

AGENDA

Council Briefing 15 October 2024

Time: 6.00pm

Location: E-Meeting and at the Administration

and Civic Centre,

244 Vincent Street, Leederville

David MacLennan
Chief Executive Officer

DISCLAIMER

No responsibility whatsoever is implied or accepted by the City of Vincent (City) for any act, omission, statement or intimation occurring during Council Briefings or Council Meetings. The City disclaims any liability for any loss however caused arising out of reliance by any person or legal entity on any such act, omission, statement or intimation occurring during Council Briefings or Council Meetings. Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council Briefing or Council Meeting does so at their own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning or development application or application for a licence, any statement or intimation of approval made by an Elected Member or Employee of the City during the course of any meeting is not intended to be and is not to be taken as notice of approval from the City. The City advises that anyone who has any application lodged with the City must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application, and any conditions attaching to the decision made by the Council in respect of the application.

Copyright

Any plans or documents contained within this Agenda may be subject to copyright law provisions (Copyright Act 1968, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that Copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

PROCEDURE FOR PUBLIC QUESTION TIME

The City's Council Briefings, Ordinary Council Meetings, Special Council Meetings and Committee Meetings are held in the Council Chamber located upstairs in the City of Vincent Administration and Civic Centre. Meetings are also held electronically (as eMeetings), and live streamed so you can continue to watch our meetings and briefings online at https://www.vincent.wa.gov.au/council-meetings/livestream

Public Questions will be strictly limited to three (3) minutes per person.

The following conditions apply to public questions and statements:

- 1. Members of the public present at Council Briefings will have an opportunity to ask questions or make statements during public question time. Questions and statements at Council Briefings must relate to a report contained in the agenda.
- 2. Members of the public present at Council Meetings, Special Council Meeting or Committee Meeting have an opportunity to ask questions or make statements during public question time in accordance with section 2.19(4) of the City's Meeting Procedures Local Law.
- 3. Questions asked at an Ordinary Council Meeting must relate to a matter that affects the City of Vincent.
- 4. Questions asked at a Special Council Meeting or Committee Meeting must relate to the purpose for which the meeting has been called.
- 5. Written statements will be circulated to Elected Members and will not be read out unless specifically requested by the Presiding Member prior to the commencement of the meeting.
- 6. Where in-person meetings are not permitted due to a direction issued under the *Public Health Act* 2016 or the *Emergency Management Act* 2005 questions and/or statements may be submitted in writing and emailed to governance@vincent.wa.gov.au by 3pm on the day of the Council proceeding. Please include your full name and suburb in your email.
- 7. Shortly after the commencement of the meeting, the Presiding Member will ask members of the public to come forward to address the Council and to give their name and the suburb in which they reside or, where a member of the public is representing the interests of a business, the suburb in which that business is located and Agenda Item number (if known).
- 8. Questions/statements are to be made politely in good faith and are not to be framed in such a way as to reflect adversely or be defamatory on an Elected Member or City Employee.
- 9. Where practicable, responses to questions will be provided at the meeting. Where the information is not available or the question cannot be answered, it will be "taken on notice" and a written response will be sent by the Chief Executive Officer to the person asking the question. A copy of the reply will be included in the Agenda of the next Ordinary meeting of the Council.
- 10. It is not intended that public speaking time should be used as a means to obtain information that would not be made available if it was sought from the City's records under Section 5.94 of the *Local Government Act* 1995 or the *Freedom of Information Act* 1992 (FOI Act). The CEO will advise the member of the public that the information may be sought in accordance with the FOI Act.

For further information, please view the **Council Proceedings Guidelines**.

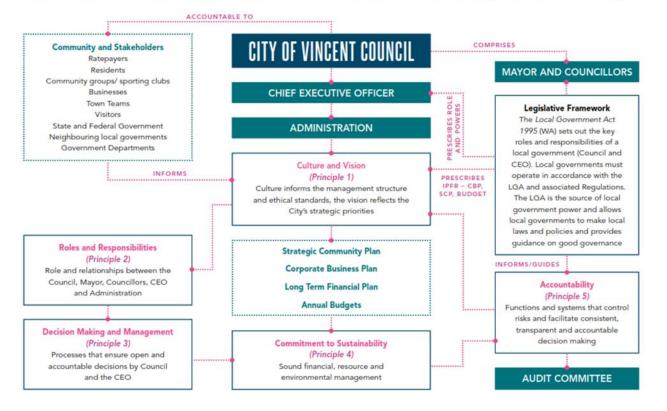

RECORDING AND WEBSTREAMING OF COUNCIL MEETINGS

- All Council proceedings are recorded and livestreamed in accordance with the <u>Council Proceedings</u> <u>Recording and Web Streaming Policy</u>.
- All recordings are retained as part of the City's records in accordance with the State Records Act 2000.
- All livestreams can be accessed at https://www.vincent.wa.gov.au/council-meetings/livestream
- All live stream recordings can be accessed on demand at https://www.vincent.wa.gov.au/council-meetings
- Images of the public gallery are not included in the webcast, however the voices of people in attendance may be captured and streamed.
- If you have any issues or concerns with the live streaming of meetings, please contact the City's Governance Team on 08 9273 6500.

CITY OF VINCENT GOVERNANCE FRAMEWORK 2020 OVERVIEW

COMMUNITY PRIORITIES AND OUTCOMES WE WILL STRIVE TO ACHIEVE

ENHANCED ENVIRONMENT

- Our parks and reserves are maintained, enhanced and are accessible for all members of the community.
- Our urban forest/canopy is maintained and increased.
- We have improved resource efficiency and waste management.
- We have minimised our impact on the environment.
- Power lines are undergrounded.

CONNECTED & HEALTHY COMMUNITY

- Connected & healthy community
- We have enhanced opportunities for our community to build relationships and connections with each other and the City
- Our many cultures are celebrated
- We recognise, engage and partner with the Whadjuk Noongar people and culture
- Our community facilities and spaces are well known and well used
- We are an inclusive, accessible and equitable City for all

SENSITIVE DESIGN

- Our built form is attractive and diverse, in line with our growing and changing community.
- Our built form character and heritage is protected and enhanced.
- Our planning framework supports quality design, sustainable urban built form and is responsive to our community and local context.
- More people living in, working in, or enjoying our town centres.

ACCESSIBLE CITY

- Our pedestrian and cyclist networks are well designed, connected, accessible and encourage increased use.
- We have better integrated all modes of transport and increased services through the City.
- We have embraced emerging transport technologies.

THRIVING PLACES

- We are recognised as a City that supports local and small business.
- Our town centres and gathering spaces are safe, easy to use and attractive places where pedestrians have priority.
- We encourage innovation in business, social enterprise and imaginative uses of space, both public and private.
- Efficiently managed and maintained City assets in the public realm.
- Art, history and our community's living cultures are evident in the public realm.

INNOVATIVE AND ACCOUNTABLE

- We deliver our services, projects and programs in the most inclusive, efficient, effective and sustainable way possible.
- We engage with our community so they are involved in what we are doing and how we are meeting our goals.
- Our decision-making process is consistent and transparent, and decisions are aligned to our strategic direction.
- We embrace good ideas or innovative approaches to our work to get better outcomes for the City and our community.

THESE PRIORITIES AND OUTCOMES WILL BE MET THROUGH THE DELIVERY OF COUNCIL ADOPTED STRATEGIES, PLANS, PROGRAMS, AND POLICIES.

1 DECLARATION OF OPENING / ACKNOWLEDGEMENT OF COUNTRY

"The City of Vincent would like to acknowledge the Traditional Owners of the land, the Whadjuk people of the Noongar nation and pay our respects to Elders past and present."

5 STRATEGY & DEVELOPMENT

5.1 NO. 10 (LOT: 2545; D/P: 143599) FARMER STREET, NORTH PERTH - ALTERATIONS AND ADDITIONS RECREATION FACILITY (WOODVILLE RESERVE) (UNAUTHORISED EXISTING DEVELOPMENT)

Ward: North

Attachments: 1. Location Map J

2. Development Plans J

3. Determination Advice Notes 1 Table 2

RECOMMENDATION:

That Council, in accordance with the provisions of the City of Vincent Local Planning Scheme No. 2 and the Metropolitan Region Scheme, APPROVES the application for Recreation Facility (Woodville Reserve) (Unauthorised Existing Development) at No. 10 (Lot: 2545; D/P: 143599) Farmer Street, North Perth, in accordance with the plans shown in Attachment 2, subject to the following conditions, with the associated determination advice notes in Attachment 3:

1. Development Plans

This approval is for Alterations and Additions to Recreation Facility (Woodville Reserve) (Unauthorised Existing Development), as shown on the approved plans dated 28 June 2024. No other development forms part of this approval.

EXECUTIVE SUMMARY:

The purpose of this report is to consider an application for development approval for an existing external fixture and associated roof at Woodville Reserve located at No. 10 Farmer Street, North Perth (subject site). A location plan of the subject site is included as **Attachment 1**.

Woodville Reserve is owned and managed by the City of Vincent. The portion of the Reserve where the development is proposed is leased to the North Perth Bowling and Recreation Club Inc (North Perth Bowls Club). The North Perth Bowls Club have a current lease until 12 February 2029.

The development is located to the western elevation of the North Perth Bowls Club pavilion. The external fixture is a refrigerator cooling unit that services internal fridges for the North Perth Bowls Club. The associated roof provides weather protection of the cooling unit, with an area of 2.8 square metres and maximum height of 1.2 metres.

The proposal is for unauthorised existing development as the development was installed/constructed between January and February 2024, without first obtaining development approval.

The application has been assessed against Clause 67 – matters to be considered by local government under the *Planning and Development (Local Planning Schemes) Regulations 2015 Schedule 2.* Matters relevant to this application include objectives of the City's *Local Planning Scheme No. 2* and the compatibility of the proposal within the context of the locality.

