CPTED). calming effect and improve the environment for walking and cycling in the whole of the street. It is noted that a firm requirement that a 2m clear pedestrian zone be maintained for pedestrian passage, where this cannot be achieved due to the existing street scape, a minimum zone of 1.5m must be maintained and relevant design objectives met. 3. The City is unaware of any increase in crime associated with installation of street furniture or Parklets within the City's town centres. Should an issue emerge the City will take appropriate action which may include removal of installations. Whole Document Opposed 1. It is agreed that privatisation of the public realm does not align with the purpose of this policy. The policy 1. It is not clear early in the document that Street Furniture purpose and objective has been updated, and the and Structures and Shelters exclude proposals that privatise scope of the policy changes to remove any portions of the public domain, and even then, it is not developments that are for a purely private purpose of absolutely clear and inconsistently defined. The Street exclude public use. Clearer guidance has been

Item 9.9- Attachment 1

ORDINARY COUNCIL MEETING AGENDA

- Furniture examples given on page 2 of 'developments' appear to have privatised part of the footpath and is inconsistent with the requirement to not privatise the site.
- 2. Why is there a distinction between proposals that seek to enclose an area and those that don't, if the intention is that they both should be available to everybody?
- 3. Why pay \$30/m<sub>2</sub> (which is way too low) if everybody can use the space but you have 'enclosed' it rather than left it unenclosed.
- 4. The design requirement for Street Furniture explicitly says 'does not privatise the site' yet the corresponding clause for Structures and Shelters drops the 'does not privatise the site' but still keeps the remainder of the statement 'with or without association of the Applicant's business'. The requirement should be the same for both.
- 5. It needs to be made clear in the descriptions of Street Furniture and Structures and Shelters (table on page 2) that public access and the public's ability to use the infrastructure must be maintained and not be tied to the adjacent business. Any intention to obtain exclusive private access should be considered as a Private infrastructure proposal. Street Furniture and Structures and Shelters should be treated in a similar way to a Parklet in that anybody may use it and there must be a sign to that effect.
- 6. It is also not clear why public notice is required for Structures and Shelters but not for Street Furniture. I accept there may be a requirement for public notice if the market value is greater than \$5,000 per annum. However I think the key words are 'market value' that is not the same as licence fee. This calls into question exactly what market value is, how it is determined, who determines it, and why it

- provided around the use of the spaces and their public nature throughout the guidelines for each specific vibrant public space type.
- It is considered that the distinction between each vibrant public space type, scale and impact. To capture this distinction, each vibrant public space type is defined and has different requirements. All developments are intended to be accessible outside of the adjacent businesses trading hours.
- 3. This fee has been removed.
- 4. Further clarification has been provided in the policy and guidelines regarding the public use of the vibrant public spaces.
- 5. Signage outlining the public use of the space is to be included as part of all Vibrant Public Spaces.
- 6. Consultation requirements have been specified and outlined clearly for each of the vibrant public space types. This has been determined in line with the existing requirements applied to various vibrant public space types and the City's Community Stakeholder and Engagement Policy.
- 7. This has been taken into consideration in the restructuring of the policy and inclusion of additional vibrant public space types. Each type has now been clearly defined and the design and operational specifications clearly outlined in the Policy and Guidelines. The distinction between vibrant public space types is now considered to be clear.
- 8. The Policy has been reformatted to ensure that it is clear.
- 9. The requirement for Section 70A notifications for

- does not apply for Street Furniture sites. I'd suggest that there is a connection between 'market value' and the cost of the proposed infrastructure that needs recognition and may provide a better way of differentiation between Street Furniture and Structures and Shelters.
- The distinction between Street Furniture and Structures and Shelters needs review and should consider:
  - The proposition that Street Furniture and Structures and Shelters are equivalents of a Parklet, albeit one that is on the footpath rather than the road;
  - That there really isn't a difference between enclosed and unenclosed areas if the intention is that neither will privatise the footpath;
  - That both enclosed and unenclosed proposals should have signs that make it clear that anybody can use them;
  - That there will be a penalty if a business tries to claim that only their patrons may use such a facility;
  - Is the distinction between Street Furniture and Structures and Shelters actually the market value (however defined)? Should proposals with a lower market value should be treated differently than those with a higher market value.
- 8. The fact that 'Design Requirements' and 'Licence Requirements' are in one table makes it look as if the two are related. They should be split into two tables.
- 9. The requirements for Section 70A (Street Furniture) and a caveat (Structures and Shelters) need review. What is the caveat supposed to cover? If it is the potential cost of removing a structure than it just reinforces the concept that the differences between development types are related to the size/cost of the structure rather than whether it is

- Street Furniture has been removed. Regarding the caveat for Structures and Shelters, an absolute caveat over the adjacent property would enable the City to enforce the obligations of the installing party or the landowner.
- 10. It is intended that all vibrant public space types excluding 'other proposals' be considered under the City's Planning Policy Minor Nature Developments pending review as development that is exempt from requiring a development application. These vibrant public space types will still require assessment by administration under an alternate process.
- 11. Agreed. Wording of minimum above head heights has been revised to provide further clarity.
- 12. The specifications for the width of the clear pedestrian zones has been included for each of the vibrant public space types in the Policy Guidelines.
- 13. The definition of 'frontage zone' has been revised to clearly outline that it is referring to the area immediately adjacent the abutting property.
- 14. Numbering of the policy will be in accordance with the City's standards at time of adoption.
- 15. Final formatting and style is yet to be determined. Diagrams have been included to clarify design requirements.

	enclosed or not.		
	10. It is not clear why a DA is required for an enclosed structure		
	but not an unenclosed structure - does the Planning and		
	Development Act 2005 allow this?		
	11. The minimum height for 'above head canopy, umbrella etc.'		
	should be from the footpath immediately under the		
	component and not the adjacent road surface – it is about		
	people on the footpath, not the cars on the road.		
	12. The definition of clear pedestrian zone should indicate a		
	minimum width of 1.5 metres to reinforce the need to allow		
	free pedestrian access, particularly for those in wheelchairs.		
	13. The definition/use of 'frontage zone' is confusing and not		
	consistent with the photo on page 5. Is it supposed to define		
	the limits along the length of the building rather than the		
	distance from a building?		
	14. The policy should have a number to make easier to		
	reference.		
	15. The 'heading block' with the responsible directorate is of		
	minor importance and should be moved to the end of the		
	document for that the 'policy' component takes precedence.		
Whole Document	Silent on support/opposition.	1.	Though no definition has been provided for 'public
			benefit' the policy clearly outlines what is intended by
	1. Is it worth providing a definition for public benefit?		public use of the space and how vibrant public spaces

ORDINARY COUNCIL MEETING AGENDA

- can get a little tight if there is too much 'public realm content' there.
- 6. How will you co-ordinate between several of these in a row. Good problem to have – but access through is important too. Is this between different operators? Who gets priority if 2 in a row?
- 7. 2.4 from the surface of the adjacent carriage way. Shouldn't this be from the footpath? (kerb depths vary everywhere and will reduce your 2.4m)
- 8. For 'other proposals' licence fees, will you pro rata if just for part of the year?
- 9. How will power access be managed?
- 10. Gas cannisters on heaters?
- 11. Overhead catenary lighting?
- 12. How will the balance be struck between permitting development and not impeding long term plans for the town centres?
- 13. What happens when temporary in nature development need to be removed if they become beloved community features but imped a larger purpose?
- 14. Only applies to 'city streets' Main Roads etc may have a different view. Is it worth distinguishing this?

- These requirements have been included in the Policy Guidelines.
- Buffer zones are to be provided for each structure types. These buffer zones ensure that access is maintained between the pedestrian zone and the road.
- 7. Yes, wording updated.
- Licence periods have not been specified in the Policy.
   These are to be determined on a case by case basis.
- Power solutions will have to be either provided from the adjacent business or through non-grid means (ie. solar lights).
- 10. Heating and microclimate solutions can be negotiated with Administration during the design stages.
- 11. As above.
- 12. The risk level of each development type is considered in-line with relative application complexity. For lower risk proposals (Street Furniture and affixed eating areas) it is proposed the City accept the low level risk alongside reservation of rights to remove any installation. For the remaining higher impact developments careful consideration will be required before granting any proposal approval to build.
- 13. The City has a number of alternative options for businesses, community groups and residents to engage with City Land. Should a development need be removed opportunity will be explored to provide similar service in another format if deemed appropriate by the City as the issue arises.
- 14. Agreed. Roads under management of Main Roads of Western Australia do not fit within the definition of

Item 9.9- Attachment 1

		'City Land' and therefore are not suitable for consideration under this Policy.
Whole Document	Main Roads Western Australia Submission  Supportive  1. Any proposals for Street Furniture and Structures and Shelters proposals within land reserved Primary Regional Road under the City's LPS2 (East Parade, Lord Street, Leederville Parade, Mitchell Freeway and Graham Farmer Freeway) should also be submitted as a development application and referred to Main Roads.	The City does not have care, control and management of State controlled roads, therefore it is inappropriate for proposals to be considered in such locations under this Policy. Exclusion of State controlled roads from the operation of the Policy on roads as noted above and are not considered under this Policy. Other land reserved are considered unlikely to attract proposals, Administration can deal with any applications as they arise from time to time.
Whole Document	Department of Planning, Lands and Heritage (Lands Team)  Supportive Notes on developments in road reserves:  1. Development proposals that take exclusive use of the road and/or generate commercial benefit to other than the adjacent business will usually require tenure under the Land Administration Act 1997, this may involve the sale of the land or closure of the road, easement or lease. Notes on signing development applications as landowner.  2. The City may sign on behalf of the Minister for Lands on Crown Reserves with a Management Order in favour of the City and the development is not for commercial benefit, or if the land is a road and proposal considered a 'minor building encroachment'.	Noted. The Policy, particularly other proposals includes the requirement for proposals to be freely accessible to the public. Any other proposals will be referred to the Department of Lands.  Noted. Any proposals under the Policy on Crown Reserves will be referred as appropriate. Proposals under the Policy are not anticipated to be consistent with the definition of 'minor building encroachment'.

Summary of Submissions – Development on City Owned and Managed Land Policy. Advertising Period Two – 6 August 2020 to 25 September 2020.

Whole Document	<ol> <li>The Policy should begin with words about public spaces and what makes a vibrant street/town centre.</li> </ol>	Further detail on the intent of the Policy and the enhancement of the public realm for everyone's
	There are numerous examples in Leederville of where public realm has been formally and informally appropriated. The	benefit has been included in the Policy. This is also considered to be in alignment with the Thriving Places
	Policy should retrospectively correct developments.	Pillar of the City's Strategic community Plan.
	<ol> <li>Normal commercial leasing rates should be applied where there is appropriation of the public realm as with the above examples.</li> </ol>	<ol> <li>Compliance actions are able to be taken where development is not considered to be consistent with the Policy and associated Policy Guidelines.</li> </ol>
	Funds from developments should be made available to the local community groups e.g. Town Teams to improve their public realm.	Spaces which are not publicly accessible are not considered under this Policy, as such commercial leasing rates have not been included.
	5. The Policy's initiatives to protect easy and safe flow of pedestrians along the pavements, push the commercialised areas into the road, and emphasise quality developments are strongly supported.	<ol> <li>The City has a grant program specific to town teams.</li> <li>This allows for City funds to be utilised by the town teams in various ways, one of which is for the improvement of the public realm.</li> </ol>
	6. The Policy needs to address policing of informal creeping appropriation. Examples of "Creeping Appropriation" include	<ol> <li>Support for 2m pedestrian zone and locating developments abutting the carriageway is noted.</li> </ol>
	- installation of pull down blinds; use of signage, planter boxes and moveable furniture to restrict easy pedestrian movement or push pedestrian use out to the unsafe edge of the road. Similarly use of signage and furniture to create the	6. Creeping appropriation is currently managed by the City's Rangers in compliance with Outdoor Eating Permits. Where an issue has arisen, a report can be submitted on the City's website. Further slavification
	the road. Similarly use of signage and furniture to create the impression that a business "owns" the space. Subtle extending activities beyond the area approved for use.	submitted on the City's website. Further clarification has also been included around the permissibility of such structures in the Policy and Policy Guidelines.
	Increasing the size and amount of furniture to appropriate more space. Not maintaining common use parklets (watering plantings, cleaning footpath etc) while still selling food and	7. The Policy Guidelines clearly outline and mandate the maintenance and upkeep required for vibrant public spaces. This will allow administration to enforce

	7. 8.	The Policy needs to strengthen the requirement to keep public realm areas clean and in good condition, e.g. clean and wash pavements, water plantings, clean and maintain parklets. Health standards that apply inside the buildings need to be monitored for their application to outside use. The Policy needs an inbuilt review of performance and KPI such that the City has the power to revoke the right for use of the public realm for non-compliance by land owners. Similarly it also needs powers for Rangers / Placemaking staff to intervene and interpret / direct the intention of the Policy to landowners on a day to day basis, particularly to address the creeping appropriation of the public realm by business owners.  Currently pleasant, interesting, safe and FREE street public spaces are under resourced in Vincent. The current policy of providing "free" on-street parklets for public use is being compromised by adjacent cafe owners creating the "inferred obligation to pay" for using the area. This should be addressed.  Following on from the above, the policy should be based in some form of overall assessment of availability of pleasant, safe, free street places in each of the town centres with the intention of providing a quality well spaced and balanced mix of offerings. The draft policy is very deficient in this area and, as is stated in above in (1), currently reads more like a policy to support a more orderly appropriation of the public realm rather than a well thought out strategy to build a strong and vibrant public realm that is of use to the citizens, not just the business interests.	8. 9.	compliance where these requirements are not being adhered to.  Though a performance measurement system has not been included in the policy, administration are continually monitoring the town centres and their function. The inclusion of the Policy Guidelines includes a number of provisions which can be used to measure performance and function as these spaces are installed and used in the town centres.  The public use of these spaces has been clearly outlined as part of the policy and Policy Guidelines. Where this is not being complied with, compliance actions are able to be taken.  As part of the development of the policy, investigation into the use of the public realms has been investigated. The Thriving Places pillar of the City's Strategic Community Plan has the aim of "Our vibrant places and spaces are integral to our identity, economy and appeal. We want to create, enhance and promote great places and spaces for everyone to enjoy". Vibrant public spaces are considered to be a way of achieving this and enhancing the public realm for all users.
Whole Document	1.	The objectives of the policy to not privatise or enclose the	1.	The Policy Objectives and emphasis on the space being

3. 4.	a requirement under the Policy. The sign should be provided free of charge. This would ensure that the message is consistent across the city; it would to reduce the cost to the applicant; and it would be a small gesture that recognises that the applicant is providing a benefit to the wider community by activating the space.  The fixed annual fee of \$30/m2 for structures and shelters is too low and should be determined on a case by case basis.  What does the design requirement for street furniture on page 8 that saying "The Street Furniture is located outside of any clear corner zone as measured at a 450 angle from the corner of the business to the kerb" mean?	<ol> <li>3.</li> <li>4.</li> <li>6.</li> </ol>	for public use will be included in the agreement. Public space signage is to be included on all vibrant public spaces as per the requirements of the Policy and the Policy Guidelines.  This has been taken into consideration. 'Other Proposals' are to be determined on a case by case basis.  The Policy guidelines have been update to ensure that the location requirements are clear.  Further clarification has been provided surrounding this. The Policy now prescribes two forms of street furniture; street furniture and affixed eating area furniture. The additional type has been included to remove any ambiguity surrounding the application of an outdoor eating permit to these areas.  The policy has been written using the City's Policy Template. This is to ensure that all policies are consistent.
	the policy (the purpose), what is intended to be achieved (the objective), and how it will be done (the policy body).		
1.	The term permanent has longer term connotations and implications for anything in the public realm. Whilst assurance should be provided on some level of permanency and investment, permanent structures imply private ownership of the land. Trying to find the balance with over regulation and locking the city into something that they may want to remove or shift around in the future.	1. 2.	This has been considered. The Policy now does not refer to any permanent structures being developed on City owned or managed land. The requirement to remove the structures and make good of the space under specific circumstances has been included for each vibrant public space type.  All business types are permitted to have a vibrant
	3. 4. 5.	'Street Furniture', and 'Licence Requitements' of 'Structures and Shelters'.  2. A sign stating clearly that the development is public should be a requirement under the Policy. The sign should be provided free of charge. This would ensure that the message is consistent across the city; it would to reduce the cost to the applicant; and it would be a small gesture that recognises that the applicant is providing a benefit to the wider community by activating the space.  3. The fixed annual fee of \$30/m2 for structures and shelters is too low and should be determined on a case by case basis.  4. What does the design requirement for street furniture on page 8 that saying "The Street Furniture is located outside of any clear corner zone as measured at a 450 angle from the corner of the business to the kerb" mean?  5. On page 7 it says that the applicant for street furniture must hold an outdoor eating permit. This implies that only their patrons may use the furniture, privatising the space. Is the City supporting the privatising of the space or not?  6. The 'information block' at the beginning should be moved to the end of the policy. This information does not relate to the policy content, and is of very little interest to the public. Most people reading the policy want to know the reason for having the policy (the purpose), what is intended to be achieved (the objective), and how it will be done (the policy body).  1. places and spaces for everyone to enjoy".

## PARKIFTS POLICY

Policy outlines the process for approval for the following:

- City parklets
- Hosted parklets

## SIGNS AND ADVERTISING POLICY

Temporary community signs located on City owned and managed land to be removed from Draft Development on City Owned and Managed Land Policy and included in Signs and Advertising Policy.

## DRAFT DEVELOPMENT ON CITY OWNED AND MANAGED LAND POLICY

Draft Policy currently outlines the process for approvals and licensing on City owned and managed land for the following forms of development:

- Temporary community signage
- Street furniture
- Structures and shelters

## MINOR NATURE DEVELOPMENT POLICY

The Minor Nature Development Policy is to be amended to make reference to the following vibrant public space types:

- Street furniture
- Affixed eating area furniture
- Pop-up parklet
- Pop-up eatlet
- Parklet
- Eatlet

Where these types of development are compliant with the Vibrant Public Spaces Policy they will be exempt from development approval. Where a variation to the requirements is proposed, development approval will be required.

#### achieve the intent of the above. The Policy is to include the intent and process for approval for the

- Street furniture Affixed eating area furniture
- Pop-up parklet
- Pop-up eatlet
- Parklet

businesses."

following:

- Eatlet
- Other proposals.

The approvals process and requirement for an agreement or licence is to be included in the Vibrant Public Spaces Policy.

Question 1 - Please select all that apply to you (more than one option can be selected):

Question 2 - How do you feel about parklets in the City of Vincent?

Question 3 - How often do you use City of Vincent Parklets?

Question 4 - What do you use City of Vincent Parklets for? (More than one option can be selected)

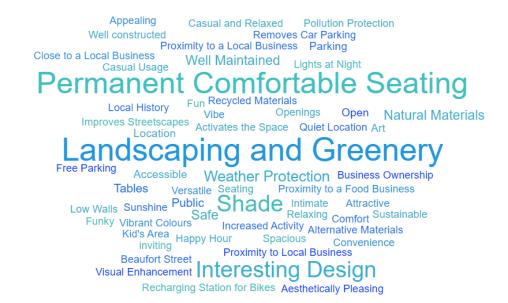

80
65

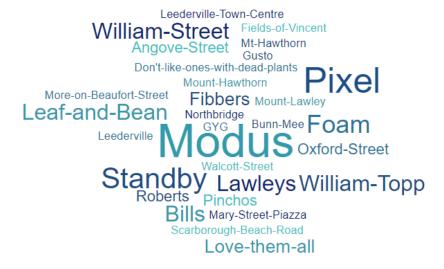

'Other' responses detailed the following (verbatim):

- Nothing. Ok for people to sit on,
- I don't generally use them but rather enjoy seeing others use them for getting together, drinks, dining etc.
- To wait for friends.

Question 5 - What makes a good parklet? Are there any particular features that you like about parklets in the City of Vincent?

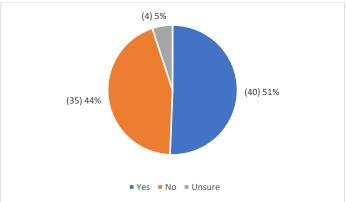

#### Question 6 - Are there any specific parklets in Vincent that you are fond of, or use often?

Additional comments included (verbatim):

- We regularly stop by the parklet outside Modus on Barlee Street, Mt Lawley. There's limited public meeting spaces in the Mt Lawley town centre so it's great to see this one is so well used. We often bump into people we know there and stop for a chat.
- Outside Pixel:) it was difficult when the umbrella was broken, however. I would use them
  more if there was more shade.
- Bill's dining is a great central location in Leederville that I often frequent. it's a good meeting spot to get lunch from anywhere and then meet up.
- Didn't know they existed until a friend told me about them on Thursday.
- The parklet in front of Lawleys. The leaf and bean parklet is utilised well by people with dogs who may not feel comfortable sitting at a formal cafe.
- The parklets on Oxford Street, Leederville are generally poor quality with no design standards, no sightline safety standards, plastic plants etc. Whilst they are helping some businesses by providing extra alfresco seating, they may be damaging business success overall as they are contributing to the run down look of Oxford Street, so may not attract people to come to the area and/or may set a 'cheap and cheerful' vibe in customers minds so they might not be coming the area to spend much money.

Question 7 - Were you aware that all parklets are open to the public, and not reserved for the adjacent business?

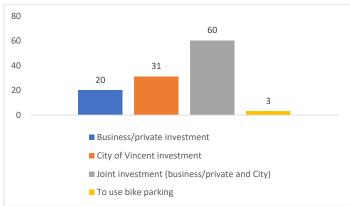

Question 8 - Have you noticed any issues with the way existing parklets are used or located in Vincent?

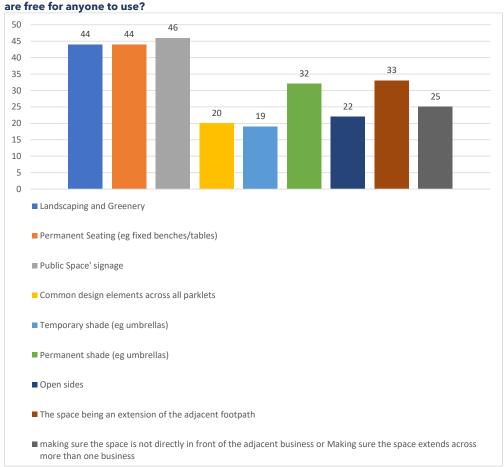

Many people did not see any issues with the way existing parklets were used and located, additional comments have been summarised as follows:

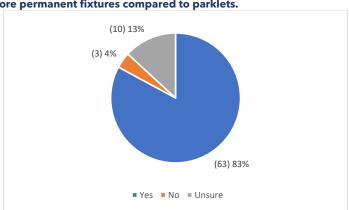

- Some businesses use them exclusively instead of letting them be open to the public.
- It should be mad clear that they are for use by anyone on public land.
- They are generally located outside a food business and lack diversity.
- There aren't enough of them.
- Some are not well maintained and look tired.
- Would love to see some of the well-established ones become more permanent, this will
  assist with maintenance.
- There could be more shade at some of them.
- The reduction in parking may affect nearby businesses.
- They often occupy essential short-term parking.
- People don't know they are public.
- I thought the idea was for the city parklets to move regularly but they seem almost permanently parked outside certain businesses.
- They are often littered with rubbish.
- The landscaping and greenery is not always well maintained.
- More elements of weather protection (both sun and rain) could be incorporated into their design.
- Diversity in permanent seating types and arrangements could be increased.
- Sometimes they are too small.
- Commercial signage should not be attached to them.
- Their location can mean that they are underutilised. This needs to be carefully considered.
- Where permitting, they could be different shapes.
- They aren't very successful.
- They should not have enclosed sides.
- They can block the view of oncoming traffic.
- Plastic plants should not be permitted.

Question 9 - How would you like to see these spaces funded? (More than one option can be selected):

Question 10 - We want to make sure it's clear that vibrant public spaces are free for everyone to enjoy. Which of the following features help to make it clear that these spaces

Question 11 - Would you like to see more vibrant public spaces in Vincent? Vibrant public spaces are more permanent fixtures compared to parklets.

Question 12 - Do you have any ideas about what features could make these spaces seem more inviting and clearly identified as being available to everyone?

**Education Campaign** 

# **Permanent Seating**

Bike Racks

Location Dog Bowls

No Private Signage Outward Facing

Shade Local History Lighting

Consistent Music Free Parking Bars Inviting More of Them

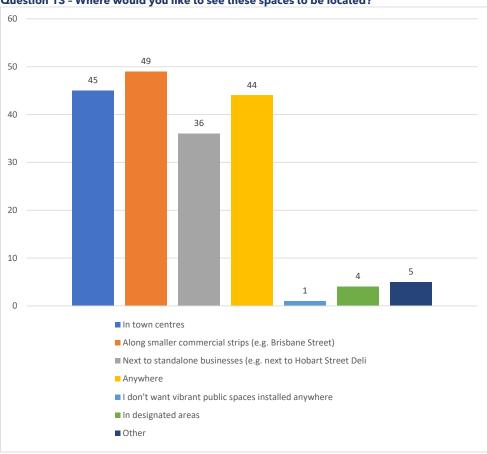

Signage

Open Public Art Weather Protection
Consistent Design Accessible

No Table Service Staggered Location

Ebike/scooter Chargers
Different from Adjoining Business

Landscaping and Greenery

Question 13 - Where would you like to see these spaces to be located?

'Other' responses detailed the following (verbatim):

- Only when other seating is not suitable, or for kids.
- Outside hospitals, schools, government buildings etc.
- Outside commercial, non-hospitality businesses.
- Tailor them to use for local people a residential street, maybe a common garden. Outside a restaurant - grow herbs. Near a bike shop - make bike racks to encourage cycling.
   Outside a bar -make them licensed. Please don't build more standalone bench space that people don't use. There are surely better options.
- Maybe some residential area would benefit from them like a micro park where residents
  could meet and chat, e.g. where there is no public park close by, where there is high
  density housing. Also maybe co-locate with those micro library / book borrowing stands so
  people can sit and read (maybe next to a park?), or near schools where teenagers could
  hang out recent evidence shows that parks and recreation areas cater for little kids and
  teenage boys but not teenage girls very well.

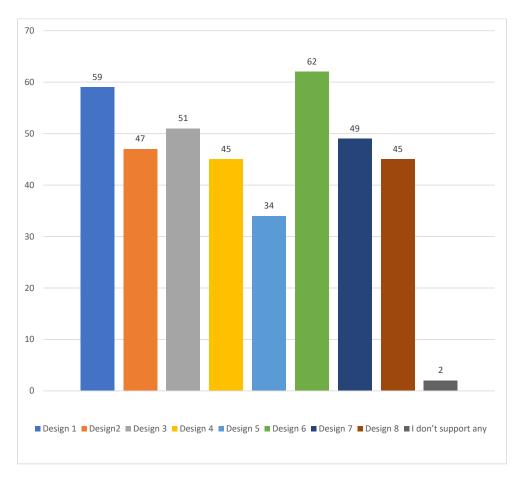

#### Question 14 - Are there any locations you think vibrant public spaces shouldn't be installed?

Most respondents did not answer this question. The responses from those who did are as follows (verbatim):

- No but places with greater volumes of pedestrians should be prioritised.
- Residential streets
- No but they should primarily be installed where businesses are happy to invest in them.
- Where it affects traffic flow.
- Next to the freeway and generally areas that people should be discouraged from sitting at.
- In front of private homes that aren't in business areas.
- Busy shopping precincts.
- Residential streets, but that's probably without saying.
- Places where it is unlikely to get much use.
- Not required around existing parkland.
- Highgate.
- Places where there is already limited parking.
- Only when interrupts bike lanes.
- Where there is a public safety risk, eg heavy traffic.
- Where traffic conditions can't be managed safely.
- Freeways.
- Too close to residential properties.
- Near busy intersections.
- You can't build a vibrant space anywhere it has to be deemed necessary Leederville square is an example an expensive site that Leederville Connect and council are continually trying find ideas for the area to be utilised. Please DO NOT put outdoor movies in this area. An area that more or less is used for the annual Leederville long table dinner is not a good investment. These places should only be created where required, not for the hell of it.
- Where there is already traffic congestion or where there are am/pm bus lanes.
- Noisy streets.
- Nope. And please don't listen to the people who complain about lack of parking. We need less cars and more bicycles and pedestrians in Leederville.
- Just make sure they're useful.
- Too close to intersections.
- Mount Hawthorn strip.
- Main retail strips e.g. Oxford St and Scarborough Beach Road.

Question 15 - Which designs would you support in Vincent?

Question 16- Do you have any concerns with what vibrant public spaces would be used for or where they would be located in Vincent?

Most respondents did not answer this question. The responses from those who did are as follows (verbatim):

- Nope the more the better.
- No, the more investment in these spaces the better if they are well executed. Would love to see a nice meeting space like the Mary Street Piazza or Oxford Street Reserve in the Mount Lawley town centre.
- No but I think putting them adjacent to businesses ensures that they're kept clean.
- Yeah, unless targeted at kids or made from recycled materials they could be replaced with chairs?
- My only concern is that there needs to be a break left between parklets/vibrant public spaces for pedestrians to cross from one side of the street to the other.
- Anti-social behaviour
- No I think it's great that the local government are considering increasing pedestrian vibrancy while also supporting business indirectly.
- Only that I don't like to see them occupied by people smoking or begging.
- Beaufort St parking issues Parking cash in lieu for empire site should go towards purchasing the Barlee St carpark and multi-story car parking.
- In front of private homes that aren't in business areas.
- Homeless people vandalising, people using for drugs, antisocial behaviour.

- Just, who would clean it?
- As long as they're maintained and kept clean.
- they don't look open to the public.
- Not really as long as it doesn't cause congestion along the street.
- When connected to a business, they are more likely to be looked after and maintained. I
  dislike those horrible looking plastic containers in design 5. We have something similar in
  Leederville, connection between Oxford Street and car park next to IGA. Plastic containers
  and olive trees just repulsive. Can we not make that passageway nicer looking??
- Removing delineation between pedestrian and vehicle areas is confusing for children who
  are otherwise conscious of using caution when crossing the street.
- Don't wall them off as then becomes dangerous what lurks behind.
- Only concern is passing traffic. The vibrant public space must be separated and safe from traffic.
- No the more you cut cars out the better.
- only potential 'exclusion' via misunderstandings.
- need to have shade/shelter.
- We need to consider where these are located, especially when near eatery businesses. This
  gives the impression they are an extension of the adjacent food business.
- Work in conjunction with local business and residents directly adjacent to decide the best use of space.
- No, however it has been flagged by young parents that it is hard to find a place that is central and easy to get to, when meeting others before heading off to a cafe. ie a square or plaza that is safe for kids and comfortable from the weather.
- Late night use / noise, cleaning, homeless sleeping they do need to sleep somewhere maybe some of your budget should also go to social issues not just pretty things.

#### Question 17 - Do you have any final comments or thoughts?

Most respondents did not answer this question. The responses from those who did are as follows (verbatim):

- Install more in front of cafes, bars, and eateries to make the town more vibrant.
- Love your work, Vincent. Keep the good stuff coming!
- The more parklets and vibrant spaces the merrier! They make businesses and the public realm so much better and more enjoyable. I'd love to see more in Vincent. It's one of the things that sets us apart from everywhere else.
- Hopefully they are recycled when they go out of fashion.
- Love the idea of vibrant public spaces.
- Really appreciate the City's efforts Fantastico
- As a business owner I would love the opportunity to host a Vibrant Space. 236b Lake Street Perth a wide footpath, West facing and no shade at the end of the street.
- Given these cost so much, cam the CoV Men's Shed help construct some at least? They
  have equipment and many members I believe.
- I love the initiative it really creates a vibrant space for the public.
- Great initiative! Hope to see more!
- Cheaper parking, or more designated parking areas such as free 1 hr parking in Leederville.
- Keep on doing a great job improving city of Vincent. Thank you.
- Love your work :)
- Make Oxford Street from the traffic circle to the ref light pedestrian only. Add lots of free seating and community square.
- Concern that proponent led proposals result in privatization of public space that is not defined or regulated.
- Go for it! Build more parklets and vibrant public spaces throughout the City of Vincent. Cars should not dominate a community. People and nature should!!

- I love this idea, and I think they should all have a uniform identity. City of Vincent is so diverse, that I love the idea of a common theme like this through the City and it would help them be better understood as a public space. As much as I love having our current parklets, I think they are usually tacky looking and don't age well (particularly the use of pallets). I think those example pictures show we can do something really interesting and more elegant.
- Love what you're doing.
- Great idea by Council.
- Let's make our entertainment centres user friendly. The more people using them the friendlier the surrounding areas.
- A little book or magazine rack? Litter bin in bright colours. Bike stand. You can make from a
  tree stump with cut outs for wheels.
- Keep making our city vibrant and inclusive.
- Make sure the benefit is worth the \$12k plus.
- If landscaping is provided, who will look after it? Mt Hawthorn has a lot of planters, but the
  plants tend to not be looked after and die in summer, someone needs to be made
  accountable and take ownership of the gardens/planters.
- I love these initiatives. It's a great way to bring some life to the streets.
- I think more attention needs to be made to the ability of residents and business vehicles to exit from there sites so that the ability to see oncoming traffic is not impeded.
- Please take prompt action to improve Oxford Street rather than endless Council studies, reports etc but try to have a consistent standard and theme / design instead of adding in more clutter that looks bad and fills up the footpath (like those terrible new planters that are 90% big ugly grey box and only 10% plants).
- Please ensure these are all no smoking areas and regularly cleaned.

#### **PART 1 - PRELIMINARY**

#### INTRODUCTION

The City of Vincent Strategic Community Plan 2018 - 2028 (SCP) sets the community vision, priorities and aspirations for the City and includes the Thriving Places priority: "Our vibrant places and spaces are integral to our identity, economy and appeal. We want to create, enhance and promote great places and spaces for everyone to enjoy".

To achieve this priority, the Vibrant Public Spaces Policy (Policy) seeks to facilitate public and private investment in the public realm for the benefit of the community.

#### **PURPOSE**

The purpose of this Policy and its Vibrant Public Spaces Policy Guidelines (Guidelines) is to provide guidance on the permissibility, requirements and management responsibilities for third party (applicant) proposals to deliver vibrant public spaces on City owned and managed land.

#### **POLICY OBJECTIVES**

The objectives of this Policy and its Guidelines are to ensure vibrant public space proposals:

- 1. achieve the Vibrant Public Space Design Objectives (Design Objectives);
- 2. facilitate public and private investment in the public realm for the benefit of the community;
- 3. encourage pedestrian activity and social interaction;
- 4. enhance the public realm and sensitively respond to local character and context; and
- 5. achieve design outcomes that meet community expectations.

Page | 1 of 6 CM D21/193095

#### **POLICY OPERATION**

The Policy and its Guidelines are performance-based. The performance-based approach is applied through a set of Design Objectives to enable site-specific outcomes to be achieved. This reflects that every place and streetscape is different and allows design to be tailored to the local context and specific needs and characteristics of each place.

Vibrant public space proposals need to demonstrate that they achieve the Design Objectives relevant to each proposal type, as outlined in the Guidelines.

While addressing the applicable design requirements and location requirements, as outlined in the Guidelines, is likely to achieve the Design Objectives, they are not a deemed-to-comply pathway and the proposal will be assessed in the context of the entire design solution to ensure the Design Objectives are achieved. Proposals may also satisfy the Design Objectives via alternative means or solutions.

#### **SCOPE**

This Policy and its Guidelines apply to vibrant public space proposals on City owned and managed land including:

- City freehold land: land which the City owns and is listed as the registered proprietor on the Certificate of Title, such as a park or other public open space;
- Crown reserve: parks or public recreation areas reserved by the Minister for Lands for a purpose in the public interest and vested (pursuant to a Manager Order or other vesting document) in the City under section 46 of the Land Administration Act 1997; and
- **road reserve**: the verge, kerb, carriageway and footpath areas adjacent to road which the City has care, control and management of under section 55(2) of the Land Administration Act 1997.

This Policy does not apply to structures, developments or infrastructure proposed on City owned and managed land by a public authority. Such proposals are to be considered in accordance with the *Public Works Act 1902*, the *Main Roads Act 1930* or other enabling legislation.

#### **PART 2 - POLICY PROVISIONS**

#### **DEFINITIONS**

adjacent means that on which a vibrant public space proposal sits.

**affixed eating area furniture** means any affixed or significantly weighted bench, seat, table, planter box, umbrella, light or other item that may be reasonably characterised as eating area street furniture for the use, benefit and enjoyment of business patrons, during business operating hours, and the public, out of business operating hours.

base means that on which a vibrant public space proposal sits.

Page | 2 of 6 CM D21/193095

**carriageway** means a portion of road that is designed or ordinarily used for vehicular traffic, and includes the shoulders, and areas, including embayments, at the side or centre of the carriageway, used for the stopping or parking of vehicles.

**clear corner zone** means the area as measured at a 45° angle from the building corner left clear of any structures for the free passage of the public within the footpath and the carriageway.

clear pedestrian zone means the area within the footpath section of the road reserve left clear and of any structures for pedestrian travel which must be maintained at all times for the free passage of the public.

**decked platform** means a horizontal surface or structure raised above or flush with the ground level of the surrounding area. A decked platform can form the base of a parklet, eatlet or other proposal.

eatlet means an outdoor eating area during business operating hours and small public park out of business operating hours. Eatlets are reserved for customers of particular businesses during business operating hours and are available for anyone to use out of business operating hours. An eatlet repurposes part of the street into a dual purpose outdoor eating area and small public park through the provision of seating, shade and greenery.

footpath means the part of the road reserve designated and built for the movement and rest of pedestrians.

**frontage zone** means the area immediately adjacent to the abutting property between the property boundary and the end of the clear pedestrian zone.

**kerb buffer** means the 600mm minimum space maintained clear at all times between the face of the kerb and the start of either the kerbside zone or the clear pedestrian zone.

kerbside zone means the area between the end of the kerb buffer and the clear pedestrian zone.

**new paving** means paving that was not previously there. New paving can form the base of a parklet, eatlet or other proposal.

