Dear Mayor Cole

ARRANGEMENTS FOR THE UPCOMING OCTOBER 2023 ORDINARY ELECTIONS

As you know, the State Government is continuing to work with the local government sector to deliver the most significant package of local government reforms in more than 25 years. These reforms include several measures to strengthen local democracy and increase community engagement, including new requirements for:

- the introduction of optional preferential voting for all local government elections;
- directly-elected Mayors and Presidents for all Band 1 and 2 local governments;
- the abolition of wards for all Band 3 and 4 local governments; and
- aligning the size of councils with the size of the population of each district.

In September 2022, I wrote to all local governments to outline the implications of the reforms for each council, and pathways for implementing required changes. Since then, the majority of impacted councils have been working to consider how best to transition in changes. Many councils have since completed Ward and Representation Reviews, while others will have more substantial changes implemented through reform elections, or minor changes made to apply by default.

I would like to acknowledge and thank local governments for the constructive and proactive way they have approached this forward planning.

Further to my previous letter, the State Government is continuing to work to implement election reforms ahead of the October 2023 Ordinary Elections. The reforms will introduce Optional Preferential Voting (OPV) for all local government elections. OPV is similar to preferential voting used in State and Federal Elections, and for local government elections in every other Australian state. OPV provides that electors can preference as many or as few candidates as they decide, and there will be no transfer of preferences other than the preferences electors mark on their ballot paper.

The reforms will also include related new changes for the backfilling of vacancies, including:

- in the event that a member of the council is directly elected as the Mayor or President, the consequent vacancy can be filled by the next highest-polling candidate through the relevant district or ward council election held on the same day;
- if a vacancy arises within one year of a council member being elected at an ordinary election, that vacancy may be filled by the next highest-polling candidate; and
- the timeframes for which certain vacancies can remain unfilled ahead of an upcoming ordinary election will also be extended.

Together, these reforms will greatly reduce the need for extraordinary elections, saving costs for ratepayers and administrative burden for local governments in the longer term. However, these changes will require specific attention on election night, and returning officers will need to identify the candidates who are next in line to fill further vacancies for inclusion on the declaration of results.

Accordingly, I am writing to encourage all local governments to commence early planning for the practical arrangements for the conduct of the October 2023 Ordinary Elections.

As you would know, the council may declare the Electoral Commissioner as responsible to conduct postal elections under sections 4.20 and 4.61 of the *Local Government Act 1995* (the Act). Section 4.28 of the Act further provides that the local government is to meet the costs incurred by the Western Australian Electoral Commission (WAEC) in conducting such elections.

Alternatively, if council decides that the CEO (or other appointee) is to be the returning officer, local governments will have the option to purchase a licence for access to the WAEC's CountWA software to facilitate the counting of votes. CountWA software is used to count votes in State Elections, and involves data entry of preferences indicated on ballot papers. This provides for preferences to be counted and re-counted using the software.

If a local government decides to license the software instead of appointing the Electoral Commissioner to conduct the election, the CEO (or other appointee) will remain wholly responsible for the conduct of the count, the use of the software, the introduction of the new OPV counting and backfilling provisions, and dealing with any disputes or complaints. The WAEC will only be able to provide general assistance on accessing and using the software.

The WAEC will shortly be writing to all local governments to provide information for each council. The WAEC can also provide further information on each of these options. Please contact Phil Richards, Manager Election Events on 9214 0443 or at Phillip.Richards@waec.wa.gov.au if you have any queries.

It is strongly recommended that the decision for whether to declare the Electoral Commissioner as responsible for your election is put to Council at its March meeting. This will allow sufficient time for the WAEC to work with you to deliver the election, or provide you with a software licence, if preferred.

In considering potential arrangements, local governments should be mindful that the WAEC will require sufficient lead time to plan ahead. Accordingly, I strongly urge all local governments to make arrangements as early as possible, and consider the appointment of the WAEC to conduct the elections.

The Department of Local Government, Sport and Cultural Industries (DLGSC) is working closely with the WAEC to prepare further materials to assist local governments with the implementation of reforms. The DLGSC will provide further updates through LG Alerts to the sector and on the DLGSC's website. The DLGSC is also available to assist with any queries, including by email at lghotline@dlgsc.wa.gov.au or by phone on 1300 762 511.

Yours sincerely

HON JOHN CAREY MLA
MINISTER FOR LOCAL GOVERNMENT