The development supports services and activities associated with the North Perth Bowls Club. The structure is small in scale, is located within a service yard that is not publicly accessible and sits below the roofline of the adjacent building. There is no visibility of the structure from internal active spaces, the street and surrounding residential properties. For these reasons, the development would not adversely impact the character of adjacent streetscapes or surrounding locality.

The proposed development is acceptable as considered against the planning framework and is recommended for approval subject to conditions.

PROPOSAL:

The subject site is located at No. 10 Farmer Street, North Perth, as shown on the location plan included as **Attachment 1**. The location of the development is shown in Figure 1 below.

The application seeks approval for the addition of external fixture and associated roof to the western elevation of the North Perth Bowls Club pavilion.

The external fixture is a refrigerator cooling unit that services internal fridges for the North Perth Bowls Club.

A metal roofed structure is provided over the external fixture with a purpose to provide weather protection for the refrigerator unit. The metal roof structure is 2.8 square metres and provides an angled roof form, with a height of 1.0 metre on its low side and 1.2 metres on its high side.

The proposed development plans and elevations are included in **Attachment 2**, and the constructed development is shown in the below Figure 2.

The works are unauthorised because the development was installed/constructed between January and February 2024, without first obtaining development approval. The works are not exempt under the *Planning and Development (Local Planning Schemes) Regulations 2015* or the City's <u>Local Planning Policy: Planning Exemptions</u>.

Figure 1 – Location of Proposed Development on Woodville Reserve (Source: NearMaps)

Figure 2 - Development as-constructed (viewed from south-west)

DELEGATION:

This application is being referred to Council for determination in accordance with the City's Register of Delegations, Authorisations and Appointments.

This is because the delegation does not extend for applications for development approvals that proposed permanent structures on City owned or managed land, except where:

- (a) The structure is an awning, or
- (b) The structure is for a ground anchor; or
- (c) The structure is for an encroachment which:
 - (i) is an architectural feature and does not encroach by greater than 250 millimetres; or
 - (ii) is a window or shutter that encroaches on a road or public space by no more than 50 millimetres when open and is at least 2.75 metres above the ground level.

The application seeks approval for a structure on City owned land which does not meet the above criteria of the City's Register of Delegations, Authorisations and Appointments.

BACKGROUND:

Landowner:	City of Vincent			
Applicant/Client:	North Perth Bowling and Recreation Club Inc.			
Date of Application:	28 June 2024			
Zoning:	MRS: Urban			
	LPS2: Reserve: Public Open Space - Restricted			
	R Code: N/A			
Built Form Area:	Reserve			
Existing Land Use:	Recreation Private			
Proposed Use Class:	Recreation Private			
Lot Area:	22,551.5m²			
Right of Way (ROW):	No			
Heritage List:	No			

The subject site is bound by Namur Street to the north, Fitzgerald Street to the east, Farmer Street to the south and Mignonette Street to the west.

The subject site, known as Woodville Reserve, is reserved for Public Open Space - Restricted under the City's Local Planning Scheme No. 2 (LPS2). The subject site is owned and managed by the City of Vincent and is leased to the North Perth Bowls Club until 12 February 2029.

Woodville Reserve is a recreational hub with a range of users and tenants including the North Perth Bowls Club; Men's Club; Community Garden; Tennis Club; and a sportsground used for team sports and play equipment.

In accordance with LPS2, surrounding properties to the north and west are zoned Residential R30/40, to the south-west are zoned Residential R30, to the south-east are zoned Residential R40 and to the east are zoned Residential R60-100.

The structure is proposed within a 'Reserve' area under the City's Policy No. 7.1.1 – Built Form (Built Form Policy). The Built Form Policy has no applicable provisions for reserves and the Residential Design Codes do not apply.

DETAILS:

Summary Assessment

In considering an application for development approval located on land reserved for Public Open Space, due regard must be given to the relevant matters as stipulated under <u>Clause 67 – Matters to be Considered by Local Government of the Deemed Provisions</u>. There are no State planning policies in operation which relate to the structures located in the reserve.

The table below summarises the planning assessment of the proposal against Clause 67(2) of the *Planning and Development (Local Planning Schemes) Regulations 2015* and the provisions of LPS2.

	Clause 67 – Matters to be co	onsidered by Local Government
Ма	etter States of Matter States	Administration Comment
а	The aims and provisions of this Scheme and any other local planning scheme operating within the Scheme area;	The development would be consistent with the aims of the Public Open Space Reserve, as set out in LPS2. This is considered further in the comments below.
b	The requirements of orderly and proper planning including any proposed local planning scheme or amendment to this Scheme that has been advertised under the Planning and Development (Local Planning Schemes) Regulations 2015 or any other proposed planning instrument that the local government is seriously considering adopting or approving;	The suitability of the development has been assessed having regard to the relevant scheme requirements, the relevant planning framework, and the impact of the development on the area, consistent with the principles of orderly and proper planning. There are no draft planning instruments relevant to this application.
g	Any local planning policy for the Scheme area;	There are no local planning policies relevant to this application.
j	In the case of land reserved under this Scheme, the objectives for the reserve and the additional and permitted uses identified in this Scheme for the reserve;	The development is consistent with the objectives for Reserve. This is considered further in the comments below.
m	The compatibility of the development with its setting, including — (i) the compatibility of the development with the desired future character of its setting; and (ii) the relationship of the development to development on adjoining land or on other land in the locality including, but not limited to, the likely effect of the height, bulk, scale, orientation and appearance of the development;	The development is compatible with external fixtures and structures associated with supporting recreational facilities located on Reserves. The development does not have an adverse visual impact on the adjoining lots. This is because the development is small in scale, with a maximum height of 1.2 metres and given it is 2.8 square metres. The development is located within a service area, not accessible from the public, and has been setback from all boundaries, reducing its visibility from internal active spaces, the street and surrounding residential properties.
n	The amenity of the locality including the following — (i) environmental impacts of the development; (ii) the character of the locality; (iii) social impacts of the development;	The development does not impact the residential amenity of the surrounding area. This is because the structure is setback approximately 45 metres from the closest residential property and are in a location that are not visible from the streetscape or surrounding properties. This is due to screening provided by trees, fences and other structures. Comments from the City's Health Team confirm the development provides sufficient separation to surrounding residential properties and that the development would not result in adverse noise impacts.

	Clause 67 – Matters to be considered by Local Government					
Ма	tter	Administration Comment				
u	The availability and adequacy for the development of the following — (i) public transport services; (ii) public utility services; (iii) storage, management and collection of waste; (iv) access for pedestrians and cyclists (including end of trip storage, toilet and shower facilities); (v) access by older people and people with disability;	The development would not impact public transport services, public utility services, waste serves or mobility for pedestrians or cyclists. This is because the development is located on the western elevation of the North Perth Bowls Club within a service yard that does not impede upon any pedestrian pathways, car parks, bicycle infrastructure or public transport.				
w The history of a site where the development is to be located.		The development provides refrigeration infrastructure to support the provision of food and drinks as part of the North Perth Bowls Club. The minor addition would be consistent with the history of the site being used for recreational purposes and supports its ongoing use.				

CONSULTATION/ ADVERTISING:

The application has been reviewed against the City's Community & Stakeholder Engagement Policy and it was determined that the proposal did not require advertising for the following reasons:

- The Community & Stakeholder Engagement Policy does not have specific advertising requirements that are applicable to the proposed development and discretion can be exercised; and
- The existing development is located 44.5 metres from the nearest residential property. The
 development is consistent with the objectives of the reserve under LPS2 and would not impact the
 existing streetscape or surrounding residential properties.

Design Review Panel (DRP):

Referred to DRP: No

The proposal was not referred to the Design Review Panel. This is because the structure does not meet the requirements for referral established in the <u>DRP terms of reference</u>. Due to the nature of the structure being an external fixture and associated roof, the development is not visible from the streetscape there is limited scope for design advice.

LEGAL/POLICY:

- Planning and Development Act 2005:
- Planning and Development (Local Planning Schemes) Regulations 2015;
- City of Vincent Local Planning Scheme No. 2; and
- Community and Stakeholder Engagement Policy.

City of Vincent Local Planning Scheme No. 2

In considering the acceptability of the development, Council is to have regard to the objectives of the relevant Reserve. The objectives of Public Open Space Reserves are as follows:

- To set aside areas for public open space, particularly those established under the Planning and Development Act 2005 s.152.
- To provide for a range of active and passive recreation uses such as recreation buildings and courts and associated car parking and drainage.

RISK MANAGEMENT IMPLICATIONS:

There are minimal risks to Council and the City's business function when Council exercises its discretionary power to determine a planning application.

The roof structure provides weather protection to an external fixture, reducing environmental impacts from direct sun and rain to the functionality of the external fixture.

STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2022-2032:

Innovative and Accountable

Our decision-making process is consistent and transparent, and decisions are aligned to our strategic direction.

SUSTAINABILITY IMPLICATIONS:

There is limited ability for the development to influence the environmental impact of the entire building on the site through this application. This is because the proposal is a minor addition to support the ongoing operation of the North Perth Bowls Club.