**outdoor eating area** means an outdoor eating facility or establishment on any part of the a public place in which furniture is provided for the purpose of the supply of food or drink to the public or the consumption of food or drink by the public, but does not include such a facility or establishment on private land.

**outdoor eating area permit** means a permit granted by the City to an approved food premises and/or licensed premises allowing the footpath to be used by for the service of food and drink and/or the placement of temporary furniture during business operating hours.

**parklet** means a small public park set into the existing streetscape. Parklets are for anyone to use at all times, and are not reserved for customers of particular businesses. Parklets repurposes part of the street into a public space for people through the provision of seating, shade and greenery.

**pop-up eatlet** means a pop-up outdoor eating area during business operating hours and small public park out of business operating hours. Pop-up eatlets are reserved for customers of particular businesses during business operating hours and are available for anyone to use out of business operating hours. A pop-up eatlet repurposes part of the street into a dual purpose outdoor eating area and small public park through the provision of seating, shade and greenery during a City approved or acknowledged event.

Page | 3 of 6 CM D21/193095

**pop-up parklet** means a small pop-up public park set into the existing streetscape. Pop-up parklets are for anyone to use at all times, and are not reserved for customers of particular businesses. Pop-up parklets repurposes part of the street into a small public park through the provision of seating, shade and greenery during a City approved or acknowledged event.

**public authority** means a Minister of the State; an agency, authority or instrumentality of the State; or a local government; or a body, whether corporate or unincorporate, that is established or continued for a public purpose under a written law.

**public realm** means all public spaces including thoroughfare or streets, public car parks, reserves/public open space, civic squares and other areas used by and accessible to the community.

**street furniture** means any affixed or weighted bench, seat, table, litter bin, planter box, light, umbrella, bicycle rack or other item that may be reasonably characterised as street furniture for the use, benefit and enjoyment of the public on City owned and managed land.

**t-top bollard** means any flexible bollard with reflective bands in order to increase visibility. These are considered to be a temporary safety measure, used to direct vehicle and pedestrian traffic.

**verge** means that part of a thoroughfare or street between the carriageway and the land which abuts the thoroughfare, but does not include a footpath.

**vibrant public space** means an area in the public realm that supports social interaction and community engagement, and provides pedestrian amenity for everyone to enjoy.

*vibrant public space proposal* means any third party proposal which seeks to enhance City owned and managed land for the benefit of the community.

#### **POLICY**

### 1. Permissibility and Assessment

The suitability of utilising public space to facilitate vibrant public space proposals is site specific and dependent on the individual streetscape and context relevant to each proposal.

- 1.1 Vibrant public space proposals are to achieve the applicable Design Objectives, address the applicable design and location requirements, and meet the approval requirements as prescribed in Table 1 and the Guidelines.
- 1.2 Vibrant public space proposal applicants are to meet the applicable applicant responsibilities as prescribed in the Guidelines.
- 1.3 Where a proposal type is not specified or the proposal does not meet the permissibility or requirements as prescribed in Table 1, the proposal may be considered under 'other proposal' type and assessed against the Design Objectives.
- 1.4 Proposals that do not meet the Design Objectives shall not be progressed through the approvals process and shall not be approved.

<sup>1</sup> The listed Built Form Area means the area identified by the same name in <u>Local Planning Policy 7.1.1 - Built Form</u>.

The Built Form Area permissibility relates to City owned and managed land within and adjacent to the specified Built Form Area.

#### 2. Design Objectives

Achieving good vibrant public space design requires reconciling a range of different, often competing, objectives, which vary according to the scale, context and type of vibrant public space proposed. Good vibrant public space design requires application of design-thinking in the context of addressing local challenges as well as a performance-based approach to assessment.

In the context of State Planning Policy 7.0 *Design of the Built Environment* (WAPC, 2019)(SPP 7.0) and 7.2 *Precinct Design* (WAPC, 2021)(SPP 7.2), the Design Objectives listed below have been developed to specify the role of vibrant public space design in achieving the objectives of this Policy and addressing the principles and outcomes of SPP 7.0 and SPP 7.2.

#### 2.1 Context and character

Respond to and enhance the distinctive characteristics of a local area, contributing to a sense of place.

#### 2.2 Landscape quality

Integrate landscape design and contribute to community wellbeing through the protection and/or

Page | 5 of 6 CM D21/193095

<sup>2</sup> Where proposals meet the design and location requirements prescribed in the Guidelines, engagement will be undertaken to inform the community. Where proposals are classified as 'other proposal' or do not meet the design and location requirements, engagement will be undertaken to consult with the community.

enhancement of the green network.

#### 2.3 Built form and scale

Ensure that massing and height are appropriate and sympathetic to existing built form and the intended future character of the local area.

#### 2.4 Functionality and build quality

Meet the needs and expectations of the community, balancing durability, maintenance and service access requirements with aesthetic quality.

#### 2.5 Sustainability

Contribute positively to environmental, social and economic outcomes through passive environmental design, enhancement of the green network and promotion of active transport modes

#### 2.6 Amenity

Provide comfortable spaces for the community that encourage physical activity, enable a range of uses, and are accessible to all.

#### 2.7 Legibility

Provide places that are legible, with good lines of sight to key locations, clear connections and easily identifiable elements to help people find their way around.

#### 2.8 Safety

Optimise safety and security, supporting safe behaviour and use, by maximising opportunities for passive surveillance, integrating safety requirements, and following Crime Prevention through Environmental Design (CPTED) design principles.

#### 2.9 Community

Respond to local community needs and the wider social context by delivering a mix of public spaces that support a diverse range of people and facilitate social interaction.

## 2.10 Aesthetics

Contribute to a unique place identity, high level of amenity, and result in attractive and inviting places through scale, arrangement, articulation and material quality.

# INTRODUCTION

# What are the Vibrant Public Space Policy Guidelines?

The Vibrant Public Spaces Policy Guidelines (Guidelines) provide supporting information to assist:

- the City to implement the Vibrant Public Spaces Policy (Policy); and
- local businesses, property owners and not-for-profit/ community groups to deliver vibrant public spaces on City owned and managed land.

## What is a vibrant public space?

Vibrant public spaces are areas in the public realm that support social interaction and community engagement. They are spaces which provide pedestrian amenity and are for everyone to enjoy.

# What is a vibrant public space proposal?

Vibrant public space proposals are third party proposals which seek to enhance City of Vincent (City) owned and managed land for the benefit of the community.

## Why host a vibrant public space?

Vibrant public spaces add value to the surrounding area by repurposing City owned and managed land. They

- enhance underutilised space, provide pedestrian amenity and present opportunities for community connection, greening and public art;
- encourage pedestrian movement and activity to activate the public realm;
- support businesses by fostering vibrancy and encouraging people to linger longer; and
- complement the character of the existing streetscape and local neighbourhood and provide opportunities for creative expression.

# Who can apply to host a vibrant public space?

Any business, property owner or not-for-profit/community group (applicant) can apply to host a vibrant public space.

# What are the Vibrant Public Space Design Objectives?

Every place and streetscape in the City is different and the following set of Design Objectives enable a performance-based approach to vibrant public space proposal assessment.

Vibrant public space proposals need to demonstrate that they achieve the Design Objectives relevant to each proposal type, as outlined in Sections 01-05.

#### **Design Objectives:**

- Context and character Respond to and enhance the distinctive characteristics of a local area, contributing to a sense of place.
- Landscape quality Integrate landscape design and contribute to community wellbeing through the protection and/or enhancement of the green network;
- Built form and scale Ensure that massing and height are appropriate and sympathetic to existing built form and the intended future character of the local area;
- 4. Functionality and build quality Meet the needs and expectations of the community, balancing durability, maintenance and service access requirements with aesthetic quality;
- Sustainability Contribute positively to environmental, social and economic outcomes through passive environmental design, enhancement of the green network and promotion of active transport modes;
- **6. Amenity** Provide comfortable spaces for the community that encourage physical activity, enable a range of uses, and are accessible to all;
- Legibility Provide places that are legible, with good lines of sight to key locations, clear connections and easily identifiable elements to help people find their way around:
- 8. Safety Optimise safety and security, supporting safe behaviour and use, by maximising opportunities for passive surveillance, integrating safety requirements, and following Crime Prevention through Environmental Design (CPTED) design principles;
- Community Respond to local community needs and the wider social context by delivering a mix of public spaces that support a diverse range of people and facilitate social interaction; and
- Aesthetics Contribute to a unique place identity, high level of amenity, and result in attractive and inviting places through scale, arrangement, articulation and material quality.

VIBRANT PUBLIC SPACES POLICY GUIDELINES | 3

# Which type of vibrant public space to host?

The City accepts applicant proposals for the following vibrant public space types for assessment:

To assist in determining which type to host, refer to the flowchart on page 6.

#### STREET FURNITURE

#### Street furniture is:

 any affixed or significantly weighted bench, seat, table, litter bin, planter box, umbrella, light, bicycle rack or other item that may be reasonably characterised as street furniture

#### AFFIXED EATING AREA FURNITURE

Affixed eating area furniture is:

- any affixed or significantly weighted bench, seat, table, planter box, umbrella, light or other item that may be reasonably characterised as eating area furniture
- associated with an existing approved outdoor eating area for the use, benefit and enjoyment of business patrons, during business operating hours, and the public, out of business operating hours, on City owned and managed land

## POP-UP PARKLET

A pop-up parklet is:

- a small pop-up public park set into the existing streetscape.
- for anyone to use at all times, and are not reserved for customers of particular businesses.
- the repurposing of part of the street into a small public park through the provision of seating, shade and greenery during a City approved or acknowledged event.

## POP-UP EATLET

A pop-up eatlet is:

- a pop-up outdoor eating area during business operating hours and small public park out of business operating hours.
- reserved for customers of particular businesses during business operating hours and are available for anyone to use out of business operating hours.
- the repurposing of part of the street into a dual purpose outdoor eating area and small public park through the provision of seating, shade and greenery during a City approved or acknowledged event.

4 | CITY OF VINCENT

#### **PARKLET**

#### A parklet is:

- a small public park set into the existing streetscape
- for anyone to use at all times, and are not reserved for customers of particular businesses
- the repurposing of part of the street into a public space for people through the provision of seating, shade and greenery

#### **EATLET**

#### An eatlet is:

- an outdoor eating area during business operating hours and small public park out of business operating hours
- reserved for customers of particular businesses during business operating hours and are available for anyone to use out of business operating hours
- the repurposing of part of the street into a dual purpose outdoor eating area and small public park through the provision of seating, shade and greenery.

#### **OTHER PROPOSAL**

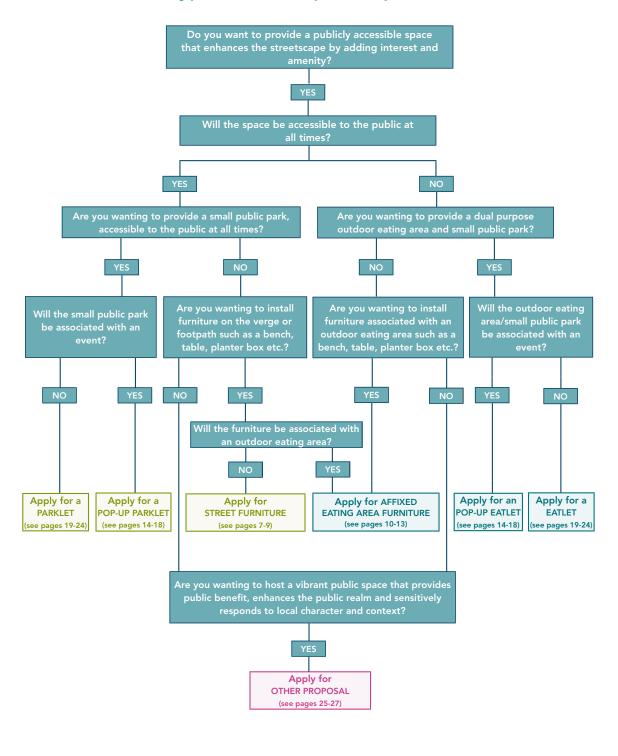

An other proposal is:

 a vibrant public space proposal not specified in the Vibrant Public Spaces Policy which addresses the Policy Objectives and achieves the Vibrant Public Space Design Objectives

VIBRANT PUBLIC SPACES POLICY GUIDELINES | 5

# Which type of vibrant public space to host?

6 | CITY OF VINCENT

# **01 STREET FURNITURE**

## 1.1 Design and Location Permissibility

Street furniture proposals that meet the permissibility requirements prescribed in the table below shall be accepted for assessment:

		DE	SIGN	1 & L	OCA	TION	I PER	RMIS	SIBIL	ITY		
Existing Ground Surface	Decked Platform	New Paving	Verge	Footpath	Carriageway	Reserve/ Public Open Space	Town Centre	Activity Corridor	Mixed Use	Transit Corridor	Residential	Reserves
	Base	Base Location						Bui	lt Fo	rm A	rea	
✓			1	✓			✓	1	✓	•	•	

- ✓ permitted
- permitted where located adjacent an existing approved business, excluding a home business

## 1.2 Design Objectives

#### **DESIGN OBJECTIVES**

- O1.2.1 Respond to and enhance the distinctive characteristics of a local area, contributing to a sense of place.
- O1.2.2 Integrate landscape design and contribute to community wellbeing through the protection and/or enhancement of the green network.
- O1.2.3 Meet the needs and expectations of the community, balancing durability, maintenance and service access requirements with aesthetic quality.
- O1.2.4 Provide comfortable spaces for the community that encourage physical activity, enable a range of uses, and are accessible to all.
- O1.2.5 Provide places that are legible, with good lines of sight to key locations, clear connections and easily identifiable elements to help people find their way around.

## 1.3 Design Requirements

#### **DESIGN REQUIREMENTS**

- D1.3.1 Street furniture design including materials, colour and finish shall be in keeping with the surrounding streetscape and streetscape palette.
- D1.3.2 Street furniture must be of an appropriate scale in relation to other elements of the streetscape and not have the visual or apparent effect of enclosing a public space.
- D1.3.3 Each bench, seat, table, planter box and bicycle rack, shall be no more than 900mm in height and 1500mm in length, unless additional height and length can be demonstrated to meet Design Objectives O1.2.1 and O1.2.5
- D1.3.4 Umbrellas shall have a minimum clearance of 2400mm from the finished ground level to the lowest part of the umbrella canopy.
- D1.3.5 Street furniture must be made of durable materials and free of protrusions and sharp edges.
- D1.3.6 Street furniture must be affixed or weighted to the satisfaction of the City and must be able to be removed within a 24 hour period without damage to the footpath, verge or any surrounding service pits. Part or all of the street furniture may need to be temporarily or permanently removed for street improvements, utility work, service access or emergencies.
- D1.3.7 Business logos, advertising or other branding is prohibited. A small unobtrusive plaque recognising proposal sponsors and material donors may be acceptable if in line with the Design Objectives.

#### 1.4 Location Requirements

#### LOCATION REQUIREMENTS

- L1.4.1 Street furniture must be located on an existing verge or footpath.
- L1.4.2 Street furniture shall only be permitted in or adjacent the Town Centre Built Form Area, Activity Corridor Built Form Area, Mixed Use Built Form Area or in or adjacent the Transit Corridor Built Form Area and Residential Built Form Area where located adjacent to an existing business, owned or tenanted by the applicant, excluding a home business.

VIBRANT PUBLIC SPACES POLICY GUIDELINES | 7

## LOCATION REQUIREMENTS

L1.4.3 Where street furniture is proposed adjacent to a business or tenancy or encroaches in front of a business or tenancy, the location must be supported by the adjacent business or tenant.

L1.4.4 Street furniture must be located a minimum of 600mm from any service pit or pedestrian ramp.

L1.4.5 Street furniture shall be located to provide a minimum 2000mm width clear pedestrian zone, unless:

- the width cannot be provided due to the design of the existing streetscape;
- no alternative location for street furniture exists in close proximity to the applicant's business or tenancy; and
- a reduced width can be demonstrated to meet Design Objectives O1.2.4 and O1.2.5.

Where a reduced clear pedestrian zone is deemed appropriate, a minimum width of no less than 1500mm must be maintained at all times.

L1.4.6 Street furniture must be located to ensure the clear pedestrian zone aligns with the clear pedestrian zone in front of neighbouring properties to provide pedestrians with a clear and uninterrupted passage along any footpath.

L1.4.7 Street furniture must be located to provide a minimum 600mm kerb buffer between the face of the kerb and the start of the kerbside zone.

L1.4.8 Street furniture must not impede pedestrian, cyclist or vehicle access and sightlines.

L1.4.9 Street furniture shall be located outside of any clear corner zone as measured at a 45° angle from the corner of a corner lot building, unless the street furniture scale and location can be demonstrated to meet Design Objective O1.2.5

L1.4.10 Existing street furniture shall not be removed or relocated to accommodate street furniture proposals, unless the proposal can demonstrate it meets the Design Objectives O1.2.1, O1.2.4, O1.2.5 and will contribute to achieving the Policy Objectives. Where the removal or relocation of existing street furniture is supported by the City, it will be at the expense of the applicant unless otherwise scheduled through the City's streetscape maintenance program.

# 1.5 Approval Requirements

Street furniture proposals must fulfill the approval requirements prescribed in the table below in order to obtain approval for installation.

# 1.6 Applicant Responsibilities

# APPLICANT RESPONSIBILITIES

A1.6.1 Applicant must engage with adjacent businesses and tenants to inform them of the street furniture proposal and to obtain support for the proposal where required in relation to L1.4.3.

A1.6.2 Applicant must provide structural and/or product certification for the street furniture, as specified by the City, prior to approval.

A1.6.3 Applicant must notify the City 24hours prior to the installation of any approved street furniture, to confirm the installation date and time, and within 24hours of completing installation, to confirm installation is complete.

8 | CITY OF VINCENT

## **APPLICANT RESPONSIBILITIES**

A1.6.4 Applicant must hold current a policy of insurance for Public Liability for an amount of not less than \$10,000,000.00 (ten million dollars). A copy of the current certificate is to be provided to the City.

A1.6.5 Where excavation is required, the applicant is responsible for lodging and completing a Dial Before You Dig enquiry prior to the commencement of excavation.

A1.6.6 Where excavation is required, the applicant is responsible for reinstatement to the satisfaction of the City, and the rectification of any damage to the City's infrastructure or any other service within the road reserve as a result of any works.

A1.6.7 Applicant must indemnify the City and its employees, agents or contractors, against all actions, suits, claims, damages, losses and expenses made against or incurred by the City arising from any activity, action or thing performed or erected or installed in accordance with the executed agreement.

A1.6.8 Applicant must ensure street furniture is maintained in a clean, tidy, good, inoffensive and aesthetically appealing condition at all times.

A1.6.9 Applicant must ensure any plants associated with the street furniture are maintained in a healthy, neat and tidy condition at all times.

A1.6.10 Applicant must remove the street furniture or replace any planting, at the applicant's expense, and make good to the satisfaction of the City at the request of the City, public utility provider or the Minister for Lands (if Crown land or Crown road reserve) within 14 days of receiving the request. Reasons for a request to remove street furniture may include but are not limited to streetscape maintenance, required service access and noncompliance with the executed agreement.

A1.6.11 In the case of planned maintenance, the applicant is responsible for the removal, storage and reinstallation of the street furniture.

A1.6.12 Applicant to renew vibrant public spaces agreement.

# 1.7 Approval Process

Street furniture proposals which achieve the design objectives, and where the applicant agrees to fulfill the applicant responsibilities, shall be approved under delegation and an agreement prepared for execution prior to installation.

# 2.2 Design Objectives

# **DESIGN OBJECTIVES**

O2.2.1 Respond to and enhance the distinctive characteristics of a local area, contributing to a sense of place.

O2.2.2 Integrate landscape design and contribute to community wellbeing through the protection and/or enhancement of the green network.

O2.2.3 Meet the needs and expectations of the community, balancing durability, maintenance and service access requirements with aesthetic quality.

O2.2.4 Provide comfortable spaces for the community that encourage physical activity, enable a range of uses, and are accessible to all.

O2.2.5 Provide places that are legible, with good lines of sight to key locations, clear connections and easily identifiable elements to help people find their way around.

#### **DESIGN OBJECTIVES**

O2.2.6 Optimise safety and security, supporting safe behaviour and use, by maximising opportunities for passive surveillance, integrating safety requirements, and following Crime Prevention through Environmental Design (CPTED) design principles.

O2.2.7 Contribute to a unique place identity, high level of amenity, and result in attractive and inviting places through scale, arrangement, articulation and material quality.

# 2.3 Design Requirements

## **DESIGN REQUIREMENTS**

D2.3.1 Affixed eating area furniture design including materials, colour and finish shall have due regard for the surrounding streetscape and streetscape palette.

D2.3.2 Affixed eating area furniture must be of an appropriate scale in relation to other elements of the streetscape and not have the visual or apparent effect of enclosing a public space.

D2.3.3 Each bench, seat, table, planter box and the like shall be no more than 900mm in height and 1500mm in length, unless additional height and length can be demonstrated to meet Design Objectives O2.2.1 and O2.2.5.

D2.3.4 Umbrellas and the like shall have a minimum clearance of 2400mm from the finished ground level to the lowest part of the umbrella canopy.

D2.3.5 Affixed eating area furniture must be made of durable materials and free of protrusions and sharp edges.

D2.3.6 Affixed eating area furniture must be affixed or weighted to the satisfaction of the City and must be able to be removed within a 24 hour period without damage to the footpath, verge or any surrounding service pits. Part or all of the furniture may need to be temporarily or permanently removed for street improvements, utility work, service access or emergencies.

D2.3.7 Business logos, advertising or other branding is prohibited. A small unobtrusive plaque recognising proposal sponsors and material donors may be acceptable if in line with the Design Objectives.

10 | CITY OF VINCENT

## **DESIGN REQUIREMENTS**

D2.3.8 Affixed eating area furniture must incorporate Vibrant Public Space signage. The signage is to be supplied by the City and installed by the applicant. The scale of the affixed eating area furniture will determine the scale of signage required. The City shall specify the scale required prior to approval.

Vibrant Public Space Sign Example

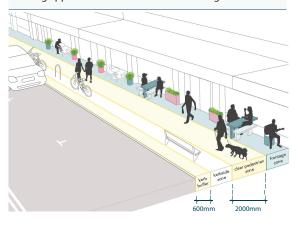

# 2.4 Location Requirements

#### LOCATION REQUIREMENTS

L2.4.1 Affixed eating area furniture must be located on an existing verge or footpath.

L2.4.2 Affixed eating area furniture shall only be permitted in or adjacent the Town Centre Built Form Area, Activity Corridor Built Form Area, Mixed Use Built Form Area or in or adjacent the Transit Corridor Built Form Area and Residential Built Form Area where located adjacent to an existing business, owned or tenanted by the applicant, excluding a home business.

L2.4.3 Affixed eating area furniture shall only be located in the frontage zone or kerbside zone within an existing approved Outdoor Eating Area in conjunction with an existing approved and current Outdoor Eating Area Permit.

#### **LOCATION REQUIREMENTS**

L2.4.4 Where the location of affixed eating area furniture encroaches in front of more than one business or tenancy, the location must be supported by the adjacent business or tenant, and tenancy owner.

L2.4.5 Affixed eating area furniture must be located a minimum of 600mm from any service pit and must be setback from existing street trees and planting, to ensure the health of the tree or planting.

L2.4.6 Affixed eating area furniture shall be located to provide a minimum 2000mm width clear pedestrian zone, unless:

- the width cannot be provided due to the design of the existing streetscape; and
- a reduced width can be demonstrated to meet Design Objectives O2.2.4 and O2.2.5.

Where a reduced clear pedestrian zone is deemed appropriate, a minimum clear pedestrian zone of no less than 1500mm must be maintained at all times.

L2.4.7 Affixed eating area furniture must be located to ensure the clear pedestrian zone aligns with the clear pedestrian zone in front of neighbouring properties to provide pedestrians with a clear and uninterrupted passage along any footpath.

L2.4.8 Affixed eating area furniture must be located to provide a minimum 600mm kerb buffer between the face of the kerb and the start of the kerbside zone.

L2.4.9 Affixed eating area furniture must not impede pedestrian, cyclist or vehicle access and sightlines.

L2.4.10 Affixed eating area furniture shall be located outside of any clear corner zone as measured at a 45° angle from the corner of a corner lot building, unless the street furniture scale and location can be demonstrated to meet Design Objective O2.2.5

L2.4.11 Existing street furniture shall not be removed or relocated to accommodate new affixed eating area furniture proposals, unless the proposal can demonstrate it meets Design Objectives O2.2.1, O2.2.4, O2.2.5 and will contribute to achieving the Policy Objectives. Where the removal or relocation of existing street furniture is supported by the City, it will be at the expense of the applicant unless otherwise scheduled through the City's streetscape maintenance program.

VIBRANT PUBLIC SPACES POLICY GUIDELINES | 11

   Form Area or Residential Built Form Area

# 2.6 Applicant Responsibilities

# APPLICANT RESPONSIBILITIES

A2.6.1 Applicant must engage with adjacent businesses and tenants to inform them of the affixed eating area furniture proposal and to obtain support for the proposal where required in relation to L2.4.4.

A2.6.2 Applicant must pay vibrant public space proposal approval fee, as prescribed in the City's annual fees.

A2.6.3 Applicant must provide structural and/or product certification for the affixed eating area furniture, as specified by the City, prior to approval.

A2.6.4 Applicant must notify the City 24hours prior to the installation of any approved affixed eating area furniture, to confirm the installation date and time, and within 24hours of completing installation, to confirm installation is complete.

A2.6.5 Applicant must hold current a policy of insurance for Public Liability for an amount of not less than \$10,000,000.00 (ten million dollars). A copy of the current certificate is to be provided to the City.

## APPLICANT RESPONSIBILITIES

A2.6.6 Where excavation is required, the applicant is responsible for lodging and completing a Dial Before You Dig enquiry prior to the commencement of excavation.

A2.6.7 Where excavation is required the applicant is responsible for reinstatement to the satisfaction of the City, and the rectification of any damage to the City's infrastructure or any other service within the road reserve as a result of any works.

A2.6.8 Applicant must indemnify the City and its employees, agents or contractors, against all actions, suits, claims, damages, losses and expenses made against or incurred by the City arising from any activity, action or thing performed or erected or installed in accordance with the executed agreement.

A2.6.9 Applicant must ensure affixed eating area furniture is maintained in a clean, tidy, good, inoffensive and aesthetically appealing condition at all times.

A2.6.10 Applicant must ensure any plants associated with the affixed eating area furniture are maintained in a healthy, neat and tidy condition at all times.

A2.6.11 Applicant must remove the affixed eating area furniture or replace any planting, at the applicant's expense, and make good to the satisfaction of the City at the request of the City, public utility provider or the Minister for Lands (if Crown land or Crown road reserve) within 14 days of receiving the request. Reasons for a request to remove affixed eating area furniture may include but are not limited to streetscape maintenance, required service access and non-compliance with the executed agreement.

A2.6.12 In the case of planned maintenance, the applicant is responsible for the removal, storage and reinstallation of the affixed eating area furniture.

A2.6.13 Applicant must report any changes to business or property ownership to the City and ensure that if a change in ownership occurs, the applicant will either remove the affixed eating area furniture or transfer the agreement to the new owner in consultation with the City.

A2.6.14 Applicant to renew vibrant public spaces agreement.

A2.5.15 Applicant must install City provided and prescribed Vibrant Public Space signs prior to installation completion.

12 | CITY OF VINCENT

# 2.7 Approval Process

3

Affixed eating area furniture proposals which achieve the design objectives, and where the applicant agrees to fulfill the applicant responsibilities, shall be approved under delegation and an agreement prepared for execution prior to installation.

✓					✓		✓	✓	✓	•	•	

- ✓ permitted
- permitted where located adjacent an existing approved business, excluding a home business

# 3.2 Design Objectives

# DESIGN OBJECTIVES

- O3.2.1 Respond to and enhance the distinctive characteristics of a local area, contributing to a sense of place.
- O3.2.2 Integrate landscape design and contribute to community wellbeing through the protection and/or enhancement of the green network.
- O3.2.3 Contribute positively to environmental, social and economic outcomes through passive environmental design, enhancement of the green network and promotion of active transport modes.
- O3.2.4 Provide comfortable spaces for the community that encourage physical activity, enable a range of uses, and are accessible to all.
- O3.2.5 Provide places that are legible, with good lines of sight to key locations, clear connections and easily identifiable elements to help people find their way around.

#### **DESIGN OBJECTIVES**

- O3.2.6 Optimise safety and security, supporting safe behaviour and use, by maximising opportunities for passive surveillance, integrating safety requirements, and following Crime Prevention through Environmental Design (CPTED) design principles.
- O3.2.7 Respond to local community needs and the wider social context by delivering a mix of public spaces that support a diverse range of people and facilitate social interaction; and
- O3.2.8 Contribute to a unique place identity, high level of amenity, and result in attractive and inviting places through scale, arrangement, articulation and material quality.

# 3.3 Design Requirements

#### DESIGN REQUIREMENTS

- D3.3.1 Pop-up parklet and pop-up eatlet materials, colours and finishes shall complement and add interest to the surrounding streetscape and streetscape palette. Materials should be durable and non-reflective, and recycled or sourced locally where possible.
- D3.3.2 Benches, seats, tables, planter boxes and the like shall be no more than 900mm in height and 1500mm in length, unless additional height and length can be demonstrated to meet Design Objectives O3.2.1 and O3.2.5
- D3.3.3 Umbrellas and the like shall have a minimum clearance of 2400mm from the finished ground level to the lowest part of the umbrella canopy.
- D3.3.4 Pop-up parklets and pop-up eatlets must be free of protrusions and sharp edges.
- D3.3.5 Pop-up parklets and pop-up eatlets must be able to be removed within a 24 hour period without damage to the footpath, verge or any surrounding service pits.
- D3.3.6 Non-slip unfixed temporary surface materials, such as astroturf, may be applied to the existing ground surface to enhance a pop-up parklet or pop-up eatlet's aesthetic appeal.
- D3.3.7 Pop-up parklet and pop-up eatlet furniture shall be freestanding and removed at the close of business each day and/or weighted to the satisfaction of the City.

14 | CITY OF VINCENT

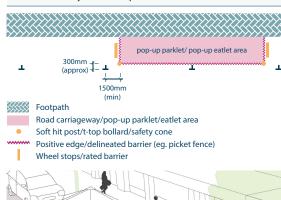

## **DESIGN REQUIREMENTS**

D3.3.8 Pop-up parklets and pop-up eatlets shall be freestanding and not require anchoring into the City's road infrastructure. If a safety issue presents itself and anchoring is required, this will be assessed and may be approved by the City on a case by case basis.

D3.3.9 Pop-up parklets and pop-up eatlets located where a road closure is not in place must only be accessible from the adjoining footpath via an unobstructed section which must be at least 1500mm wide.

D3.3.10 Pop-up parklets and pop-up eatlets located where a road closure is not in place must include the following safety materials:

- soft hit posts, t-top bollards or 750mm road safety cones at each corner (roadside);
- wheel stops at each end unless the car bay is embayed or adjacent a tree well; and
- rated barriers at each end as specified by the City.
   These may not be required in all locations

## **DESIGN REQUIREMENTS**

D3.3.11 Pop-up parklets and pop-up eatlets must have a positive edge along the road and parking bay facing sides to offer adequate protection for users from moving vehicular traffic. The positive edge can take the form of planters, picket fencing, or some other appropriate barrier type to be agreed with the City. The height and scale of the buffer required will vary depending on the local context. For example, on some low-traffic streets, a continuous edge may not be required. The City will determine this on a case by case basis in collaboration with the applicant.

D3.3.12 Pop-up parklets and eatlets shall feel open and welcoming. To ensure po-up parklets and pop-up eatlets do not have the visual or apparent effect of enclosing a public space, positive edges are not permitted above 900mm in height from the footpath finished floor level, unless additional height is required due to the slope of the site and the proposal can be demonstrated to meet Design Objective O3.2.8.

D3.3.13 Pop-up parklets and pop-up eatlets must incorporate elements of furniture that are available for the community to use throughout the event to ensure there are places for people to sit at all times during the event.

D3.3.14 Business logos, advertising or other branding is prohibited. A small unobtrusive plaque recognising proposal sponsors and material donors may be acceptable if in line with the Design Objectives.

D3.3.15 Pop-up parklets and pop-up eatlets must have a minimum of two Vibrant Public Space signs installed. These are to be supplied by the City and installed by the applicant prior to installation completion.

D3.3.16 Pop-up parklets and pop-up eatlets must incorporate elements of living green planting (greenery), such as shrubs, succulents or trees. A minimum of 5% of the pop-up area shall be greenery. Artificial man-made green elements are not considered living green planting and are not acceptable alternatives.

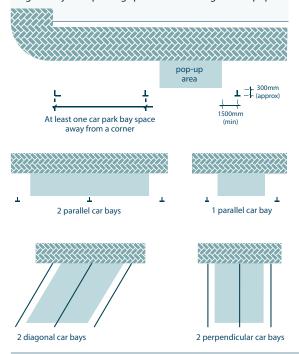

Vibrant Public Space Sign Examples

VIBRANT PUBLIC SPACES POLICY GUIDELINES | 15

# 3.4 Location Requirements

#### LOCATION REQUIREMENTS

- L3.4.1 Pop-up parklets and pop-up eatlets must be located on the existing ground surface of a car bay within the road carriageway.
- L3.4.2 Pop-up parklets and pop-up eatlets shall only be permitted on roads where the speed limit does not exceed 40km/h, or on roads where traffic calming is in place and the speed limit does not exceed 50km/h.
- L3.4.3 Pop-up parklets and pop-up eatlets must not be located on roads classified as Primary Distributor or four lane District Distributor roads, including those with timed clearways in place.
- L3.4.4 Pop-up parklets and pop-up eatlets shall generally be setback at least one car park space from a corner, unless a reduced setback can be demonstrated to meet Design Objectives O3.2.5.
- L3.4.5 Pop-up parklets and pop-up eatlets may be permitted in on-street, parallel, angled, diagonal, perpendicular and/or paid car parking bays.
- L3.4.6 Pop-up parklets and pop-up eatlets shall have a minimum buffer distance of 1500mm between the outer edge of adjacent parking spaces and the edge of the pop-

## LOCATION REQUIREMENTS

- L3.4.7 Pop-up parklets and pop-up eatlets shall have a minimum buffer distance between the roadside outer edge of the parking space and the edge of the pop-up area (approximately 300mm). This buffer distance will be determined by the City on a case by case basis
- L3.4.8 Pop-up parklets and pop-up eatlets shall not be permitted in embayed parking spaces which service public transport, on-demand transport, service vehicles or people with disabilities.
- L3.4.9 Pop-up parklets and pop-up eatlets shall only be permitted in or adjacent the Town Centre Built Form Area, Activity Corridor Built Form Area, Mixed Use Built Form Area or in or adjacent the Transit Corridor Built Form Area and Residential Built Form Area where located adjacent to an existing business, owned or tenanted by the applicant, excluding a home business.
- L3.4.10 Pop-up parklets and pop-up eatlets shall not impede or negatively impact upon pedestrian, cyclist or vehicular movement, sightlines at road junctions or vehicle access crossovers, or impede emergency vehicle movement
- L3.4.11 A maximum of two parking bays shall be used adjacent to the applicant's business or tenancy.
- L3.4.12 The use of more than two bays may be considered where there is support from neighbouring businesses or tenants and a joint vibrant public space proposal application is submitted by the businesses or tenants.
- L3.4.13 Weighted furniture must be located a minimum of 600mm from any service pit.
- L3.4.14 Pop-up parklets and pop-up eatlets must consider any street trees and planting and maintain a minimum 500mm setback to ensure the health of the tree or planting.
- L3.4.15 Existing street trees and planting shall not be removed or relocated to accommodate a pop-up parklet or pop-up eatlet proposal.
- L3.4.16 Existing street furniture shall not be removed or relocated to accommodate a pop-up parklet or pop-up eatlet proposal, unless the proposal can demonstrate it meets the Design Objectives O3.2.1, O3.2.4, O3.2.5 and will contribute to achieving the objectives of this Policy. Where the removal or relocation of existing street furniture is supported by the City, it will be at the expense of the applicant unless otherwise scheduled through the City's streetscape maintenance program.

# 3.6 Applicant Responsibilities

## **APPLICANT RESPONSIBILITIES**

A3.6.1 Applicant must engage with the event organiser and adjacent businesses and tenants to inform them of the popup parklet or pop-up eatlet proposal and to obtain support for the proposal where required in relation to L3.4.12.

A3.6.2 Applicant must submit complete vibrant public spaces application form inclusive of scaled site plan, proposal precedent imagery and demonstrated neighbour support.

A3.6.3 Applicant must provide structural and/or product certification for the affixed eating area furniture, as specified by the City, prior to approval.

## APPLICANT RESPONSIBILITIES

A3.6.4 Applicant must hold current a policy of insurance for Public Liability for an amount of not less than \$10,000,000.00 (ten million dollars). A copy of the current certificate is to be provided to the City.

A3.6.5 Applicant must indemnify the City and its employees, agents or contractors, against all actions, suits, claims, damages, losses and expenses made against or incurred by the City arising from any activity, action or thing performed or erected or installed in accordance with the executed agreement.

A3.6.6 Applicant must notify the City 24hours prior to the installation to confirm the installation date and time, and within 24hours of completing installation, to confirm installation is complete.

A3.6.7 Installation should not take more than six hours and will require a Traffic Management Plan, at the applicant's expense, where the installation works cannot be undertaken from the footpath.

A3.6.8 Applicant must ensure pop-up parklets and pop-up eatlets are maintained in a clean, tidy, good, inoffensive and aesthetically appealing condition at all times.

A3.6.9 Applicant must ensure any plants associated with the pop-up parklet or pop-up eatlet are maintained in a healthy, neat and tidy condition at all times.

A3.6.10 Applicant must remove the pop-up parklet or pop-up eatlet and replace any planting, at the applicant's expense, and make good to the satisfaction of the City at the request of the City or public utility provider within 14 days of receiving the request. Reasons for a request to remove a pop-up parklet or pop-up eatlet may include but are not limited to required service access and non-compliance with the executed agreement.

