 We attended Fiona Mariah's concert at [Nunzio Mondia's](#) studio Centre Stage tonight. Fantastic sound in that room especially the Fazioli piano. Fiona you are so good at your craft and Nunzio's arrangements and playing are just outstanding. This is a top concept much needed in this city. 🎵🎹👤

Twenty years ago I got to sing on two tracks of this Hank Marvin album with Annie Neil. Last Sunday (after having met Hank five or six times around town) I finally remembered to take the DVD slick to Hank's gig at Nunzio Mondia's remarkable Centrestage Studio to get his signature on it. NOW I can rest 😊. The gig was, of course, outstanding. The whole band on top form and Alistair Peel who stepped in without rehearsal on an incredibly difficult bass pad aced the whole thing.
ps, it's worth going to a Hank gig just for his wicked sense of humour!

Hi **Carol Mason** 2 hour parking limit on the street, best to park at the public carpark adjacent to the Brisbane hotel and walk over via Brisbane street. Thank you!

I'd love to be there but a long way from England. If you do a UK tour, Hank can use my Aylward 🎸🎵😄

Just experienced my first concert at **Centrestage Recording Studios**, and it was incredible! The music was out of this world, and I savored every moment. If you're in Perth or planning a visit, you must check this place out—concerts like these are truly special and not to be missed. Can't wait for the next one!

A riveting afternoon of music by all performers. Nunzio, I remember you well from your Year 5 school days. Your musical interest was evident then and look where your passion has taken you. I look forward to the next concert in this special setting. (Miss Oldfield)