PUBLIC HEALTH IMPLICATIONS:

This is in keeping with the following priority health outcomes of the City's Public Health Plan 2020-2025:

Reduced exposure to environmental health risks

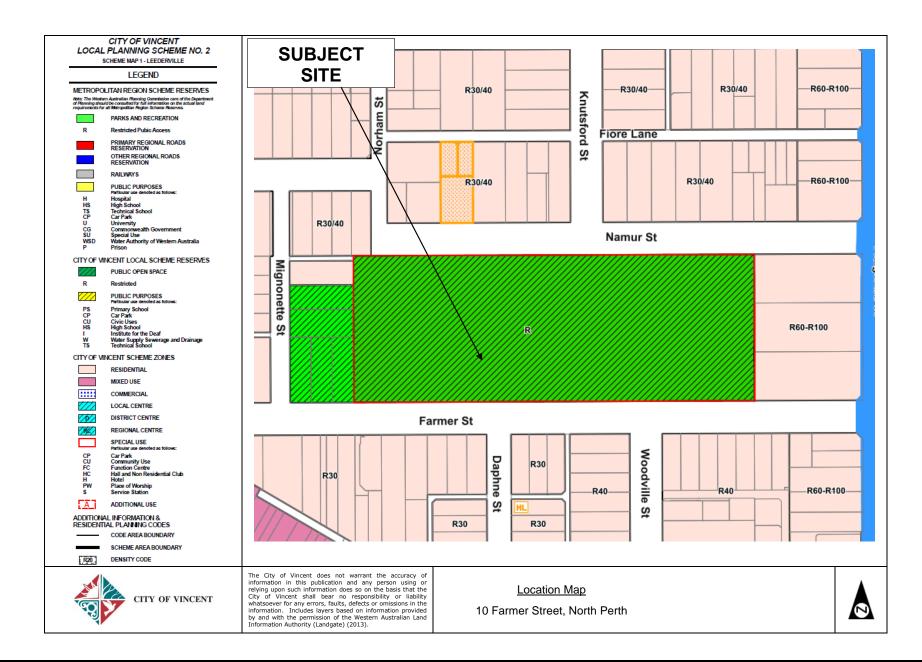

FINANCIAL/BUDGET IMPLICATIONS:

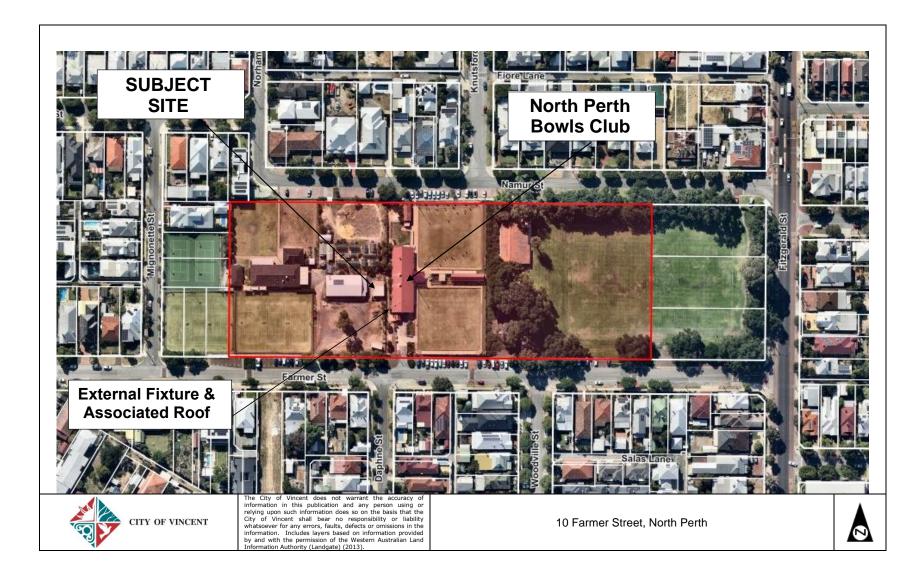

There are no financial or budget implications from this report.

COMMENTS:

The proposal would satisfy the <u>objectives</u> of Public Open Sace Reserves under LPS2, and the applicable matters to be considered by local government of <u>Clause 67 of the Deemed Provisions</u> for the following reasons:

- <u>Land Use:</u> The external fixture forms part of the refrigeration infrastructure of the North Perth Bowls Club building to facilitate the serving of food and drink associated with the club. The development would support services of the North Perth Bowls Club and would not introduce a new land use, intensify the existing use or limit the future land uses at the subject site. The development is consistent with services and activities associated with recreational facilities, located in Public Open Space Reserves.
- <u>Internal Amenity:</u> The structure would not adversely impact the amenity of the North Perth Bowls Club and adjacent uses including the Men's Shed and Community Garden. This is because the structure is located to the rear of the North Perth Bowls Club building, within a service yard that is fenced off from public access. The structure is adjacent to the car parking area of the Men's Club, is low in height and adjacent to trees, reducing its visibility from active areas of the Reserve.
- <u>Noise:</u> The City's Health Team provided advice confirming the development is sufficiently separated from surrounding residential properties to not result in adverse noise impacts or warrant the submission of an acoustic report.
- <u>Built Form and Streetscape:</u> The development is not visible from adjacent streetscapes or residential properties. This is due to the structure being setback 25.2 metres from Farmer Street and being screened from view by fences and on-site trees. The structure is small in scale, located within a service area and sits below the roofline of the adjacent building. For these reasons, the development would not adversely impact the character of adjacent streetscapes or surrounding locality.