A3.6.11 In the case of planned maintenance, the applicant is responsible for the removal, storage and reinstallation of the pop-up parklet or pop-up eatlet.

A3.6.12 Applicant must report any changes to business or property ownership to the City and ensure that if a change in ownership occurs, the applicant will either remove the pop-up parklet or pop-up eatlet or transfer the agreement to the new owner in consultation with the City.

A3.6.13 Applicant must install a minimum of two City provided Vibrant Public Space signs prior to installation completion.

VIBRANT PUBLIC SPACES POLICY GUIDELINES | 17

# 3.7 Approval Process

5

Pop-up parklet and pop-up eatlet proposals which meet the design requirements, and where the applicant agrees to fulfill the applicant responsibilities, shall be approved under delegation and an agreement prepared for execution prior to installation.

# **04 PARKLET/ EATLET**

# 4.1 Design and Location Permissibility

Parklet and eatlet proposals that meet the permissibility requirements prescribed in the table below shall be accepted for assessment:

		DE	SIGN	1 & L	OCA	TION	I PER	MIS:	SIBIL	ITY		
Existing Ground Surface	Decked Platform	New Paving	Verge	Footpath	Carriageway	Reserve/ Public Open Space	Town Centre	Activity Corridor	Mixed Use	Transit Corridor	Residential	Reserves
	Base			Loca	tion			Bui	lt Fo	rm A	rea	
✓	✓	✓	✓	✓	✓		✓	✓	✓	•	•	

- ✓ permitted
- permitted where located adjacent an existing approved business, excluding a home business

# LIQUOR LICENSING

Parklets are public at all times and not able to be licensed for the consumption of alcohol.

Eatlets are not public at all times and are able to be licensed during business operating hours. Liquor licences are issued by the Department of Local Government, Sporting & Cultural Industries (DLGSC) Liquor Licensing Directorate and the City may support an applicant's application to license an eatlet subject to the following:

- the liquor licence is to be obtained by the applicant as the eatlet host:
- the liquor licence is to be in conjunction with an approved licensed premise such as an existing restaurant or small bar;
- Liquor can only be served in the parklet during business operating hours; and
- the City reserves the right to restrict the hours when alcohol is permitted to be served in the eatlet.

# 4.2 Design Objectives

#### **DESIGN OBJECTIVES**

- O4.2.1 Respond to and enhance the distinctive characteristics of a local area, contributing to a sense of place.
- O4.2.2 Integrate landscape design and contribute to community wellbeing through the protection and/or enhancement of the green network.
- O4.2.3 Ensure that massing and height are appropriate and sympathetic to existing built form and the intended future character of the local area.
- O4.2.4 Meet the needs and expectations of the community, balancing durability, maintenance and service access requirements with aesthetic quality.
- O4.2.5 Contribute positively to environmental, social and economic outcomes through passive environmental design, enhancement of the green network and promotion of active transport modes.
- O4.2.6 Provide comfortable spaces for the community that encourage physical activity, enable a range of uses, and are accessible to all.
- O4.2.7 Provide places that are legible, with good lines of sight to key locations, clear connections and easily identifiable elements to help people find their way around.
- O4.2.8 Optimise safety and security, supporting safe behaviour and use, by maximising opportunities for passive surveillance, integrating safety requirements, and following Crime Prevention through Environmental Design (CPTED) design principles.
- O4.2.9 Respond to local community needs and the wider social context by delivering a mix of public spaces that support a diverse range of people and facilitate social interaction; and
- O4.2.10 Contribute to a unique place identity, high level of amenity, and result in attractive and inviting places through scale, arrangement, articulation and material quality.

VIBRANT PUBLIC SPACES POLICY GUIDELINES | 19

# 4.3 Design Requirements

#### **DESIGN REQUIREMENTS**

D4.3.1 Parklet and eatlet materials, colours and finishes shall complement and add interest to the surrounding streetscape and streetscape palette. Materials should be durable and non-reflective, and recycled or sourced locally where possible.

D4.3.2 Parklets and eatlets shall transform and enhance underutilised verge, footpath or road carriageway space. They shall be designed to suit individual site locations and shall incorporate the existing ground surface, a decked platform or new paving.

D4.3.3 Where new paving is proposed, the City will consult with the applicant, design the paving enhancements and undertake the paving works at the applicant's cost and as prescribed in the City's annual fees and charges.

D4.3.4 Parklets and eatlets shall not adversely effect the visual permeability of the streetscape and must allow pedestrians on either side of the street to see the opposite side of the street. To maintain visual permeability, continuous opaque walls are not permitted to exceed 900mm in height from the footpath finished floor level.

D4.3.5 Parklets and eatlets shall feel open and welcoming. To ensure parklets and eatlets do not have the visual or apparent effect of enclosing a public space:

- walls are not permitted above 900mm in height from the footpath finished floor level, unless additional height is required due to the slope of the site and the proposal can be demonstrated to meet Design Objectives O4.2.1, O4.2.2, O4.2.7 and O4.2.8;
- alfresco blinds are not permitted;
- clear glazing is permitted to a maximum of 1200mm in height from the footpath finished floor level; and
- each side that does not directly abut the footpath is permitted to consist of a maximum of 25% visually permeable screening, for the sole purpose of supporting plant growth.

D4.3.6 Parklets and eatlet overhead shelter structures, such as a canopy, umbrella, arbour or shade sail, shall have a minimum vertical clearance of 2400mm from the finished ground level to the lowest part of the shelter. Overhead shelter structures must not be attached to an awning or verandah. Where an overhead shelter structure is proposed to be solid, this is to be designed and constructed to ensure stormwater drains to the road carriageway and does not impact upon the pedestrian path.

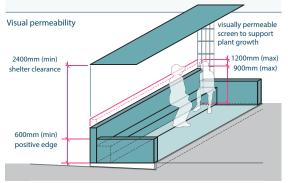

## **DESIGN REQUIREMENTS**

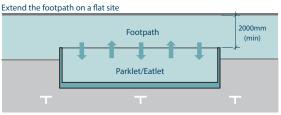

D4.3.7 Parklets and eatlets located in the carriageway must have a positive edge along the road and parking bay facing sides to offer adequate protection for users from moving vehicular traffic. The positive edge must be a minimum of 600mm.

D4.3.8 Parklets and eatlets should be designed as an extension of the footpath and must be open and accessible from the adjoining footpath via an unobstructed flush or ramped section. Where the parklet or eatlet is located on a sloping site, a minimum 1500mm wide unobstructed flush section must be provided.

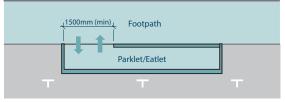

D4.3.9 Decked parklets and eatlets shall have a maximum gap of 10mm between the deck and the footpath. In the case of a sloping site, the applicant must work with the City to address issues of access.

D4.3.10 Decked platforms located in the carriageway should be freestanding and not require anchoring into the City's road infrastructure. If a safety issue presents itself and anchoring is required, this will be assessed on a case by case basis and will be at the expense of the applicant and will require City approval.

Extend the footpath on a sloping site

20 | CITY OF VINCENT

## **DESIGN REQUIREMENTS**

D4.3.11 Parklets and eatlets shall not impede the flow of kerbside drainage. A 150mm x 150mm minimum clear gutter space must be provided along the entire length of the parklet or eatlet adjacent to the kerb. Openings at either end may be covered with screens to prevent debris buildup beneath in the gutter.

D4.3.12 Decked parklets and eatlets must be modular in design to allow access for maintenance (i.e. repairs, clearing debris and streetscape maintenance).

D4.3.13 Decked platforms and any affixed furniture to the existing ground surface or new paving must be able to be removed within a 24 hour period without damage to the footpath, verge or any surrounding service pits. Part or all of the platform or furniture may need to be temporarily or permanently removed for street improvements, utility work, service access or emergencies.

D4.3.14 A minimum of 15% of the total parklet or eatlet area must be living green planting (greenery), such as shrubs, succulents, climbing plants or trees. The required area may be reduced to 10% where trees or climbing plants are incorporated into the design to provide shade canopy. Artificial man-made green elements are not considered living green planting and are not acceptable alternatives.

D4.3.15 Parklets and eatlets located in the carriageway must include the following safety materials:

- · soft hit posts (roadside);
- wheel stops at each end unless the car bay is embayed or adjacent a tree well; and
- rated barriers at each end as specified by the City.

D4.3.16 Parklets and eatlets must be free of protrusions and sharp edges.

## **DESIGN REQUIREMENTS**

D4.3.17 Parklets and eatlets must integrate permanent seating to ensure the space remains useable and welcoming after moveable furniture like tables and chairs are put away outside of business hours.

D4.3.18 Solar-powered lighting elements are strongly encouraged. Electric lighting may be permitted but will require an electrical connection to a building and a separate electrical certification and approval.

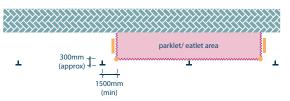

D4.3.19 Integrated bicycle parking is strongly encouraged.

D4.3.20 Business logos, advertising or other branding is prohibited. A small unobtrusive plaque recognising proposal sponsors and material donors may be acceptable if in line with the Design Objectives.

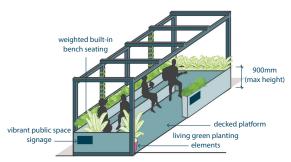

D4.3.21 Parklets and eatlets must have a minimum of two Vibrant Public Space signs installed. These are to be supplied by the City and installed by the applicant prior to installation completion.

Vibrant Public Space Sign Example

VIBRANT PUBLIC SPACES POLICY GUIDELINES | 21

# 4.4 Location Requirements

## LOCATION REQUIREMENTS

L4.4.1 Parklets and eatlets shall only be permitted in or adjacent the Town Centre Built Form Area, Activity Corridor Built Form Area, Mixed Use Built Form Area or in or adjacent the Transit Corridor Built Form Area and Residential Built Form Area where located adjacent to an existing business, owned or tenanted by the applicant, excluding a home business.

L4.4.2 Within the prescribed Built Form Areas, parklets and eatlets shall be located in the:

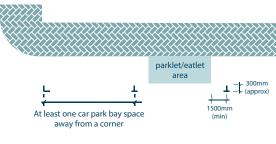

- verge:
- · kerb buffer and/or kerbside zone of a footpath; or
- · road carriageway.

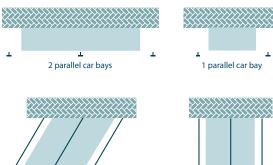

L4.4.3 Parklets and eatlets shall not be located in the frontage zone.

L4.4.4 Parklets and eatlets shall be located to provide a minimum 2000mm width clear pedestrian zone, unless:

- the width cannot be provided due to the design of the existing streetscape; and
- a reduced width can be demonstrated to meet Design Objectives O4.2.6, O4.2.7 and O4.2.9.

Where a reduced clear pedestrian zone is deemed appropriate, a minimum clear pedestrian zone of no less than 1500mm must be maintained at all times.

## LOCATION REQUIREMENTS

L4.4.5 The parklet or eatlet must be located to ensure the clear pedestrian zone aligns with the clear pedestrian zone in front of neighbouring properties to provide pedestrians with a clear and uninterrupted passage along any footpath.

L4.4.6 Parklets and eatlets shall be offset a minimum of 750mm at each end to ensure a minimum 1500mm gap is provided to allow pedestrians to traverse the street.

L4.4.7 Where located in a carriageway, parklets and eatlets shall only be permitted on roads where the speed limit does not exceed 40km/h, or on roads where traffic calming is in place and the speed limit does not exceed 50km/h.

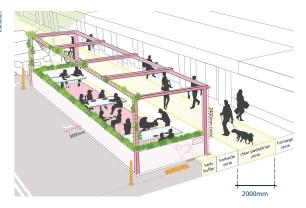

L4.4.8 Where located in a carriageway, parklets and eatlets must not be located on roads classified as Primary Distributor or four lane District Distributor roads, including those with timed clearways in place.

L4.4.9 Where located in a carriageway, parklets and eatlets shall generally be setback at least one car park space from a corner, unless a reduced setback can be demonstrated to meet Design Objectives O4.2.7.

L4.4.10 Where located in a carriageway, parklets and eatlets shall have a minimum buffer distance of 1500mm between the outer edge of adjacent parking spaces and the edge of the parklet/eatlet area.

L4.4.11 Where located in a carriageway, parklets and eatlets shall have a minimum buffer distance between the roadside outer edge of the parking space and the edge of the parklet/eatlet area (approximately 300mm). This distance will be determined by the City on a case by case basis.

L4.4.12 Parklets and eatlets may be permitted in on-street, parallel, angled, diagonal, perpendicular and/or paid car parking bays where demand in the precinct (400m walkable catchment area) does not exceed 85% occupancy.

22 | CITY OF VINCENT

2 diagonal car bays

Item 9.9- Attachment 4 Page 195

2 perpendicular car bays

## LOCATION REQUIREMENTS

L4.4.13 Parklets and eatlets shall not be permitted in embayed parking spaces which service public transport, on-demand transport, service vehicles or people with disabilities.

L4.4.14 A maximum of two parking bays shall be used adjacent to the applicant's business or tenancy.

L4.4.15 The use of more than two bays may be considered where there is support from neighbouring businesses or tenants and a joint application is submitted by the businesses or tenants.

L4.4.16 Parklets and eatlets shall not impede or negatively impact upon pedestrian, cyclist or vehicular movement, sightlines at road junctions or vehicle access crossovers, or impede emergency vehicle movement

L4.4.17 Affixed parklet and eatlet furniture must be located a minimum of 600mm from any service pit.

L4.4.18 Parklets and eatlets must consider any exiting street trees and planting and maintain a minimum 500mm setback to ensure the health of the tree or planting.

L4.4.19 Existing street trees shall not be removed or relocated to accommodate a parklet or eatlet proposal.

L4.4.20 Existing planting shall not be removed or relocated to accommodate a parklet or eatlet proposal, unless the proposal can demonstrate it meets the Design Objectives O4.2.1, O4.2.2, O4.2.5 and will provide additional planting and/or canopy cover.

L4.4.21 Existing street furniture shall not be removed or relocated to accommodate a parklet or eatlet proposal, unless the proposal can demonstrate it meets the Design Objectives O4.2.1, O4.2.5, O4.2.6 and will contribute to achieving the objectives of this Policy. Where the removal or relocation of existing street furniture is supported by the City, it will be at the expense of the applicant unless otherwise scheduled through the City's streetscape maintenance program.

# 4.5 Approval Requirements

Parklet and eatlet proposals must fulfill the approval requirements prescribed in the table below in order to obtain approval for installation.

			AP	PROV	AL RE	QUIR	EMEN	ITS			
Adjacent Businesses/ Tenants	21 Days/ Owners/ Occupiers 100m Radius	Website/ Notice in Business Window	Sign on Site/ Local Newspaper	Structural/ Product Certification	Building Approval	Delegated Authority/ Agreement	Planning Approval	Council Decision/ Licence	Application/ Design	Approval	Annual Renewal

- ^ required where the base is new paving

# 4.6 Applicant Responsibilities

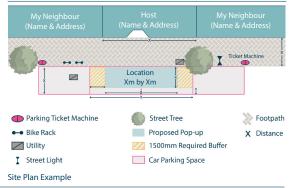

# **APPLICANT RESPONSIBILITIES**

A4.6.1 Applicant must engage with adjacent businesses and tenants to inform them of the parklet eatlet proposal and to obtain support for the proposal where required in relation to L4.4.15.

A4.6.2 Applicant must submit complete vibrant public space proposal application form inclusive of scaled site plan, proposal precedent imagery and demonstrated neighbour support.

A4.6.3 Applicant must pay application/design and approval fees, as prescribed in the City's annual fees and charges.

A4.6.4 Applicant must provide parklet or eatlet structural certification.

VIBRANT PUBLIC SPACES POLICY GUIDELINES | 23

## **APPLICANT RESPONSIBILITIES**

A4.6.5 Applicant must hold current a policy of insurance for Public Liability for an amount of not less than \$20,000,000.00 (twenty million dollars). A copy of the current certificate is to be provided to the City.

A4.6.6 Applicant must indemnify the City and its employees, agents or contractors, against all actions, suits, claims, damages, losses and expenses made against or incurred by the City arising from any activity, action or thing performed or erected or installed in accordance with the executed agreement.

A4.6.7 Where excavation is required, the applicant is responsible for lodging and completing a Dial Before You Dig enquiry prior to the commencement of excavation.

A4.6.8 Where excavation is required the applicant is responsible for reinstatement to the satisfaction of the City, and the rectification of any damage to the City's infrastructure or any other service within the road reserve as a result of any works.

A4.6.9 Applicant must notify the City 24hours prior to the installation to confirm the installation date and time, and within 24hours of completing installation, to confirm installation is complete.

A4.6.10 The parklet or eatlet shall primarily be built off site. A Traffic Management Plan, prepared at the applicant's expense, shall be required where the installation works cannot be undertaken from the footpath.

A4.6.11 Applicant must ensure parklets and eatlets are maintained in a clean, tidy, good, inoffensive and aesthetically appealing condition at all times.

A4.6.12 Applicant must ensure any plants associated with the parklet or eatlet are maintained in a healthy, neat and tidy condition at all times.

A4.6.13 Applicant must remove any decked platform, affixed street furniture and replace any planting, at the applicant's expense, and make good to the satisfaction of the City at the request of the City or public utility provider within 14 days of receiving the request. Reasons for removal requests may include but are not limited to required service access and noncompliance with the executed agreement.

A4.6.14 In the case of planned maintenance, the applicant is responsible for the removal, storage and reinstallation of the parklet or eatlet.

A4.6.15 Applicant must report any changes to business or property ownership to the City and ensure that if a change in ownership occurs, the applicant will either remove any decked platform or affixed furniture or transfer the agreement to the new owner in consultation with the City.

A4.6.16 Applicant must install a minimum of two City provided Vibrant Public Space signs prior to installation completion.

A4.6.17 Applicant to renew vibrant public spaces agreement.

# 4.7 Approval Process

Parklet and eatlet proposals which achieve the applicable the design requirements, and where the applicant agrees to fulfill the applicant responsibilities, shall be approved under delegation and an agreement prepared for execution prior to installation.

# **05 OTHER PROPOSAL**

# 5.1 Design and Location Permissibility

Other proposals shall be accepted for assessment where a complete vibrant public spaces application form is submitted, inclusive of justification regarding how the proposal:

- · is publicly accessible;
- · provides public benefit;
- · addresses Policy Objectives; and
- meets the Design Objectives O5.2.1 O5.2.10.

# 5.2 Design Objectives

# DESIGN OBJECTIVES

- O5.2.1 Respond to and enhance the distinctive characteristics of a local area, contributing to a sense of place.
- O5.2.2 Integrate landscape design and contribute to community wellbeing through the protection and/or enhancement of the green network.
- O5.2.3 Ensure that massing and height are appropriate and sympathetic to existing built form and the intended future character of the local area.
- O5.2.4 Meet the needs and expectations of the community, balancing durability, maintenance and service access requirements with aesthetic quality.
- O5.2.5 Contribute positively to environmental, social and economic outcomes through passive environmental design, enhancement of the green network and promotion of active transport modes.
- O5.2.6 Provide comfortable spaces for the community that encourage physical activity, enable a range of uses, and are accessible to all.
- O5.2.7 Provide places that are legible, with good lines of sight to key locations, clear connections and easily identifiable elements to help people find their way around.
- O5.2.8 Optimise safety and security, supporting safe behaviour and use, by maximising opportunities for passive surveillance, integrating safety requirements, and following Crime Prevention through Environmental Design (CPTED) design principles.

## **DESIGN OBJECTIVES**

- O5.2.9 Respond to local community needs and the wider social context by delivering a mix of public spaces that support a diverse range of people and facilitate social interaction; and
- O5.2.10 Contribute to a unique place identity, high level of amenity, and result in attractive and inviting places through scale, arrangement, articulation and material quality.

# 10 INFRASTRUCTURE & ENVIRONMENT

# 10.1 ASSET MANAGEMENT AND SUSTAINABILITY STRATEGY (AMSS) - ASSET PRIORITISATION (BUILDINGS) IMPLEMENTATION PLAN

Attachments: 1. AMSS Implementation Plan - PoaP J

#### **RECOMMENDATION:**

That Council RECEIVES the project plan associated with the Asset Prioritisation Plan for Buildings.

## **PURPOSE OF REPORT:**

For Council to receive the project plan associated with Asset Prioritisation Plan for Buildings, as requested by Council at the December Ordinary Council Meeting. (Attachment 1).

## **BACKGROUND:**

The Asset Management and Sustainability Strategy (AMSS) Implementation Plan provides detailed and technical guidance around the planning, management and provision of the City's assets. The Strategy was endorsed at the Ordinary Council meeting on the 16<sup>th of</sup> November 2021 and Council resolved in part as follows:

- REQUESTS the CEO prepares a detailed Implementation plan for short term actions in the Asset management and Sustainability Strategy to present to the December 2021 Council Meeting.
- 4. REQUESTS the CEO include a project plan for the Sport and Recreation facilities plan as part of the implementation plan for the Asset Management and Sustainability Strategy.

At the Ordinary Council meeting on the  $14^{th of}$  December 2021 the Administration provided both items and Council resolved in part as follows:

2. REQUEST the CEO engage with Council as part of project initiation and present project plans for Asset Prioritisation (buildings) project and Levels of Service project to the Council meeting in March 2022, including project resources, project deliverables, tasks and milestones and project reporting.

This report is provided in response to this resolution of Council.

# **DETAILS:**

Administration has previously prepared an Implementation Plan for the short-term actions in the AMSS. Following the Ordinary Council meeting on the 14th of December 2021, Administration was requested to engage with Council and present a project plan specifically associated with Asset Prioritisation Plan for Buildings to the Ordinary Council Meeting in March 2022.

The Administration has subsequently compiled the project plan which outlines the project resources, deliverables, milestones and associated activities. (Attachment 1).

# **LEGAL/POLICY:**

The AMSS is part of the Integrated Planning and Reporting Framework as recommended in the Department of Local Government Sports and Cultural Industries Integrated Planning and Reporting: Asset Management Guidelines.

#### **RISK MANAGEMENT IMPLICATIONS**

Low: It is low risk for Council to receive the project plan attached to this report.

#### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

#### Enhanced Environment

Our parks and reserves are maintained, enhanced and well utilised.

## Accessible City

We have better integrated all modes of transport and increased services through the City.

# **Connected Community**

Our community facilities and spaces are well known and well used.

# **Thriving Places**

Our physical assets are efficiently and effectively managed and maintained.

# Sensitive Design

Our built form character and heritage is protected and enhanced.

# Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

## SUSTAINABILITY IMPLICATIONS:

This is in keeping with the following key sustainability outcomes of the *City's Sustainable Environment Strategy 2019-2024.* 

Sustainable Energy Use/Greenhouse Gas Emission Reduction

# **PUBLIC HEALTH IMPLICATIONS:**

This is in keeping with the following priority health outcomes of the City's Public Health Plan 2020-2025:

Increased physical activity

# FINANCIAL/BUDGET IMPLICATIONS:

The cost associated with the AMSS Implementation Plan (Buildings) has been financially provisioned following the 2021/2022 mid-year budget review.

Item 10.1- Attachment 1

# 11 COMMUNITY & BUSINESS SERVICES

# 11.1 FINANCIAL STATEMENTS AS AT 31 JANUARY 2022

#### Attachments:

1. Financial Statements as at 31 January 2022 😃 🛣

#### **RECOMMENDATION:**

That Council RECEIVES the Financial Statements for the month ended 31 January 2022 as shown in Attachment 1.

#### **PURPOSE OF REPORT:**

To present the statement of financial activity for the period ended 31 January 2022.

#### **BACKGROUND:**

Regulation 34 (1) of the *Local Government (Financial Management) Regulations 1996* requires a local government to prepare each month a statement of financial activity including the sources and applications of funds, as compared to the budget.

## **DETAILS:**

The following documents, included as **Attachment 1**, comprise the statement of financial activity for the period ending **31 January 2022:** 

Note	Description	Page
1.	Statement of Financial Activity by Program Report and Graph	1-4
2.	Statement of Comprehensive Income by Nature or Type Report	5
3.	Net Current Funding Position	6
4.	Summary of Income and Expenditure by Service Areas	7-18
5.	Capital Expenditure including Funding graph and Capital Works Schedule	19-27
6.	Cash Backed Reserves	28
7.	Rating Information and Graph	29-30
8.	Debtors Report	31
9.	Beatty Park Leisure Centre Financial Position	32-33

# Comments on the Statement of Financial Activity (as at Attachment 1)

Operating revenue is reported separately by '*Program*' and '*Nature or Type*' respectively. The significant difference between the two reports is that operating revenue by '*Program*' includes 'Profit on sale of assets and the report for '*Nature or Type*' includes 'Rates revenue'.

**Revenue by Program** (on page 1) is tracking higher than YTD budgeted revenue by \$766,482 (6.0%). The following items materially contributed to this position:

- A favourable variance of \$515,066 due to an increase in activity at Beatty Park, Public halls and sporting grounds (Recreation and Culture). The breakdown is:
  - \$458,555 favourable in fees and charges for Betty Park recreation admission and membership fees
  - \$42,956 favourable for public halls hire income and maintenance cost recouped (mostly from North Perth Town Hall and Mount Hawthorn Community Centre).
- A favourable Variance of \$314,857 due to an increase in revenue generated from parking (Transport).
- A favourable variance of \$142,516 in Community Amenities activities due to:
  - \$190,566 favourable fees and charges and contributions for Development and Design.
  - o \$17,876 favourable Other Income for Waste Services.
  - Offset by unfavourable revenue from fees and charges for Compliance Services and Engineering Design Services by \$22,223 and \$24,808 respectively.

• An unfavourable Variance of \$135,439 mainly contributed by timing variance of profit/loss on disposal of major plant assets (Other Property and Services).

**Revenue by Nature or Type** (on page 5) is tracking slightly higher than the YTD budgeted revenue by \$1,105,675 (2.2%). The following items materially contribute to this position:

- A favourable Variance of \$953,150 to Fees and Charges due to an increase in revenue generated from:
  - Parking ticketing machine revenue of \$499,757.
  - Membership and admission fees income for Betty Park Recreation centre of \$490,472.
  - o Development application fees of \$109,823 from License, Permits and application fees.
- A favourable variance of \$125,897 due to higher than anticipated Rates (Rates)

**Expenditure by Program** (on page 1) is favourable, attributed by an under-spend of \$2,835,243 (6.2%) compared to the YTD budget. The following items materially contributed to this position:

- A favourable variance for **Recreation and Culture** of \$1,649,601 due to timing difference of \$421,419 for materials and contracts and \$1,232,251 for HBF Park being derecognised.
- A favourable variance of \$843,808 mainly contributed from **Community Amenities** for:
  - \$936,006 favourable for materials and contracts due to timing differences for contractors' expenses, operating initiatives, programmes and events and waste recycling costs
  - o \$197,795 unfavourable for employee costs and other employee costs.
  - \$154,072 favourable for Utilities- electricity due to timing variance for invoices
- A favourable variance of \$146,465 due to timing variances relating to advertising, audit and legal fees, consultant costs, and Programmes and Events (Governance).
- A favourable variance of \$118,561 mainly contributed by a vacant position and delay in the hiring process (Law, Order and Public Safety).

**Expenditure by Nature or Type** (on page 5) is favourable, attributed by an under-spend of \$2,941,602 (6.4%). The following items materially contributed to this position:

- There is an under-spend of \$1,487,410 mainly attributed to below (Materials and Contracts):
  - Community Amenities is favourable by \$456,073 mainly due to:
    - \$329,165 of timing variance for over 18 programmes and events, and
    - Operating initiatives of \$127,006 for Leederville Skatepark, Arts Development Initiatives and ACS Link & guidance projects.
- There is favourable variance of \$1,338,292 primarily attributed to HBF Park derecognised- to be adjusted at MY budget review (**Depreciation of non-current assets**).
  - Recreation and Culture is favourable by \$421,419 due to timing differences for:
    - \$138,582 for Betty Park recreation centre mostly due to delays in equipment purchases.
    - \$106,822 of maintenance contractors' expenses for Stadium and Ovals.
    - \$93,782 for Parks and environmental services.
    - \$65,804 for Community Partnership for operating initiatives and programmes and events.
  - Waste services is favourable by \$368,215 relating to tipping, bulk verge & recycling costs due to timing variance.

# Surplus Position - Year End 2020/2021

The surplus position brought forward to 2021/22 is \$6,125,327 as per the City's 2020/21 audited financials. The January closing position is \$22,992,638 reflecting a favourable position of \$4,365,150 compared to the January budget amount of \$18,627,488.

# **Content of Statement of Financial Activity**

An explanation of each report in the Statement of Financial Activity (**Attachment 1**), along with some commentary, is below:

# 1. Statement of Financial Activity by Program Report (Note 1 Page 1-4)

This statement of financial activity shows operating revenue and expenditure classified by Program

# 2. Statement of Comprehensive Income by Nature or Type Report (Note 2 Page 5)

This statement of Comprehensive Income shows operating revenue and expenditure classified by Nature or Type.

# 3. Net Current Funding Position (Note 3 Page 6)

'Net current assets' is the difference between the current assets and current liabilities, less committed assets and restricted assets.

# 4. Summary of Income and Expenditure by Service Areas (Note 4 Page 7-18)

This statement shows a summary of operating revenue and expenditure by service unit including variance commentary.

# 5. Capital Expenditure and Funding Summary (Note 5 Page 19 - 27)

Below is a summary of the year-to-date expenditure of each asset category and the funding source associated to the delivery of capital works.

#### CITY OF VINCENT

Financial Report for the month ended 31 January 2022

## 5. Capital Expenditure and Funding Summary

	Revised Budget	YTD Budget	YTD Actual	Remaining Budget
	\$	\$	\$	%
Land and Buildings	10,529,387	2,933,006	1,537,276	85.4%
Infrastructure Assets	7,935,745	3,200,246	2,593,823	67.3%
Plant and Equipment	3,036,056	227,500	228,240	92.5%
Furniture and Equipment	2,080,825	555,442	268,766	87.1%
Total	23,582,013	6,916,194	4,628,105	80.4%

FUNDING	Revised Budget	Budget		Remaining Budget	
Own Source Funding - Municipal	11,097,589	5,414,580	2,247,360	79.7%	
Cash Backed Reserves	3,808,207	815,934	818,241	78.5%	
Capital Grant and Contribution	7,373,384	182,847	878,444	88.1%	
Other (Disposals/Trade In)	1,302,833	502,833	684,060	47.5%	
Total	23,582,013	6,916,194	4,628,105	80.4%	

The full capital works program is listed in detail in Note 5 in **Attachment 1**.

# 6. Cash Backed Reserves (Note 6 Page 28)

The cash backed reserves schedule provides a detailed summary of the movements in the reserve portfolio, including transfers to and from the reserve. The provisional balance at 31 January 2022 is \$12,645,815.

# 7. Rating Information (Note 7 Page 29 -30)

The notices for rates and charges levied for 2021/22 were issued on 22 July 2021. *The Local Government Act 1995* provides for ratepayers to pay rates by four instalments. The due dates for each instalment are:

	Due Date
First Instalment	27 August 2021
Second Instalment	29 October 2021
Third Instalment	7 January 2022
Fourth Instalment	11 March 2022

Rates for 2021/22 were raised on 7July 2021 after the adoption of the budget.

The outstanding rates debtors balance at 31 January 2022 was \$7,044,933, excluding deferred rates of \$105,572.

The outstanding rates percentage at 31 January 2022 was 17.24% compared to 19.81% for the similar period last year, noting rates in 2020/21 were raised in August 2020 as compared to July 2021 for the current financial year.

# 8. Receivables (Note 8 Page 31)

Total trade and other receivables at 31 January 2022 were \$2,498,904.

Below is a summary of the significant items with an outstanding balance over 90 days:

- \$1,019,727 relates to unpaid infringements (plus costs) over 90 days. Infringements that remain unpaid for more than two months are referred to the Fines Enforcement Registry (FER), which then collects the outstanding balance on behalf of the City for a fee.
- \$219,589 relates to cash-in-lieu of car parking debtors. In accordance with the *City's Policy* 7.7.1 Non-residential parking, Administration has entered into special payment arrangements with long outstanding cash in lieu parking debtors to enable them to pay their debt over a fixed term of five years.

However, on 8 April 2020, the Minister of Planning WA issued a provision that exempts proponents from making cash in lieu related payments for existing or new non-residential development to the City. This exemption is effective up to the earlier date of either: -

- a) 90 days after the date upon which the State of Emergency Declaration ceases to have effect or is revoked: or
- b) Midnight, 1 May 2023.
- Tenancy related debts have been dealt with in accordance with the direction approved by the City's COVID-19 Committee.
- Health licenses debtors are being followed up with final reminders. Thereafter, the debts will be sent to the debt collectors for further follow up.

# 9. Beatty Park Leisure Centre – Financial Position report (Note 9 Page 32-33)

As of 31 January 2022, the Centre's operating surplus position was \$574,830 (excluding depreciation) compared to the YTD budgeted surplus amount of \$11,554.

# 10. <u>Explanation of Material Variances</u>

The materiality thresholds used for reporting variances are 10% and \$20,000, respectively. This means that variances will be analysed and separately reported when they are more than 10% (+/-) of the year-to-date budget and where that variance exceeds \$20,000 (+/-). This threshold was adopted by Council as part of the budget adoption for 2021/2022 and is used in the preparation of the statements of financial activity when highlighting material variance in accordance with *Financial Management Regulation 34(1) (d)*.

In accordance with the above, all material variances as of 31 January 2022 have been detailed in the variance comments report in **Attachment 1**.

#### CONSULTATION/ADVERTISING:

Not applicable.

# **LEGAL/POLICY:**

Section 6.4 of the Local Government Act 1995 requires a local government to prepare an annual financial report for the preceding year and other financial reports as prescribed.

Regulation 34 (1) of the Local Government (Financial Management) Regulations 1996 requires the local government to prepare a statement of financial activity each month, reporting on the source and application of funds as set out in the adopted annual budget.

A statement of financial activity and any accompanying documents are to be presented at an Ordinary Meeting of the Council within two months after the end of the month to which the statement relates. Section 6.8 of the Local Government Act 1995 specifies that a local government is not to incur expenditure from its Municipal Fund for an additional purpose except where the expenditure is authorised in advance by an absolute majority decision of Council.

# **RISK MANAGEMENT IMPLICATIONS:**

Low: Provision of monthly financial reports to Council fulfils relevant statutory requirements and is consistent with good financial governance.

## STRATEGIC IMPLICATIONS:

Reporting on the City's financial position is aligned with the City's Strategic Community Plan 2018-2028:

## Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

Our community is aware of what we are doing and how we are meeting our goals.

Our community is satisfied with the service we provide.

We are open and accountable to an engaged community.

# SUSTAINABILITY IMPLICATIONS:

Expenditure within this report facilitates various projects, programs, services and initiatives that contribute to protecting/enhancing the City's built and natural environment and to improving resource efficiency.

# **PUBLIC HEALTH IMPLICATIONS:**

Expenditure within this report facilitates various projects, programs and services that contribute to the priority health outcomes within the City's *Public Health Plan 2020-2025*.

# FINANCIAL/BUDGET IMPLICATIONS:

As contained in this report.

CITY OF VINCENT NOTE 1 - STATEMENT OF FINANCIAL ACTIVITY BY PROGRAM FOR THE PERIOD ENDED 31 JANUARY 2022

CITY OF VINCENT
NOTE 9 - STATEMENT OF FINANCIAL ACTIVITY
BY SERVICE - GRAPH
AS AT 31 JAN 2022

## 11.2 AUTHORISATION OF EXPENDITURE FOR THE PERIOD 1 JANUARY 2022 TO 31 JANUARY 2022

Attachments:

- 1. Payments by EFT and Payroll January 22 🗓 🖼
- 2. Payments by Cheque January 22 🗓 🛣
- 3. Payments by Direct Debit January 22 J

#### **RECOMMENDATION:**

That Council RECEIVES the list of accounts paid under delegated authority for the period 1 January 2022 to 31 January 2022 as detailed in Attachments 1, 2 and 3 as summarised below:

Total payments for January 2022	\$3,765,484.70
Direct debits, including credit cards	\$216,817.48
Cheques	\$1,014.39
EFT payments, including payroll	\$3,547,652.83

#### **PURPOSE OF REPORT:**

To present to Council the list of expenditure and accounts paid for the period 1 January 2022 to 31 January 2022.

#### **BACKGROUND:**

Council has delegated to the Chief Executive Officer (Delegation No. 2.2.18) the power to make payments from the City's Municipal and Trust funds.

In accordance with *Regulation 13(1)* of the *Local Government (Financial Management) Regulations 1996* a list of accounts paid by the Chief Executive Officer is to be provided to Council, where such delegation is made.

The list of accounts paid must be recorded in the minutes of the Council Meeting.

#### **DETAILS:**

The Schedule of Accounts paid for the period 1 January 2022 to 31 January 2022, covers the following:

FUND	CHEQUE NUMBERS/ BATCH NUMBER	AMOUNT
Municipal Account (Attachment 1, 2 and 3)	BAICH NUMBER	
EFT Payments	2770 - 2779	\$2,253,493.74
Payroll by Direct Credit	January 2022	\$1,294,159.09
Sub Total		\$3,547.652.83
Cheques		
Cheques	82694 - 82696	\$1,014.39
Cancelled cheques		\$0.00
Sub Total		\$1,014.39
Direct Debits (including Credit Cards)		
Lease Fees		\$29,064.30

Item 11.2 Page 243

Sub Total	\$216,817.48
Credit Cards	\$14,482.66
Bank Charges – CBA	\$27,310.02
Loan Repayments	\$145,960.50

Total Payments \$3,765,484.70

#### **CONSULTATION/ADVERTISING:**

Not applicable.

#### **LEGAL/POLICY:**

Regulation 12(1) and (2) of the Local Government (Financial Management) Regulations 1996:

- "12. Payments from municipal fund or trust fund, restrictions on making
- (1) A payment may only be made from the municipal fund or the trust fund
  - if the local government has delegated to the CEO the exercise of its power to make payments from those funds — by the CEO; or
  - otherwise, if the payment is authorised in advance by a resolution of Council.
- (2) Council must not authorise a payment from those funds until a list prepared under regulation 13(2) containing details of the accounts to be paid has been presented to Council."