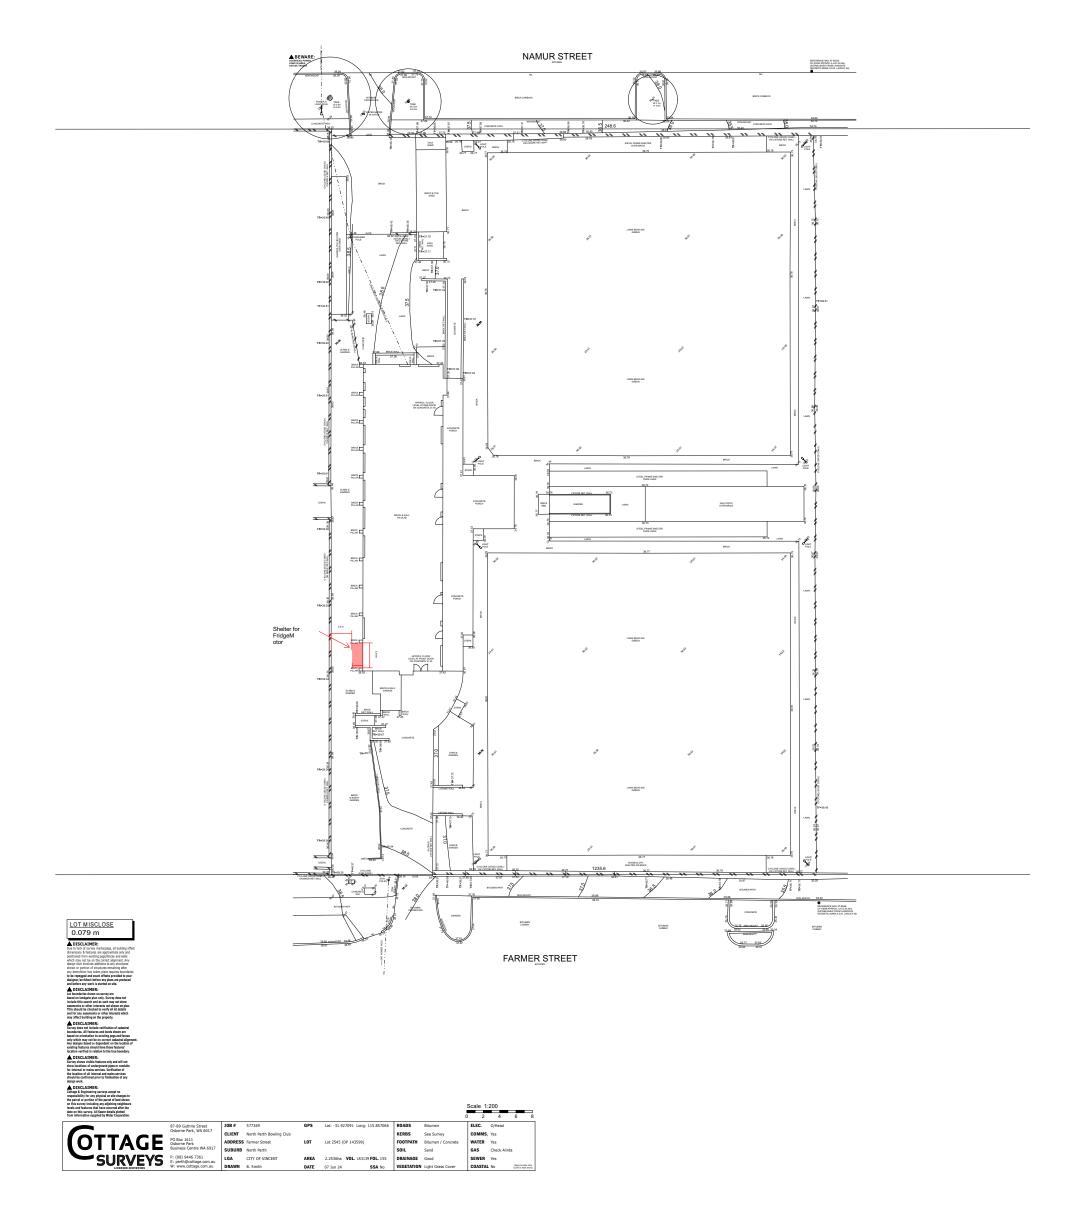

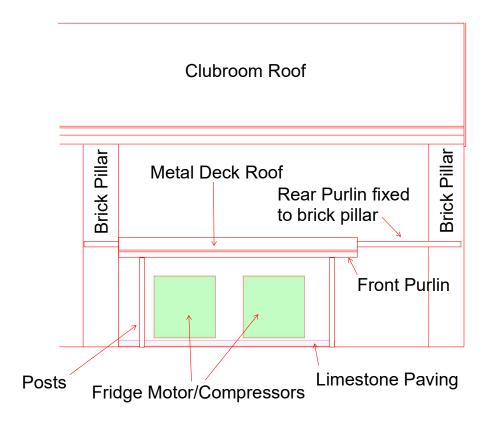

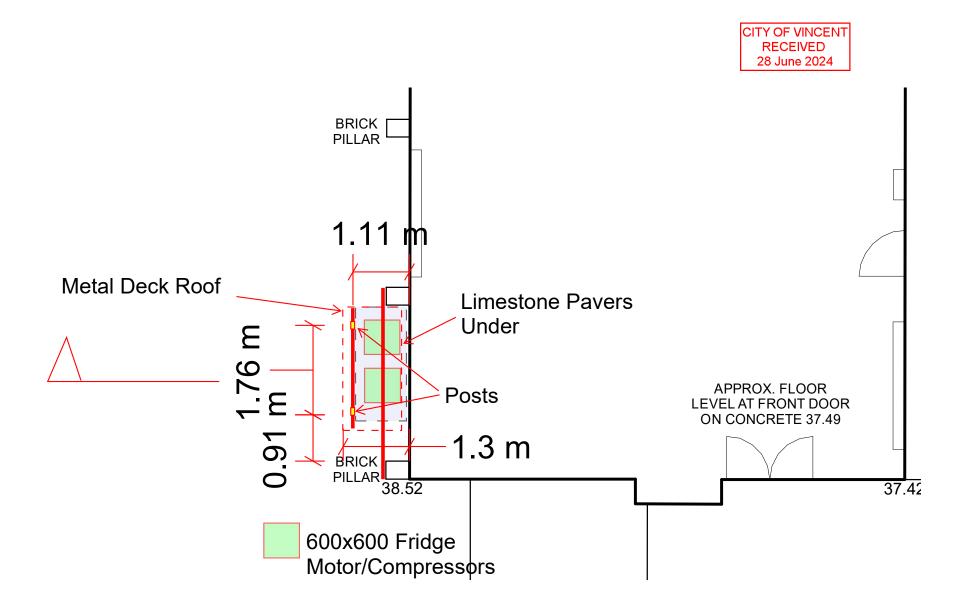

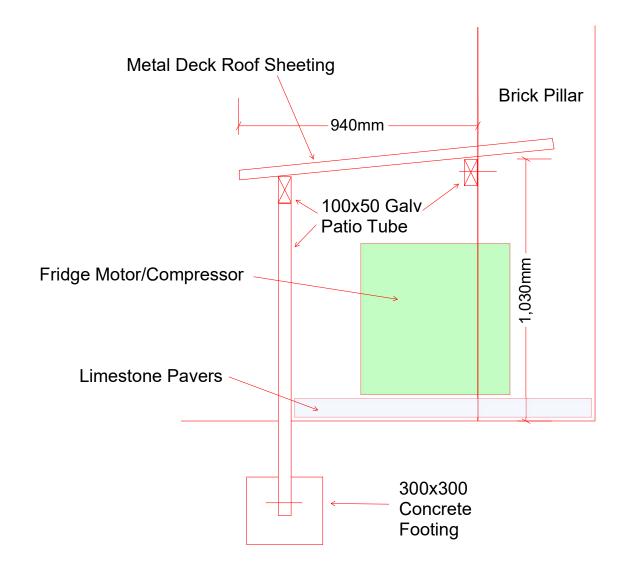

CITY OF VINCENT RECEIVED 28 June 2024

Front Elevation

CITY OF VINCENT RECEIVED 28 June 2024

Determination Advice Notes:

- 1. This is a development approval issued under the City of Vincent Local Planning Scheme No. 2 and the Metropolitan Region Scheme only. It is not a building permit or an approval to commence or carry out development under any other law. It is the responsibility of the applicant/owner to obtain any other necessary approvals and to commence and carry out development in accordance with all other laws.
- 2. If an applicant or owner is aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the *Planning and Development Act 2005* Part 14. An application must be made within 28 days of the determination.
- 3. This is approval is not an authority to ignore any constraint to development on the land, which may exist through statute, regulation, contract or on title, such as an easement or restrictive covenant. It is the responsibility of the applicant and not the City to investigate any such constraints before commencing development. This approval will not necessarily have regard to any such constraint to development, regardless of whether or not it has been drawn to the City's attention.

5.2 PUBLIC HEALTH PLAN (2020 - 2025) - ANNUAL REVIEW 4

Attachments: 1. Annual Review 4 - Public Health Plan - 2020-2025 J

RECOMMENDATION:

That Council NOTES the fourth annual review and progress towards the deliverables within the Public Health Plan 2020 – 2025, at Attachment 1.

PURPOSE OF REPORT:

To provide Council with a progress report of the City's <u>Public Health Plan 2020 – 2025 (PHP)</u> deliverables over the past 12 months.

DELEGATION:

The annual review of the City's Public Health Plan is presented in line with Council's values:

- We are Engaging: Listening, understanding and communicating is the key to our success.
- We are Accountable: We work openly and transparently to earn out community's trust.
- We are Making a Difference: Our work improves our community and the lives our residents.

Council sets the strategic direction of the organisation, these strategies form a document adopted by Council which embeds the Council and Community's expectations and it is important that the progress of these frameworks are reported.

The PHP also sets out for reporting of the PHP to occur annually to Council at the end of each financial year.

BACKGROUND:

The <u>Public Health Act 2016</u> requires each local government to prepare a public health plan that is consistent with the State Public Health Plan and meet the specific needs of the local community.

The PHP was adopted by Council on 20 October 2020.

The PHP is a high-level plan, which aligns to the City's Strategic Community Plan 2022-2032 and is to inform the Corporate Business Plan and annual budgets. The PHP provides a framework to support the health and wellbeing of our community, enhancing the City's proactive service delivery approach and focuses efforts and resources on communities that support health.

The PHP sets out 41 deliverables to be implemented across five public health pillars, being:

- 1. Public Health Leadership;
- 2. Social Environment;
- Built Environment:
- 4. Natural Environment; and
- 5. Health Protection.

There have been three annual reviews presented to Ordinary Meetings of Council to highlight the progress towards the 41 deliverables within the PHP. The outcomes of these reviews are summarised below.

Ordinary Meeting of Council	Deliverables on track	Deliverables not started
Annual review 1	34 (83%)	7 (17%)
12 October 2021		
Annual review 2	38 (92%)	3 (8%)
18 October 2022		
Annual review 3	40 (97%)	1 (3%)
21 November 2023		

DETAILS:

The fourth annual review of the PHP has been completed.

Actions and achievements relating to each deliverable is detailed in **Attachment 1**. These actions include one-off projects, multi-year programs and ongoing initiatives. The status of each deliverable uses one of the three categories in the following table:

Colour Code	Meaning
On Track	Deliverable is expected to be completed as originally planned.
Not Started	Deliverable has not yet started.
At risk	Deliverable is at risk of not being delivered or completed.

All 41 deliverables are on track.

Key Highlights in 2023/2024

Smoke-Free Town Centres Project

- Innovative Local Law. First WA Local Government to include smoke and vape-free areas within a Local Law.
- **Planning Policy Guidance.** First WA Local Government to introduce a local planning policy aimed at restricting the sale and promotion of tobacco, smoking related implements or the use of tobacco.
- **Successful Grants Acquisition.** Successfully received two Healthway grants of \$124,420, which supported the delivery of the project. A grant acquittal report was sent to Healthway.
- Award Recognition. Recognised as an award-worthy project, having been shortlisted for five awards, presented at six conferences and coverage in 11 local news articles.
- **Significant Smoking Reduction.** Achieved a 42% reduction in people smoking cigarettes in our town centres in just 12 months. North Metro Health Service delivered training to nine Curtin University Students to carry out a one-year audit of smoking observations and cigarette butt counts in all five Town Centres.
- **Community Engagement.** Engaging with 3360 residents and visitors at workshops, town centre campaigns, events and reaching over 11,000 people through online campaigns.
- **High Level of Community Support.** Widespread support from 88% of community and businesses, a year into the project.
- Youth Education Workshops. Delivered five vaping education workshops to Year Six students at Highgate and Kyilla Primary Schools.
- Business Collaboration. Collaboration with 20 businesses, nine pharmacies and seven community services.

Reduced exposure to environmental health risks

- Host and the Approval of International Events. This includes the FIFA Women's World Cup, HSBC World Rugby Sevens, Foo Fighters Concert. Liaising with external stakeholders including World Rugby and Rugby WA to ensure all relevant health and building approvals were assessed to mitigate potential risks associated with food safety, structures, amplified noise, crowd safety and emergency management.
- Community Events. The Health Services team completed the assessment and approval of significant
 community events, including the Provedores Markets, Arty Farty Christmas Party, Mount Hawthorn
 Christmas Carols, Little Italy Festival, Allstars Charity Game, St Patrick's Day Festival, North Perth
 Primary School 125 year anniversary and the Gladstone Street Christmas Markets.
- **Food Safety Standards 3.2.2A.** This was introduced to improve food safety and assist food businesses to manage food safety risks preventing the food-borne illnesses, outbreaks and reputational damage.
- Introduction of Stage 5 of the *Public Health Act 2016*. This is a significant milestone for local government enforcement agencies as health planning, policies and environmental health regulations replace the *Health (Miscellaneous Provisions) Act 1911*.

Public Health Leadership

- Local Government Health and Wellbeing Group. This group provides information and facilitates knowledge sharing between local governments to achieve community health and wellbeing outcomes for the WA community. Workshops have included Climate Change, Healthy Eating, Food Security, Mental Health and Wellbeing, and Vaping.
- **Public Health Planning.** Member of Local Government Public Health Plan Reference Group provided expert knowledge about the legislative requirement to develop and maintain a Local Public Health Plan, under Stage 5 of the *Public Health Act 2016*.
- Undertake Local Planning Strategy and Scheme Review. Including elevating the importance of public health in the Strategy.
- **Progressing Town Centre Planning Frameworks.** This is for North Perth, Mt Hawthorn, William Street and Beaufort Street. These will include objectives relating to a Connected and Healthy Community.

Reduced harmful alcohol use

- Alcohol Action Plan. Perth Vincent and Subiaco Local Drug Action Group delivered four workshops over 2024 with the Mental Health Commission and 19 stakeholders to develop measurable objectives and actions to help reduce alcohol related harm.
- **Bus Shelter Contract.** Continuing to liaise with oOh!media to include restrictions on unhealthy advertising on the City's bus shelters. This is to include alcohol, smoking, gambling and unhealthy food and drink
- **Event Sponsorship.** One event proposal with a primary focus on alcohol was not supported through the 23/24 Event Sponsorship process.

Increased healthy eating

- **Healthy Food and Drink Policy.** Policy adopted by Council with strong support and encouragement from North Metropolitan Health Service and Cancer Council WA.
- Food Atlas. The City hosted a workshop on the Food Atlas Tool. This is an interactive map of food businesses helping to identify food access inequities such as the density of fast-food outlets and liquor stores, in a Local Government area. The tool has the ability to offer evidence-based information on food access that can underpin policies and decisions at a Local Government level.

Increased physical activity

- **Wayfinding.** Implement phase one of the Wayfinding Signage Plan, introducing pedestrian wayfinding in town centres signposting key landmarks such as local shops, schools, parks, amenities, local artwork, public transport and cycle paths to activate local town centres.
- **Mt Hawthorn Skate Space.** Vincent delivered a skate park that caters towards younger and beginner skaters and will contribute to increased physical activity and community connection.
- Improvements in Public Open Spaces. For all ages and abilities to enjoy POS areas with improvements to Robertson Park, Banks Reserve, Britannia Reserve and Braithwaite Park.
- **LiveLighter Funding.** Successful in receiving funding to promote the Start Small Campaign with funds being used to promote how to keep fit for free in Vincent.

Next Steps for 2024/2025

Smoke-Free Town Centres Project

- **Smoke-Free Public Places.** Audit future proposed public places that can become smoke-free in City of Vincent and include in the next iteration of the City's Public Health Plan (2025 2030).
- Partnerships. Continue to partner with organisations working in the fight against tobacco including North Metropolitan Health Service, Cancer Council WA and Australian Council on Smoking and Health.
- **Community Engagement and Education.** Continue presence of City Officers in Town Centres interacting positively with the public to improve awareness, education and compliance.
- **Business Engagement.** Continue to engage with local businesses to assist in the transition to smoke and vape free outside their business, and support any venues that wish to prioritise the health and wellbeing of staff and customers by becoming smoke and vape free.
- **Public Awareness.** Improve public awareness of e-cigarettes (vapes) as harmful, toxic products and vaping as a smoking behaviour via marketing and social media platforms.
- **Refresh Signage.** Inclusion of 'vape free' messaging will be tested on future signage and future marketing and communications about the project.

Public Health Leadership

• **New Public Health Plan 2025 – 2030.** The development of this will strive for Public Health leadership in WA. This will include an engagement plan to ensure consultation is open and transparent.

Reduced harmful alcohol use

- Liquor Licence Policy and Alcohol Management Policy. Policies to be reviewed in 2024/25 and to incorporate public health considerations.
- **Alcohol Action Plan.** Continue to deliver the measurable objectives and actions from the Perth, Vincent and Subiaco Local Drug Action Group including:
 - Extend the reach of existing alcohol education campaigns and community safety campaigns;
 - Promote alcohol free events and activities;
 - Utilising local health and community safety data to inform Local Government strategies, plans and policies
 - Increase the adoption of harm minimisation strategies at licenced sporting clubs.

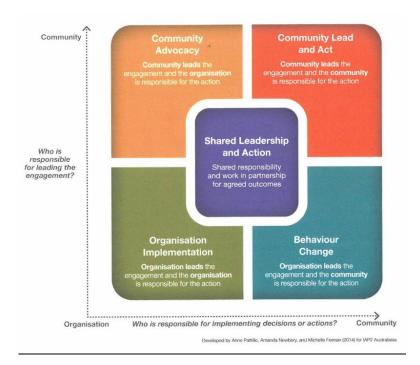

Increased healthy eating

- Healthy Catering Guide. Promoting healthier catering for City meetings, workshops and functions and promote suggested catering suppliers.
- **Develop Resource for Event Organisers.** This is to help support considering healthier options at their events.
- Work with Café Operators at City Venues. This is to encourage them to promote healthier options
 available at City facility cafes and vending machines and minimise the marketing and promotion of
 unhealthy food and drinks.

Reduced exposure to environmental health risks

- Large-Scale Events. The City is gearing up to host several major international sporting events, including FIM World Supercross Championship, HSBC World Rugby Sevens and Multiday concert and entertainment events. These events will require comprehensive assessments of temporary food applications, noise management, event risk management plans, temporary structures, and on-the-day inspections to ensure everything runs smoothly and safely.
- Asbestos and Silica Safety. Providing updated guidance and information to residents from the Asbestos and Silica Safety and Eradication Agency as part of the Asbestos National Strategic Plan 2024-2023.
- **Rodenticide**. Deliver community education and awareness program to improve community awareness around the harmful effects of second generation anti-coagulant rodenticides.

CONSULTATION/ADVERTISING:

Organisation Implementation

Engagement is used to both inform the community about the proposed policy, project or propositions, and to provide some input to the shape or execution of the policy, project or proposition.

Tension: People feel forced leading to an unresponsive process.

Mitigation: Increasing the level of influence, and implementing a transparent, robust process.

When would we do this?

Your organisation has the legitimacy to lead and implement

How do we measure success?

A robust process to engage with the community and stakeholders

Behavioural Change

Pursuit and achievement of the purpose of the engagement cannot be achieved without the action of stakeholder, partners, communities and/or individuals.

Tension: There is no collective "why"/feeling forced/judged, undesirable impact/cost to make the change. **Mitigation:** To build the collective before the change becomes a requirement.

When would we do this?

The engagement leader/host organisation is responsible for identifying the problem and potential contributions for behavioural change

How do we measure change?

Identify which audiences need to change behaviour

Extensive engagement with the community and stakeholders was completed during the development of the Public Health Plan.

Consultation in not undertaken on the Annual Reviews as the purpose of this report is to provide an update on the status of each deliverable and future actions.

Where required consultation is undertaken on specific projects within our Plan as required by the City's Community and Stakeholder Engagement Policy.

LEGAL/POLICY:

Public Health Act 2016.

RISK MANAGEMENT IMPLICATIONS

Low: It is low risk for Council to note the PHP annual review and progress towards the deliverables.

STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2022-2032:

Enhanced Environment

Our parks and reserves are maintained, enhanced and are accessible for all members of the community. Our urban forest/canopy is maintained and increased.

Accessible City

Our pedestrian and cyclist networks are well designed, connected, accessible and encourage increased use.

Connected and Healthy Community

We protect, improve and promote public health and wellbeing within Vincent.

We have enhanced opportunities for our community to build relationships and connections with each other and the City.

Our community facilities and spaces are well known and well used.

Thriving Places

Our town centres and gathering spaces are safe, easy to use and attractive places where pedestrians have priority.

Sensitive Design

Our planning framework supports quality design, sustainable urban built form and is responsive to our community and local context.

Innovative and Accountable

We embrace good ideas or innovative approaches to our work to get better outcomes for Vincent and our community.

SUSTAINABILITY IMPLICATIONS:

This is in keeping with the following key sustainability outcomes of the *City's Sustainable Environment Strategy 2019-2024.*

Sustainable Transport

Urban Greening and Biodiversity

PUBLIC HEALTH IMPLICATIONS:

This is in keeping with the following priority health outcomes of the City's Public Health Plan 2020-2025:

Increased healthy eating

Increased mental health and wellbeing

Increased physical activity

Reduced injuries and a safer community

Reduced harmful alcohol use

Reduced exposure to environmental health risks

Prevent and control of communicable diseases

Reduced smoking

Mitigate the impact of public health emergencies

Promote screening and immunisation

Reduced exposure to ultraviolet radiation

FINANCIAL/BUDGET IMPLICATIONS:

The implementation of the deliverables within the PHP through projects, programs and services is supported through allocations within the City's existing operational budgets.

An amount of \$30,000 is included in the 2024/2025 operational budget to create a new Public Health Plan 2025 – 2030 along with delivering a variety of programs and events that contribute to the vision for a healthy, happy and connected community for all.

COMMENTS:

The City is committed to improving the health and wellbeing across our community, and three major achievements for 2023/24 included the successful Smoke Free Town Centre grant acquittal to Healthway, adoption of the Healthy Food and Drink Policy and development of the Alcohol Action Plan for Perth, Vincent and Subiaco Local Drug Action Group.

These achievements have been possible with the support and guidance from stakeholders including North Metropolitan Health Service, Cancer Council WA, Mental Health Commission, Healthway, Australian Council on Smoking and Health, Curtin University and Edith Cowan University. All three projects will continue to be a priority for 2024/25.

Administration will now be commencing the development of a new PHP in 2024/25 to continue on with the City's commitment to improving the health and wellbeing of our community for 2025-2030. This will include connecting with residents, visitors and stakeholders in identifying priorities and projects for the next PHP.

The new PHP will seek to leverage and build on existing positive public health outcomes and consider new projects for inclusion in response to community engagement. New projects will be agreed in partnership with City teams and external stakeholders, and integrated across the Strategic Community Plan priority areas.