Regulation 13(1) and (3) of the Local Government (Financial Management) Regulations 1996:

- "13. Lists of Accounts
- (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared
  - the payee's name;
  - the amount of the payment;
  - the date of the payment; and
  - sufficient information to identify the transaction.
- (2) A list prepared under sub regulation (1) is to be
  - presented to Council at the next ordinary meeting of Council after the list is prepared; and
  - recorded in the minutes of that meeting."

#### **RISK MANAGEMENT IMPLICATIONS:**

Low: Management systems are in place that establish satisfactory controls, supported by the internal and external audit functions. Financial reporting to Council increases transparency and accountability.

#### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

#### Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

Our community is aware of what we are doing and how we are meeting our goals.

Item 11.2 Page 244

Our community is satisfied with the service we provide.

We are open and accountable to an engaged community.

#### SUSTAINABILITY IMPLICATIONS:

Expenditure covered in this report includes various projects, programs, services and initiatives that contribute to protecting/enhancing the City's built and natural environment and to improving resource efficiency.

#### **PUBLIC HEALTH IMPLICATIONS:**

Expenditure covered in this report includes various projects, programs and services that contribute to the priority health outcomes within the City's *Public Health Plan 2020-2025*.

#### FINANCIAL/BUDGET IMPLICATIONS:

All municipal fund expenditure included in the list of payments is in accordance with Council's annual budget.

### 11.3 INVESTMENT REPORT AS AT 31 JANUARY 2022

### Attachments: 1. Investment Statistics as at 31 January 2022 J

### **RECOMMENDATION:**

That Council NOTES the Investment Statistics for the month ended 31 January 2022 as detailed in Attachment 1.

### PURPOSE OF REPORT:

To advise Council of the nature and value of the City's Investments as at 31 January 2022 and the interest amounts earned YTD.

### **BACKGROUND:**

The City's surplus funds are invested in bank term deposits for various terms to facilitate maximum investment returns in accordance with the City's Investment Policy (No. 1.2.4).

Details of the investments are included in **Attachment 1** and outline the following information:

- Investment performance and policy compliance charts;
- Investment portfolio data;
- Investment interest earnings; and
- Current investment holdings.

### **DETAILS:**

### Summary of key investment decisions in this reporting period

 No funds have been invested in January to ensure cash flows are maintained at an optimum level and due to some term deposits maturing closer to the reporting period.

The City's non-fossil fuel exposure has been maintained at low levels for the past few months due to the following reasons:

- Record low interest rates offered by banks divested in fossil fuel activities; and
- Smaller divested banks have capped the number of term deposits they can undertake due to surplus cash
  positions primarily fuelled by low borrowing costs in the market. This is impacting the City's ability to
  provide investment preference to these organisations.

### **Investment Status**

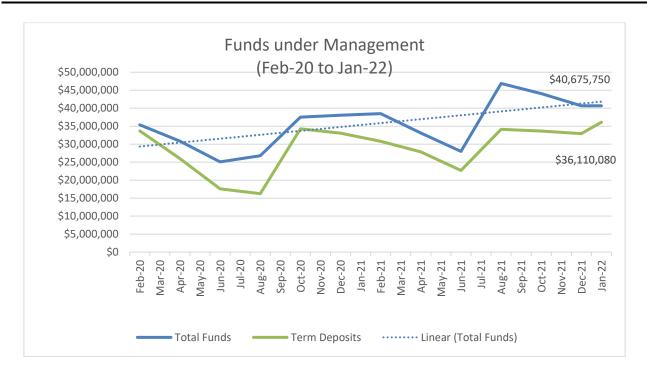

The City's investment portfolio is diversified across several accredited financial institutions.

As of 31 January 2022, the total funds held in the City's operating account (including on call) is \$40,675,750 compared to \$38,678,150 for the period ending 31 January 2021.

Interest bearing term deposits and saver account for \$37,407,064, non-interest bearing account for \$3,257,687 and the remaining \$11,000 is held in equity shares.

The total term deposit investments for the period ending 31 January 2022 are \$36,110,080 compared to \$28,391,722 for the period ending 30 January 2021.

The following chart shows funds under management from February 2020 to January 2022.

### **Interest Status**

Total accrued interest earned on investments at 31 January 2022 is:

Total Accrued Interest Earned on Investment	Budget Adopted	Budget YTD	Actual YTD	% of FY Budget
Municipal	\$100,000	\$41,372	\$49,770	120.30%
Reserve	\$100,000	\$56,039	\$27,050	48.30%
Subtotal	\$200,000	\$97,411	\$76,821	78.90%
Leederville Gardens Inc Surplus Trust*	\$0	\$0	\$45,956	0.00%
Total	\$200,000	\$68,892	\$122,777	126.00%

<sup>\*</sup>Interest estimates for Leederville Gardens Inc. Surplus Trust were not included in the 2022/22 Budget as actual interest earned is

The City has a weighted average interest rate of 0.42% for current investments whereas the Reserve Bank 90 days accepted bill rate for January 2022 is 0.07%. The online Saver interest rate has been maintained at 0.20% and is subject for review by CommBank in March 2022.

### Sustainable Investments

The City's investment policy requires that in the first instance, the City considers rate of return of the fund. All things being equal, the City then prioritises funds with no current record of funding fossil fuels. The City can increase the number of non-fossil fuel lenders but will potentially result in a lower rate of return.

Administration utilises 'Market Forces' to ascertain the level of exposure banks have in fossil fuel activities and utilises a platform called 'Yield Hub' to determine daily interest rates published by banks.

The investment guidelines which is the supplementary document to the Council Investment Policy has been updated to increase the maximum exposure limits to divested institutions, this has now been increased to 90% as reflected in the below table. The majority of divested institutions lie within A-2 and A-1+ categories.

Short Term Rating (Standard & Poor's) or Equivalent	Direct Investments Maximum %with any one institution		Maximum % of Total Portfolio		
	Guideline	Current position	Guideline	Current position	
A1+	30%	21.3%	90%	45%	
A-1	25%	0.0%	90%	0.0%	
A-2	20%	26.2%	90%	55%	

Administration will continuously explore options to ascertain if a balanced investment strategy can be developed where investments in divested banks can be increased with a minimal opportunity cost of loss in interest rate returns for instances when banks not divested in fossil fuel activities offer a higher rate of return.

### **Equity Shares**

The City of Vincent holds 11,000 shares in North Perth Community Bank purchased at \$1/share on 23 November 2001.

The performance of these shares, and the City's shareholding, will be reviewed as a component of our Investment Strategy, for consideration later this financial year.

### **RISK MANAGEMENT IMPLICATIONS**

Low:

Administration has developed effective controls to ensure funds are invested in accordance with the City's Investment Policy. This report enhances transparency and accountability for the City's investments.

### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

### **Innovative** and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner. Our community is aware of what we are doing and how we are meeting our goals. Our community is satisfied with the service we provide.

We are open and accountable to an engaged community.

### SUSTAINABILITY IMPLICATIONS:

This does not contribute to any specific sustainability outcomes of the City's Sustainable Environment Strategy 2019-2024, however focussing on non-fossil fuel investments contributes to a Sustainable Environment.

### **PUBLIC HEALTH IMPLICATIONS:**

This does not contribute to any public health outcomes of the City's Public Health Plan 2020-2025.

### FINANCIAL/BUDGET IMPLICATIONS:

The financial implications of this report are as noted in the details section of the report. Administration is satisfied that appropriate and responsible measures are in place to protect the City's financial assets.

### **RECOMMENDATION:**

That Council BY ABSOUTE MAJORITY APPROVES the following amendments to the 2021/2022 Annual Budget:

- a) A net increase in the Operating Budget of \$1,929,061 as per Attachments 1 and 2;
- b) A net increase in Special Purpose Reserves totalling \$2,309,270 as per Attachments 3 and 4;
- c) A net decrease in the Capital Expenditure Budget of \$7,162,867 as per Attachment 5;
- d) A net increase in the closing surplus of \$512,230, resulting in a forecast year end deficit at 30 June 2022 of \$80,144, as per Attachment 3;
- e) Subsequent to clauses (a) to (d), the capital budget is increased by \$72,091 and the Loftus Recreation Centre Reserve is reduced by \$72,091 as per Attachment 8, and the Financial Statements are updated accordingly.

### **PURPOSE OF REPORT:**

The purpose of this report is to consider and authorise the proposed mid-year budget review for 2021/2022.

### **BACKGROUND:**

The review period covered for this quarterly budget is October 2021 to January 2022. The mid-year budget review has maintained a conservative approach but at the same time has increased budgeted revenue and expenditure to a more realistic estimate.

### **DETAILS:**

The budget amendments from this review incorporates the following adjustments:

- A net increase in the operating budget of \$1,929,061 as per Attachments 1 and 2;
- A net movement in Special Purpose Reserves of \$2,309,270 as per Attachments 3 and 4;
- A net decrease in the capital budget of \$7,162,867 as per **Attachment 5**;
- A net increase in the opening surplus of \$512,230, and a forecast year end deficit at 30 June 2022 of \$80,144, as per **Attachment 3**; and

### **Capital Expenditure**

The 2021/2022 current budget include a capital expenditure program totalling \$16,419,146.

The City's major capital expenditure projects for this financial year the FOGO 3 Bin system \$1,445,556, Britannia Reserve floodlights \$1,121,423 & Beatty Park Infrastructure renewal \$1,034,391.

Further additional detail of total amendments of \$7,162,867 to capital expenditure is proposed for this budget review. The details of capital amendments are at **Attachment 5.** 

Some of the key capital budget amendments are summarised in the table below:

Description	Current Budget	Proposed Revised Budget	Difference	Comments
Infrastructure Works Litis Stadium	3,000,000	120,273	(2,879,727)	Multiyear project transferred to FY23. Decision on grant funding pending.
Leederville Oval Stadium Lights	1,100,000	35,000	(1,065,000)	Transferred to FY23 to align with grant funding and contributions.
Beatty Park Indoor Pool Changerooms	850,000	100,000	750,000	Multiyear project transferred to FY23. Largely funded by LRCI grant.
TOTAL EXPENDITURE	4,950,000	255,273	4,694,727	

### Revenue budget amendments

Detail on all operating revenue budget amendments are included in **Attachments 1 and 2.** Operating revenue has increased by \$753,620 and some of the key amendments include the following:

• Fees and charges increased by \$657,049. The breakdown of the key fees and charges amendments are as follows:

Details	Amount of fees
Carpark fees	321,440
Beatty Park fees for all services	98,000
Development application fees	80,000
Hire Fee Income – Beatty Park, Loftus Centre and Public Halls	54,000
	553,440

- Other Revenue, increased by \$51,563 mainly due to micro business and recycling bin income \$31,181 and share of MRC profit \$21,182.
- Operating grants, subsidies and contributions, increased by \$30,008 mainly due to Cash in Lieu art contribution received of \$60,000, partially offset by the Every Club Grant not expected to be received of \$30,000.

### Operating expense budget increase

Detail on all operating expense budget amendments are included in **Attachments 1 and 2.** Operating expenses have decreased by \$1,497,879 and some of the key budget amendments include:

- **Depreciation** has decreased by \$2,294,095, this is mainly due to the derecognition of HBF Park as an asset as a result of the Office of the Auditor General 2020/2021 audit of the City.
- **Employee Costs** increase of \$148,539 is mainly due to increased salary and recruitment costs associated with a challenging labour market and additional COVID compliance requirements.
- An increase in materials and contracts of \$454,425 mainly due to:
  - MRC Governance & Admin charges \$351,361; and
  - Programs and events \$136,901 mainly due to;
    - Streetlight upgrades for the Mount Hawthorn Place Management Program \$95,679 and Leederville Land Development Project phase 1 \$50,000, partially offset by deferred programs \$65,000;
    - Beatty Park & City facilities energy feasibility study project \$30,000;
    - Town centre Activation project funds transferred to the Access & Inclusion program \$30,000 partially offset by a reduction for community sponsorship (events) for Hyde Park Fair \$15,000; and

- Library community programs \$10,000.
- An increase of \$160,720 for Utility charges mainly due to additional and higher charges in the first half of FY22.

A summary of Operating expenditure over \$10,000 is included at Attachment 7.

### Other Items

Grants, subsidies and contributions have decreased by \$4,180,559 mainly due to the following:

- Litis Stadium project \$2,879,727 deferred to FY23 awaiting a decision on grant funding;
- Leederville Oval Lights project \$598.833 grants and contributions deferred to FY23; and
- Beatty Park Indoor Pool Changerooms project \$541,144 funding by LRCI grant funding deferred to FY23.

### **Special Purpose Reserves**

Detail on special purpose reserve amendments are included in **Attachment 3 and 6.** The net proposed amendments for reserves is \$2,309,270 and the breakdown is:

**Transfer to reserves** has increased by \$1,441,720 mainly due to the key capital works below deferred to FY23:

- Leederville Oval Stadium lights \$331,000;
- 5 Tonne Rubbish Compactor \$300,000;
- Beatty Park Indoor Pool Changerooms \$208,856; and
- Leederville Parade Greening plan \$200,000.

**Transfer from reserve** has decreased by \$867,550 mainly due to the key capital works and assets below deferred to FY23:

- Haynes Street Reserve Development plan of \$340,000 due to extension of tenant lease; and
- Road Sweeper \$300,000 due to delays in product delivery.

### Opening operating surplus

The estimated opening surplus for the 2021/2022 first quarter budget was \$6,243,478. The 2020/2021 audit has been finalised and as a result the opening surplus has been updated to \$6,125,327, a net decrease of \$118,151.

As detailed in the Rate Setting Statement at **Attachment 3**, the revised budget forecast at 30 June 2022 is a deficit of \$80,144.

### **Loftus Recreation Centre**

Belgravia Leisure lease the Loftus Recreation Centre from the City of Vincent and manage the Recreation Centre on the City's behalf. It is a condition of the lease that contributions are made by the tenant toward a reserve for capital expenditure, for the purposes of maintenance, improvements and equipment.

The City received a late request from Belgravia Leisure to transfer \$72,091 funds from the **Loftus Recreation Centre Reserve** to the capital budget (detailed at **Attachment 8**) for the purpose of:

- Installing a dividing wall in the lower function room to create a dance studio. Noise cancelling insulation will be installed in the ceiling and a dance studio sound system installed \$20,091;
- Purchase of 22 x spin bikes due to poor condition of current equipment and popularity of the program \$47,000;
- Replace damaged net on Court 5 for \$5,000.

This will result in the capital budget increasing by \$72,091 and the Loftus Recreation Centre Reserve decreasing by the same amount.

The request from Belgravia Leisure, detailed at Attachment 8, is supported by Administration.

The creation of a dance studio reflects current fitness industry trends and provides a contemporary space for exercise. It is a unique offering within the City's sport and recreation facility portfolio.

It is noted that Belgravia's tenancy and management agreements will expire in December 2021, however this space and equipment will be owned by Vincent. In the likelihood that Belgravia does not renew their lease or management agreement Vincent will still receive the ongoing benefit.

This request was received after the Mid-Year Budget Review financial statements were prepared, which will be updated in the event of Council's approval.

### **CONSULTATION/ADVERTISING:**

Not applicable

### LEGAL/POLICY:

The Local Government Act 1995 requires that a budget review be undertaken each financial year, in the period between January and March of a financial year.

Regulation 33A of the Local Government (Financial Management) Regulations 1996 requires:

- (1) Between 1 January and 31 March in each financial year a local government is to carry out a review of its annual budget for that year.
  - (2A) The review of an annual budget for a financial year must –
  - (a) consider the local government's financial performance in the period beginning on 1 July and ending no earlier than 31 December in that financial year; and
  - (b) consider the local government's financial position as at the date of the review; and
  - (c) review the outcomes for the end of that financial year that are forecast in the budget.
- (2) Within 30 days after a review of the annual budget of a local government is carried out it is to be submitted to the council.
- (3) A council is to consider a review submitted to it and is to determine\* whether or not to adopt the review, any parts of the review or any recommendations made in the review.
  - \*Absolute majority required.
- (4) Within 30 days after a council has made a determination, a copy of the review and determination is to be provided to the Department.

### **RISK MANAGEMENT IMPLICATIONS**

Low: Conducting this budget review ensures the City is properly managing its finances to meet current priorities and commitments.

### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

### Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

Our community is satisfied with the service we provide.

Our community is aware of what we are doing and how we are meeting our goals.

Our resources and assets are planned and managed in an efficient and sustainable manner.

### SUSTAINABILITY IMPLICATIONS:

Expenditure within this report facilitates various projects, programs, services and initiatives that contribute to protecting/enhancing the City's built and natural environment and to improving resource efficiency.

### **PUBLIC HEALTH IMPLICATIONS:**

Expenditure within this report facilitates various projects, programs and services that contribute to the priority health outcomes within the City's *Public Health Plan 2020-2025*.

### FINANCIAL/BUDGET IMPLICATIONS:

The various budget amendments set out in this paper reduce the budget deficit at 30 June 2022 from \$592,369 to \$80,144.

### 12 CHIEF EXECUTIVE OFFICER

### 12.1 APPOINTMENT OF COMMUNITY MEMBERS TO THE CITY OF VINCENT AUDIT COMMITTEE

### Attachments:

- 1. Audit Committee Nomination Resume of Applicant 1 Confidential
- 2. Audit Committee Nomination Resume of Applicant 2 Confidential

### **RECOMMENDATION:**

That Council in accordance with sections 5.10 and 7.1A of the *Local Government Act 1995*, APPROVES BY ABSOLUTE MAJORITY the appointment of the following two external independent members to the City's Audit Committee for the term 9 March 2022 to the date of the next ordinary local government election, 21 October 2023:

- 1. Applicant 1; and
- 2. Applicant 2.

### **PURPOSE OF REPORT:**

To appoint two new independent external members to the City's Audit Committee.

### **BACKGROUND:**

The primary function of the City's Audit Committee is to review the City's annual external audit and to liaise with the City's internal and external auditors to ensure that the City is appropriately managing its affairs. The objectives and powers of the Audit Committee are set out in its <u>Terms of Reference</u>.

### **DETAILS:**

The Audit Committee comprises of up to 7 members, with up to three external independent members.

Administration invited expressions of interest for suitably qualified persons to nominate for the external independent member positions on the City's website and social media. Advertisements were also placed in the City's local papers.

Nominees were requested to provide a current resume and/or a covering letter to demonstrate their knowledge and experience of:

- business or financial management/reporting;
- risk management systems and procedures;
- internal business controls; and
- legislative compliance programs.

A total of ten submissions were received, with one subsequent withdrawal. At the 15 February 2022 meeting of the Audit Committee, following a discussion of the merits of various nominees and the relevance of the skills and attributes of each, it was resolved to recommend two nominees as the new external members.

The resumes of the nominees are at **Confidential Attachments 1 and 2.** The calibre of the nominees is strong, having relevant and diverse expertise and an interest in Internal Audit and Strategic ICT management. Administration believes that the nominees will contribute positively to the effectiveness of the Audit Committee.

The Audit Committee meetings are held approximately every two months, or more regularly as required. The proposed meeting dates for 2022 will be presented to the Audit Committee meeting on 16 March 2022 for approval.

### CONSULTATION/ADVERTISING:

Nil.

Item 12.1 Page 287

### LEGAL/POLICY:

Division 7.1A of the *Local Government Act 1995* sets out the requirement for Local Governments to establish an Audit Committee and sets out a range of requirements applicable to Audit Committees. Importantly, an Audit Committee must have at least 3 members, and the majority of members are to be Council Members.

The Local Government (Audit) Regulations 1996 further prescribe the functions of an Audit Committee.

The Audit Committee Terms of Reference sets out in detail how the City's Audit Committee will function.

### **RISK MANAGEMENT IMPLICATIONS:**

Low: The Audit Committee plays a key role in addressing the City's corporate risks and ensuring legislative compliance. Therefore the selection of appropriately skilled and qualified members of the Audit Committee is important in addressing organisational risk and ensuring good corporate governance.

### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

### **Innovative and Accountable**

We are open and accountable to an engaged community.

Our community is aware of what we are doing and how we are meeting our goals.

### SUSTAINABILITY IMPLICATIONS:

This does not contribute to any environmental sustainability outcomes. This activity is environmentally neutral.

### **PUBLIC HEALTH IMPLICATIONS:**

This does not contribute to any public health outcomes in the City's Public Health Plan 2020-2025.

### FINANCIAL/BUDGET IMPLICATIONS:

Nil.

Item 12.1 Page 288

#### 12.2 MINUTES AND MOTIONS FROM THE ANNUAL MEETING OF ELECTORS HELD ON 2 **FEBRUARY 2022**

## Attachments:

1. Minutes - Annual Meeting of Electors on 2 February 2022

#### **RECOMMENDATION:**

#### That Council:

- RECEIVES the Minutes of the Annual Meeting of Electors (AME) held on Wednesday 1. 2 February 2022, included at Attachment 1; and
- 2. NOTES that due to the short turnaround, responses to the General Business motions carried at the Annual Meeting of Electors will be presented to the Ordinary Council meeting to be held 5 April 2022.

#### **PURPOSE OF REPORT:**

To receive the minutes of the City's Annual Meeting of Electors (AME) and to note the motions carried.

#### **BACKGROUND:**

The Annual Meeting of Electors was held at the North Perth Town Hall on Wednesday 2 February 2022 at 6:00pm. There were 22 electors present, as well as eight Council Members (one electronically) and six City employees. Eleven electors raised 16 general business motions, 15 of which were carried at the meeting. One motion was not moved as an earlier carried motion was of a similar intent.

#### **DETAILS:**

Other than the motion carried to receive the Annual Report 2020/2021, the following motions were carried at the meeting:

#### Motion 1

- 1. That the City urgently complete an assessment of the condition of the footpaths in the district to determine locations where they are in poor condition and unsafe for people of all ages and abilities to walk, run and ride on. This includes footpaths that are cracked, where there is vertical and physical displacement, unsafe kerb ramps, particularly where he ramps meet the road surface, etc.
- 2. This assessment to include identification of locations that have previously been brought to the attention of the City by residents, additional request to residents to provide examples of unsafe and damaged footpath to the City, and pro-active inspection by City Officers.
- 3. That the City prepare a schedule to repair these footpaths based on user numbers and type, and proximity to schools, shops, parks and community facilities.
- 4. That the City determine an innovative solution to the common situation where footpaths adjacent to building sites are covered in debris, or damaged for the months or years it takes for the demolition and construction process to occur. This solution to recognise that footpaths are a vital component of transport infrastructure for people of all ages and abilities to walk, ride bikes and scooters, and use wheelchairs and mobility devices on.
- That the City proactively and regularly ensure that street trees and vegetation from private properties 5. do not encroach on footpaths in any way. This should include regular visual inspection from City officers and be based on reports made by residents and previous instances where obstruction of vegetation has been a problem.
- 6. That on a daily basis, the City proactively monitor the streets of the district to take action in instances where people have illegally parked their vehicle so as to obstruct people from using a footpath. This should include a roster to visit locations where breaches have recently occurred or been reported.

7. That the City introduce a system that embraces current technology, to make it easier for people to report instances of illegal parking. For example, using social media, snap send solve, etc. The current process of having to contact the City to report instances of illegal parking by telephone is outdated, and can be impractical or overly time consuming, for example, after hours reports.

#### Motion 2

- 1. That the City recognises that the current approach to selecting species to plant as street trees is not yielding acceptable outcomes as too may exotic tree species are selected and planted.
- 2. That the City acknowledge that compared to the common exotic species used, native tree species provide more food for native bird species including the endangered Carnaby's black cockatoo.
- 3. That the City acknowledge that most Australian native tree species are beautiful and have stunning displays of flowers.
- 4. That the City acknowledge that the UV index in Perth is only below the level of 3 in June. For all other days, the UV index reaches a level where it is recommended sun protection is applied.
- 5. That the City recognises that native tree species provide more year round shade than exotic species. Not only is this important for the safety and convenience of users it will reduce the urban heat island effect.
- 6. That the City acknowledge that the claimed benefit that exotic tree species provide "light penetration and warmth during the winter months" has minimal impact given that during winter there is often cloud cover and in any case, any benefit would only affect dwellings on the south side of east-west oriented streets.
- 7. That the City acknowledge that Jacaranda trees lose their leaves in late winter and do not regain them until December. As such, any benefit from light penetration and warmth is not relevant.
- 8. That the City acknowledge that deciduous trees planted in town centres result in grey, dull and bleak streetscapes during the winter months when they are without leaves. And that the all year round vegetation and winter flowering of many native tree species brings colour and vitality to streets during this time of the year.
- 9. That the City move away from the use of the street tree selection tool. In its place, that it develop a plan in consultation with residents, to identify suitable street trees for each street in the district. This is similar to the best practice approach in other local governments in Perth.
- 10. If the City does not agree with this proposal, that the street tree selection tool be available for public inspection so that the inputs and assumptions in the model can be viewed.
- 11. That the City have a goal of at least 75% of street trees planted from this year onwards will be Australian native tree species.

#### Motion 3

- That the City acknowledge that for residents to provide accurate, valuable and considered feedback to the City on an initiative or project, that the information they are provided by the City if comprehensive and accurate.
- 2. That the City acknowledge that any surveys used to gather feedback from residents are structured so that they are unbiased and that the answers provided cannot be misconstrued.
- 3. That the City acknowledge that the assessment and analysis of community feedback should be carried out by officers in a fair and impartial manner, and accurately represent the views expressed by those providing feedback.
- 4. That the City acknowledge that the feedback from resident consultation is an essential component in the decision-making process and is essential to good governance.

5. To ensure that residents have faith in the integrity of the consultation process, it is requested that the process used by the City to seek and analyse feedback from the community is assessed by a suitably qualified independent and impartial organisation. This could be the Ombudsman or the Office of the Auditor General.

#### Motion 4:

That Council install signage on Colvin Lane at the Strathcona Street end and another halfway up the Lane asking people to observe the 8kmh speed limit.

#### Motion 5:

That Council trim the trees in Carr Street, so that they are not close to power lines and branches, roots and foliage do not pose a hazard to pedestrians.

#### Motion 6:

- 1. That Council extend the reconstituted limestone wall and fencing on the North side of Beatty Park Reserve towards Charles Street and connect it to the existing garden wall structure.
- 2. Affected residents should be involved in the preliminary planning and discussions to extend the wall and fencing.

#### Motion 7:

As part of the engagement strategy can members of middle management and Executive be made to assess how they can better engage with ratepayers and residents?

#### Motion 8:

That Council respect the views of the people they represent and ensure that they act independently and responsibly when voting on council matters.

#### Motion 9:

- 1. That Beatty Park Reserve be reclassified from District Open Space to Neighbourhood Open Space.
- 2. That sporting teams are stopped from using Beatty Park Reserve and return the park to community use.
- 3. That a plan is developed for Beatty Park based on recreational zoning.

#### Motion 10:

1. That the electors note, that in response to a motion passed at last year's Annual General Meeting of Electors which requested that the City improve the promotion of the AGM, the administration stated:

The City is committed to engaging the community in its decision making and providing a real opportunity for all members of the community to be heard. Administration and will endeavour to improve the promotion of the AGM in 2022 and will consider how newspaper notices, social media and website notices can be improved.

- 2. That the electors note the ways in which the City has promoted this year's AGM in particular:
  - 1.1 the fact that the advertisement in the 22 January edition of The Perth Voice was at the bottom of the page on the inside back cover; and
  - 1.2 the initial Public Notice and Facebook post simply stated that the purpose of the AGM is to receive the Annual Report and made no mention of the ability to speak or move motions.
- 3. Expresses deep disappointment at the administration's continued failure to adequately promote the opportunity that the AGM provides to the community to move motions and participate.

4. Requests that the council consider the failure to adequately promote the AGM when undertaking the next CEO performance review.

#### Motion 11:

That electors:

- 1. NOTE that:
  - 1.1 prior to December 2017 the City's Code of Conduct had a requirement that Council Members should respond to all enquiries as soon as practicable, but in any case, within 48 hours of receiving a telephone call, and within 5 days of receiving a written enquiry;
  - 1.2 at the council meeting of 12 December 2017 the council voted unanimously for a revised Code of Conduct that no longer contained this requirement;
  - 1.3 the change to the Code of Conduct was made without any public consultation;
  - 1.4 the report that went to council did not indicate that the requirement was to be removed either through the use of tracked changes or by mention within the report, and in fact said there was "little change to the substance and effect of the code"; and
  - 1.5 the report to council stated that there had been several rounds of internal consultation and that all Council Members had an opportunity to provide feedback on the revised Code prior to it being adopted.
- 2. REQUEST that the City's Code of Conduct be reviewed and amended, and that the previous requirements for Council Members to respond to enquiries from members of the community be reinstated.

#### Motion 12:

- 1. That the community believes that:
  - 1.1 local government does not function well when there are cliques or factions on councils, or if there are perceptions of factions or cliques existing on council; and
  - 1.2 the Mayor should not encourage the formation of cliques or factions, and should actively act to stop the formation of these.
- 2. That the community requests that the Code of Conduct be amended to make it clear that the mayor has a special leadership role and should not use their position to encourage electors to vote for or against any particular candidates at local government elections.

#### Motion 13:

That the Hyde Park kiosk agreement be set aside and a proper independent survey be conducted.

#### Motion 14:

That Council investigate the adequacy of street lighting in Florence Street, West Perth for traffic and pedestrian safety.

It is well researched that well-lit streets can:

- improve surveillance and increase risk of offenders being detected.
- assist to help people feel safer with well illuminated streets, this can further assist with deterrence of crimes through ease of surveillance.

#### Motion 15:

#### That Council:

- 1. At the very least, say every second year (perhaps on a rotational location basis to minimise budget impact) place a greater focus on the non- power line side of the street verge trees proper maintenance, including at a minimum, removal of all dead branches and all overhanging branches from both the power lines and all branches extending over the footpath and into the private properties. This would also provide an improved streetscape look for those verge trees too, which are sadly very neglected looking.
- 2. Clarify the insurance claim position of homeowners, for any damage caused by verge trees, including power reconnection costs (electricians and other trade costs + Western Power charges);
- 3. I understand from discussions with Western Power that they also feel very frustrated with councils that neglect to remove branches that overhang or encroach within two metres of any powerlines.

Council provides at least annual updates on the status of the underground power installation program for the whole of the COV location. Clearly this would (if commenced) go a long way to solving the issues I have raised above that are of concern to many private property owners.

#### CONSULTATION/ADVERTISING:

Nil.

#### LEGAL/POLICY:

The AME of the City of Vincent was held in accordance with section 5.27 of the *Local Government Act 1995* (the Act). Section 5.33(1) of the Act requires that all decisions made at an Electors' Meeting are to be considered at the next practicable Ordinary Meeting of Council, which is the 5 April 2022 meeting.

Council must consider the motions from the AME but is not obliged to make a decision on all or any of those Motions. If Council chooses to make a decision in response to an AME Motion then reasons for that decision need to be recorded in the Minutes of the Council Meeting.

#### **RISK MANAGEMENT IMPLICATIONS:**

Low: It is low risk for Council to consider decisions made at the AME in accordance with section 5.33 of the *Local Government Act 1995*.

#### **STRATEGIC IMPLICATIONS:**

This is in keeping with the City's Strategic Community Plan 2018-2028:

#### Innovative and Accountable

We are open and accountable to an engaged community

Our community is satisfied with the service we provide

Our community is aware of what we are doing and how we are meeting our goals

#### SUSTAINABILITY IMPLICATIONS:

This does not contribute to any specific sustainability outcomes of the *City's Sustainable Environment Strategy 2019-2024*. Any implications will be addressed in the responses to the carried motions.

#### **PUBLIC HEALTH IMPLICATIONS:**

This item does not align with any of the priority health outcomes of the City's Public Health Plan 2020-2025.

### FINANCIAL/BUDGET IMPLICATIONS:

Nil.

#### 12.3 LOCAL GOVERNMENT STATUTORY COMPLIANCE AUDIT RETURN 2021

Attachments: 1. Compliance Audit Return 2021 <u>J.</u>

#### **RECOMMENDATION:**

#### That Council:

- 1. NOTES that the City of Vincent's Compliance Audit Return for the period 1 January 2021 to 31 December 2021 was reviewed by the Audit Committee at its 15 February 2022 Meeting;
- 2. ADOPTS the Compliance Audit Return for the period 1 January 2021 to 31 December 2021, at Attachment 1, noting one area of non-compliance reported; and
- 3. AUTHORISES the Compliance Audit Return in Recommendation 1. above to be certified by the Mayor and Chief Executive Officer in accordance with Regulation 15 of the Local Government (Audit) Regulations 1996.

#### **PURPOSE OF REPORT:**

To adopt the City's Compliance Audit Return (CAR) for 2021.

#### **BACKGROUND:**

Section 7.13(1)(i) of the *Local Government Act 1995* (Act) requires local governments to undertake an audit of compliance "in the prescribed manner and in a form approved by the Minister". In accordance with section 7.13(1)(i) of the Act, the Department of Local Government, Sport and Cultural Industries (DLGSC) requires that all local governments complete a CAR by 31 March 2022.

In accordance with Regulation 14(3a) of the *Local Government (Audit) Regulations 1996*, the Audit Committee reviewed the CAR at its meeting held on 15 February 2022 and resolved to recommend to Council that it adopts the CAR, noting the one area of non-compliance reported.

#### **DETAILS:**

The 2021 CAR contains the following compliance categories:

- Commercial enterprises by Local Governments;
- Delegation of power/duty;
- Disclosure of interest;
- Disposal of property;
- Elections:
- Finance;
- Integrated planning and reporting;
- Local Government employees;
- Official conduct:
- · Tenders for providing goods and services; and
- Optional Questions.

Administration has identified one area of non-compliance, as detailed below:

#### 1. Optional Question 8

Section 6.4(3) of the Act requires local governments to submit to its auditor, by 30 September, the balanced accounts and annual financial report for the preceding financial year.

The portal, used by the Office of the Auditor General (OAG) experienced technical issues and Administration was unable to submit the reports by 30 September 2021.

The OAG agreed to receive the reports within 48 hours, and these were submitted once technical issues had been resolved.

#### **CONSULTATION/ADVERTISING:**

Not applicable.

#### LEGAL/POLICY:

Regulation 14 of the *Local Government (Audit) Regulations 1996* requires that the Audit Committee reviews the completed CAR and reports the results to Council. Following Council's adoption of the CAR, the CAR must be submitted to the Department by 31 March 2022. To achieve this timeframe, it is proposed to table the CAR at the Council Meeting on Tuesday 8 March 2022.

#### **RISK MANAGEMENT IMPLICATIONS**

Low: Review of the CAR by the Audit Committee satisfies the legislative requirements and assists the City in identifying areas for improvement in terms of internal controls and legislative compliance.

#### STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

#### Innovative and Accountable

We are open and accountable to an engaged community.

#### SUSTAINABILITY IMPLICATIONS:

This does not contribute to any environmental sustainability outcomes.

#### **PUBLIC HEALTH IMPLICATIONS:**

This does not contribute to any public health outcomes in the City's Public Health Plan 2020-2025.

#### FINANCIAL/BUDGET IMPLICATIONS:

Nil.

#### **COMMENTS:**

Regulation 19 of the *Local Government (Administration) Regulations 1996* requires all persons exercising a delegated power or duty under the Act to keep, on all occasions, a written record containing the following information:

- how the person exercised the power or discharged the duty;
- when the person exercised the power or discharged the duty; and
- the persons or classes of persons, other than council or committee members or employees of the local government, directly affected by the exercise of the power or the discharge of the duty.

In order to provide a considered response to question 13 – delegation of power/duty, Administration has undertaken sample audit testing of the following delegations:

- Exercise of delegation 2.2.21 Amendment of a rate record; and
- Exercise of delegation 2.4.10 Infringement Notices authority to review, amend and withdraw

The outcome of sample testing identified that the exercise of the delegation was, on each occasion, appropriately documented and in accordance with the Act.

#### **Vincent - Compliance Audit Return 2021**

#### **Certified Copy of Return**

Please submit a signed copy to the Director General of the Department of Local Government, Sport and Cultural Industries together with a copy of the relevant minutes.

#### 12.4 REPORT AND MINUTES OF THE AUDIT COMMITTEE MEETING HELD ON 15 FEBRUARY 2022

#### Attachments:

- 1. Audit Committee Minutes 15 February 2022 U
- 2. Confidential Items for Audit Committee Confidential
- 3. Addendum to Item 5.4 OAG Computing Controls Audit 2020/2021 Confidential
- 4. Addendum to Item 5.5 OAG report into Cyber Security in Local Government Confidential

#### **RECOMMENDATION:**

#### **That Council:**

- 1. RECEIVES the minutes of the Audit Committee Meeting of 15 February 2022, as at Attachment 1, and NOTES the recommendations;
- 2. ADOPTS the Local Government Statutory Compliance Audit Return for the period 1 January 2021 to 31 December 2021 noting the one area of non-compliance and explanation for this non-compliance.

#### **PURPOSE OF REPORT:**

To report to Council the proceedings of the Audit Committee at its meeting held on 15 February 2022 in accordance with clause 2.21(1) of the City's Meeting Procedures Local Law 2008.

#### BACKGROUND:

The City's Audit Committee is a statutory committee of Council, established in accordance with section 7.1A of the *Local Government Act 1995*. The role of the Audit Committee is to provide independent advice and assurance to Council over the City's risk management, internal controls, legislative compliance and financial management.

The Audit Committee meets approximately every two months and comprises of up to three external independent members (one of which is the Audit Committee Chair) and four Elected Members.

#### **DETAILS:**

At its meeting on 10 December 2021 the Audit Committee agenda included the following items:

- 5.1 Election of Chairperson and Deputy Chairperson of the City of Vincent Audit Committee
- 5.2 Audited Financial Statements and Management Letters for year ended 30 June 2021
- 5.3 Risk Management Practices in Contract Management and Procurement
- 5.4 OAG Computing Controls Audit 2020/2021
- 5.5 Review: OAG report into Cyber Security in Local Government
- 5.7 Small Maintenance Works Contract
- 5.6 Fraud and Corruption Prevention Plan Annual Review
- 5.8 Further Risk Assessment (non-structural risks) on Ageing Infrastructure
- 5.9 Review of the City's Audit Log 113
- 5.10 Audit Committee Meeting Dates 2022 22
- 5.11 Appointment of Independent Members to the City of Vincent Audit Committee

The Audit Committee considered two agenda items as follows:

#### 5.1 Election of Chairperson and Deputy Chairperson of the City of Vincent Audit Committee

Only one nomination was received for Chairperson. Mr Conley Manifis was therefore elected as Chairperson for the ensuing year.

Only one nomination was received for Deputy Chairperson. Cr Ross Ioppolo was therefore elected as Deputy Chairperson for the ensuing year.

#### 5.2 Audited Financial Statements and Management Letters for year ended 30 June 2021

The auditors have completed the Audit of the City's accounts and Annual Financial Statements for the year ending 30 June 2021, in accordance with the terms of their appointment and the requirements of Part 7 Division 3 of the Act. OAG has submitted their audit opinion, management letters (Financial Audit and Information System audit) and Exit Brief, which are shown as attachments in **Attachments 1 to 4**.

Representatives from the OAG attended the Audit Committee Meeting to present the Audited Financial Statements, management letters (Financial Audit and Information System audit) and Exit Brief. In accordance with section 7.12A (2) of the Act, representatives of the OAG must also attend the 14 December 2021 Council Meeting, as this duty has not been delegated to the Audit Committee.

The Audit Committee received the Management Letters, Exit Brief, Financial Statements and Audit Opinion, and recommended to Council the adoption of the Audited Annual Financial Statements for the year ended 20 June 2021.

Due to a lack of quorum, the 10 December 2021 meeting was closed and the following items were deferred:

- 5.3 Risk Management Practices in Contract Management and Procurement
- 5.4 OAG Computing Controls Audit 2020/2021
- 5.5 Review: OAG report into Cyber Security in Local Government
- 5.7 Small Maintenance Works Contract
- 5.6 Fraud and Corruption Prevention Plan Annual Review
- 5.8 Further Risk Assessment (non-structural risks) on Ageing Infrastructure
- 5.9 Review of the City's Audit Log
- 5.10 Audit Committee Meeting Dates 2022
- 5.11 Appointment of Independent Members to the City of Vincent Audit Committee

These items, as well as an additional item 5.12 Local Government Statutory Compliance Audit Return 2021, were considered at the 15 February 2022 Audit Committee Meeting:

#### 5.3 Risk Management Practices in Contract Management and Procurement

The Audit Committee noted the information in the report, and that an updated report will be provided to the March meeting.

#### 5.4 OAG Computing Controls Audit 2020/2021

The report was noted, and it was noted that an addendum with further information would be provided. This addendum is **Attachment 3.** 

#### 5.5 Review: OAG report into Cyber Security in Local Government

The report was noted, and it was noted that an addendum with further information would be provided. This addendum is **Attachment 4.** 

#### 5.6 Fraud and Corruption Prevention Plan - Annual Review

The proposed actions and amendments to the Fraud and Corruption Prevention Plan were recommended to Council. It was noted that the modified internal audit program is currently being procured, and a report will be presented to the May 2022 Audit Committee Meeting.

#### 5.7 Small Maintenance Works Contract

This report was deferred to the 16 March 2022 meeting, to allow the Procurement Plan to be presented.

#### 5.8 Further Risk Assessment (non-structural risks) on Ageing Infrastructure

This report was deferred to the 16 March 2022 meeting.

#### 5.9 Review of the City's Audit Log

This report was deferred to the 16 March 2022 meeting.

#### 5.10 Audit Committee Meeting Dates 2022

It was resolved to hold the next Audit Committee Meeting on Wednesday, 16 March 2022 at 4pm. A meeting schedule for 2022 will be presented to that meeting.

#### 5.11 Appointment of Independent Members to the City of Vincent Audit Committee

It was decided to recommend appointment of two Independent External Members to the Audit Committee. The Committee expressed thanks to the previous members of the Audit Committee for their valuable contributions.

#### 5.12 Local Government Statutory Compliance Audit Return 2021

The Compliance Audit Return 2021 was recommended to Council, noting that there was one item of non-compliance, and the reason for that non-compliance.

#### **CONSULTATION/ADVERTISING:**

Nil.

#### LEGAL/POLICY:

Clause 2.21 of the City's Meeting Procedures Local Law 2008 states that the report and minutes of a Committee meeting are to be provided to Council.

The Audit Committee Terms of Reference govern the functions, powers and membership of the Audit Committee.

#### **RISK MANAGEMENT IMPLICATIONS:**

Low: It is low risk

It is low risk for Council to consider the report and minutes of the Audit Committee meeting on 10 December 2021.

#### **STRATEGIC IMPLICATIONS:**

This is in keeping with the City's Strategic Community Plan 2018-2028:

#### Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

We are open and accountable to an engaged community.

#### SUSTAINABILITY IMPLICATIONS:

This does not contribute to any environmental sustainability outcomes. This action/activity is environmentally neutral.

#### **PUBLIC HEALTH IMPLICATIONS:**

There are no implications to the priority health outcomes of the City's Public Health Plan 2020-2025.

#### FINANCIAL/BUDGET IMPLICATIONS:

Nil.

Department of Local Government, Sport and Cultural Industries - Compliance Audit Return

Finar	ice				
No	Reference	Question	Response	Comments	Respondent
1	s7.1A	Has the local government established an audit committee and appointed members by absolute majority in accordance with section 7.1A of the Act?	Yes	At the Ordinary Meeting of Council held 16 November 2021 Council appointed its Audit Committee members by absolute majority in accordance with section 7.1A of the Act.	Executive Director, Community & Business Services
2	s7.1B	Where the council delegated to its audit committee any powers or duties under Part 7 of the Act, did it do so by absolute majority?	N/A	No powers have been delegated to the Audit Committee.	Executive Director, Community & Business Services
3	s7.9(1)	Was the auditor's report for the financial year ended 30 June 2021 received by the local government by 31 December 2021?	Yes	Received at the Ordinary Council Meeting held 14 December 2021.	
4	s7.12A(3)	Where the local government determined that matters raised in the auditor's report prepared under s7.9 (1) of the Act required action to be taken, did the local government ensure that appropriate action was undertaken in respect of those matters?	Yes	All audit queries have appropriate action items and are monitored and tracked at each Audit Committee	Executive Director, Community & Business Services
5	s7.12A(4)(a) & (4) (b)	Where matters identified as significant were reported in the auditor's report, did the local government prepare a report that stated what action the local government had taken or intended to take with respect to each of those matters? Was a copy of the report given to the Minister within three months of the audit report being received by the local government?	Yes	The Minister received a letter from the City on 8 March 2021, which was within 3 months of the audit. In response, the Department advised that the correspondence was an insufficient response. However, the Department noted that the City's 2019/20 audit report referred to the City's management of the same significant matter (Asset Sustainability Ratio) and stated that this would satisfy the requirements of the Act.	Community & Business Services
6	s7.12A(5)	Within 14 days after the local government gave a report to the Minister under s7.12A(4)(b), did the CEO publish a copy of the report on the local government's official website?	Yes	A copy of the report was published on the City's website on 1 February 2022.	Executive Manager Financia Services
7	Audit Reg 10(1)	Was the auditor's report for the financial year ending 30 June received by the local government within 30 days of completion of the audit?	Yes	Received at the Ordinary Council Meeting held 14 December 2021.

# 5.10 AUDIT COMMITTEE MEETING DATES 2022

Attachments: 1. Proposed Audit Committee Dates 2022 <u>U</u>

**RECOMMENDATION:** 

That the Audit Committee ADOPTS the meeting schedule for 2022 as follows:

Date	Time
Tuesday 1 March	1.00pm
Tuesday 3 May	1.00pm
Tuesday 28 June	1.00pm
Tuesday 2 August	1.00pm
Tuesday 1 November	1.00pm
Tuesday 29 November	1.00pm

At 4:48 pm, Mr Conley Manifis left the meeting, during the discussion of Item 5.10.

# **COMMITTEE DECISION ITEM 5.10**

Moved: Cr Gontaszewski, Seconded: Cr loppolo

That the Audit Committee RESOLVES to next meet on Wednesday, 16 March 2022 at 4pm, and NOTES that a meeting schedule for 2022 will be presented to that meeting.

CARRIED (4-0)

For: Cr Wallace, Cr Gontaszewski, Cr Alexander and Cr Ioppolo

Against: Nil

(Mr Manifis was absent from the meeting and did not vote.)

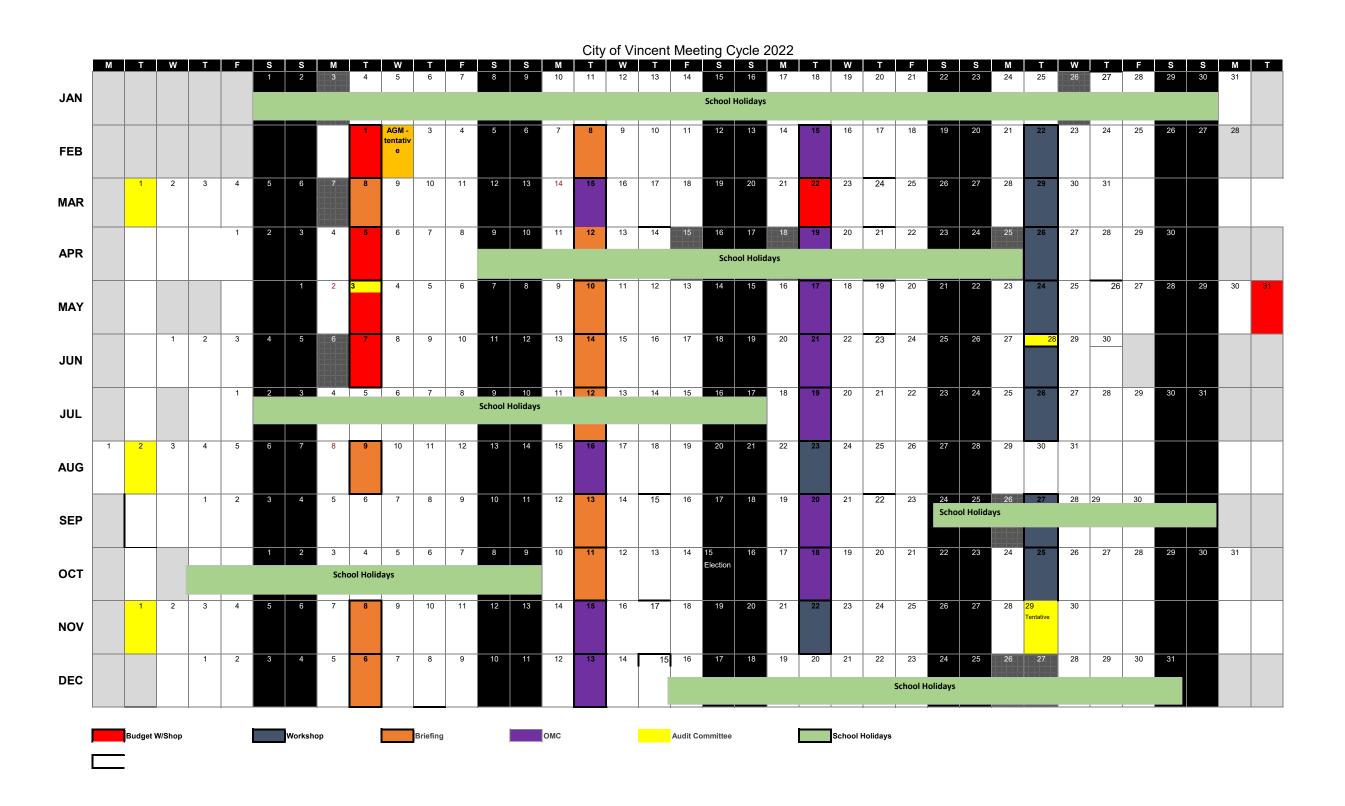

# The Committee's Reason for Varying Administration's Recommendation

Supported by Administration. To provide the opportunity for a new schedule to be prepared based on the premise of Tuesday meetings at 4pm, otherwise Wednesday 4pm to avoid conflict with Council Workshops, Briefings and meetings.

Page 22

ORDINARY COUNCIL MEETING AGENDA 8 MARCH 2022

# 5.3 RISK MANAGEMENT PRACTICES IN CONTRACT MANAGEMENT AND PROCUREMENT

Attachments: 1. Risk Management Practices in Contract Management and Procurement 🗓 🖺

## **RECOMMENDATION:**

That the Audit Committee NOTES the information provided in the attached report.

# **COMMITTEE DECISION ITEM 5.3**

Moved: Cr Gontaszewski, Seconded: Cr Wallace

That the Audit Committee NOTES the information provided in the attached report and that an updated report will be provided to the March 2022 Audit Committee meeting.

CARRIED (4-0)

For: Cr Wallace, Cr Gontaszewski, Cr Alexander and Cr Ioppolo

Against: Nil

(Mr Manifis was absent from the meeting and did not vote.)

The Committee's Reason for Varying Administration's Recommendation

Supported by Administration.

Page 25

# **AUDIT COMMITTEE**

# PROCUREMENT AND CONTRACT MANAGEMENT REPORT

# 1. PURPOSE

To report to the Audit Committee on risk management practices in contract management and procurement.

# 2. BACKGROUND

Council has set the following KPI for the Chief Executive Officer for FY22.

#### CFO KPI 10:

Ensure effective risk management practices overseen by the Audit Committee and Council, including improvements in management of ICT risks, contract management and procurement.

## Measure of achievement agreed with the Executive Director, Community and Business Services:

The Procurement and Contracts Team will provide a quarterly report to the Audit Committee describing improvements to the management of contracts and procurement. This will be measured by the following:

- 1. % of staff trained in procurement and % of staff responsible for contract management trained in contract management.
- 2. No. of suppliers with a spend over \$50,000 added to the Contract Register.
- 3. Results of quarterly compliance testing of procurement thresholds and contract management.
- 4. Improvements in processes.

# 3. STAFF TRAINING

Module	Target	% Trained	Tracking
	(30 June 2022)		
Procurement Induction	100% of all staff	87%	
(compulsory for all staff)	(n=200)		
Procurement Essentials	50% of all staff	9%	
(staff with purchasing duties to be	with purchasing		
trained)	duties		
	(n=100)		
Contract Management	100% of all staff	100%	
(compulsory for all staff with contract	with contract		
management duties)	management		
	duties		
	(n=28)		

# • Procurement

- Approx. 200 staff have been identified as having purchasing duties.

Audit Committee Report – CEO KPI 10

Item 5.3- Attachment 1 Page 26

**15 FEBRUARY 2022** 

- The first Procurement Essentials Training occurred on 21 October 2021. 9 staff attended the training.
- The next Procurement Essentials Training is scheduled for 27 May 2022.
- Contract Management
  - 28 staff have been identified as Contract Managers. 100% of these identified staff have attended a Contract Management Training session.
  - The next Contract Management Training session is scheduled for 26 November 2021.

#### Actions:

- The Procurement Induction Module for staff has been updated to include essential information on the Contract Management Framework and will be released to all staff next month.
   Completion of the module is compulsory for all staff.
- Further promotion of the Procurement Essentials Training will occur through the Vintranet and all staff emails to encourage staff to attend the training.

# 4. CONTRACT MANAGEMENT REGISTER

The Contract Management Framework requires all procurements with a total value over \$50,000 excluding GST, or if the services being provided have a medium to high level of risk, to be managed under a contract. Procurements with a total value of \$50,000 excluding GST and under, and have a low level of risk, can be managed through a general requisition process and Purchase Orders.

# 2020-21 Financial Year Internal Audit - Contract Management Register

In July/August 2021 the Procurement and Contracts Team conducted an audit at the end of the 2020-21 financial year on the following:

- number of vendors with a spend of over \$50,000; and
- the number of these vendors with a contract in place; and
- the number of contracts in the contract register.

This was the first time this audit had occurred. Another audit will be conducted at the end of the 2021-22 financial year to determine compliance and the effectiveness of the Contract Management Framework and to identify any improvements.

# Spend analysis with vendors over \$50,000 ex GST for FY21

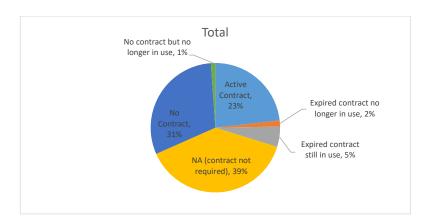

- 110 vendors with a spend of over \$50,000
- Total spend of the 110 vendors was approximately \$38,431,601 (Note: the reporting period in the financial system reports on payment dates, not invoice dates)
- 59 vendors had no contract in place
- 19 vendors had a contract in place and were recorded in the contracts register
- 17 vendors do not require a contract (e.g. Government charges, water fees, purchase of vehicles, super, payroll deduction)
- 15 vendors had expired contracts and were either no longer in use or still being used

Audit Committee Report – CEO KPI 10

Item 5.3- Attachment 1 Page 27

Contract status and breakdown is represented in the chart below:

# October 2021 status for vendors with no contract

Out of the 59 vendors that had no contract in place at 30 June 2021, the following has been achieved:

- 28 vendors (49%) have had contracts executed and recorded in the contracts register
- 31 vendors (51%) have no contracts in place, but are in progress

# Contracts Register status at 12 November 2021

There are currently 133 records in the contracts register consisting of the following:

- 63 (47%) active contracts with contract documents in place
- 52 (39%) completed and expired contracts
- 18 (14%) contracts in the pre-award stage (i.e. tender currently open)

# Actions:

- Another audit will be conducted at the end of the 2021-22 financial year.
- Monthly data will be produced recording the number of new contracts added to the register.

Audit Committee Report – CEO KPI 10

Item 5.3- Attachment 1 Page 28

# 5. QUARTERLY COMPLIANCE TESTING

The Procurement and Contracts Team will undertake quarterly compliance testing from January 2022. The audit approach is being finalised and will receive approval from the Executive Director by 31 December 2021.

## **Procurement Framework - Compliance Testing**

Procurement Threshold	Compliance testing comments
\$201 - \$5,000	OAG audit in 2020 found 4 sample tests with the incorrect number
	of quotes and no documentation recorded
\$5,001 - \$20,000	Procurement and Contracts Team does not have to be consulted for
	this threshold
\$20,001 - \$50,000	Procurement and Contracts Team does not have to be consulted for
	this threshold

## Contract Management Framework - Compliance Testing

Sample testing will consider if the:

- Contract Management Toolkit is being utilised and updated to manage the contract performance
- Expenditure is being recorded appropriately and correctly under each contract

## Actions:

- Completed audit plan approach for conducting procurement and contracts management audits approved by 31 December 2021.
- Undertake quarterly audits in compliance with the audit plan.

## 6. PROCESS IMPROVEMENT

# Conflict of Interest - Process Improvement

Problem Identified:

A recent OAG audit tested the conflict of interest process for two public tenders. The OAG was unable to verify the conflict of interest position of two tender panel members as the conflict of interest statements had not been appropriately archived. Although no conflict of interest existed it highlighted that the record keeping process for conflict of interest statements was inadequate.

Process Improvement:

The Procurement and Contracts Team have developed a new process of recording and archiving conflict of interest documentation to strengthen controls and mitigating the risk of further occurrences.

Audit Committee Report – CEO KPI 10

Item 5.3- Attachment 1 Page 29

**15 FEBRUARY 2022** 

The process is now in place and includes the following:

- distributing conflict of interest forms to the evaluation panel who will be required to sign and return the form prior to reviewing tender submissions (tenders above \$250,000)
- including a conflict-of-interest statement in the request for quotation (\$50,001 -\$250,000) procurement plan template
- using a procurement checklist listing all key procurement documents that are required to be saved/archived, which will be peer reviewed

# **Strengthening Alignment to Strategic Community Plan Priorities**

The Procurement and Contracts Team are updating all key procurement templates and procedures, to ensure the Purchasing Policy Principles (which are aligned with the SCP Priorities) are being consistently assessed.

The templates and procedure changes are expected to be completed and rolled out by January 2022.

## Procurement and Contracts Team - Tracking of Timeframes & Performance

The Procurement and Contracts Team is developing a process to track and assess its own performance, following feedback from internal customers on turnaround times and communication.

Improved training for City staff, and improved procurement processes, will also assist City staff to comply with procurement requirements and reduce their dependency on the P&C Team.

Audit Committee Report – CEO KPI 10

# 5.4 OAG COMPUTING CONTROLS AUDIT 2020/2021

Attachments: 1. OAG General Computing Controls 2020/2021 - Draft Management Letter <u>1</u>

## **RECOMMENDATION:**

That the Audit Committee recommends to Council that it:

- RECEIVES the Office of the Auditor General's draft Audit findings identified during the information systems audit for the period 1 July 2020 – 30 June 2021, as at Attachment 1; and
- 2. NOTES that the actions arising from the audit findings will be added to the City's Audit Log.

# **COMMITTEE DECISION ITEM 5.4**

Moved: Cr Gontaszewski, Seconded: Cr Wallace

That the Audit Committee recommends to Council that it:

- RECEIVES the Office of the Auditor General's draft Audit findings identified during the information systems audit for the period 1 July 2020 – 30 June 2021, as at Attachment 1; and
- 2. NOTES that the actions arising from the audit findings will be added to the City's Audit Log.
- NOTES that an addendum with updated information will be incorporated with the report to Council.

CARRIED (4-0)

For: Cr Wallace, Cr Gontaszewski, Cr Alexander and Cr Ioppolo

Against: Nil

(Mr Manifis was absent from the meeting and did not vote.)

The Committee's Reason for Varying Administration's Recommendation

Supported by Administration.

Note: Audit Log will be updated for review at the March 2022 Committee meeting.

# **KEY TO RATINGS**

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Page 1 of 25

Item 5.4- Attachment 1 Page 32

# **15 FEBRUARY 2022**

**ATTACHMENT 1** 

# **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021

## FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

Significant - Those findings where there is potentially a significant risk to the entity

should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However even if the issue is not likely to impact the audit opinion, it should be addressed

promptly.

Moderate - Those findings which are of sufficient concern to warrant action being

taken by the entity as soon as practicable.

Minor - Those findings that are not of primary concern but still warrant action being

taken.

# How and when to respond

Please provide a response to this Draft Management Letter by 21/10/2021.

Should you wish to discuss the Draft Management Letter please contact either Khubaib Raza Gondal on 6557 7713 or Paul Tilbrook on 6557 7514.

Item 5.4- Attachment 1 Page 33

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

# **CITY OF VINCENT**

PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

# 1. INFORMATION BACKUP AND RECOVERY

## **Finding**

We found that the City's information backup and recovery process is not fully effective, our testing identified that only 6 out of 37 critical servers are backed up to the cloud and these backups often fail due to network bandwidth issues.

# Rating: *Moderate* Implication

Without an effective backup process there is an increased risk that the City will not be able to appropriately recover their information or IT systems, following an outage.

# Recommendation

The City should enhance its backup management process to ensure all critical servers are part of the backup process. Regular monitoring of all backups should be carried out to verify the process completes successfully.

# **Management Comment:**

The City accepts this finding during the audit period. The City now has upgraded bandwidth capacity and all server backups are copied to an offsite (cloud) location.

Responsible Person: Executive Manager ICT Completion Date: October 2021 (closed)

Item 5.4- Attachment 1 Page 34

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

# **CITY OF VINCENT**

PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

# 2. INFORMATION RISK MANAGEMENT

## **Finding**

We found that the City's information Risk Assessment and Risk Treatment Methodology and Risk Treatment Plan are in draft.

# Rating: *Minor* Implication

Without an effective information risk management process business plans and objectives may fail if risks are not appropriately identified, assessed and treated.

# Recommendation

The City should formalise its Risk Assessment and Risk Treatment Methodology and Risk Treatment Plan.

# **Management Comment:**

The City accepts this finding. Draft documents and procedures will be finalised and implemented into operations.

Responsible Person: Executive Manager ICT Completion Date: February 2022

Item 5.4- Attachment 1 Page 35

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

## **CITY OF VINCENT**

PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

## 3. HUMAN RESOURCE SECURITY - CESSATION PROCESS

We found that the City does not have a fully effective process for employee termination. We found:

- · confirmation of return of IT assets is not part of the termination checklist
- exiting staff are not informed of their responsibilities for information security postemployment.

### Rating: Minor Implication

Without ensuring the employee termination process is appropriately documented and followed, there is an increased risk of unauthorised access to the City's information and systems. The City may not be able to take further action in the event of an information breach. The City may also incur financial loss if relevant assets are not appropriately returned by individuals leaving the organisation.

## Recommendation

The City should review, enhance, and document the staff cessation process. This should include formal acknowledgement of the individual's obligations post-employment and return of IT equipment.

## **Management Comment:**

The City accepts this finding. The termination checklist and process will be updated to confirm return of IT assets and inform existing staff of their responsibilities for information security postemployment.

Responsible Person: Executive Managers HR and ICT Completion Date: November 2021

Item 5.4- Attachment 1 Page 36

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

## **CITY OF VINCENT**

PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### **MATTERS OUTSTANDING FROM PRIOR AUDITS**

#### 4. DATABASE SECURITY

### Update 2021

The City is in the process of upgrading Authority system to address this finding.

### Finding 2020

We performed a high level security test on key business application (Authority) database and found the following:

- The database server is missing software updates since 2012, which have been released by the vendor.
- Data encryption is not used to protect highly sensitive information.
- Database logging and auditing is not in place to monitor and record system changes.
   As a result, any changes made directly in the database are not captured.
- The "PUBLIC" role has default grant privilege on database objects within the Authority database.
- The database has not been securely hardened.

## Rating: Significant

#### Implication

Without appropriate database security controls, the confidentiality, integrity and availability of sensitive information may be compromised.

## Recommendation

The City should review and enhance its database management processes to:

- ensure updates to address known vulnerabilities are applied in a timely manner
- assess the risks around storing sensitive information in plain text
- · review logging and alerting user activities to ensure sensitive data security
- review assigned public roles within the database and remove those not needed
- based on a risk assessment, hardened database security and improve monitoring controls.

# **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. The City's key business has now been upgraded as planned, thereby mitigating the majority of this finding. Review of logging and alerting to be completed.

Responsible Person: Executive Manager ICT

**Completion Date: December 2021** 

Page 6 of 25

Item 5.4- Attachment 1 Page 37

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

## **CITY OF VINCENT**

PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 5. VULNERABILITY MANAGEMENT

#### Update 2021

The finding remains open as scans conducted as part of the audit identified:

- Unique 16 critical severity vulnerabilities which totals 48 across 15 servers
- Unique 56 high severity vulnerabilities which totals 152 across 15 servers These vulnerabilities relate to unsupported windows operating systems and vendor related vulnerabilities (i.e. Windows Server 2008, Oracle Java, Microsoft SQL Server).

We acknowledge that the City has implemented vulnerability management process and are regularly conducting internal and external vulnerability assessments. We reviewed the internal vulnerability assessments completed in June 2021 and September 2021 and found that the majority of the workstations failed the scans due to misconfiguration, therefore not all vulnerabilities were detected.

### Finding 2020

We found that the City has not established adequate policies or procedures around management of vulnerabilities on servers and workstations. Furthermore, the City is not undertaking regular vulnerability assessments on their IT systems. These assessments are required to ensure the effective identification of vulnerabilities and to support the patch management processes.

In addition, vulnerability assessments completed as part of the audit identified 56 critical and 47 high vulnerabilities relating to missing service packs and/or software, which is no longer supported by the vendor.

# Rating: *Moderate* Implication

Without having effective procedures for identifying, assessing and addressing potential vulnerabilities within a timely manner, the system and/or data may not be adequately protected against potential threats. These vulnerabilities could be exploited and may result in unauthorised access to sensitive data or the loss of system operation.

## Recommendation

The City should continue to enhance its vulnerability management process and ensure software updates (patches) to fix known vulnerabilities are evaluated, tested and where appropriate, applied to systems within a timely manner. In addition, error reported in the scan should be reviewed and result to ensure their effectiveness.

# **Management Comment:**

The City accepts that this finding was not completed during the audit period 2020/2021. The City's key business has now been upgraded as planned, thereby mitigating the majority of vulnerabilities reported through this finding. Vulnerability scanning has been commissioned through a new managed services contract – reviewing and testing to be scheduled.

Responsible Person: Executive Manager ICT Completion Date: December 2021

Page 7 of 25

Item 5.4- Attachment 1 Page 38

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

## **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

## 6. SEGREGATION OF DUTIES

## Update 2021

The finding remains open as the City is in the process of upgrading Authority with an expected completion of November 2021.

#### Findina 2020

We found that segregation of duties (SoD) is not enforced within the Authority system. Additionally, the SoD matrix which details specific roles is also not being maintained.

## Rating: Moderate

# Implication

Without SoD appropriately enforced within the system, there is an increased risk that individuals can perform a number of conflicting functions. This may result in an increased number of errors or possibly lead to fraud.

## Recommendation

The City should develop an appropriate SoD matrix for the Authority system. This matrix should be used to ensure that no users are assigned multiple roles that would be considered high risk or conflicting. A formal review process should ensure that no user is assigned any conflicting duties. A formal record of completed reviews should be maintained.

# **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. The City's key business system has now been upgraded as planned, including segregation of duties review. Review to be formally finalised and recorded.

Responsible Person: Executive Managers Finance and ICT Completion Date: December 2021

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

## **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

## 7. CLASSIFICATION OF INFORMATION

### Update 2021

The City is currently developing an Information Classification Procedure.

# Finding 2020

We found that the City does not classify and secure information in terms of legal requirements, value, criticality and sensitivity of the information. A classification policy and guidelines are not in place to label and protect information based on its sensitivity.

# Rating: Moderate

# Implication

Without protecting its information in line with its sensitivity, there is an increased risk that information will be misused. This could result in unauthorised access or disclosure of the City's information.

Additionally, there is a risk that inappropriate levels of security will be applied to protect information that does not require it. This may result in wasted resources and increased costs.

#### Recommendation

The City should continue to improve its information classification process to identify and assess the sensitivity and value of its information assets.

## **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. The City will formalise draft policy and procedures in line with a recently updated Record-Keeping Plan (State Records Office compliance) and current review of its internal record keeping tools.

Responsible Person: Executive Manager ICT Completion Date: March 2022

Item 5.4- Attachment 1 Page 40

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

## **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

## 8. INFORMATION SECURITY POLICY

#### Finding 2021

The finding remains open as the City's information security policy in in draft.

We acknowledge that the City has approved information security program in December 2020 that specifies the development, assessment, authorisation and monitoring of cybersecurity. The City is currently working on related cybersecurity policies and standards.

#### Finding 2020

We found that the City does not have an adequate *Information Security Policy* to cover key areas of information security. The current policy is in draft as the City is in the process of developing it.

# Rating: *Moderate* Implication

Without adequate policies and procedures, there is an increased risk that the City will not achieve its objectives for information security. Additionally, staff may not be aware of management expectations relating to security of information.

## Recommendation

The City should continue to work on the Information security policies to appropriately address all relevant areas of information security. Management should endorse the new policies and notify all employees and relevant stakeholders of updates.

## **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. The City will formalise draft policy and procedures and communication with employees and stakeholders.

Responsible Person: Executive Manager ICT Completion Date: February 2022

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

## **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

## 9. INFORMATION SECURITY TRAINING AND AWARENESS

#### Update 2021

The finding remains open as the City's cyber security training program is in early adoption.

# Finding 2020

We found that the City does not have a formalised induction training and an ongoing awareness program covering information security responsibilities and cyber risks relevant to the City.

We note that the City informs its staff about phishing scams via emails.

# Rating: Moderate

#### Implication

Without a formal induction training and ongoing information security awareness program, there is an increased risk that individuals will not understand security risks relevant to the City and their personal responsibilities. This may result in inappropriate actions, which affect the confidentiality, integrity and availability of information.

#### Recommendation

The City should continue to implement the cyber security training program. The program should be used to help maintain awareness of the information security and cyber risks relevant to the City and ensure individuals are aware of their personal responsibilities for information security.

# **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. The City has commissioned an information security training service for staff.

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 10. NETWORK ACCESS MANAGEMENT

#### Update 2021

We found that City's network user access management process is not fully effective as we identified:

- Two terminated employees with active network account in the system. We note that these accounts were disabled during the audit.
- Ten contractor accounts without an expiry date in the system.
- Three service accounts were created without appropriate approval.
- New user passwords are distributed via email.

In addition, we found that the account review process is not fully effective as it is reliant on accounts having an expiry date. We note that staff accounts do not have an expiry date set hence they are not included in the process. Also the process does not address accounts that have not been used for an extended period of time.

#### Finding 2020

We found the current process to disable and review network access accounts is not operating effectively. We identified 6 active accounts belonging to terminated employees, and 2 have accessed the system after their termination date.

# Rating: *Moderate* Implication

Without effective procedures to review and disable user accounts, there is an increased risk of unauthorised access to the City's IT systems and/or information.

## Recommendation

The City should continue to enhance its network access management process and ensure expiry dates are appropriately updated in the system where appropriate and exiting staff notifications are provided to service desk in a timely manner and actioned appropriately.

In addition, City should enhance its access review process to ensure any accounts that are identified as no longer required or those which have not accessed the system for an agreed period of time should be appropriately disabled

## **Management Comment**

The City accepts these findings. The City has now improved its processes such that: all nonpermanent staff accounts have expiry dates that are reviewed on a monthly basis; expiry dates lead to automatic removal of domain access; service account creation follows change approval process; new user passwords are distributed via secure passphrase URLs with expiry parameters.

Responsible Person: Executive Manager ICT Completion Date: October 2021 (closed)

# **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

## 11. AUTHORITY USER REVIEW PROCESS

#### Update 202

The finding remains open as the City is in the process of upgrading Authority with an expected completion of November 2021.

#### Finding 2020

The City does not have a routine process to review users with access to Authority application.

## Rating: Moderate

# Implication

Without appropriate user access management controls, there is an increased risk of unauthorised access. This may impact the confidentiality, integrity and availability of the City's information.

#### Recommendation

The City should continue to work towards establishing appropriate application user review process

# **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. The City's key business system has now been upgraded as planned, including review of users. Ongoing review process to be finalised.

Responsible Person: Executive Manager ICT Completion Date: December 2021

Page 13 of 25

Item 5.4- Attachment 1 Page 44

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

# **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

## 12. AUTHORITY EVENT MONITORING

#### **Update 2021**

The finding remains open as the City is in the process of upgrading Authority with an expected completion of November 2021.

#### Finding 2020

We found that there are no formalised requirements for pro-active or regular review of event logs generated by key business application (Authority) to identify unauthorised access or malicious activity.

# Rating: Moderate

# Implication

Without effective pro-active monitoring of high-risk events, there is an increased risk that any potential problems, trends or ongoing attempts to compromise systems or data will not be detected.

# Recommendation

The City should continue to work towards establishing appropriate application event monitoring process.

## **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. The City's key business system has now been upgraded as planned. Event monitoring process to be finalised.

Responsible Person: Executive Manager ICT Completion Date: December 2021

Page 14 of 25

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

## **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

## 13. UNAUTHORISED DEVICE CONNECTIVITY

## Finding 2021

The finding remains open as the City is in the process of implementing a solution to restrict unauthorised devices on the network.

#### Finding 2020

We found that the City does not have adequate controls in place to restrict the use of unauthorised devices on their network.

### Rating: Moderate

# Implication

Without appropriate controls in place to restrict the use of unauthorised devices on the network, there is an increased risk that they could be used to attack internal systems.

Additionally, unauthorised devices that connect to the network could result in the spread of malware to the City's network.

## Recommendation

The City should continue to work on the project to implement appropriate controls to prevent and detect the use of any unauthorised IT devices.

# **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. A major network switching infrastructure upgrade project has been in-progress for much of the year. The final of four sites will be completed in November 2021. Certificate-based authentication will then be introduced for devices, mitigating this finding.

Responsible Person: Executive Manager ICT Completion Date: January 2021

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

#### **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 14. INCIDENT AND PROBLEM MANAGEMENT

#### Update 2021

The finding remains open as the City's incident and problem management procedure is in early adoption.

#### Finding 2020

We found that there is no standardised process in place to manage IT related incidents. Furthermore, the City does not have a formal process to outline problem management to appropriately manage IT problems, which occur in its IT environment. In addition, data from incidents is not analysed to identify known errors or problems.

### Rating: Moderate

#### Implication

If IT incidents are not consistently managed, there is an increased risk that the City may not be able to manage or respond to incidents appropriately. Additionally, the City may not be able to evaluate and analyse the trends for continuous improvement and problem management. In addition, without effective IT problem management there is an increased risk that the City will not identify and appropriately address the root cause of reoccurring IT incidents. This may impact IT system and service availability and may potentially affect the City's business operations.

#### Recommendation

The City should continue to work on the incident management processes to ensure all incidents are appropriately and consistently classified. In addition, the City should develop service desk reporting and trend analysis. These reports should be reviewed by the appropriate management so the performance of the incident management process can be monitored.

Additionally, The problem management process should ensure IT problems are appropriately identified and investigated. Once the root cause has been identified, appropriate action should be taken to address the problem and prevent the reoccurrence of incidents.

#### **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. Draft documents and procedures will be finalised and implemented into operations.

The City notes that its managed service desk environment provides a suitable lodgement and coordination point for problem management for an organisation of this size, however accepts that review, trend analysis and prevention can be improved.

Responsible Person: Executive Manager ICT Completion Date: February 2022

Page 16 of 25

Item 5.4- Attachment 1 Page 47

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

#### **CITY OF VINCENT**

PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 15. DISASTER RECOVERY PLAN

#### Update 2021

Finding remains open as the City's disaster recovery plan is in draft.

#### Finding 2020

We found that the City does not have an ICT disaster recovery plan (DRP).

### Rating: Moderate

#### Implication

Without an adequate DRP and appropriate testing, there is an increased risk that key business functions and processes may not be restored in a timely manner after a disruption, affecting the operations of the City.