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 1	Public Health Leadership. City of Vincent Leading by example.		
Priority Area	Deliverable	Status	What have we achieved?
Civic Leadership	1.1 - Incorporate public health, wellbeing and health equity principles and priorities into City policies, plans, reports, programs, and activities.	On Track	Council Reports. Priority health outcomes of the City's Public Health Plan have been referenced in 77 council reports (out of 162) from October 2023 – September 2024. Youth Action Plan 2023 - 2026. The development of a Youth Action Plan includes deliverables on Resilience and Wellbeing with the goal to 'Support our youth to be strong, healthy, safe and active.' Key deliverables achieved in 2023/24 include: delivered two Young Makers Markets delivered Nature Play initiative at Hyde Park to 60 families engaged eight local schools for Student Citizenship Awards; and workshops delivered by YHQ Access and Inclusion Plan 2022 - 2027. This plan supports the creation of a social and built environment that is accessible and inclusive for everyone, and particularly for people with disabilities. Key deliverables achieved in 2023/24 include: refurbishment of the customer service area accessible toilet; staff Wheelchair Basketball workshop co-hosted with Water Corporation; delivered an eight week 'Introduction to Auslan' community workshop; completed a footpath audit in December 2023; and held an All-Abilities Pool Party at Beatty Park. Innovate Reconciliation Action Plan 2022 – 2024. This plan includes three main themes – Relationships, Respect and Opportunities. This Plan has been designed in partnership with Aboriginal Elders on the Boordiya Elders Group, members of the Internal Reconciliation Action Plan Working Group, staff, and stakeholder groups. Key deliverables achieved in 2023/24 include: development of Aboriginal and Torres Strait Islander Engagement Guidelines; Cultural Awareness and Engagement Plan for new starters and existing employees; Provided two traineeships to Aboriginal students from Aranmore Catholic College; new Purchasing Policy prioritises purchasing from Aboriginal and Torres Strait Islander businesses; Commenced development of our fourth RAP, the Stretch RAP 2024/27. Local Planning Scheme Amendment. In February 2024, LPS2 was amended to make the Service Station land use a prohibited use in mi

Table 1	Public Health Leadership. City of Vincent		
Priority Area		Status	What have we achieved?
	1.2 - Pursue grant funding opportunities to increase the health and wellbeing of our community through projects, activities, and services.		Successful Healthway Funding for Smoke Free Town Centre Project. Received \$124,420 in grant funding, and project extended to March 2024 (originally November 2022 – November 2023).
			Upgrade of turf and lighting at Leederville Oval. A grant was received to help with upgrading turf and lighting at Leederville Oval.
		On Track	WA Bike Network Grant received for Norfolk Safe Active Street design to promote healthy walking/cycling activity within our community.
			Mt Hawthorn Lighting Upgrade. Funding received from Department of Infrastructure, Transport, Regional Development, Communications and the Arts to upgrade lighting at Axford Park and Braithwaite Park in Mt Hawthorn. The project aim is to increase safety, promote pedestrian movement and other public activations during evening periods.
			Youth Development Grant. Funding provided to Perth STEM Association for delivering Newtons Playground workshop.
	1.3 - Support a healthy and happy workplace for City staff with a focus on wellbeing and work life balance, and promote this approach to our stakeholders		Training and events. Training and events delivered in 23/24 include: resilience training for workers and leaders, dealing with difficult people and de-escalation training, mental health awareness training, workplace behaviours training, mentally healthy workplaces training and first aid training. Emergency management training included drills and presentations from Fire fighters, police, and crime stoppers. CPR Training attended by over 60 employees. Recognised International Women's Day and R U OK day. Provided staff training on the use of the e-bike fleet.
		On Track	Subsidised Beatty Park Gym Memberships along with Corporate Private Health Memberships through HBF and Medibank available for employees.
			Staff Wellness Expo: Took place in October 2023. Provided to all staff with multiple workplace health, safety, and wellness suppliers in attendance, such as St John WA, Paraplegic Benefit Fund (PBF), Absolute Balance, Beatty Park Leisure Centre, and Massage Therapy.
			Workplace Health and Safety. Mental health and wellness is a priority at the City. Training and wellness programs include skin checks (114), health checks, flu vaccinations (96), Hepatitis A, B and Tetanus vaccinations for eligible staff. Wellness Day event and promotion of our EAP program for staff and Managers are organised throughout the year.

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 1	Public Health Leadership. City of Vincent Leading by example.		
Priority Area	Deliverable	Status	What have we achieved?
	1.4 - Reduce exposure to unhealthy advertising, marketing, promotion, and sponsorship (includes, but not limited to alcohol, unhealthy food and drink, smoking, and gambling)		Bus Shelter Advertising. Negotiations continue with provider, to include a clause in the City's Bus Shelter Contract to restrict 'unhealthy advertising' on 50 of our bus shelters in Vincent. Social Media and Graphics. Ongoing aim to reduce exposure of unhealthy marketing and promotion through our social media channels and graphic design requests.
Advocacy	2.1 - Advocate to improve public health and wellbeing outcomes on behalf of our community to State and Federal government, agencies, private organisations, and peak bodies for our priority population groups #	On Track	Consistent Local Planning Scheme review. The Public Health and Environmental Health Teams provided comments for proposed changes to land uses, zones, and reserves in May 2023. Included comments about elevating Public Health considerations in planning decisions. North Metropolitan Local Government network. The City is an active member of the group and presented on the Smoke Free Town Centre Project and its implementation. The International Federation for Environmental Health World Congress, hosted in May 2023 in Perth. The City's Health Services team hosted more than 20 delegates from Malaysia including students and staff from Universiti Teknologi MARA Selangor and Environmental Health Professionals to promote Vincent's contributions to Environmental and Public Health. The City also presented on the success of the City's Smoke Free Town Centres Project. Local Government Health and Wellbeing Group. The City is an active member of this group which provides information and helps knowledge sharing between local governments. Workshops in 2023/24 have included Climate Change and Health, Healthy Eating and Food Security, Mental Health and Wellbeing, and Vaping. City of Greater Geraldton Public Health Planning. The Public Health Team provided support and advice to the City of Greater Geraldton, who is commencing the development of their first public health plan. Local Government Public Health Plan Reference Group. The City is a member of this group to provide advice and knowledge about the legislative requirement to develop and maintain a Local Public Health Plan.

Public awareness and	3.1 - Partner with external agencies and community groups on key projects and activities that empower and enable people		See 6.1, 7.1, 7.3 and 13.2 deliverables for more details of partnerships with external agencies and community groups on health promotion projects and activities.
engagement	· · · · · · · · · · · · · · · · · · ·		Local Community Groups. Library Services has connected with local community groups to support and facilitate a central meeting place for activities.
			Vision Australia, Autism WA, and Purple Hearts Foundation. Partnered with external agencies to develop further programs, services, and resources.
		On Track	Partnered with ADHDWA. To deliver an information session which will provide an overview of ADHD symptoms, strengths, challenges, and diagnostic criteria.
			Partnered with Befriend. Deliver 'Thrive Together – Empowering Inner-City Community Leaders workshop to community groups.
			Partnered with Cancer Council WA. Deliver a Packed with Goodness Session for parents to get tips for packing healthy lunchboxes, label reading and healthy alternatives to prepackaged snacks.
	3.2 - Develop a communication plan to inform, engage and educate residents, visitors, businesses, and community organisations on the priority health topics for Vincent		Annual health and wellbeing communication plan. Shared health and wellbeing focussed content on the City's social channels, with a major focus on promotion of the Smoke Free Town Centres project in 2023/24. Other health campaigns included Food Safety Standards, Asbestos Awareness week, Wood Smoke Awareness week, R U OK? day, World Cancer Day, World Immunisation Day, World No Tobacco Day, Men's Health Week, Mental Health Week, Bike Month, International Women's day and Heart Week.
		On Track	Library marketing and communication plan. The City's Library displays information on health promotion weeks of significance on digital signage and through social media. This has included Cancer Council SunSmart and Move More campaigns. The Library ensures that information is accessible including the development of webinars and accessibility maps.
			LiveLighter Funding . Successful in receiving funding to promote the Cancer Council WA Start Small Campaign (as part of LiveLighter). Funds will be used to promote how to keep fit for free in Vincent.

Priority Area	Deliverable	Status	What have we achieved?
Smoke-free Town Centres by	4.1 - Design and implement a smoke-free Town Centre project which considers policy and regulatory options with involvement		Local Law. First WA Local Government to include smoke and vape-free areas within our Local Law.
2025	from health partners and local businesses.		Local Planning Policy. First WA Local Government to introduce a local planning policy aimed at restricting the sale and promotion of tobacco, smoking related implements or the use of tobacco.
			Healthway Grant. Successfully received two Healthway grants of \$124,420, which supported the delivery of the project. A grant acquittal report was sent to Healthway.
		On Track	Award Shortlist. Recognised as an award worthy project, having been shortlisted for five awards, presented at six conferences and coverage in 11 local news articles.
			Smoking Behaviour Audits in November 2023. Achieved a 42% reduction in people smoking cigarettes in our town centres in just 12 months. North Metro Health Service delivered training to nine Curtin University Students to conduct a one-year Audit of smoking observations and cigarette butt counts in all five Town Centres.
			Support. Widespread support from 88% of community and businesses, a year into the project.

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 1	Public Health Leadership. City of Vincent Leading by example.		
Priority Area	Deliverable	Status	What have we achieved?
	4.2 - Deliver a public awareness campaign to focus on the benefits of smoke-free environments.		Education first approach. Engaging with 3360 residents and visitors at workshops, town centre campaigns, events and reaching over 11,000 people through online campaigns.
			Vaping Education. Delivered five vaping education workshops to Year Six students at Highgate and Kyilla Primary Schools.
			Collaborated with 20 businesses, nine pharmacies and seven community services.
		On Track	Engaged. The Y, Foyer Oxford, and Freedom Centre to build capacity and knowledge about vaping, enabling them to educate and support young people.
		OII ITACK	Signage. "Fresh Air, You're Welcome" temporary signage installed in Town Centres with a focus on hotspot areas where people currently smoke. Permanent smoke-free signage is now installed, with a focus on hotspot areas.
			One year smoke free anniversary video. Presented by Mayor Alison Xamon, highlighting the 12-month survey results. Campaign ran on social media and shared in Vincent News.
			Smoke Free Radio Interview. The Public Health Team completed an interview with reporter, Kate Leaver, recorded for breakfast radio on ABC Radio Perth on 6 December 2023, about the City's Smoke Free Town Centres.
	4.3 - Review proposals to introduce new smoke-free environments on City owned land.	On Track	Continuing to audit future proposed public places that can become smoke free within Vincent.