#### Recommendation

The City should develop and test its DRP to confirm that systems can be recovered in accordance with business expectations and key staff should be familiar with the plan and their specific roles and responsibilities in a disaster situation. The results of testing should be recorded, and the relevant actions taken to improve the plan where necessary.

#### **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. Draft documents and procedures will be finalised and implemented into operations. The City has commissioned services to support a Business Impact Assessment review which will be used to guide sensible recovery objectives into the Disaster Recovery Plan.

Responsible Person: Executive Manager ICT Completion Date: February 2022

Page 17 of 25

Item 5.4- Attachment 1 Page 48

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

#### **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 16. BUSINESS CONTINUITY PLAN - TESTING

#### Update 2021

The City is conducting business impact assessments across the business teams and is working towards defining a business continuity testing schedule.

#### Findina 2020

We found that appropriate tests of the business continuity plan (BCP) have not been undertaken. Due to the lack of testing, the effectiveness of the plans and the City's ability to execute them is unknown.

# Rating: *Moderate* Implication

Without appropriate testing of the BCP there is an increased risk that key business functions and processes may not operate as expected during a major incident. In addition, the key business functions may not be appropriately recover following a major incident. This is likely to impact business operations and the delivery of key services.

#### Recommendation

The City should continue to work on the business impact assessment and create a business continuity test schedule to ensure appropriate tests are regularly conducted to verify the effectiveness of the BCP. These tests should also verify that key staff are familiar with the plans and their specific roles and responsibilities in a disaster situation. The results of these tests should be recorded and the relevant actions taken to improve the plan where necessary.

#### **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. Draft documents and procedures will be finalised and implemented into operations. All server backups are now copied to an offsite data centre service which is also being configured to provide a Disaster Recovery environment for computing systems – this will be tested to mitigate this finding.

Responsible Person: Executive Manager ICT Completion Date: January 2022

#### **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 17. INFORMATION SECURITY INCIDENT MANAGEMENT PLAN

#### **Update 2021**

The finding remains open as the City's incident and problem management procedure is in early adoption.

#### Findina 2020

We found that the City does not have an information security incident management plan.

## Rating: *Moderate* Implication

Without a developed and documented security incident response plan there is an increased risk that the IT department may not be able to respond to IT security incidents in an effective and timely manner.

#### Recommendation

The City should continue its work and establish appropriate information security incident management plan. This plan should include relevant procedures to ensure the effective response and management of all information security related incidents.

#### **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. Draft documents and procedures will be finalised and implemented into operations.

The City notes that it has very comprehensive systems and processes in place to manage cyber incidents triggered by email, endpoint, server and cloud proxy agents. This comes via a managed detection and response service.

Responsible Person: Executive Manager ICT Completion Date: March 2022

#### **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 18. MANAGEMENT OF REMOVABLE MEDIA

#### Update 2021

The finding remains open as the City is working on a project to manage secure data sharing and data loss prevention.

#### Findina 2020

We found that the City does not have appropriate controls to log or restrict the use of removable media devices (e.g. USB).

### Rating: Moderate

### Implication

Without appropriate controls to detect, log and monitor the use of removable media devices, there is an increased risk to the City's information and IT systems. Information copied to removable media devices may be lost, stolen or inappropriately disclosed.

#### Recommendation

The City should assess the risks associated with the use of removable media devices. Where appropriate the following controls should be implemented:

- Preventing the use of any unauthorised removable media devices.
- Only using USB devices that incorporate encryption to help protect the information.
- Maintaining a register of all authorised and in use removable media devices.
- Monitoring and logging files and information copied to or from removal media devices.

#### **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. An inprogress initiative will be completed to restrict and govern use of removable media.

Responsible Person: Executive Manager ICT Completion Date: December 2021

**ATTACHMENT 1** 

#### **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 19. UNSUPPORTED OPERATING SYSTEM

#### Update 2021

The finding remains open as the City is in the process of upgrading Authority due for completion November 2021. The City plans to decommission out of support servers after the upgrade.

#### Finding 2020

The City currently has over 10 servers and workstations running unsupported operating systems. These include Windows Server 2008 R2 Enterprise, Windows Server 2008 and Windows 7 for which Microsoft ceased support on 14 January 2020 and 14 July 2015.

Our review identified that those systems were active in March 2020 during the audit conduct.

# Rating: *Minor* Implication

Unsupported operating systems no longer receive security and/or vulnerability updates from the product vendor. As a result, there is an increased risk that these systems are susceptible to exploits, which may compromise the City network and systems.

#### Recommendation

We recommend that all devices running unsupported operating systems be upgraded to supported system. If this is not possible due to operational needs, alternate mitigations must be applied.

#### **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. The City's key business has now been upgraded as planned, thereby removing use of unsupported systems – to be formally decommissioned.

Responsible Person: Executive Manager ICT Completion Date: December 2021

Page 21 of 25

Item 5.4- Attachment 1 Page 52

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

#### **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 20. DATA CENTRE MANAGEMENT

#### Update 2021

The finding remains open as the City does not have adequate policies or documented procedures defining responsibility for managing the primary data centre and access management processes.

We found that the swipe card reader for primary data centre is not functional and there is no logbook to record access to the data centre.

Additionally, we also found non-IT related hardware located in the data centre.

#### Finding 2020

The City does not have adequate policies or documented procedures defining responsibility for managing the primary data centre, and access management processes (e.g. request, approve, and review access to data centre).

Furthermore, we found that non-IT related hardware were located in the data centre room.

#### Rating: Minor Implication

Without adequate protection of IT systems against physical threats there is an increased risk of unauthorised access to systems, and accidental or deliberate damage.

#### Recommendation

The City should:

- develop appropriate data centre access management policies and procedures
- restrict the number of staff who can access the room
- perform regular access reviews and remove inappropriate users in a timely manner.
   Records of the reviews should be retained.
- only store IT-related hardware in the room.

### **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. The swipe card system is now working. A City-wide CCTV project will include coverage of Data Centre access – with footage to be used to review and log access. Non-IT hardware to be removed from the Data Centre.

ATTACHMENT 1

#### **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 21. IT ASSET MANAGEMENT

#### Update 2021

We found that the City does not maintain appropriate sanitisation records for the disposal of IT assets.

We acknowledge that city has implemented IT asset management process and are working to improve the re-issue and disposal process.

#### Finding 2020

We found that the City's IT asset management process is not effective. The following issues were identified:

- The City does not have up to date IT asset register information and relevant asset details such as asset status and owner are not recorded.
- The City does not have any formal procedure to ensure that all sensitive data and licensed software has been removed or securely overwritten as part of the disposal and re-use of IT assets process.

## Rating: Minor Implication

Without appropriate procedures to manage the disposal and re-use of IT assets, there is a higher risk that sensitive data may not be removed or securely erased. As a result, the City may suffer financial loss and damage to its reputation.

#### Recommendation:

The City should ensure that all IT assets containing storage media are appropriately sanitised or destroyed as part of the disposal process. Accurate records relating sanitisation and disposal should be maintained.

#### **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. The City has undertaken major effort across the entire year to register and track its assets. The City does have formal, process-mapped, procedures for asset disposal and re-use, including media sanitisation, however notes that recording sanitisation outcomes can be improved.

**ATTACHMENT 1** 

#### **CITY OF VINCENT**

# PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021 FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 22. STANDARD OPERATING ENVIRONMENT

#### Update 2021

The finding remains open as the City is in process of implementing controls to secure workstations configuration.

#### Finding 2020

We found that a standard operating environment is not used on workstations. We identified that:

- there is no monitoring of compliance with secure workstation configuration
- relevant staff will not be notified if users attempt or successfully change their workstation configuration, including the installation/removal of software.

#### Rating: Minor Implication

Without monitoring compliance with secure workstation configuration, there is an increased risk that unauthorised system configuration changes are made to computers. These changes could compromise the confidentiality, integrity and availability of information.

#### Recommendation

The City should continue to enhance standard operating environment process and monitor compliance with secure workstation configuration. The process should include efficient notifications to relevant staff of critical changes or attempts to change workstation configuration.

### **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. An inprogress initiative will be completed to implement a modern approach to standard operating environment, including management of staff attempts to change workstation configuration.

**15 FEBRUARY 2022** 

**ATTACHMENT 1** 

#### **CITY OF VINCENT**

PERIOD OF AUDIT: 1 JULY 2020 TO 30 JUNE 2021
FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

#### 23. CHANGE MANAGEMENT

#### Update 2021

The finding remains open as the City's change management policy was implemented in June 2021 and did not cover a significant part of the audit period.

#### Finding 2020

We found that the City does not have a formal change management process in place. We identified the following issues:

- There is no IT change management policy or procedure that sets out the overall objectives and requirements for change management to ensure all IT system changes are appropriately controlled and managed.
- The responsibilities to manage, co-ordinate and approve IT changes are not formally assigned.
- There is no central register for recording and tracking details of all internal changes that are made to IT infrastructure, firewall rules and systems, including application upgrades.

# Rating: Minor Implication

There is a risk that without change management policies and procedures, changes made to IT systems may not be adequately managed and authorised. The availability or security of IT systems could be compromised should a change negatively impact them.

#### Recommendation

The City should continue to work on its Change management process and ensure all IT system changes are accurately recorded, managed and tracked in a centralised change register.

### **Management Comment**

The City accepts that this finding was not completed during the audit period 2020/2021. The City has now implemented a robust policy and procedure to register the process of change request, approval and tracking.

Item 12.4- Attachment 1

AUDIT COMMITTEE MINUTES 15 FEBRUARY 2022

# **Integrity Snapshot Tool**

The snapshot tool supports the <u>Integrity Strategy</u> for WA Public Authorities 2020-23. It gives public authorities a clear view of what they have in place to support integrity, and can help them identify areas for development or more focus that should feature in their planning. The snapshot tool is not meant to be an exhaustive list of things to consider and should be used by public authorities in a manner that best suits their contexts. It is not intended to replace more detailed or specific risk management activities.

#### The tool can:

- help public authorities evaluate their approaches to promoting integrity and reducing misconduct risks
- identify any gaps in the current approaches to integrity by public authorities that could be actioned.

## How to use the snapshot tool

As this is a self-assessment tool, public authorities can benefit by using it to review the status of their approach to integrity and make decisions about where further or additional work is needed.

Public authorities are encouraged to update their assessments as they progress with actioning items. In this way they capture their assessments on an ongoing basis. It is acknowledged that each public authority has a different risk profile and operating context, and is at varying points of progress in managing integrity risks.

Assessment guide	
Activity	Description
In place	Suggested activity has been addressed or is subject to review.
In progress	Steps are in place to address suggested activity.
Not in place	Steps may be required to address suggested activity.

AUDIT COMMITTEE MINUTES 15 FEBRUARY 2022

# **01** Plan and act to improve integrity

Effective governance systems and frameworks are established.

Assess if your authority:	In place	In progress	Not in place	Proposed actions and comments
has developed and implemented a Code of Conduct that sets out its standards of conduct and integrity, and incorporates code requirements into policies and procedures to reinforce conduct expectations  For public sector agencies, the Code of Conduct should reflect Commissioner's Instruction No. 7: Code of Ethics and comply with Commissioner's Instruction No.8: Codes of Conduct and Integrity Training.	√			The City's Code of Conduct for Elected Members, Committee Members and Candidates and Code of Conduct for City of Vincent Employees and Contractors are in alignment with the specific requirements of the commissioners instructions, namely the responsibility for each Council Member and employee towards personal integrity; relationship with others; and accountability.
has identified its integrity risks considering its work and operating context, and records those risks (e.g. in a risk register, fraud and corruption control plan)	√			The City's Risk Management Framework ensures
enacts controls to address identified risks	V			that the integrity of strategies, operations and projects undergo rigorous risk analyses.

Item 1 tem 5 ftachfachment 1

AUDIT COMMITTEE MINUTES 15 FEBRUARY 2022

Assess if your authority:	In place	In progress	Not in place	Proposed actions and comments
identifies and links policies that relate to risks to ensure they have consistent principles and objectives, and are clear and easy to follow (e.g., fraud and corruption, use of public resources, record keeping and use of information, conflicts of interest, gifts, and benefits)	<b>√</b>			All principal integrity documents have been used and linked in the development of the City's Governance Framework: Key documents include:  Codes of Conduct; Ethical Standards; Council Member Continuing Professional Development Policy; Risk Management Framework, Risk Management Policy, Fraud and Corruption Prevention Policy; Conflicts of interest disclosure requirements; and the City's position in relation to gifts.
has an organisation structure that provides clear lines of accountability and responsibility for integrity and misconduct functions (including the role of leaders and managers)	√			The role and responsibilities of Council Members and employees are set out in the <i>Local Government Act 1995</i> (Act), Codes of Conduct, Governance Framework and Fraud and Corruption Prevention Plan.
has documented delegation schedules in place that align to organisation structure and legislative obligations	√			The City's Register of Delegations, Authorisations and Appointments includes:  Delegations from Council to the CEO; Sub delegations from CEO to other employees; Appointments of authorised persons; and Appointments of other employees.
reviews delegation schedules regularly to ensure they remain current and operate with appropriate levels of authority	√			The City's Register of Delegations, Authorisations and Appointments is reviewed annually.

Item 1 ten 5 fractiment 1

AUDIT COMMITTEE MINUTES 15 FEBRUARY 2022

Assess if your authority:	In place	In progress	Not in place	Proposed actions and comments
has a position, team, or committee with documented responsibility to consider findings and recommendations from integrity audits, assessments, reviews, and investigations	$\sqrt{}$			The Audit Committee oversees and makes recommendation to Council on internal and external audit matters, risk management and fraud prevention.
assigns accountability and responsibility for monitoring and oversighting risks and controls (e.g., in authority's structure, job descriptions)	V			The City's Risk Management Framework provides the mechanism for teams to monitor and ensure controls are in place to mitigate risk.
				The Audit Committee has oversight of any internal control matters arising from internal audit.
				Process mapping in place
has an internal audit committee with an independent chair				The Audit Committee members for the period 12 November 2019 to 16 October 2021 consisted of four external independent members (one being the Chair) and four Council Members from the City of Vincent.  Audit Committee members for the term 2 November 2021 to October 2023 are currently being appointed.
uses tools and templates provided by the Commission or other sources to support its approach to managing integrity risks	V			The Principles of the City's Governance Framework and the Fraud and Corruption Prevention Plan are in alignment with the Public Sector Commissions Integrity Strategy for Public Authorities 2020-2023.

Item 1世界 5 fta effectment 1

AUDIT COMMITTEE MINUTES 15 FEBRUARY 2022

Assess if your authority:	In place	In progress	Not in place	Proposed actions and comments
has a process to review regularly its integrity risk profile to ensure it is responsive to emerging risks and recommendations made by integrity bodies (e.g. policy and practice review, process improvements)	V			The City has a Risk Management Policy approved by Council. This policy sets the tone for Council's risk management approach and establishes the risk management responsibilities of Council Members, management, and staff.  The Risk Management Administration Procedure supports the Risk Management Policy by further defining the systems and processes necessary to maintain an effective and efficient risk management framework to comply with the Policy.  In accordance with the Risk Management Administration Procedure the City is to review all Risk Profiles at least on an annual basis or if triggered by one of the following:  Changes to context, A treatment is implemented, An incident occurs or due to audit/regulator findings.  The City's corporate risk register comprising of operational and strategic risk was reviewed and presented to the Audit Committee in May 2021 and September 2021 this year.
evaluates and refines any processes, systems and controls that are in place or may be introduced to inform its detection and prevention of irregularities and corrupt practice (e.g. detection software, data analytics)	V			The internal audit program is risk based including fraud and misconduct

# Fraud and Corruption Prevention Plan

### **Executive Summary**

The City of Vincent (City) is committed to the prevention, deterrence, monitoring, investigation and reporting of all forms of fraud and corruption. Fraud and corruption is damaging to an organisation as it may cause financial loss, loss of public confidence (either perceived or real), reputational damage and adverse publicity.

Local governments are the custodians of significant public funds and assets. Therefore it is important that the community has assurance that these are adequately protected from fraud and corruption.

Fraud and corruption prevention forms part of the City's Risk Management Framework. It is a risk that the City actively seeks to identify and limit its exposure to, by reducing the potential opportunity (risk likelihood) for fraud and corruption to occur.

The purpose of this Plan is to clearly document the City's approach to the prevention of fraud and corruption at both strategic and operational levels. It is to be read in conjunction with the City's Risk Management Policy and relevant legislation.

Adapted from Office of Auditor General for Western Australia, Report 5: 2019-20, Fraud Prevention in Local Government

Item 5.6- Attachment 2 Page 82

# Fraud and Corruption Prevention Plan

### Section 1 - Background

#### 1.1 Purpose

This Plan supports the City's Fraud and Corruption Prevention Policy to provide a structured framework and approach to fraud and corruption prevention, detection, monitoring and reporting.

This Plan aligns with the Australian Standards for Fraud and Corruption Control (AS8001-2008) and has been endorsed by the Executive Management Committee.

The Plan will be reviewed by the Audit Committee annually.

#### 1.2 Communication

This Plan is communicated to all staff via annual training and is available on the City's internal Vintranet site. All new staff are also made aware of the Plan as part of their induction.

#### 1.3 Zero Tolerance to Fraud and Corruption

The City has zero tolerance for corrupt conduct or fraudulent activities. The City is committed to preventing, detecting and investigating fraudulent and corrupt behaviour in the delivery of City services. Elected Members and Administration must not engage in practices that may constitute fraud or corruption.

The desired outcome of this commitment is the elimination of fraud and corruption throughout City operations both internally and externally. The City may prosecute people identified as committing fraud or undertaking corrupt behaviour. Employees may also face disciplinary action under the City's Code of Conduct, and restitution of money or property lost through fraudulent activity will be pursued through legislative means.

Fraudulent and corrupt activities may also be required to be referred to external agencies or may be referred at the discretion of the Council or CEO. These agencies include but are not limited to –

- WA Police
- Crime and Corruption Commission
- Public Sector Commission
- Local Government Standards Panel.

# Fraud and Corruption Prevention Plan

#### 1.4 Definitions

Fraud is defined by Australian Standard AS8001-2008 as -

Dishonest activity causing actual or potential financial loss to any person or entity including theft of monies or other property by employees or persons external to the entity and where deception is used at the time, immediately before or immediately following the activity.

Fraud can take many forms including -

- the misappropriation of assets;
- the manipulation of financial reporting (either internal or external to the organisation);
- corruption involving abuse of position for personal gain.

Corruption is defined by Australian Standard AS8001-2008 as -

Corruption is dishonest activity in which an employee or contractor of the entity acts contrary to the interests of the entity and abuses their position of trust in order to achieve some personal gain or advantage for themselves or for another person or organisation. The concept of 'corruption' can also involve corrupt conduct by the entity, or a person purporting to act on behalf of and in the interests of the entity, in order to secure some form of improper advantage for the entity.

Corrupt conduct tends to show a deliberate intent for an improper purpose and motivation and may involve misconduct such as: the deliberate failure to perform the functions of office properly; the exercise of a power or duty for an improper purpose; or dishonesty. Some examples of corrupt or criminal conduct which could be serious misconduct include —

- abuse of public office;
- blackmail;
- bribery, including bribery in relation to an election;
- deliberately releasing confidential information;
- extortion;
- obtaining or offering a secret commission;
- fraud or stealing;
- forgery;
- perverting the course of justice;
- an offence relating to an electoral donation;
- falsification of records.

# Fraud and Corruption Prevention Plan

#### 1.5 Objective

The City is committed to meeting its legislative obligations under the *Local Government Act 1995* including *ensuring that resources are maintained in a responsible and accountable manner*.

The City's commitment to fraud control will be met by ensuring an environment in which fraudulent or corrupt conduct is discouraged, and conflicts of interest are avoided.

This commitment is reflected in the City's <u>Governance Framework</u>, which has the following five principles:

- 1. Culture and Vision
- 2. Roles and Responsibilities
- 3. Decision Making and Management
- 4. Commitment to Sustainability
- 5. Accountability

#### 1.6 Scope

This Plan applies to all Elected Members, employees, contractors and volunteers.

Elected Members must also adhere to the standards mandated by the Local Government Act 1995.

Further guidance on the City's responsibilities are detailed in the:

- Department of Local Government, Sport and Cultural Industries, Fraud & Corruption Control Framework, July 2015
- Office of Auditor General for Western Australia
  - Report 24: 2018-2019, Verifying Employee Identity and Credentials
  - Report 5: 2019-2020, Fraud Prevention in Local Government
- Australian Standard AS 8001-2008

ENGAGING | ACCOUNTABLE | MAKING A DIFFERENCE

6

Item 5.6- Attachment 2 Page 85

# Fraud and Corruption Prevention Plan

#### **Section 2 - Context**

#### 2.1 Corporate Framework

This Plan supports the objectives in the City's Strategic Community Plan and Corporate Business Plan, both of which directly inform the City's budgets, strategies, policies and service delivery.

#### 2.2 Legislative Framework

The Local Government Act 1995 (LG Act) requires local governments to develop and maintain adequate internal control systems. Local governments are also required to establish a Code of Conduct for employees, contractors and Council and have an Audit Committee.

The *Public Interest Disclosure Act 2003* (**PID Act**) requires the local government to establish written procedures for handling of any protected disclosures.

The diagram below shows the interdependency of this Plan with complimentary programs and processes.

ENGAGING | ACCOUNTABLE | MAKING A DIFFERENCI

7

Item 5.6- Attachment 2 Page 86

Page 401

# Fraud and Corruption Prevention Plan

Local Government (Financial Management) Regulations 1996, Regulation 5

- (1) Efficient systems and procedures are to be established by the CEO of a local government
  - (a) for the proper collection of all money owing to the local government; and
  - (b) for the safe custody and security of all money collected or held by the local government;
  - (c) for the proper maintenance and security of the financial records of the local government (whether maintained in written form or by electronic or other means or process); and
  - (d) to ensure proper accounting for municipal or trust -
    - (i) revenue received or receivable; and
    - (ii) expenses paid or payable; and
    - (iii) assets and liabilities; and
  - (e) to ensure proper authorisation for the incurring of liabilities and the making of payments;
  - (f) for the maintenance of payroll, stock control and costing records; and
  - (g) to assist in the preparation of budgets, budget reviews, accounts and reports required by the Act or these regulations.
- (2) The CEO is to -
  - (a) ensure that the resources of the local government are effectively and efficiently managed; and
  - (b) assist the council to undertake reviews of fees and charges regularly (and not less than once in every financial year); and
  - (c) undertake reviews of the appropriateness and effectiveness of the financial management systems and procedures of the local government regularly (and not less than once in every 3 financial years) and report to the local government the results of those reviews.

ENGAGING | ACCOUNTABLE | MAKING A DIFFERENCE

2

Item 5.6- Attachment 2 Page 87

# Fraud and Corruption Prevention Plan

Local Government (Audit) Regulations 1996 Regulation 17 (1):

- (1) The CEO is to review the appropriateness and effectiveness of a local government's systems and procedures in relation to –
  - (a) risk management; and
  - (b) internal control; and
  - (c) legislative compliance.
- (2) The review may relate to any or all of the matters referred to in subregulation (1)(a), (b) and (c), but each of those matters is to be the subject of a review at least once every 3 calendar years.
- (3) The CEO is to report to the audit committee the results of that review.

#### 2.3 Australian Standards

Although not obligatory, Australian Standard for Fraud and Corruption Control (AS8001-2008) provide important guidance.

#### 2.4 Roles and Responsibilities

#### **Audit Committee**

In relation to fraud control, the Audit Committee's responsibilities include -

- reviewing risk management frameworks and associated procedures for the effective identification and management of fraud risks;
- providing assurance that the City has appropriate processes and systems in place to prevent, detect and effectively respond to fraud-related information; and
- providing leadership in preventing fraud and corruption.

### Chief Executive Officer (CEO)

The CEO applies the City's resources to fraud prevention and ensures the implementation of adequate controls for managing fraud and corruption risks within the City.

The CEO, under the *Corruption, Crime and Misconduct Act 2003* must notify the Corruption and Crime Commission or the Public Sector Commission if misconduct is suspected.

ENGAGING | ACCOUNTABLE | MAKING A DIFFERENCE

a

Item 5.6- Attachment 2 Page 88

# Fraud and Corruption Prevention Plan

### **Executive Management Committee (EMC)**

The Executive Management Committee is responsible for implementing this Plan. In particular, the EMC must –

- provide leadership, guidance, training and support to employees in preventing fraud and corruption:
- identify high fraud risk areas;
- participate in fraud and corruption risk assessment reviews;
- monitor the continued operation of controls;
- report suspected fraud and corruption promptly, maintaining confidentiality; and
- ensure the protection of complainants who report fraudulent and corrupt activities.

### Chief Audit Executive (CAE)

The CAE (Executive Manager Corporate Strategy and Governance) is responsible for -

- coordinating the fraud and corruption risk assessment process;
- developing and maintaining this Plan, in consultation with key stakeholders;
- communicating the existence and importance of the Plan to all staff; and
- delivering and/or coordinating fraud and corruption training.

### **Executive Manager HR**

The Executive Manager Human Resources is responsible for managing the grievance and discipline process.

### Public Interest Disclosure (PID) Officer

The City's PID Officers (Executive Manager Corporate Strategy and Governance and Executive Manager Human Resources) investigate disclosures in accordance with the *Public Interest Disclosure Act 2003*.

### **All Employees**

All employees have a responsibility to contribute to preventing fraud and corruption by following the Code of Conduct, complying with controls, policies and processes; resisting opportunities to engage in fraudulent or corrupt behaviour; and reporting suspected fraudulent or corrupt incidents or behaviour

Item 5.6- Attachment 2 Page 89

## Fraud and Corruption Prevention Plan

### **Section 3 - Planning and Resourcing**

Australian Standard 8001/2008 list the following for consideration in planning and resourcing -

- · control planning,
- · review of control plans,
- control resourcing.
- internal audit activity.

#### 3.1 Program for fraud and corruption control planning and review

The LG Act requires that all local governments establish an Audit Committee. An Audit Committee plays a key role in assisting a local government to fulfil its governance and oversight responsibilities in relation to financial reporting, internal controls, risk management systems, legislative compliance, ethical accountability and the internal and external audit functions.

The Recommendation on p.7 of the WA Office of Auditor General's Report, Fraud Prevention in Local Government notes –

In line with better practice, all entities should ensure they implement a coordinated approach to manage their fraud risks. Entities should –

- 1. assess fraud risks across their business
- 2. develop a Fraud and Corruption Control Plan and review it at least once every 2 years
- 3. develop and implement a periodic fraud awareness training program for all staff
- 4. ensure that all conflicts of interest are recorded, assessed and appropriate management plans
- have policies and procedures in place to verify the identity and integrity of employees and suppliers
- document clear internal processes and systems to report any potential fraud, that include anonymous reporting
- collect and analyse information received about potential fraud to identify any trends or emerging issues.

This Plan is designed to achieve compliance with each of these recommendations.

The Plan operates in association with existing programs and initiatives throughout the City and forms an integral part of the overall risk management framework.

This Plan will be reviewed annually by the CAE with oversight from the Executive Management Committee. In reviewing the Plan the CAE shall give regard to the following –

- significant changes in business conditions
- strategies arising out of recently detected fraud or corruption control incidents
- results of fraud and corruption risk assessments completed
- changes in fraud and corruption control practices locally and internationally
- · resourcing requirements

#### **AUDIT COMMITTEE MINUTES**

**15 FEBRUARY 2022** 

# Fraud and Corruption Prevention Plan

• any identified changing nature of fraud and corruption within the sector.

The Plan will be presented to Audit Committee annually.

#### 3.2 Fraud control responsibility and resources

The responsibility for implementation of this Plan is with the CAE. The CAE will report yearly to the Executive Management Committee, on the progress of delivery on the outcomes from this Plan.

The City is committed to allocating the required resources across the organisation to ensure appropriate controls in regards to fraud and corruption. In particular resources will be made available to –

- implement the Plan
- undertake fraud and corruption risk assessments
- deliver organisational training and awareness
- review incidents reports
- undertake investigations.

#### 3.3 External assistance

Where required, external assistance will be engaged to support the delivery of any aspect of this Plan, including the delivery of training.

#### **15 FEBRUARY 2022**

# Fraud and Corruption Prevention Plan

#### **Section 4 - Prevention**

Australian Standard 8001/2008 list the following for consideration in planning and resourcing -

- implementing and maintaining an integrity framework
- senior management commitment
- line management accountability
- internal control
- assessing fraud and corruption risk
- communication and awareness
- · employment screening
- supplier and customer vetting
- controlling the risk of corruption.

#### 4.1 Implementing and maintaining an integrity framework

The City's Code of Conduct specifies the expected behaviour of employees and contractors, which includes reporting and preventing any fraud or corruption.

Recruitment materials will include information on values and conduct expectations

The City will provide a formal induction process for all new staff and contractors that includes a clear focus on integrity.

Managers will exercise and demonstrate high levels of integrity in the performance of their roles and functions and will remind employees of the importance of complying with the City's Code of Conduct.

Annual performance reviews will include a requirement for employees to review the City's Code of Conduct each year and to complete the online training programs for both Fraud Awareness and Accountable and Ethical Decision-making (AEDM).

#### 4.2 Commitment to controlling the risk of fraud and corruption

Managers will not be complacent and will treat fraud and corruption risks as a serious threat to the City.

The Executive Management Committee and Audit Committee will regularly be briefed on the following:

- information on the program and robustness of the internal control environment in regards to preventing and detecting fraud
- the types of fraud and corruption common with the sector
- incidence of fraud and corruption generally in Australia
- information on the types of fraud and corruption that have been detected at the local government over the previous five years
- information of new or emerging trends in this area.

ENGAGING | ACCOUNTABLE | MAKING A DIFFERENCE

13

Item 5.6- Attachment 2 Page 92

Page 407

**15 FEBRUARY 2022** 

## Fraud and Corruption Prevention Plan

#### 4.3 Maintaining strong internal control systems and internal control culture

The City has an existing culture of continuous improvement. The implementation of effective systems of internal control is an integral part of this program, particularly for activities assessed as having a high predisposition to the risk of fraud and corruption.

Well planned and documented internal controls will be a major defence for avoiding fraud and corruption. When undertaking projects or reviewing existing practices into the future consideration will be given to appropriate fraud and corruption controls in the development of outcomes.

Internal controls will be:

- Appropriately documented
- Accessible
- Reviewed and amended regularly
- · Communicated effectively to all relevant employees
- Subject to review of adherence.

#### 4.4 Fraud and corruption risk assessment

Risk assessments will be undertaken for all identified fraud and corruption risks in accordance with the City's Risk Management Policy.

As a minimum the following risks will be assessed -

- theft of cash
- theft/misuse of assets
- misuse of confidential corporate information
- conflict of Interest
- accounts payable
- payroll practices
- procurement
- IT and information security
- recruitment
- misuse of credit cards.

Additional risks will be identified through normal business unit operations and through the regular review of the risk register.

ENGAGING | ACCOUNTABLE | MAKING A DIFFERENCE

14

Item 5.6- Attachment 2 Page 93

## Fraud and Corruption Prevention Plan

#### 4.5 Communication and awareness of fraud and corruption

It is important that fraud and corruption is identified and reported at an early stage and that employees have understanding and confidence in the system.

Employees will be provided with the following -

- a dedicated page will be maintained on the City's Vintranet in regard to fraud and corruption, this will include links to all relevant documents in particular the process for reporting allegations and Public Interest Disclosures;
- fraud & corruption awareness training and AEDM training will be conducted annually, and learnings measured through staff assessment surveys;
- regular news feeds to remind staff of key integrity responsibilities including the process for reporting any instances of misconduct; and
- staff assessment surveys to measure staff confidence and attitudes about integrity, including confidence in speaking up about misconduct and integrity matters and identifying steps to address any findings

Our community will be provided with the integrity controls that have been implemented throughout the year. This will be published in each Annual Report.

#### 4.6 Employment screening

Prior to appointment the following screening shall be undertaken with the express consent of the individual concerned, irrespective of whether they are internal or external applicants –

- verification of identity requiring at least two forms of identity (passport, birth certificate, drivers licence, rate certificate, at least one must include photo identification)
- Police criminal history check relevant positions
- Working with Children check relevant positions
- · reference checks with two most recent employers
- consideration of any gaps on employment history and the reasons for the gaps
- verification of formal qualifications claimed where relevant or required for position
- if necessary, residency or visa status.

The Recommendation on p.10 of the WA Office of Auditor General's Report, *Verifying Employee Identity and Credentials* notes –

Public sector entities should -

- have approved policies and procedures for verifying employee identity and credentials which cover –
  - using a 100-point identity check
  - criminal background checks, based on the risks associated with the position
  - periodic monitoring of existing employees
- assess the positions which may require a criminal background or working with children check and ensure that these requirements are clearly documented in position description forms

ENGAGING | ACCOUNTABLE | MAKING A DIFFERENCE

15

Item 5.6- Attachment 2 Page 94

# Fraud and Corruption Prevention Plan

- for high risk positions, or positions where there is an ongoing requirement to hold a licence or professional qualification, obtain regular declarations from employees that there is no significant change in their circumstances
- ensure that sufficient documentary evidence is obtained prior to appointment which supports an employee's –
  - identification and right to work in Australia
  - professional qualifications and memberships
  - criminal background or capacity to work with children (where necessary)
- perform appropriate referee checks for all potential employees and ensure that all employees' reference checks are retained in their employee or recruitment file
- develop a procedure for monitoring the expiry dates of licences, certificates or working with children checks so that they can be followed up with the employee close to expiry date
- 7. perform periodic criminal background checks for positions which require it.

#### 4.7 Dealing with annual leave and job rotation

Directorates will consider job rotation for positions where there are multiple officers undertaking the same or similar functions and the position is deemed a high risk from a fraud or corruption perspective, local law enforcement, parking enforcement, planning officers, contract management, for example.

Excess annual leave will be monitored on a quarterly basis and reported to the Executive Management Committee.

#### 4.8 Supplier vetting

The City will continue to undertake supplier vetting for new and ongoing suppliers in accordance with existing practices.

To avoid scams and incorrect payments, all suppliers are to have banking details verified upon initial entry of their details to the IT system and then periodically.

In accordance with the Procurement Policy, new suppliers with prospective business in excess of \$150,000, the minimum checks will include –

- search of Australian Securities & Investment Commission Company Register,
- Australian Business Register ABN verification,
- currency of insurances.

For new contracts exceeding, or potential to exceed \$500,000, the following additional checks should be considered –

- corporate scorecard check which looks at Bankruptcy search,
- assessment of credit rating,
- search of legal proceedings pending or judgements pending.

ENGAGING | ACCOUNTABLE | MAKING A DIFFERENCE

16

Item 5.6- Attachment 2 Page 95

# Fraud and Corruption Prevention Plan

#### **Section 5 - Detection**

Australian Standard 8001/2008 list the following for consideration in planning and resourcing -

- implementing a fraud and corruption detection program
- role of external auditor in detection of fraud
- · avenues for reporting suspected incidents
- whistle-blower protection program.

#### 5.1 Fraud and corruption detection program

As part of the development of the annual internal audit program the Audit Committee will consider opportunities to undertake pro-active fraud and corruption detecting activities that might include –

- (a) conducting unscheduled internal reviews and audits
- (b) post-transactional reviews a review of transactions after they have been processed, with the aim of identifying or uncovering –
  - documentation that may be missing, altered, missing or falsified,
  - authorisations that may have been omitted or altered, or
  - inadequate documentary support.
- (c) Analysis of management accounting reports using relatively straight forward techniques in analysing management accounting reports, trends can be examined and investigated which may be indicative of fraudulent of corrupt conduct.
- (d) Financial Management and Risk Reviews will include a review of -
  - IT and information security
  - grants and other payments
  - tendering processes, purchasing and contract management
  - services provided to the community
  - revenue collection
  - use of credit cards
  - travel allowance and other allowances
  - salaries
  - money, property and other physical assets.
- (e) internal audits.
- (f) annual reports to management, the Audit Committee and Council regarding the position of risk management, internal controls and legislative compliance.

In accordance with the LG Act, the CEO is required to -

- a) in accordance with the Local Government (Financial Management) Regulations 1996 r.5, advise Council at least once every 3 years in respect to –
  - efficient systems and procedures
  - ensure efficient use of resources
  - appropriateness and effectiveness of systems
  - b) in accordance with the Local Government (Audit) Regulations 1996 r.17, at least once every 3 years review –

ENGAGING | ACCOUNTABLE | MAKING A DIFFERENCE

17

Item 5.6- Attachment 2 Page 96

# Fraud and Corruption Prevention Plan

- risk management
- · internal controls, and
- legislative compliance.

#### 5.2 External auditor's role in the detection of fraud

Consistent with recent changes to international and Australian auditing standards, the auditor's accountability for the detection of fraud will form part of any audit. These provisions will increase the likelihood of detecting material miss-statements or errors in the City's financial statements.

#### 5.3 Mechanisms for reporting suspected fraud and corruption incidents

The City's Public Interest Disclosure Procedures (PID) <u>Information Guidelines</u> set out how employees can report suspicious or known illegal or unethical conduct.

Reports can be made anonymously. Anonymous reports will be examined and investigated on the available evidence.

All employees have the right to make a disclosure in accordance with the PID Act. This is encouraged where any person wishes to access the protections afforded by the PID Act.

#### 5.4 Whistle blowers

Whistle-blowers, whether internal or external, may be an important component in the detection and exposure of fraud or corrupt behaviour.

They will be protected to the extent permitted by law. Protection may include but is not limited to -

- · ensuring the person's safety
- protecting their confidentiality
- · arranging any necessary physical or mental support
- referral to an external agency having greater resources for investigation.

A whistle-blower who has been involved in the reported misconduct may be provided with immunity or due consideration from City initiated disciplinary proceedings by agreement, however, the City has no power to provide immunity from criminal prosecution.

Where victimisation or reprisals are reported, a record of the report and the action taken must be placed on the file relating to the public interest disclosure. Steps taken to prevent acts of victimisation or reprisal should be recorded in a manner that they will be accessible for reference, should legal action be taken against the City.

However, vexatious or malicious complaint will not be tolerated, and an appropriate response may be made against the complainant.

ENGAGING | ACCOUNTABLE | MAKING A DIFFERENCE

18

Item 5.6- Attachment 2 Page 97

# Fraud and Corruption Prevention Plan

### **Section 6 - Response**

Australian Standard 8001/2008 list the following for consideration in planning and resourcing –

- policies and procedures
- investigations
- internal reporting and escalation
- disciplinary procedures
- external reporting
- civil action for recovery of loss
- review of internal controls
- insurance.

#### 6.1 Procedures of the investigation of detected or suspected incidents

The City's Public Interest Disclosure Information Guidelines set out -

- appropriate measures for the comprehensive investigation of such matters based on the principles of independence, objectivity and fair due process (rules of natural justice)
- systems for internal reporting of all detected incidents
- process for reporting the matters of suspected fraud and corruption to appropriate external enforcement agencies.

The Guidelines will be reviewed regularly to ensure that it continues to meet these objectives.

### 6.2 Internal reporting

The CAE is to ensure that all incidents reported and investigated are documented and registered on the appropriate confidential file.

The documentation placed on the file must include the following minimum information –

- date and time of report
- date and time the incident was detected
- how the incident came to the attention of management
- the nature of the incident
- value of loss (if any) to the entity
- action taken following discovery of the incident.

#### 6.3 Disciplinary procedures

The City's disciplinary guidelines and procedures outline the potential disciplinary outcomes that apply in regards to the application of this Plan.

ENGAGING | ACCOUNTABLE | MAKING A DIFFERENCE

19

Item 5.6- Attachment 2 Page 98

#### **AUDIT COMMITTEE MINUTES**

#### **15 FEBRUARY 2022**

## Fraud and Corruption Prevention Plan

#### 6.4 External reporting

The City's Public Interest Disclosure Information Guidelines provide direction to reporting any suspected fraudulent or corrupt conduct to any external enforcement agencies including –

- Department of Local Government, Sport and Cultural Industries;
- Public Sector Commission;
- Police; or
- Crime & Corruption Commission.

Employees may report any reasonable suspicion of minor misconduct involving a public officer to the Public Sector Commission (**PSC**), in accordance with the *Corruption, Crime and Misconduct Act* 2003.

Employees should consider what behaviours and circumstances constitute minor misconduct and whether the person/s involved is a public officer.

There is a good chance that if the public officer/s involved could be the subject of a disciplinary investigation at the City, then it might be minor misconduct. If you suspect the behaviour is minor misconduct employees can report it to the PSC or the CAE.

#### 6.5 Civil proceeding to recover the proceeds of fraud and corruption

The City may seek recovery of any losses due to fraud or corruption where there is clear evidence of fraud and corruption and where the likely benefits of such recovery will exceed the funds and resources required to be invested in the recovery action.

#### 6.6 Internal control review following discovery of fraud

Where fraud or corruption is detected the relevant Executive Manager will be responsible to assess the adequacy of the relevant internal control environment and provide a report to the Executive Management Committee on the improvements identified.

#### 6.7 Maintaining and monitoring adequacy of insurance

The City will maintain a fidelity guarantee insurance policy that insures the risk of loss arising from internal fraudulent conduct. The level of the policy and other policies relevant to fraudulent or improper conduct will be reviewed annually by the Executive Management Committee.

#### ATTACHMENT 1 - RISK CONSEQUENCE AND LIKELIHOOD CRITERIA

### 1.1 Consequence criteria

RATING	PEOPLE (SAFETY)	INTERRUPTION TO SERVICE	REPUTATION	COMPLIANCE (LEGAL & TECHNICAL)	PROPERTY	NATURAL ENVIRONMENT	FINANCIAL IMPACT	CONTRACT / PROJECT
Low (1)	Minor injury or ailment to staff, results in loss of time less than 5 days.	Failure of assets / disruption which results in inconvenience but no material service interruption (resolved within one day).	An incident with low impact on community trust which is covered in a community newspaper and/or has a social media profile for maximum of a day.	Minor compliance (technical or legal) breach which is not reportable and can be resolved within 24 hours.	Localised damage to City property which can be rectified by routine internal procedures and is within operating budget \$20,000 (0.035% of operating budget).	Environmental damage or harm which can be contained by an internal response within 1 week, and any damage / harm can be reversed by the City's action.	Short term impact on operating funds, or financial loss less than \$20,000 (0.035% of operating budget).	Insignificant breach of contract or delay in project which has a minor impact on service delivery, consistent with 'low' rating.
Minor (2)	Injury or ailment to staff resulting in loss of time between 5-10 days.	Failure of assets / disruption which results in temporary interruption which can be resolved within one week (backlog cleared within one week).	Public embarrassment, some impact on community trust, covered in community newspaper and/or social media profile which lasts for less than a few days.	More than one minor compliance breach or minor breach with potential for minor damages or monetary penalty.	Localised damage to City property requiring additional resources to rectify (reallocation within operating budget — \$20,001 - \$100,000 (0.035% - 0.17% of operating budget).	Environmental damage or harm which requires management by external agencies or contractors and can be contained within 1 week, and any damage / harm can be reversed by the City's actions.	Medium term impact on operating funds, or financial loss between \$20,001 - \$100,000 (0.035% - 0.17% of operating budget).	Minor breach of contract or delay to project which will have minor financial impact or delay service delivery, consistent with 'minor' rating.
Moderate (3)	Injury or ailment to staff resulting in loss of time greater than 10 days, or causes temporary disability to staff member, or public exposed to a hazard which is attributable to the City, but immediately treatable / resolved.	Failure of assets / disruption which results in one month interruption, may require additional resources to resolve within one month (backlog cleared within one month).	Covered in community newspaper and social media profile which lasts for more than a few days, attention by regulators or state department/government.	Short to medium term non- compliance which may result in prosecution / fine. Investigation may be required.	Significant damage to City property requiring management attention for a period of up to three months (\$100,001 to \$250,000 (0.17% - 0.43% of operating budget).	Environmental damage or harm which requires management by external agencies or contractors and takes 1 week – 1 month to contain, and any damage / harm can be reversed by the City's actions.	Impact to service delivery due to impact on operating funds, or financial loss between \$100,001 to \$250,000 (0.17% - 0.43% of operating budget).	Breach of contract or delay to project which will impact service delivery or result in damages payable by the City, consistent with 'moderate' rating.

AUDIT COMMITTEE MINUTES 15 FEBRUARY 2022

# **RISK MANAGEMENT POLICY**

Major (4)	Permanent disability or life threatening injury to staff member, or public exposed to a hazard which is attributable to the City and results in temporary adverse health impacts.	Failure of assets / disruption which results in more than one month interruption (backlog of over one month) or is an interruption to core or essential services for more than one day	Public embarrassment, high impact on community trust, covered in community and state newspapers and social media profile which lasts for about a week (includes TV and press), third party action	Non-compliance results in termination of services or imposed penalties to City / Staff.	Significant damage to City property requiring additional resources to rectify (Council approval of funds required, \$250,000 - \$1 million (0.43% to 1.7% of operating budget) Period of restitution up to six months.	Environmental damage or harm which remains uncontained for over a month and requires a coordinated response from multiple external agencies, but is reversible by coordinated response.	Significant impact to service delivery due to impact on operating funds, or financial loss between \$250,001 to \$1 million (0.43% to 1.7% of operating budget)	Significant changes to a project or breach of contract which may result in termination of contract and significantly impacts service delivery. Impact consistent with 'major' rating.
Extreme (5)	Fatality to staff member, or public exposed to a hazard which is attributable to the City and results in widespread adverse health impacts.	Failure of assets / disruption which results in a prolonged interruption of core or essential services	Public embarrassment with significant reputational damage, widespread loss of community trust, widespread and sustained community, state and national newspaper and TV coverage and social media profile, third party action	Non-compliance results in criminal charges or significant damages or penalties to City / staff.	Extensive damage requiring prolonged period of restitution or complete loss of plant, equipment and building, or over \$1,000,000 (1.7% of operating budget)	Environmental damage or harm which can not be contained and is not reversible by a coordinated response.	Insufficient operating funds over sustained period, or loss of more than \$1 million (over \$1.7% of operating budget).	Major project can not be completed or critical breach of contract resulting in significant damages payable by the City or non delivery of service for extended time.  Impacts consistent with 'extreme' rating.

### 1.2 Likelihood criteria (refer to the description or the frequency)

Level	Rating	Likelihood description	Likelihood frequency	
5	Almost Certain	The event is expected to occur in most circumstances	More than once per year	
4	Likely	The event will probably occur in most circumstances	At least once per year	
3	Possible	The event should occur at some time	At least once in three years	
2	Unlikely	The event could occur at some time	At least once in ten years	
1	Rare	The event will only occur in exceptional circumstances	Less than once in 15 years

AUDIT COMMITTEE MINUTES 15 FEBRUARY 2022

# **RISK MANAGEMENT POLICY**

#### **ATTACHMENT 2 - RISK CLASSIFICATION MATRIX**

Consequence		Low	Minor	Moderate	Major	Extreme
Likelihood		1	2	3	4	5
Almost Certain	5	Medium	High	High	Extreme	Extreme
Likely	4	Low	Medium	High	High	Extreme
Possible	3	Low	Medium	Medium	High	High
Unlikely	2	Low	Low	Medium	Medium	High
Rare	1	Low	Low	Low	Low	Medium

#### **ATTACHMENT 3 - RISK RATING AND MANAGEMENT**

Risk Classification	Action	Risk management process	Responsibility	
LOW	Acceptable Risk acceptable with adequate controls, managed by routine procedures and subject to ongoing monitoring		Manager	
MEDIUM	Monitor	Risk acceptable with adequate and effective controls, managed by specific procedures and subject to ongoing monitoring	Executive Director	
HIGH	Urgent Attention Required	Risk treatment subject to Council approval	CEO + Council	
EXTREME	Unacceptable	Risk treatment subject to Council approval	CEO + Council	

<sup>\*\*</sup>Extreme risks require a risk treatment plan which is reported to the CEO (via the Executive Management Committee) and the Audit Committee until the risk rating is at an acceptable level.

Office of the Auditor General Information Systems Audit -**Disaster Recovery Plan** 

OAG Update 2021: Finding remains open as the City's disaster recovery plan is in draft.

**Finding** 

We found that the City does not have an ICT disaster recovery plan

Implication

Without an adequate DRP and appropriate testing, there is an increased risk that key business functions and processes may not be restored in a timely manner after a disruption, affecting the operations of the City.

Recommendation

The City should develop and test its DRP to confirm that systems can be recovered in accordance with business expectations and key staff should be familiar with the plan and their specific roles and responsibilities in a disaster situation. The results of testing should be recorded, and the relevant actions taken to improve the plan where necessary.

Risk Rating (prior to controls)

Moderate

Risk Rating (with current controls)

Management Response

Responsible Officer:

**Executive Manager Information and Communication Technology** 

Administration will introduce managed backup and infrastructure services that include disaster recovery capability. Disaster recovery and information security continuity processes will then be will be formalised per the Information Security Program noted in OAG Finding 5. A formal plan will then be prepared for publication to staff and testing purposes.

August 2021

CoV update to OAG 2021: The City accepts February 2022 that this finding was not completed during the audit period 2020/2021. Draft documents and procedures will be finalised and implemented into operations. The City has commissioned services to support a Business Impact Assessment review which will be used to guide sensible recovery objectives into the Disaster Recovery Plan.

**AUDIT COMMITTEE MINUTES 15 FEBRUARY 2022** 

### **AUDIT LOG**

**Audit Details** 

EA:2020/10 (20) Office of the Auditor General Information Systems Audit -

**Business Continuity Plan – Testing** 

OAG Update 2021: The City is conducting business impact assessments across the business teams and is working towards defining a business continuity testing schedule.

#### Finding

We found that appropriate tests of the business continuity plan (BCP) have not been undertaken. Due to the lack of testing, the effectiveness of the plans and the City's ability to execute them is unknown.

#### Implication

Without appropriate testing of the BCP there is an increased risk that key business functions and processes may not operate as expected during a major incident. In addition, the key business functions may not be appropriately recover following a major incident. This is likely to impact business operations and the delivery of key services.

#### Recommendation

The City should undertake appropriate tests to verify the effectiveness of the BCP. These tests should also verify that key staff are familiar with the plans and their specific roles and responsibilities in a disaster situation. The results of these tests should be recorded and the relevant actions taken to improve the plan where necessary.

### Management Response

Responsible Officer:

Executive Manager Information and Communication Technology

Action

There has been 0% interruption to non-library/recreational facility services throughout COVID-19 disruptions in Perth. COVID-19 has been a major incident and required significant change to how business functions operated.

City staff who continue to work remotely are effectively testing part of the City's business continuity systems on a daily basis. Through improvements to data backup and infrastructure recovery noted in OAG Finding 20, Administration will expand business continuity testing to include system and infrastructure incidents as part of a managed services agreement.

Status **Completion Date** 

August 2021

**Approved** 

CoV update to OAG 2021: The City accepts February 2021 that this finding was not completed during the audit period 2020/2021. Draft documents and procedures will be finalised and implemented into operations. All server backups are now copied to an offsite data centre service which is also being configured to provide a Disaster Recovery environment for computing systems – this will be tested to mitigate this finding.

# **AUDIT LOG**

Audit Details	Action	Approved Completion Date	Status	Proposed Completion Date
Finding Poor retrievability of information 'term container used' Record keeping of contract documentation is inefficient and leads to poor retrievability. The record keeping system does not facilitate the use of sub folders which results in all documented related to a subject/topic being saved in a 'container'. With regards to contracts, there are a large number of supporting documentations within these 'containers' thus it can take some time to retrieve the sought-after document  Recommendations The City should review useability of their record keeping system ensuring that it is operating effectively. For process efficiency allow user to amend and delete own purchase requisition.  Risk Rating (prior to controls) Minor  Management Response Responsible Officer: Executive Manager Information and Communication Technology	The City will review its record keeping system to ensure it is operating effectively.	August 2021	Requirements analysis for improved record-keeping system in progress. This will determine the viability of implementing a new solution using the City's existing Microsoft Sharepoint environment. The analysis will consider design elements including:  • A user-friendly record-keeping environment.  • Compliance with the Western Australian State Records Act and the General Disposal Authority for Local Government Records (2015001/1).  • Configuration to reflect the Council's organisational structure and business processes for greater automation and integration with the City's internal and external services. 8 MARCH 2022

# REGISTER OF STATE ADMINISTRATIVE TRIBUNAL (SAT) APPEALS AS AT 17 FEBRUARY 2022

NO.	ADDRESS & SAT REVIEW NO.	DATE RECEIVED	APPLICANT	REVIEW MATTER & COMMENTS
1.	No. 3 Bulwer Avenue, Perth (DR 202 of 2019)	2 September 2019	Justin Mortley	Application for review of decision to give a direction under Section 214 of the <i>Planning and Development Act 2005</i> (Reinstatement of Façade).
				Directions Hearing held on 25 October 2019. Directions Hearing held on 28 February 2020. Directions Hearing held on 22 May 2020. Directions Hearing held on 14 August 2020. SAT advised that it cannot reopen a withdrawn SAT matter and that a new Development Application may be submitted. Applicant advised that this could be lodged within 2-3 weeks (by 4 September 2020). New development application lodged with City on 11 September 2020. Development application approved under delegated authority on 12 November 2020. The works required by the condition of development approval relating to the removal of the render and painting of the façade have commenced. Direction Hearings adjourned to allow the builder additional time to carry out and complete the works. Directions Hearing scheduled for 15 October 2021 was adjourned as a further application for approval to remove the render and restore the underlying brickwork has been submitted and is currently being considered by the City. Matter adjourned for further directions on 21 January 2022. Hearing did not proceed as Notice has been complied with. <b>Completed</b> . <i>Representation by: McLeods</i>
2.	No. 374 Newcastle Street, Perth (DR 204 of 2021)	1 October 2021	S&K Investments Pty Ltd	Application for review of Council decision to conditionally approve Billboard signage on 14 September 2021. Application seeks to review a condition of development approval.  Directions Hearing listed for 15 October 2021 and matter referred directly to mediation scheduled for 27 October 2021. Following mediation the applicant was required to provide additional information by 15 November 2021. Council invited to reconsider its decision at 14 December 2021 Meeting. Application for reconsideration approved by Council for a period of three years. Following Directions Hearing on 14 January 2022, the matter has been listed for a further Directions Hearing on 22 April 2022 to schedule Hearing on the matter.  Representation by: Allerding and Associates
3.	Nos. 212-214 Lake Street, Perth (DR 223 of 2021)	19 October 2021	Hanoze Park Pty Ltd	Application for review of notice issued in accordance with the <i>Health (Miscellaneous Provisions) Act 1911</i> to address odour nuisance at 7 Grams Chicken Café. Hanoze Park Pty Ltd believes the notice to be invalid.
				The applicant is seeking a determination that a Health Act Notice cannot be issued for nuisances not listed in Section 182 of the Health Act. This determination needs to be made by a judicial member. The City and the applicant have filed submissions and participated in three Directions Hearings.  The matter is listed for a further hearing on 1 March 2022, after which time SAT may determine how to proceed with the matter.  Representation by: McLeods

# INFORMATION BULLETIN

TITLE:	Register of Petitions – Progress Report – February 2022
DIRECTORATE:	Chief Executive Officer

# **DETAILS**:

Petitions received by the City of Vincent are read out at the Council Meeting and are referred to the appropriate Director for investigation and report. This normally takes 6-8 weeks and the purpose of this report is to keep the Council informed on the progress of the petitions which have been reported to the Council.

A status report is submitted to Council as an Information Bulletin item on a monthly basis.

The following petitions still require action or are in the process of being actioned.

Key I	Key Index:		
CEO:	Chief Executive Officer		
EDCB	S: Executive Director Community & Business Services		
EDIE:	Executive Director Infrastructure & Environment

# **DECLARATION OF OPENING / ACKNOWLEDGEMENT OF COUNTRY**

The Presiding Member, Emma Cole, declared the meeting open at 6.01pm and read the following Acknowledgement of Country statement:

"The City of Vincent would like to acknowledge the Traditional Owners of the land, the Whadjuk people of the Noongar nation and pay our respects to Elders past, present and emerging."

#### 2 APOLOGIES / MEMBERS ON APPROVED LEAVE OF ABSENCE

Nil

#### 3 PUBLIC QUESTION TIME AND RECEIVING OF PUBLIC STATEMENTS

The following is a summary of questions and submissions received and responses provided at the meeting. This is not a verbatim record of comments made at the meeting.

#### 3.1 Mario Zulberti of Leederville - Item 5.4

Stated he is CEO of Rosewood Group, which owns the aged care facility next to the land in question

1 MARCH 2022

- Stated that Rosewood proposes world class dementia garden where the residents could spill out onto a park and engage in a range of different activities and enjoy different spaces.
- Mentioned that the front part of the land could be an NDIS housing development, which they would subcontract.
- Stated that access would be granted to school children during designated times, and at other times seniors from Leederville Gardens could use the activity centres.
- Stated that if Rosewood owned the site the dementia garden concept would be an Australia-first initiative and a trail blazer in this area.

There being no further speakers, Public Question Time closed at approximately 6.07pm.

# 4 STRATEGY & DEVELOPMENT

5.1 NO. 31 (LOT: 74; D/P: 32) SMITH STREET, HIGHGATE - PROPOSED ALTERATIONS AND ADDITIONS TO PLACE OF WORSHIP

Ward: South

Attachments: 1. Consultation and Location Map

2. Development Plans

3. Heritage Impact Statement

4. Determination Advice Notes

**NO QUESTIONS** 

1 MARCH 2022

5.2 NO. 188 (LOT: 1; D/P: 33790) VINCENT STREET, NORTH PERTH - PROPOSED ALTERATIONS AND ADDITIONS TO PLACE OF WORSHIP

Ward: South

Attachments: 1. Consultation and Location Map

- 2. Development Plans
- 3. Heritage Impact Statement
- 4. Table of Proposed Works
- 5. Determination Advice Notes

#### **RECOMMENDATION:**

That Council, in accordance with the provisions of the City of Vincent Local Planning Scheme No. 2 and the Metropolitan Region Scheme, APPROVES the development application for Alterations and Additions to Place of Worship at No. 188 (Lot: 1; D/P: 33790) Vincent Street, North Perth, in accordance with the plans in Attachment 2, subject to the following conditions, with the associated determination advice notes in Attachment 5:

#### 1. Development Plans

This approval is for Alterations and Additions to Place of Worship as shown on the approved plans dated 4 November 2021, 13 December 2021 and 10 January 2022. No other development forms part of this approval;

#### 2. Stormwater

Stormwater from all roofed and paved areas shall be collected and contained on site. Stormwater must not affect or be allowed to flow onto or into any other property or road reserve:

#### 3. Colours and Materials

The colours, materials and finishes of the development shall be in accordance with the details as indicated on the approved plans, to the satisfaction of the City;

# 4. Cleaning of Stonework

Any cleaning of stonework of the building shall be undertaken with pressure water washing and soft brush cleaning so that no pitting or raking of the surface stone occurs, to the satisfaction of the Department of Planning, Lands and Heritage; and

#### 5. Documented Record

Within 28 days of completion of the approved works, a photographic record of the completed works (internal and external) shall be submitted to the City for inclusion in its Historical Archive Collection, to the satisfaction of the City.

1 MARCH 2022

5.3 NO. 3 (LOT: 43; D/P: 1237) ALMA ROAD MOUNT LAWLEY - PROPOSED GROUPED DWELLING (AMENDMENT TO APPROVED)

Ward: South

Attachments: 1. Consultation and Location Map

2. Final Development Plans

3. Approved Plans - Determined by Council 30 April 2019

#### **RECOMMENDATION:**

That Council, in accordance with the provisions of the City of Vincent Local Planning Scheme No. 2 and the Metropolitan Region Scheme, APPROVES the application to amend Development Approval 5.2018.477.1 dated 30 April 2019 for Grouped Dwelling at No. 3 (Lot: 43; D/P: 1237) Alma Road, Mount Lawley, in accordance with plans shown in Attachment 2, subject to the following conditions:

- 1. All conditions, requirements and advice notes detailed on the development approval 5.2018.477.1 granted on 30 April 2019 continue to apply to this approval, except as follows:
  - 1.1 Condition 6.3 is deleted.

NO QUE	STIONS
--------	--------

1 MARCH 2022

#### 5.4 SALE OF NO. 26 BRENTHAM STREET, LEEDERVILLE

#### Attachments:

- 1. No. 26 Brentham Street, Leederville Location and Current State of Land
- 2. No. 26 Brentham Street, Leederville Land and Surrounding Public Open
- 3. Brentham Street Reserve Potential Improvements
- 4. 26 Brentham Street Market Valuation Report Confidential

#### **RECOMMENDATION:**

#### **That Council:**

- 1. APPROVES the disposal of the City's Lot 37 (No. 26) Brentham Street, Leederville, pursuant to section 3.58 of the *Local Government Act* 1995, via public tender:
  - 1.1 the Request For Tender criteria would include the terms of sale, offer, any conditions, and proposed settlement date; and

#### 2. NOTES:

- 2.1 proceeds of a sale as per Recommendation 1 would be held in the Public Open Space reserve to create or enhance POS within the City of Vincent, ideally in areas of shortfall such as Mount Hawthorn:
- 2.2 Administration will consult with the community regarding a landscape plan within the Brentham Street Reserve green space (comprising new play equipment, extension of footpath and lighting through to Bourke Street, additional trees, and landscaping) to be constructed using part proceeds of a sale not exceeding \$299,000; and
- 2.3 Administration will present a separate report to Council at its March 2022 Meeting regarding the rezoning of the whole of No.26 Brentham Street to Residential R60.

## **MAYOR COLE:**

Can a map with the area in question be provided and also a high level explanation of the options that could be explored to create additional public open space – private land purchase opportunities, road reserve, potential long term lease opportunities, etc.

# **EXECUTIVE DIRECTOR STRATEGY & DEVELOPMENT:**

A map from the City's Public Open Space Strategy has been included as an attachment to the Council Meeting report. This map identifies the North-West section of Mount Hawthorn as having a shortfall of POS. The 'Sale Process' section of the report has been edited to include further information regarding opportunities for the use of potential funds. Upon completion of the proposed RFT process, Council would be presented with all offers received, and with further information regarding specific areas suitable for acquisition and opportunities for road reserves to be repurposed into POS – this will be reflected in updated recommendations in the report.

#### CR CASTLE

How could we deal with Item 5.5 and 5.4, if one is passed and the other is not?

#### **EXECUTIVE MANAGER CORPORATE STRATEGY & GOVERNANCE:**

If Council approves the rezoning without supporting the sale, the City would go through the scheme amendment process for no apparent benefit to the City, nor would it affect the current land use of 26 Brentham Street. If Council approves selling the land and does not approve the scheme amendment, it would affect the market value of the land and reduce the potential monetary benefit to the City that would be applied to benefit the wider Vincent community in enhancing POS in shortfall areas.

#### MAYOR COLE:

Should there be reference in 5.5 to 5.4? Reverse the order in the agenda for next week?

## **EXECUTIVE MANAGER CORPORATE STRATEGY & GOVERNANCE:**

Due to technical limitations the request to reverse the order of items 5.4 Sale of No 26 Brentham Street, Leederville and 5.5 Amendment 8 to Local Planning Scheme No. 2 (No. 26 Brentham Street, Leederville)

1 MARCH 2022

is unable to be achieved in the Council agenda papers. In accordance with the Meeting Procedures Local Law the Presiding Member is able to alter the order of business for the convenience of the meeting.

#### **MAYOR COLE:**

Contact with Aranmore Primary School – has there been any feedback in relation to have a landscape plan and renewed playground? Provide an update

#### **EXECUTIVE MANAGER CORPORATE STRATEGY & GOVERNANCE:**

The City has met with the Principal of Aranmore Catholic Primary School who has confirmed they support the proposed landscape plan and renewed playground.

#### **MAYOR COLE:**

Play equipment - if the school wants it can it still be gifted to them?

#### **EXECUTIVE MANAGER INFRASTRUCTURE AND ENVIRONMENT**

The Principal at Aranmore Catholic Primary School has advised that they cannot accept and use 'used' playground equipment on site.

#### MAYOR COLE:

What height would R60 zoning permit?

#### **EXECUTIVE DIRECTOR STRATEGY & DEVELOPMENT:**

At the Council Briefing it was stated that the deemed-to-comply height of the site and the surrounding properties was two (2) storeys. This was incorrect. The deemed-to-comply height of the site and the surrounding properties is actually three (3) storeys.

#### CR LODEN:

POS Strategy information could be included? What would the funds be used for, and what would the benefits be? Will the benefits be made clear?

#### **EXECUTIVE DIRECTOR STRATEGY & DEVELOPMENT:**

Additional information has been add to report.

## CR CASTLE:

Recommendation 2.1 "ideally" - is that binding enough to say it will be spent in that area?

#### **EXECUTIVE MANAGER CORPORATE STRATEGY & GOVERNANCE:**

The recommendation has been modified to change the word 'ideally' to 'specifically'.

## CR WORNER:

Could this possibly be an apartment block?

# **EXECUTIVE MANAGER CORPORATE STRATEGY & GOVERNANCE:**

With an R60 zoning, the land could be used for an apartment building.

The RFT criteria is recommended to consider the suitability of the future use of the land. The results of this criteria would be presented to Council to consider any offers presented.

Cr Loden left the meeting at 6.32pm.

Cr Loden returned to the meeting at 6.34pm.

1 MARCH 2022

5.5 AMENDMENT 8 TO LOCAL PLANNING SCHEME NO. 2 (NO. 26 BRENTHAM STREET, LEEDERVILLE)

Attachments: 1. Form 2A - Amendment 8 to Local Planning Scheme No. 2

- 2. Surrounding Public Open Space
- 3. Map of Surrounding Landholdings

#### **RECOMMENDATION:**

That Council PREPARES Amendment 8 to Local Planning Scheme No. 2, included as Attachment 1, pursuant to section 75 of the *Planning and Development Act 2005*, to reclassify a portion of Lot: 37 (No. 26) Brentham Street, Leederville from Public Open Space to Residential R60, for community consultation pursuant to Section 47 of the Planning and Development (Local Planning Schemes) Regulations 2015.

**NO QUESTIONS** 

1 MARCH 2022

# 5.6 RESCINDING OF POLICY NO. 4.1.23 - STATE ADMINISTRATIVE TRIBUNAL

Attachments: 1. Draft State Administrative Tribunal Management Practice

**RECOMMENDATION:** 

#### **That Council:**

- 1. RESCINDS Policy No. 4.1.23 State Administrative Tribunal, pursuant to section 2.7 of *Local Government Act* 1995; and
- 2. NOTES the management practice, included at Attachment 1, to be managed and maintained by Administration.

**NO QUESTIONS** 

1 MARCH 2022

# 5.7 ADVERTISING OF AMENDED POLICY - POLICY NO. 7.5.3 - EDUCATION AND CARE SERVICES

Attachments:

- 1. Engagement Results Report
- 2. Draft Local Planning Policy: Education and Care Services
- 3. Local Planning Policy: Education and Care Services Tracked Changes

#### RECOMMENDATION:

That Council PREPARES Amendment 2 to Local Planning Policy No. 7.5.3 – Education and Care Services, included at Attachment 2, for the purpose of public advertising, pursuant to clause 4 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015.* 

#### MAYOR COLE:

30% share in outdoor areas, with a preference for natural shade - should canopy requirements be included.

# **MANAGER POLICY & PLACE:**

The Policy has been amended to require 30 percent of the external play space to be provided as canopy coverage.

#### **AYOR COLE:**

Consideration for access to natural light and ventilation?

#### **MANAGER POLICY & PLACE:**

The Education and Care Services National Regulations 2012 include provisions relating to natural sunlight and ventilation. These requirements are also governed by the Building Codes of Australia.

#### **MAYOR COLE:**

Protect privacy of adjoining land owners has been included, should privacy of children be included in objectives.

#### **MANAGER POLICY & PLACE:**

Objective Three of the Policy has been updated to require privacy for the child care premise users.

#### **MAYOR COLE:**

Should minimum room sizes be included?

#### **MANAGER POLICY & PLACE:**

Minimum room sizes are determined by the Education and Care Services National Law (WA) Act 2012 and Education and Care Services National Regulations 2012. It is determined based on the number of children attending the service.

#### **MAYOR COLE:**

Optimal environment for children – super centre with big numbers of children, is there an optimal number for child care centres?

# **MANAGER POLICY & PLACE:**

The Education and Care Services National Regulations 2012 include provisions relating to the number of children per square metre:

- 3.25sqm of indoor space per child; and
- 7sqm of outdoor space per child.

The number of children is also determined by the number of carers and qualified carers and parking requirements.

Limiting child numbers further may deter operators from providing child care centres within the City of Vincent, or result in unforeseen impacts. A one size fits all approach would not consider individual site context and may result in over or under development of sites.

1 MARCH 2022

A review of eight local governments within the metropolitan area was undertaken. The City of Perth is the only local government to include a maximum number of children per centre (maximum of 25 with the ability to increase to 40). This Policy was adopted in 1999 and is outdated.

New South Wales (NSW) State Government has released a Child Care Planning Guideline document that establishes the assessment framework to deliver consistent planning outcomes and design quality for centre-based child care facilities is NSW. The guidelines cover seven principles (context, built form, adaptive learning spaces, sustainability, landscape, amenity and safety). No local planning policies for individual local governments was found when reviewed.

The number of children permitted within child care centres in NSW is determined based off the same criteria as WA (e.g. indoor/outdoor spaces, parking, number of carers).

#### **CR GONTASZEWSKI:**

Definition of family day care service – is the intention that family day care should be run through a service, so has to be on the register.

#### **MANAGER POLICY & PLACE:**

Yes, family day care residence or family day care venue must obtain approval through an approved service. The family day care service must undertake annual reviews of the residence or venue to ensure the safety and protection of the children.

#### **CR GONTASZEWSKI:**

Adjacent to commercial use – if non-residential use, like a park or place of worship, why was that not included?

#### **MANAGER POLICY & PLACE:**

The Policy has been updated to refer to other non-residential land uses.

#### CR GONTASZEWSKI:

Would existing centres be approved with the new policy provisions in place?

# **MANAGER POLICY & PLACE:**

A review of several child care centres within the City was undertaken. Key characteristics are highlighted below

257 Walcott Street:

- Local Centre:
- Adjacent to residential properties (separated by a laneway);
- Outdoor play space on upper level, towards the rear of the lot (adjacent to residential properties).
   Landscaping and fencing used to manage noise and visual impact; and
- Vehicle access was prohibited to be via Walcott Street.

This proposal would not meet clause 3.1 b) of the Policy. This location was appropriate as it provided an appropriate design response to the site context, and provided activation of the frontage.

79 Paddington Street:

- Residential zone (adjacent to Charles Street);
- Building and play space is located away from residential properties (optimal location); and
- Short term parking reasonably located away from residential properties. Long term parking adjacent to residential properties (deemed appropriate as limited movement would be expected).

This proposal would not meet clause 3.2 of the Policy as it is not located adjacent to other non-residential development. However the application proposed all play space and parking areas away from the adjoining residential development to mitigate amenity impacts.

233 Scarborough Beach Road (change of use from Consulting Rooms to Child Care Premises):

- Mixed use zone, adjacent to a Residential zone;
- Long term parking adjacent to Residential zone. On-street drop off/pick up on Paddington Street;

1 MARCH 2022

Outdoor play space is located adjacent to other Mixed Use zones.

This proposal is located within a Mixed Use zone and can accommodate non-residential development. The application was approved with the requirement for acoustic treatments to be provided to mitigate amenity impacts.

1 MARCH 2022

#### 5.8 CITY OF VINCENT REBOUND PLAN - QUARTERLY UPDATE

Attachments:

- 1. Vincent Rebound Plan Implementation Framework
- 2. Rebound Roundtable Forward Agenda

#### **RECOMMENDATION:**

That Council NOTES the:

- Quarterly update on the City of Vincent Rebound Plan implementation included as Attachment 1, and the monthly reporting to the Rebound Roundtable; and
- 2. Rebound Roundtable Forward Agenda included as Attachment 2.

#### **MAYOR COLE:**

Status of pop up play initiative at Edinburgh Street Park.

#### **EXECUTIVE DIRECTOR COMMUNITY & BUSINESS SERVICES:**

Pop up play agility workshop planned during Youth Week (April 11-15).

Young people who live in the area surrounding the Edinboro Street Reserve will be invited to attend a workshop which will include a run through of the draft pop up play design including the ability to suggest a few minor alterations to the design.

In anticipation of COVD restrictions, bookings will be required as well as masks and physical distancing. The session will be run outside by a qualified fitness instructor, parks and community development staff. If COVID restrictions increase, we may look at online options. Following the workshop, the obstacle course elements will be ordered and installed.

The planned youth week activities, including this workshop, will be presented to the next CYPAG meeting in March for discussion.

#### **MAYOR COLE:**

Update on how the Events grant funding. Whether receiving any interest at this difficult time. The report does talk about whether we move to an annual grants funding process for that.

## **EXECUTIVE DIRECTOR COMMUNITY & BUSINESS SERVICES:**

Administration has currently received 9 applications for festival and event funding events to take place in 2022/2023 financial year, applications will close 14 March. Most events are occurring during spring and summer.

# CR CASTLE:

Update on the state of events, I think we have all seen a number of cancellations recently and I just want to get a sense of if any things are still running, and that might help us direct some support if it is needed.

#### **EXECUTIVE DIRECTOR COMMUNITY & BUSINESS SERVICES:**

Events are currently in another uncertain wave with COVID-19 restrictions, the hardest one to adhere to is the 500 capacity limits which will hopefully only be in place for 3-4 weeks as boarders open.

We have seen an increase of external/private events and activations in local parks, these are taking place almost every weekend. Booking volume is up 40% (18 Feb to 31 Mar) compared to the same time last year following the State Government 2msq rule applying to public indoor facilities and home gatherings being restricted to 30 people, moving many of these events to parks and indoor facilities that cater for over 30 people.

Events that have been cancelled recently:

- Hyde Park Fair;
- St Patricks Day; and
- Mt Hawthorn Hawkers Markets.

Events going ahead:

1 MARCH 2022

- Picnic on the Pitch;
- RTRFM Neon Picnic working to go ahead with maximum 500 people at any one time;
- Noongar Radio First Nations Welcome All Nations;
- Anzac Day working with RSL to run a COVID safe event;
- Native Plant Sale will run in sessions to ensure crowd can be dispersed; and
- Citizenships.

#### CR CASTLE:

Broad health check on how businesses are coping with the changing environment?

#### **MANAGER POLICY & PLACE:**

As part of the City's Place Performance Measurement Study, Administration worked with Curtin University students to survey City of Vincent businesses between 7 December 2021 and 31 January 2022. Although the timing of the survey does not capture the impact of the new February/March restrictions on business perception, it does establish a baseline health check of business confidence prior to the border opening and widespread community transmission. A key question within this survey was – how businesses best describe their trade and sales pre-COVID (before February 2020) compared to their current trade and sales conditions. Of the 148 business that answered this question:

- 21 percent described conditions as the same;
- 20 percent believed it to be a little worse;
- 15 percent believed it to be a little better;
- 18 percent believed conditions this year were a lot worse;
- 10 percent believed conditions were a lot better; and
- 16 percent were not sure or declined to answer.

The survey responses also indicated businesses were concerned with:

- the potential of losing customers who do not want to be vaccinated, wear masks or who feel like their privacy is being intruded upon;
- the need to hire extra staff and the time implications of checking vaccination requirements; increased costs of cleaning;
- their ability to move to a primarily takeaway business (rather than dine in); and
- the reduced capacity limits; and their fears from previous experiences with lock downs and mandates.

Business perceptions are currently mixed. Some businesses report doing well whilst others note they have been struggling. The ability to retain staff seems to be an ongoing concern. Administration continues to monitor and engage with businesses in person and work with them to find solutions to challenges that arise throughout the ever-changing environment. Administration will report these findings through the monthly Rebound Roundtable and quarterly Rebound Plan reporting.