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 2 Social Environment - Strengthen community connections and champion physical, mental and social health, and wellbeing of our community.

Priority Area	Deliverable	Status	What have we achieved?
Healthy Eating	5.1 - Increase healthy food and drink options at City venues, public open spaces, events, festivals, and community activities.	On Track	Healthy Food and Drink Policy. Adopted at Council in June 2024. The purpose of this policy is to enable the City to lead by example by supporting the provision and promotion of healthy food and drink at its venues and events. Focus for year one will be — • Promoting Healthier catering for City meetings workshops and functions. • Healthier options available and promoted at City facility cafes and vending machines. • Guidance material developed for event organisers to consider healthy options at their events.
			Store Scout Kiosk tool pilot in August 2024. North Metropolitan Health Service delivered the tool at Beatty Park Café to assess and monitor the healthiness of the café and support change to increase healthy options. The assessment and recommendations focus on price, promotion, placement, and product.
	5.2 - Promote and support healthy and sustainable food environments, particularly to our priority population groups.		Food Atlas. In October 2023, the City hosted a workshop on the new Food Atlas Tool. This is an interactive map of food businesses and a suite of summary metrics helping to show food access inequities such as the density of fast-food outlets and liquor stores, in a Local Government area. The tool offers evidence-based information on food access that can underpin policies and decisions at a Local Government level.
			Kyilla Farmers Market. City supports annual waiver of certain fees and charges to support healthy and sustainable food environments.
		On Track	North Perth Community Garden. Received grant funding and a community benefit subsidy to support healthy and sustainable food environments.
			Mount Hawthorn Hawkers Market return to Axford Park in March and April 2024. Food stalls serving up sweet and savoury dishes from across the globe, plus live music fand a Free Kids Zone with face painting and a colouring competition.
			Common Cause – Australia Research. The City took part in an interview on fast food outlet location and density, and health in city planning. This was facilitated by Common Cause Australia and funded by Cancer Council WA.

wel	wellbeing; including local sports, fitness, community groups and cultural activities.		Youth Week 2024. The City organised a movie screening of Wonka, the Young Makers Markets and supported a Want to be your own boss workshop with the Y HQ.
			NAIDOC Week 2023. Workshops included Truth Telling Lunch with Aboriginal Elders, Indigenous Cultural Experience with Dale Tilbrook, For our Elders talk with Barry McGuire, Noongar Bush Medicine with Vivienne Hansen and a Noongar language and Cultural Session.
		On Track	Reconciliation Week 2024. Workshops delivered included Traditional Aboriginal Art Workshop with Djurandi Dreaming and Justin Martin, Totem Weaving with Sharyn Egan, Bushtucker and Tasting with Dale Tilbrook and Aboriginal History, Dreamtime Stories and Bus Tools with Greg Nannup. 97 attendees over the four workshops.
			Health and wellbeing programs at the Library. Baby Massage workshops, sustainability workshops e.g. bees in your backyard, financial wellbeing workshops, and digital literacy workshops. A range of topics are on offer that focus on physical and mental health, digital access, safety and inclusion, economic and professional development, social connections, and sustainability. Programs offered by the library included baby Rhyme Time and Story Time, Studio Code (STEM coding), financial literacy and professional skill development workshops, health and sustainability workshops and social clubs.
			Nature Play session at Hyde Park in September 2023. 60 families attended over the 8 weeks where curious children engage in fun activities.
	6.2 - Develop new and promote current initiatives that encourage residents to connect with their neighbours and local community and encourage neighbour connection through the City's service delivery.	On Track	Promotion of Neighbours Every Day. Neighbours Every Day encourages everyone to help create belonging and build an inclusive community that people want to live in, one relationship at a time.

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 2 Social Environment - Strengthen community connections and champion physical, mental and social health, and wellbeing of our community.

Priority Area	Deliverable	Status	What have we achieved?
Inclusive Communities	7.1 - Deliver and promote inclusive health and wellbeing programs and services, particularly through supporting stakeholders that provide health and community support to our priority population groups.		Books on Wheels. Continue to deliver books and resources to people who are unable to access the library for example residents, aged care homes and other organisations. Nine organisations and 53 individuals currently accessing the service. Memory care kits. Continue to provide kits that carers for people with memory loss can use to prompt conversation, spark memories, and encourage tactile motor skills. Meals on Wheels service. Continue to subsidise the catering for eligible residents through the City of Stirling Community Care 'Community Food Services' program. Eleven residents currently using the service in 2024. Auslan Course. 8-week course for community members who learn about deaf awareness, fingerspelling, counting and basic conversation topics.
		On Track	Beatty Park inclusive chat boards. Children of all abilities can use two communication boards while playing at Beatty Park Leisure Centre, installed in September 2024 Multicultural Seniors Expo with Chung Wah and the Perth Asian Community Centre in April 2024. Around 300 seniors from multicultural backgrounds found out about services, activities and support available in the community from 18 stall holders. Harmony Week in March 2024. The City hosted a morning tea featuring students from Aranmore College telling stories of migrating to Australia and a performance by Latin musician Oscar Letelier. Attended by 35 people with halal morning tea provided by Food Almadi. Education Session Breast Screen WA. An informative education session covering a range of topics, including what is breast cancer, risk factors for breast cancer and how to be breast aware.

Table 2 Social Environment - Strengthen community connections and champion physical, mental and social health, and wellbeing of our community.

Priority Area	Deliverable	Status	What have we achieved?
	7.2 – Ensure meaningful engagement with our priority population groups that are at risk of or experiencing social exclusion and advocate for health equity within policies, programs, and services.		Aboriginal organisations and businesses. Relationships have been developed with the City to provide a deeper level of understanding through our Elders on the Boordiya (Bosses) Reference Group. LGTBQIA+ engagement. Workshops, events, and talks are delivered to the community around inclusiveness and diversity. The City also supports pride Month in November including Pride Flag raising ceremony, North Perth Common Lighting up for Pride; and Rainbow family picnic.
		On Track	Youth Disability Advocacy Network. The Library invited the Network to audit the library's accessibility and provide recommendations. The Library has introduced quiet times in the library twice per week, provision of key information in alternative formats, enabling online services to be in accessible mode and updated the physical layout to improve accessibility.
			Wheelchair basketball. The City teamed up with Water Corporation for an event run by Rebound WA to mark the International Day of People with Disability. 50 employees from Vincent and Water Corp were taught basic skills and ran friendly games. Staff members took what they learned on the day back to work to help make Vincent a more a more accessible and inclusive place.

Priority Area	Deliverable	Status	What have we achieved?
-	10.2 - Provide and promote welcoming and accessible facilities to encourage greater utilisation by our community and priority population groups		Litis Stadium. Funding secured to construct a new multi-sports change room facility (including female-friendly change room) and clubroom upgrade which will help grow a thriving community hub used for sporting clubs, local community groups and residents. The upgrades will help increase female participation in sport. Work now underway.
			Birdwood Square Changing Facility Upgrade: Vincent delivered a public toilet and changing room facility upgrade to service reserve users and community. The changing rooms and storage facility will service the usage by Highgate Primary School and local sporting clubs and a new playground is set to revitalise the area.
			Beatty Park Leisure Centre membership. Wide variety of membership and access options for the community. Membership is at 5007 with 1,292,164 visits during 2023/2024, a 9.3% increase on the previous year.
			Beatty Park Classes. A wide range of group classes that contribute to increased physical activity and mental health and wellbeing. Around 130 classes per week that include aqua, yoga, HIIT, functional training, strength, and cardio classes.
		On Track	Beatty Park Swim School delivers lessons to approximately 3000 students weekly with 239 more children enrolled in the Swim School than at the same stage last year. This has included Angelfish Program for people with disability; Foyer Oxford subsidised lessons; Displaced Refugee Program; Aranmore Catholic College CALD Program and Heart Beat Club.
			Beatty Park Awards. Winner at WA Aquatic Recreation Industry Watch Around Water for Marketing and Promotion; Winner at WA Aquatic Recreation Industry Technical Operator; Regional winner and National winner at Australian Swim Schools Association Swim Teacher of the Year; Regional winner and National winner at Australian Swim Schools Association Inclusive Swimming Award and Highly commented at Australian Swim Schools Association Swim School of the Year.
			62 bookable City facilities. For community and sporting groups to access. Seven indoor facilities including pavilions and halls, four Vincent community centre rooms, 11 sportsgrounds, 38 passive parks and reserves, Leederville skate park and basketball courts.
			Library Service. 7,459 active memberships which is an 18% increase since last year and a 20% increase in program attendance, 123,575 visitors to the library with 190,262 loans for the year.