1 MARCH 2022

#### 5.9 ADVERTISING OF NEW POLICY - DRAFT VIBRANT PUBLIC SPACES POLICY

#### Attachments:

- Draft Development on City Owned and Managed Land Policy Summary of Submissions
- 2. Draft Development on City Owned and Managed Land Policy Policy Restructure
- 3. Vibrant Public Spaces Engagement Results
- 4. Draft Vibrant Public Spaces Policy

#### RECOMMENDATION

#### **That Council:**

- APPROVES the draft Vibrant Public Spaces Policy, at Attachment 4, for the purpose of advertising; and
- AUTHORISES the Chief Executive Officer to advertise the proposed new policy and invite public comments for a period of at least 21 days.

#### **MAYOR COLE:**

Establishment fee but no ongoing fee, would we be approving structures ongoing? If the structure is in the public realm and not maintained who is responsible? Or what happens when the City needs to do works?

#### **MANAGER POLICY & PLACE:**

The draft Policy Guidelines include applicant responsibilities for each vibrant public space type. These have been developed to be detailed and clear to ensure that the applicant is aware of their responsibilities for the life of the vibrant public space.

The vibrant public space agreement for each applicant will detail these responsibilities ensuring that the applicant agrees and adheres to the requirements for hosting a vibrant public space.

In addition to the responsibilities, the agreement is to include the relevant public space type (structure) definition to be acknowledged and adhered to by the applicant. This inclusion is to ensure that the structure meets the intended purpose and is publicly accessible as prescribed by the draft Policy and Policy Guidelines.

The agreement is to include a copy of the approved vibrant public space structure design, with the applicant required to construct the structure accordingly. As per the applicant responsibilities within the draft Policy Guidelines, the following is to be included in the vibrant public space agreement:

Applicant must notify the City 24 hours prior to the installation of any approved structure, to confirm the
installation date and time, and within 24 hours of completing installation, to confirm the installation is
complete.

A number of applicant responsibilities within the draft Policy Guidelines refer to maintenance, and will be included in the vibrant public space agreement to ensure that the structure is of a high standard and is as approved at all times. These responsibilities are as follows:

- Applicant must ensure the structure is well maintained in a clean, tidy, good, inoffensive and aesthetically appealing condition at all times.
- Applicant must ensure any plants associated with the structure are maintained in a healthy, neat and tidy condition at all times.

A number of applicant responsibilities within the draft Policy Guidelines refer to removal of the structure, and will be included in the vibrant public space agreement to ensure that the structure can be removed as required. These responsibilities are as follows:

Applicant must remove the structure and replace any planting, at the applicants expense, and make
good to the satisfaction of the City at the request of the City or public utility provider within 14 days of
receiving the request. Reasons for removal requests may include but are not limited to required service
access and non-compliance with the executed agreement.

Page 17

Item 12.5- Attachment 11

1 MARCH 2022

- In the case of planned maintenance, the applicant is responsible for the removal, storage and reinstallation of the structure.
- Note that if a parklet or eatlet is paved it is not required to be removed during road works/resurfacing
  making maintenance easier in comparison to a parklet or eatlet with a decked platform as its base.

The detailing of the applicant responsibilities in the Policy Guidelines and subsequent agreement will allow the City to take compliance where the Policy Guidelines and agreement are not being met. The City's current policy framework does not provide such detail and the new Policy will better assist the City when taking any required compliance action. If compliance requirements continue to not be met and the agreement is not being adhered to, the City has the right to remove the structure. This will be outlined in the vibrant public space agreement and the cost to remove the structure will come from the approval fee paid by the applicant.

It should be noted that the agreement will vary slightly for each vibrant public space structure type based on the specific detail of that structure as per the relevant applicant responsibilities section of the Policy Guidelines.

# MAYOR COLE:

What types of permanent structures could we be looking at?

#### **MANAGER POLICY & PLACE:**

The City at present has a number of structures which are located on City owned and managed land. These structures are currently classified as street furniture, parklets and outdoor eating areas. The draft Policy would result in a reclassification of these structures as follows:

Existing Structure	Current Classification	Classification as per the draft Policy	Explanation
Previous Foam Café – 130 Oxford Street	Parklet	Parklet	This structure functions as a small public park set into the existing streetscape. Anyone is permitted to use the parklet to relax, eat, etc. Patrons of the adjacent business are also able to use the structure to consume goods purchased from this business. The current function of the structure is intended to continue and is considered a parklet as per the draft Policy.  The design of the structure meets the design objectives, design requirements and location requirements of parklets as per the draft Policy and is classified as a
Pixel Café – 226 Oxford Street	Parklet	Parklet	parklet with a decked platform.  This structure functions as a small public park set into the existing streetscape.  Anyone is permitted to use the parklet to relax, eat, etc. Patrons of the adjacent business are also able to use the structure to consume goods purchased from this business. The current function of the structure is intended to continue and is considered a parklet as per the draft Policy.
			The design of the structure meets the design objectives, design requirements and location requirements of parklets as per the draft Policy and is classified as a parklet with a decked platform.
Pinchos – 112-124 Oxford Street	Parklet	Eatlet	The space functions as an outdoor eating area servicing the adjacent business with table service provided to the patrons of

Page 18

Item 12.5- Attachment 11 Page 470

1 MARCH 2022

					this business. Alcohol consumption is permitted as the structure area is licensed. For this reason, the structure would be reclassified as an eatlet under the draft Policy.  The eatlet is a dual purpose space which functions an outdoor eating area during business operating hours and a small public park available to anyone to access outside of business operating hours.  The design of the structure meets the				
					design objectives, design requirements and location requirements of eatlets as per the draft Policy and is classified as an eatlet with a decked platform.				
Roberts on Oxford – 173 Oxford Street				The space functions as an outdoor eating area servicing the adjacent business with table service provided to the patrons of this business. Alcohol consumption is permitted as the structure area is licensed. For this reason, the structure would be reclassified as an eatlet under the draft Policy.					
					The eatlet is a dual purpose space which functions an outdoor eating area during business operating hours and a small public park available to anyone to access outside of business operating hours.				
					The design of the structure does not at present meet Design Objectives O4.2.7 and O4.2.8 of the draft Policy as the structure does not provide good lines of sight to key locations due to the lack of visual permeability above 0.9 metres in height. The structure does not meet Design Requirements D4.3.4 and D4.3.5.				
As per the draft Policy th	nis structure i	is class	sified as	an eatle	t with decked platform.				
Kitsch Bar – 229 Oxford Street	Parklet	Eatle	et	servicion provide consur license	The space functions as an outdoor eating area servicing the adjacent business with table service provided to the patrons of this business. Alcohol consumption is permitted as the structure area is licensed. For this reason, the structure would be reclassified as an eatlet under the draft Policy.				
				an oute hours a access	The eatlet is a dual purpose space which functions an outdoor eating area during business operating hours and a small public park available to anyone to access outside of business operating hours.				
				The design of the structure meets the design objectives, design requirements and location requirements of eatlets as per the draft Policy and					
Jus Burgers/Gusto Gelato – 743 Newcastle Street	Parklet	Eatle	et	The sp	sified as an eatlet with a decked platform.  Pace functions as an outdoor eating area and the adjacent business with table service and to the patrons of this business (Jus

1 MARCH 2022

			Burgers). Alcohol consumption is permitted as the
			structure area is licensed. For this reason, the structure would be reclassified as an eatlet under the draft Policy.
			The eatlet is a dual purpose space which functions an outdoor eating area during business operating hours and a small public park available to anyone to access outside of business operating hours.
			The design of the structure meets the design objectives, design requirements and location requirements of eatlets as per the draft Policy and is classified as an eatlet with new paving (Leederville Village Square is used as the base).
			It should be noted that if this structure were to only service Gusto Gelato it would remain as a parklet as the space would not be licensed for the consumption of alcohol and as Gusto provides primarily takeaway goods no direct service from the business would be provided.
Fibber Mcgees – 711 Newcastle Street	Parklet	Eatlet	The space functions as an outdoor eating area servicing the adjacent business with table service provided to the patrons of this business. Alcohol consumption is permitted as the structure area is licensed. For this reason, the structure would be reclassified as an eatlet under the draft Policy.
			The eatlet is a dual purpose space which functions an outdoor eating area during business operating hours and a small public park available to anyone to access outside of business operating hours.
			The design of the structure meets the design objectives, design requirements and location requirements of eatlets as per the draft Policy and is classified as an eatlet with new paving (Leederville Village Square is used as the base).
Modus Coffee – 602 – 610 Beaufort Street	Parklet	Parklet	This structure functions as a small public park set into the existing streetscape. Anyone is permitted to use the parklet to relax, eat, etc. Patrons of the adjacent business are also able to use the structure to consume goods purchased from this business. The current function of the structure is intended to continue and is considered a parklet as per the draft Policy.
			The design of the structure meets the design objectives, design requirements and location requirements of parklets as per the draft Policy and is classified as a parklet with a decked platform.
Lawley Bakery – 163-165 Scarborough Beach Road	Parklet	Parklet	This structure functions as a small public park set into the existing streetscape. Anyone is permitted to use the parklet to relax, eat, etc. Patrons of the adjacent businesses are also able to use the structure to consume goods purchased from this business. The current function of the structure is intended to continue and is considered a parklet as per the draft Policy.
			The design of the structure meets the design objectives, design requirements and location requirements of parklets as per the draft Policy and is classified as a parklet with a decked platform.
Casa D'Arte – 73-77 Coogee Street	Parklet	Parklet	This structure functions as a small public park set into the existing streetscape. Anyone is permitted to

1 MARCH 2022

			use the parklet to relax, eat, etc. Patrons of the adjacent businesses are also able to use the structure to consume goods purchased from this business. The current function of the structure is intended to continue and is considered a parklet as per the draft Policy.  The design of the structure meets the design objectives, design requirements and location requirements of parklets as per the draft Policy and is classified as a parklet with a decked platform.
William Topp – 452 William Street	Parklet	Parklet	This structure functions as a small public park set into the existing streetscape. Anyone is permitted to use the parklet to relax, eat, etc. Patrons of the adjacent businesses are also able to use the structure to consume goods purchased from this business. The current function of the structure is intended to continue and is considered a parklet as per the draft Policy.  The design of the structure meets the design objectives, design requirements and location requirements of parklets as per the draft Policy and is classified as a parklet with a decked platform.
Future Shelter – 56-68 Angove Street	Parklet	Parklet	This structure functions as a small public park set into the existing streetscape. Anyone is permitted to use the parklet to relax, eat, etc. Patrons of the adjacent businesses are also able to use the structure to consume goods purchased from this business. The current function of the structure is intended to continue and is considered a parklet as per the draft Policy.  The design of the structure meets the design objectives, design requirements and location requirements of parklets as per the draft Policy and is classified as a parklet with a decked platform.
Get Ya Fix – 1/471 William Street	Street Furniture	Street Furniture	The structure is an affixed bike rack. The function and use of this structure is not proposed to change.  The design of the structure meets the design objectives, design requirements and location requirements of street furniture as per the draft Policy and is classified as street furniture on an existing ground surface.
Cleaver Street Deli – 14 Cleaver Street	Street Furniture	Affixed Eating Area Furniture	The structure is a significantly weighted bench located adjacent the business. This is associated with an approved outdoor eating area for the use, benefit and enjoyment of business patrons, during business hours, and the public outside of business hours. The current function of the structure is intended to continue and is considered as an affixed eating under the draft Policy.  The design of the structure meets the design objectives, design requirements and location requirements of affixed eating areas as per the draft Policy and is classified as an affixed eating area on an existing ground surface.
Standby Espresso – 1 Raglan Road	Street Furniture	Affixed Eating Area Furniture	The structure is a significantly weighted bench located adjacent the business. This is associated with an approved outdoor eating area for the use,

1 MARCH 2022

			benefit and enjoyment of business patrons, during business hours, and the public outside of business hours. The current function of the structure is intended to continue and is considered as an affixed eating under the draft Policy.  The design of the structure meets the design objectives, design requirements and location requirements of affixed eating areas as per the draft Policy and is classified as an affixed eating area on an existing ground surface.
Spritz Spizzicheria – 148 Scarborough beach Road	Outdoor Eating Area	Eatlet (non- compliant)	The space functions as an outdoor eating area servicing the adjacent business with table service provided to the patrons of this business. Alcohol consumption is permitted as the structure area is licensed. For this reason, the structure would be reclassified as an eatlet under the draft Policy.  The design of the structure does not at present meet Design Objectives O4.2.6, O4.2.7 and O4.2.8 of the draft Policy as the structure does not provide a comfortable distance between the façade of the building to encourage physical activity, does not present as accessible to all, and does not provide good lines of sight to key locations due to the lack of visual permeability above 0.9 metres in height. The structure does not meet Design Requirements D4.3.4, D4.3.5, D4.3.20 and 4.3.21 and does not meet Location requirement L4.4.4.

The design of the structure does not give the appearance of being dual purpose and functioning as a small public park outside of business hours. Under the draft Policy, this structure would not meet the design objectives or design requirements and would not be approved.

The structure is classified as an eatlet on an existing ground surface as per the draft Policy.

PROPOSED – Birraz Ristobar – 406 Oxford Street	Parklet	Eatlet	A structure is proposed to be developed on City land adjacent the adjoining business. This structure proposes to be an outdoor eating area during business hours and small public park outside of business hours. The structure is proposed to have new paving as the base and to be built from solid materials such as low height brick walls.
			This design is considered to meet the design objectives and requirements of an eatlet as the walls have a limited height and do not exceed 0.9m in height as per D4.3.4.  Under the draft policy, this structure is classified as
			an eatlet with new paving.

# CR GONTASZEWSKI:

Majority of public realm should not be privatised – amendment foreshadowed.

# **MANAGER POLICY & PLACE:**

Administration has prepared an amendment to modify the Vibrant Public Spaces Policy to include a maximum number of Eatlets through a radius model that ensures there is a threshold to the number of Eatlets permitted in any one area.

# CR GONTASZEWSKI:

If Council determined that private development on parks or reserves should not be facilitated. What would need to change within the Policy?

Page 22

Item 12.5- Attachment 11

1 MARCH 2022

# **MANAGER POLICY & PLACE:**

Administration has prepared an amendment to modify the Vibrant Public Spaces Policy to remove the permissibility of Vibrant Public Spaces within Reserves and Public Open Spaces.

# 7.2 AUTHORISATION OF EXPENDITURE FOR THE PERIOD 1 JANUARY 2022 TO 31 JANUARY 2022

Attachments: 1. Payments by EFT and Payroll January 22

- 2. Payments by Cheque January 22
- 3. Payments by Direct Debit January 22

# **RECOMMENDATION:**

That Council RECEIVES the list of accounts paid under delegated authority for the period 1 January 2022 to 31 January 2022 as detailed in Attachments 1, 2 and 3 as summarised below:

EFT payments, including payroll	\$3,547,652.83
Cheques	\$1,014.39
Direct debits, including credit cards	\$216,817.48

Total payments for January 2022 \$3,765,484.70

#### CR GONTASZEWSKI:

Could you provide details on the energy monitoring project at the depot?

### SUSTAINABILITY & INNOVATION ADVISOR:

The expenditure was for the installation of an energy monitoring system at the Depot. This will ensure that the City can monitor energy usage at this large using site and rectify any issues as soon as possible to save money and reduce emissions.

It is an expansion of the current energy monitoring system that we have at other large sites; Administration Building, Beatty Park Leisure Centre and the Library.

#### CR GONTASZEWSKI:

Requesting some more information on the \$24,000 in Christmas decoration dismantling and storage for visual inspirations?

# MANAGER ENGINEERING:

Visual Inspirations have been engaged to install the annual Leederville trees lights and christmas decorations.

Initially the installation involved 3 trees, around the Newcastle / Oxofrd Street intersection which then expanded to 6 trees, (an additional 2 in Oxford Street and 1 in Newcastle Street). Last year the large gum outside Duende was added.

The power cost is funded by the adjacent businesses. The installation and removal process funded by the City is both time and labour intensive.

The lights and decorations are installed over 2 nights in early December (along with bunting in past years), usually starting at 10.00pm through the about 5.00am (to minimise disruption). It involves qualified arborists, tree climbers, a 'cherry picker' (truck mounted elevated work platform) an electrican and road closures (traffic management). In mid January the decorations are removed over 1 night. The lights and cabling are then removed after Easter taking 2 nights. The City owns the lights and transformers, which are stored (part of the cost) until the following year.

#### 7.4 MID YEAR BUDGET REVIEW 2021/22

#### Attachments:

- 1. Statement of Comprehensive Income by Nature and Type
- 2. Statement of Comprehensive Income by Program
- 3. Rate Setting Statement
- 4. Cash backed reserves
- 5. Capital Budget for MYBR
- 6. Source Funding
- 7. Operating Budget Analysis
- 8. Loftus Recreation Centre

#### **RECOMMENDATION:**

That Council BY ABSOLUTE MAJORITY APPROVES the following amendments to the 2021/2022 Annual Budget:

- a) A net increase in the Operating Budget of \$1,929,061 as per Attachments 1 and 2;
- b) A net increase in Special Purpose Reserves totalling \$2,309,270 as per Attachments 3 and 4;
- c) A net decrease in the Capital Expenditure Budget of \$7,162,867 as per Attachment 5;
- d) A net increase in the closing surplus of \$512,230, resulting in a forecast year end deficit at 30 June 2022 of \$80,144, as per Attachment 3;
- e) Subsequent to clauses (a) to (d), the capital budget is increased by \$72,091 and the Loftus Recreation Centre Reserve is reduced by \$72,091 as per Attachment 8, and the Financial Statements are updated accordingly.

### MAYOR COLE:

Interested given that we have had such a good run on solar, that we had an increase in our utility charges of \$160,000?

### **EXECUTIVE MANAGER FINANCIAL SERVICES:**

The increase for Utility charges of \$160,720 (Electricity \$104,370 & Water \$56,350) relates to:

- Three cost centres underestimated the original budget by \$113,710 due to administrative error. Electricity and water usage remains at or below previous year utilisation. Budget anomaly was corrected in the mid-year budget review.
- Higher electricity and water usage costs of \$47,550, mainly related to the increase usage of public halls, reserve pavilions, facilities and the community centre. Revenue has also been increased to reflect the increased usage of these facilities.

#### MAYOR COLE:

Would like a little bit more information on the Beatty Park changerooms deferral to 2023, I did see it talked about design this year, really keen to see that move forward so would like some information on how long design will take and when will works happen?

The Leederville Parade Greening plan, commentary around being held up by black spot, but would like more detail about how those 2 are linked and how it will affect design proposed on Leederville Parade and the greening and when that project will start?

# **EXECUTIVE DIRECTOR INFRASTRUCTURE AND ENVIRONMENT:**

Indicative high level timelines associated with Beatty Park Changerooms:

- RFQ Professional Consultant Design Services March 2022
- Design of Changerooms Mid-April June 2022
- RFT Construction of New Changerooms July 2022
- Tender Evaluation, Council Report, Council Approval August 2022

1 MARCH 2022

- Award Contract, Demolition of existing Changerooms September 2022
- Construction of New Changerooms September-November 2022

#### MAYOR COLF

The Leederville Parade Greening plan, commentary around being held up by black spot, but would like more detail about how those 2 are linked and how it will affect design proposed on Leederville Parade and the greening and when that project will start?

# **EXECUTIVE DIRECTOR INFRASTRUCTURE AND ENVIRONMENT:**

The Leederville Parade greening project is linked to the blackspot project going ahead. The blackspot involves creating a central median allowing for trees to be planted in the newly created median. The project cannot go ahead until the blackspot design is approved by MRWA so the project is listed as a carry forward as will not be able to be constructed this financial year. Consideration is also being given to withdrawing the project due to the uncertainty around future uses for Frame Court and the Avenue car parks which will be discussed with Council as part of the budget setting process for 2022/23.

#### **CR IOPPOLO:**

Change recommendation to 2021/22.

# **EXECUTIVE DIRECTOR COMMUNITY & BUSINESS SERVICES:**

The report has been amended.

# 12.6 UNDERTAKINGS RELATING TO THE LOCAL GOVERNMENT PROPERTY LOCAL LAW 2021

### **Attachments:**

1. JSCDL Letter - Local Government Property Local Law 2021 - Confidential

### **RECOMMENDATION:**

#### That Council:

- 1. RESPONDS to the Joint Standing Committee on Delegated Legislation indicating its agreement to the following undertakings:
  - 1.1 Within six months:
    - 1.1.1 correct the typographical errors in clauses 4.4(2); 5.13; 5.14; 6.1(e); 6.3(1); 9.3(2); 9.7(1)(f) and 9.11(1);
    - 1.1.2 amend clauses 6.8 and 5.16(c) and (d); and
    - 1.1.3 delete clause 13.2(1)(b);
  - 1.2 Provide feedback on the rationale for clause 5.3(I);
  - 1.3 The clauses specified in undertaking 1 (Recommendation 1.1) will not be enforced in a manner contrary to undertaking 1;
  - 1.4 Ensure any consequential amendments arising from undertaking 1 (Recommendation 1.1) will be made; and
  - 1.5 Where the local law is made publicly available by the City, whether in hard copy or electronic form, ensure that it is accompanied by a copy of the undertakings; and
- 2. NOTES that Administration will provide a further report to Council to approve the commencement of adoption the Local Government Property Amendment Local Law 2022, once drafted.

## **PURPOSE OF REPORT:**

For Council to consider responding to the Joint Standing Committee on Delegated Legislation regarding requested undertakings in relation to the Local Government Property Local Law 2021.

## **BACKGROUND:**

At its 28 July 2020 Meeting, Council resolved (Item 12.7) to provide public notice of its proposal to repeal the City of Vincent Local Government Property Local Law 2008 and replace it with the Local Government Property Local Law 2020.

At its 20 October 2020 Meeting, Council approved (Item 9.4) the adoption of the Public Health Plan 2020-2025 (PHP). To align with the PHP objective to achieve 'Smoke-free Town Centres by 2025', the Local Government Property Local Law 2020 was put on hold due to requiring a number of changes.

At its 22 June 2021 Meeting, Council approved (Item 12.2) the recommencement of the process of repealing the Local Government Property Local Law 2008 and adopting the Local Government Property Local Law 2021.

Local public notice of the Local Government Property Local Law 2021 was given with submission period open between 30 July 2021 and 24 September 2021.

A number of minor changes were made due to public submissions and advice from the Department of Local Government, Sport and Cultural Industries (DLGSC).

At its 16 November 2021 Meeting, Council approved the making of the Local Government Property Local Law 2021.

At the same Meeting, Council was informed that the Western Australian Parliamentary Joint Standing Committee on Delegated Legislation may exercise its discretion to disallow part or all of the Local Government Property Local Law 2021.

The Local Government Property Local Law 2021 was published in the Government Gazette on 30 November 2021 edition No. 201.

Local public notice of adoption of the Local Government Property Local Law 2021 was published on 4 December 2021, noting that the local law will becoming operation on 14 December 2021.

The Local Government Property Local Law 2021, relevant documents, and advice from DLGSC were provided to the Joint Standing Committee on Delegated Legislation (JSCDL) on 10 December 2021 for their review of the local law.

On 24 February 2022, the JSCDL considered the local law and advised Mayor Emma Cole that the undertakings be actioned, and a letter be provided in agreeance with the undertakings by 14 March 2022.

The Local Government Property Local Law 2021, as Gazetted, can be viewed here.

### **DETAILS:**

The Joint Standing Committee on Delegated Legislation is a joint committee of the Parliament of Western Australia. The committee has been delegated, by Parliament, the task of scrutinising subsidiary legislation. Local laws are subsidiary legislation that are capable of disallowance by either House of Parliament under section 42 of the *Interpretation Act 1984*.

The JSCDL did not disallow the Local Government Property Local Law 2021.

Where the committee has expressed concerns about a local law, rather than disallowing the law, the relevant local government is requested to provide the committee with a satisfactory written undertaking to address the concerns by amending or repealing parts of the local law.

In fulfilling the requested undertakings, the City is required to make the Local Government Property Amendment Local Law 2022 within six months. This would be made in accordance with all mandatory procedural steps contained in section 3.12 of the *Local Government Act 1995*.

The process for making the Local Government Property Amendment Local Law 2022 is as follows:

- 1. Council would be presented with a draft Local Government Property Amendment Local Law 2022 to approve commencing advertising of the proposed amendment local law;
- 2. Local public notice will be provided and submission on the proposed amendment local law will be open for a minimum six-week period:
- 3. Council would then be presented with all submissions and would be requested to approve by absolute majority the making of the amendment local law;
- 4. The adopted amendment local law would then be published in the Government Gazette and copies provided to DLGSC and JSCDL; and
- 5. Local public notice would be provided to specify the date the amendment local law would come into operation.
- 6. The JSCDL would respond to the Mayor with approval or any concerns they may have regarding the amendment local law.

For the purpose of this Item, Council is requested to respond to the JSCDL in agreeance of the undertakings requested. A further report will be presented to Council for commencing adoption of the Local Government Property Amendment Local Law 2022 and approval to advertise a proposed amendment local law.

### The requested undertakings

Correct the typographical errors in clauses 44(2); 5.13; 5.14; 6.1(e); 6.3(1); 9.3(2); 9.7(1)(f) and 9.11(1).

The JSCDL have requested the following be corrected:

Clause	Current	Correction Requested	Reason
44(2)	(2) A person shall not behave in or any local government property in a way which is or might be detrimental to the property	(2) A person shall not behave in or on any local government property in a way which is or might be detrimental to the property	To correct an error.
5.13	The following design requirements apply for an awning, balcony or verandah erected over a thoroughfare are -	The following design requirements apply for an awning, balcony or verandah erected over a thoroughfare are -	To correct an error.
5.14	5.14 Maintenance and public safety The owner and occupier for the time being of any building to which any awning, balcony or verandah is attached shall keep the awning, balcony or verandah clean, painted, watertight and in a sound and safe structural condition and in good and substantial repair.	5.14 Maintenance and public safety The owner and occupier for the time being of any building to which any awning, balcony or verandah is attached that is erected over a thoroughfare shall keep the awning, balcony or verandah clean, painted, watertight and in a sound and safe structural condition and in good and substantial repair.	To clarify that the awning, balcony or verandah referred to applies to those over thoroughfares.
6.1(e)	Minor nature development means a sign that is characterised as (i) not exceeding 500mm in height nor 0.5m2 in area, on any side, and which will not unduly adversely affect the local government property; (ii) of a temporary nature occurring on one off occasions (although may occur on a number of days) but not of any permanent nature or reoccurrence; and (iii) uses which will not adversely affect the amenity, streetscape or day-today activities of the local government property or any other use which, in the opinion of the local government, constitutes a minor use.	Minor nature development means a sign that is characterised as (i) not exceeding 500mm in height nor 0.5m2 in area, on any side, and which will not unduly adversely affect the local government property; (ii) of a temporary nature occurring on one off occasions (although may occur on a number of days) but not of any permanent nature or reoccurrence; and (iii) uses which will not adversely affecting the amenity, streetscape or day-today activities of the local government property or any other use which, in the opinion of the local government, constitutes a minor use.	To remove the duplication of unduly/adversely affecting local government property in (i) and (iii).  JSCDL have also asked for clarity on why this type of sign has been named a 'minor nature development'.
6.3(1)	6.3 Portable direction signs (1) Subject to subclause (2), a person shall not, without a sign permit, erect or place portable direction sign on local government properly.	6.3 Portable direction signs (1) Subject to subclause (2), a person shall not, without a sign permit, erect or place a portable direction sign on local government properly.	To correct an error.
6.3(2)	(2) Notwithstanding subclause (1), a permit is not required in respect of a portable direction sign which is - (a) a minor nature development; (b) does not exceed 750mm in height nor 0.55qm in area, on any side; and (c) placed or erected on a thoroughfare or local government property on an in frequent or	(2) Notwithstanding subclause (1), a permit is not required in respect of a portable direction sign which is - (a) a minor nature development; or (b) does not exceed 750mm in height nor 0.55qm in area, on any side; and (c) placed or erected on a thoroughfare or local government	To clarify that a portable direction sign cannot be both a minor nature development and not exceeding 750mm.

Clause	Current	Correction Requested	Reason
	occasional basis and only to direct attention to a place, activity or event during the hours of that activity or event;	property on an in frequent or occasional basis and only to direct attention to a place, activity or event during the hours of that activity or event;

9.7(1)(f)	9.7 Permitted landscaping features Unless otherwise approved by the local government. the following restrictions apply to landscaping features installed in a verge - (1) raised garden beds, seating or benches, decorations and lighting must- (a) be constructed of durable material, securely installed with no sharp edges, corners or fixtures; (b) be built to a height not exceeding 0.5 metres; (c) provide a minimum 0.5 metre setback from any street tree; (d) provide a minimum 0.5 metre setback from the face of the kerb; (e) maintain clear access for parked cars at all times; and (f) only solar lighting is permitted within a verge;	9.7 Permitted landscaping features Unless otherwise approved by the local government. the following restrictions apply to landscaping features installed in a verge - (1) raised garden beds, seating or benches, decorations and lighting must- (a) be constructed of durable material, securely installed with no sharp edges, corners or fixtures; (b) be built to a height not exceeding 0.5 metres; (c) provide a minimum 0.5 metre setback from any street tree; (d) provide a minimum 0.5 metre setback from the face of the kerb; (e) maintain clear access for parked cars at all times; and (f) only be solar lighting is permitted within a verge;	For clarity of reading.
9.11(1)	Public works on verges (1) For the purpose of carrying out any works the local government or any authority empowered by law to dig up a thoroughfare or carry out any other works on a thoroughfare, may without notice and without being liable to compensate any person, dig up all or part of a thoroughfare and disturb any verge treatment placed there by an owner or occupier of adjacent land.	Public works on verges  (1) For the purpose of carrying out any works, the local government or any authority, empowered by law to dig up a thoroughfare or carry out any other works on a thoroughfare, may, without notice and without being liable to compensate any person -  (a) dig up all or part of a thoroughfare; and (b) disturb any verge treatment placed there by an owner or occupier of adjacent land.	For clarity of reading.

Administration has no concerns with these requested corrections.

Amend clauses 6.8 and 5.16(c) and (d).

The JSCDL have requested the following be amended:

Clause	Current	Amendment	Reason
6.8	6.8 Election signs The local government may issue a permit for the erection or display of an election sign on local government property.	Clause 6.8 can be amended to include conditions of erection or display of election signs as noted in the City of Vincent's Election Sign Policy.	Clause 6.8 is very open ended and uncertain in its application. As drafted, the clause permits the City attaching any conditions to a permit to display an election sign. These could include conditions which may infringe the principle of the implied constitutional freedom of political communication.
5.16(c) and (d)	A 'smoke free area' is defined as being limited to: (a) An Activity Centre (as defined in the State Planning Policy 4.2-Activity Centres for Perth and Peel); (b) A Public Open Space that is local government property (recreation, sport and nature spaces defined by the Department of Local Government, Sport and Cultural Industries Public Open Space Classification); (c) A thoroughfare adjacent to a business or facility where there is activity that caters for children and/or young people; and (d) A thoroughfare adjacent to a business or facility where trading with an outdoor eating area as an extension of food premises or licensed premises.	Clause 5.16 can be amended after consideration of appropriate words to use instead of 'thoroughfares'. This would prevent the legislation being applicable to people smoking in their cars.	By including thoroughfares, the wording of clause 5.16(c) and (d) is too broad.  Making a road a smoke free area could cover drivers smoking in their cars as well as pedestrians passing by or bystanders. They would be unaware when they are passing through a local government district with such a ban. Furthermore, due to the significant number of drivers who smoke in their cars and the fact it is their private property, regulation at a State, rather than a local level would be more appropriate.

Administration notes that amendments to clause 5.16 will affect the implementation of the City's proposed Smoke Free Town Centres project.

The City's intention in actioning the Smoke Free Town Centres is to ban smoking on footpaths, not in people smoking in their cars on the road. Prohibiting smoking on the footpaths would include pedestrians passing by or bystanders. The Smoke Free Town Centres would include significant signage to alleviate the concern of pedestrians being unaware of the smoking ban.

After phone discussions with Parliament staff, Administration has determined that prevailing concerns of the Committee are that the clause may have unintended consequences for people smoking within their cars.

Administration will consider opportunities to amend the clause to encompass Council's intent that footpaths and verges in town centres be smoke free. Administration can propose that clause 5.16 be amended to change 'thoroughfares' to more appropriate wording. This, however, may create difficulty in including laneways, such as Electric Lane, in the Smoke Free Town Centres project, as they often do not have verges or footpaths.

Delete clause 13.2(1)(b).

# 13.2 Persons may be refused admission or directed to leave local government property or a community facility

- (1) Subject to subclause (2), an authorised person or Manager may refuse to allow entry, suspend admission or direct a person to leave local government property where:
  - (a) the authorised person or Manager reasonably suspects that the person has
    - (i) contravened a provision of this local law;
    - (ii) behaved in a disorderly manner;
    - (iii) used indecent, offensive, profane or insulting language;
    - (iv) created or taken part in any disturbance whereby a crowd has gathered;
    - (v) committed an act of indecency; or
  - (b) the person has been deemed undesirable by the local government or the authorised person by reason of his or her past conduct.
- (2) The refusal or suspension referred to in subclause (1) can be for a period of up to 12 months as decided by the authorised person or Manager.
- (3) A person shall, on being requested by the authorised person to leave the local government property, do so immediately, quietly and peaceably.
- (4) A person who fails to comply with a request under subclause (3) may be removed from the local government property by an authorised person or a Police Officer.

The JSCDL have addressed concern with clause 13.2(1)(b) and have recommended it be removed. The Committee has noted that the clause is open to subjective interpretation and could operate to discriminate against particular people or groups of people. There is no definition as to what constitutes an 'undesirable person' and which aspects of 'past conduct' are relevant or reasonable.

Administration has no concerns with this requested deletion.

Provide feedback on the rationale for clause 5.3(I)

# 5.3 Responsibilities of users of a community facility

A person while in the administration centre or a community facility, shall not –

- (a) consume foodstuffs or drinks in any specific area in which food or beverage consumption is prohibited;
- (b) climb up or upon any roof, fence, wall, partition or other structure not intended for climbing;
- (c) enter the premises if suffering from a contagious, infectious or cutaneous disease or whilst in an unclean condition;
- (d) use soap or shampoo in any part of the premises other than in a change-room;
- (e) use any detergent, substance or oil in any pool or spa;
- (f) foul or pollute the water in any shower, pool or spa;
- (g) bring into any part of the pool premises or place thereon any chemical substance, liquid or powder;
- (h) bring into any part of the pool premises any glass containers:
- (i) deliberately waste or wastefully use fresh or potable water in a community facility;
- (j) spit or expectorate in any part of a community facility, other than in a water closet;
- (k) enter a pool or spa on the pool premises in a dirty or unclean condition; and
- (I) use a mobile phone, camera or other similar recording device in a change room at a community facility.

The JSCDL have expressed concerns with 5.3(I) in that it is too broad and may be unreasonable in its application. The Committee has requested further information on the rationale for this clause as well as information on any existing or planned measures to facilitate compliance.

The intent of clause 5.3(I) is to prohibit a person taking images of another person without their permission within a change room. The practical rationale for the clause is to protect adults and children from having their image captured without consent while in an exposed moment.

Administration could respond to the Committee's request for clarification and suggest the clause be amended to:

(I) record or photograph the image of another person in a change room at a community facility without their express permission.

#### CONSULTATION/ADVERTISING:

Following later Council approval of commencement of the process of adopting the Local Government Property Amendment Local Law 2022, the City will be required to provide local public notice in accordance with section 3.12(3) of the *Local Government Act 1995* for a period of at least six weeks.

#### LEGAL/POLICY:

Section 3.12 of the *Local Government Act 1995* sets out the procedural requirements for the making of a local law:

- (1) In making a local law a local government is to follow the procedure described in this section, in the sequence in which it is described.
- (2a) Despite subsection (1), a failure to follow the procedure described in this section does not invalidate a local law if there has been substantial compliance with the procedure.
- (2) At a council meeting the person presiding is to give notice to the meeting of the purpose and effect of the proposed local law in the prescribed manner.
- (3) The local government is to
  - (a) give local public notice stating that
    - (i) the local government proposes to make a local law the purpose and effect of which is summarized in the notice; and
    - (ii) a copy of the proposed local law may be inspected or obtained at any place specified in the notice; and
    - (iii) submissions about the proposed local law may be made to the local government before a day to be specified in the notice, being a day that is not less than 6 weeks after the notice is given;

And

- (b) as soon as the notice is given, give a copy of the proposed local law and a copy of the notice to the minister and, if another minister administers the act under which the local law is proposed to be made, to that other minister; and
- (c) provide a copy of the proposed local law, in accordance with the notice, to any person requesting it.
- (4) After the last day for submissions, the local government is to consider any submissions made and may make the local law\* as proposed or make a local law\* that is not significantly different from what was proposed.
  - \* absolute majority required.
- (5) After making the local law, the local government is to publish it in the gazette and give a copy of it to the minister and, if another minister administers the act under which the local law is proposed to be made, to that other minister.
- (6) After the local law has been published in the gazette the local government is to give local public notice
  - (a) stating the title of the local law; and
  - (b) summarizing the purpose and effect of the local law (specifying the day on which it comes into operation); and
  - (c) advising that the local law is published on the local government's official website and that copies of the local law may be inspected at or obtained from the local government's office.
- (7) The minister may give directions to local governments requiring them to provide to the parliament copies of local laws they have made and any explanatory or other material relating to them.
- (8) In this section making in relation to a local law, includes making a local law to amend the text of, or repeal, a local law.

# **RISK MANAGEMENT IMPLICATIONS**

Low: It is low risk for Council to respond to the Joint Standing Committee on Delegated Legislation regarding requested undertakings in relation to the Local Government Property Local Law 2021.

# STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2018-2028:

# Innovative and Accountable

We are open and accountable to an engaged community.

### SUSTAINABILITY IMPLICATIONS:

This does not contribute to any specific sustainability outcomes of the *City's Sustainable Environment Strategy 2019-2024.* 

# **PUBLIC HEALTH IMPLICATIONS:**

This is in keeping with the following priority health outcomes of the City's *Public Health Plan 2020-2025*:

Reduced smoking

# FINANCIAL/BUDGET IMPLICATIONS:

There are nominal costs associated with making the local law, including advertising and Gazettal which can be expended from the City's operating budget.