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 3	Built Environment - Build, enhance and maintain well designed places and infrastructure to support the health, wellbeing, and growth of our community.		
Priority Area	Deliverable	Status	What have we achieved?
Active Transport	11.1 - Develop a wayfinding strategy and promote programs to improve walkability of the City.	On Track	Wayfinding Signage Plan. This plan will guide how the City implements signage and wayfinding over the next ten years. It will help connect Vincent residents and visitors with town centres, public transport, and local facilities. Wayfinding signage will be installed in the City's town centres to improve pedestrian movement through these high pedestrian environments and two popular active transport links (Bulwer Street and Scarborough Beach Road). No smoking and no vaping messaging included on wayfinding signage where size allows.
	11.2 - Deliver programs and events that		Ride to Work Day in October 2023. Assisted in WALGA Ride to Work Day by providing two
	promote active transport to support the community to be more physically active.		of the City of Vincent e-bikes.
	community to so more projecting actives		Super Sunday and Tuesday Surveys. Annual surveys conducted to understand active travel patterns of our residents for future decision-making.
		On Track	12-month E-Scooter Share Scheme. Launched the e-scooter shared scheme that promoted more active travel, as identified by nine-month evaluation survey. Over 73,300 e-scooter trips have been recorded in Vincent, averaging 396 e-scooters across the City's transport network. Around 36,650 less car trips have been recorded over the trial period.
			Successful in advocacy on road safety – Receiving State Government support to drop the speed limit from 50km/h to 40km/h on all our local and access roads. Signage installed in collaboration with Main Roads WA on our local roads, replaced more than 700 signs.
Town Centres	12.1 - Deliver active spaces within our town centres to increase community connection		Activation of Shortcut Lane. Vincent delivered the Shortcut Lane Pop-Up Event Series in the View Street and Rosemount Hotel Car Parks. This included nine free events over May 2024. Events consisted of Outdoor Cinemas, Food Truck Nights, Community Market, and a Thrift Market.
		On Track	Little Italy Festival in June 2024. Transforming a carpark behind the Italian Club into an attractive Italian Plaza.
			Awarded 27 Business Enhancement Grants across Vincent. Businesses have reported increased use of spaces and reduction in graffiti.
			Vibrant Public Spaces Policy. Continuing to implement the Policy and increase community connection through public spaces including parklets, eatlets, pop-up parklets, pop-up eatlets and street furniture.

Table 3	Built Environment - Build, enhance and maintain well designed places and infrastructure to support the health, wellbeing, and growth of our community.			
Priority Area	Deliverable	Status	What have we achieved?	
Safer communities	13.1 - Implement the Safer Vincent Plan to improve community safety outcomes	On Track	Community Safety information is on display at the library. With over 100 resources already taken on a variety of topics, including crime prevention, graffiti, homelessness, Neighbourhood Watch, and reporting. Pool safety social media campaign. Posted over the summer months to remind residents to ensure their pool safety barriers are in place and well-maintained. Safety for Seniors presentation in August 2024. Facilitated at the library with over 22	
			members of the local community, aged between 56 and 89 years attending. Renewed partnerships with Constable Care Foundation and Nyoongar Outreach Services.	

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 3	Built Environment - Build, enhance and maintain well designed places and infrastructure to support the health, wellbeing, and growth of our community.			
Priority Area	Deliverable	Status	What have we achieved?	
	13.2 - Support and partner with external stakeholders to deliver programs to seniors including reducing injuries		Move Improve Remove Workshop with Injury Matters. Seniors learned tips and strategies for preventing falls and how to build balance and strength.	
	associated with falls		Seniors Week 2023. Activities included Morning Melodies with Aranmore Catholic College music students, A Man Called Otto movie at Luna Cinema and Energywise Exercise Session.	
			Healthy Hearing Checks in September 2023 and March 2024. A Hearing Bus was organised with Hearing Australia. 16 residents were screened and given the opportunity to have a full hearing assessment with trained clinicians.	
			Seniors cooking and nutrition education sessions in October 2023 with Foodbank were held for Seniors to provide nutritional cooking ideas.	
		On Track	Stroke Safe Talk. Fighting Stroke Together workshop. Attendees learnt what a stroke is and how to recognise the signs of a stroke, what to do if someone is having a stroke and how to prevent a stroke.	
			Safety for Seniors Presentation. Provided information on personal, home and vehicle security, reporting crime and suspicious activity and current crime prevention programs.	
			Beatty Park supporting Seniors. Ongoing classes include chair yoga, Pilates, Energywise, Off peak and discounted gym memberships for seniors	
			Seniors Recreation Council. Partnered with the Seniors Recreation Council to deliver a Livelighter Activity, Information Day, and Seniors Tech Expo.	
			Seniors Needs Assessment in May 2024. Conducted to gain a better understanding of our older residents needs and wants around ageing well in our community so that in turn, it can help with planning future events, services, and activities for them.

Table 4	Natural Environment - Provide a sustainable natural environment for the health and wellbeing of our community.				
Priority Area	Deliverable	Status	What have we achieved?		
Greening the community	14.1 - Increase the number of trees and green spaces to support the health and wellbeing of our community.		Greening Plan Projects. 300 new trees planted in parks and reserves, streetscapes, and residential verges as well as Water Sensitive Urban Design improvements to Macedonia Place carpark. Street Tree Mapping to ensure effective management of our urban forest. Trees create more liveable neighbourhoods and reduces the urban heat island effect, which supports the health and wellbeing of our community.		
			Native Plant Sale. Held in April and August 2024 at North Perth Common. Approximately 7000 native plants sold at subsidised prices to residents with 1,157 registrations to the event.		
			Parks Replanting Program. Over 4,000 native plants planted in garden areas within parks, reserves and streetscapes.		
		On Track	Adopt a Verge Program assisted 79 residents to convert turfed or weedy verges into waterwise native gardens.		
			Environmental Grants are available of up to \$2,000 per project, to assist and encourage schools and community groups to undertake environmental projects within Vincent. Two successful grant applications in the past 12 months.		
			Annual Greening Vincent Garden Competition. The 2023 Garden competition had a total of 64 entries over five categories of Best Front Or Back Garden, Best Small Space Garden, Best Vincent Verge, and Best Waterwise Native Garden. The most popular category this year was Best Front or Back Garden with 22 entries.		
			National Tree Day. Community planting event on 24 July 2024 at Blackford Street Reserve. 120 student volunteers helped in planting over 400 plants.		

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 4	Natural Environment - Provide a sustai	nable natural	environment for the health and wellbeing of our community.
Priority Area	Deliverable	Status	What have we achieved?
Parks, reserves, and other open spaces	15.1 - Deliver active and passive parks, playgrounds and additional public open spaces for all ages and abilities to enjoy.		Robertson Park Development Plan. Vincent delivered a new entrance zone for the tennis centre, four multisport courts, a tennis hit-up wall, and a basketball halfcourt. The upgrades have expanded the usable space and caters for all ages and abilities, with a new opportunity for shared use by netball and other sports. The construction for Stage 1B will begin in the first quarter of 2025 and will involve the conversion of 12 synthetic turf tennis courts to acrylic hardcourts, with upgraded fencing and floodlighting for the tennis centre.
			Banks Reserve Maste Plan. A new 'interpretation node' viewing platform has been constructed on the foreshore, providing a space for passive recreation. New picnic shelters and table settings encourage visitation.
		On Track	Britannia Reserve. Leverage improvements to lighting at Britannia Reserve to allow up four different sporting clubs from different sporting codes to train at once.
			Mt Hawthorn Skate Space. Vincent delivered a skate park that caters towards younger and beginner skaters, incorporating a range of small-scale elements. With accompanying landscaping to make it an engaging and welcoming space for all users and families. This was completed in September 2024.
			Charels Veryard Reserve Irrigation Renewal to ensure irrigation systems water efficient and fit for purpose.
			Braithwaite Park Exercise Equipment Renewal designed specifically for toddlers.
			Hyde Park Amenity Upgrades including installation of four new barbeques in public open spaces and one accessible barbeque
	15.2 - Incorporate Healthy Active by Design principles to enhance parks, reserves, and other public open spaces	On Track	Healthy Active by Design principles. Continuing to consider principles when developing Master Plans and Development Plans for public open space (see 15.1).
	15.3 - Partner with organisations to develop and implement sun protection strategies	On Trook	Cancer Council UV Monitor. Installation of the monitor at Beatty Park Leisure Centre to provide accurate, real-time UV data to the community. The monitor displays educational messaging to encourage sun protective behaviours according to the UV level.
		On Track	SunSmart messaging. Vincent is part of an advisory committee with Cancer Council WA and Telethon Kids Institute to support the 'SunSmart messaging for WA young people' project.

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 4	Natural Environment - Provide a sustainable natural environment for the health and wellbeing of our community.		
Priority Area	Deliverable	Status	What have we achieved?
Climate Change	16.1 – Encourage, empower, and support the community to make choices that consider the health and environmental impacts of climate change.	On Track	Enhanced Environment Strategy and Sustainability Framework development. Progressing with the development of an Enhanced Environment Strategy and a Sustainability Framework. This will aid in operationalizing sustainability and increasing the City's understanding of the risks of climate change. The City will also develop a Climate Action Plan. Community consultation for theme development has been completed and document drafting is underway.

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 5	Health Protection - Deliver evidence-ba	sed health pr	otection services and programs for our community.				
Priority Area	Deliverable	Status	What have we achieved?				
Environmental Health	17.1 - Deliver quality environmental health services and programs to improve public health outcomes. (change deliverable to include impact on Public Health Act)		Environmental Health Customer Service Requests. Health Services team investigated and resolved 589 customer service requests, with Noise Pollution, Air Pollution, Waste an Hazardous Materials (asbestos) the most common concerns addressed. The team comple 259 regulatory inspections of food business, skin penetration businesses, lodging houses public buildings in 2023/24.				
		On Track	Sampling Programs. Examined the food safety of chicken products from food businesses such as delis, lunch bars, fast food chains and petrol stations, to help formulate future interventions to reduce campylobacteriosis cases. Examined microbial detections at skin penetration businesses testing for evidence of Pseudomonas, Coagulase-positive Staphylococcus, yeasts, and moulds. Food business compliance. Health Services served three Prohibition Orders on food businesses, in accordance with the Food Act 2008, to mitigate imminent risks to public health. Other compliance actions including 41 improvement notices issued in 2023/24.				
			Monthly sampling aquatic facilities. Routine water sampling across more than 35 sites to assess the chemical and microbiological suitability of aquatic facilities such as swimming pools and spas in the City.				
	17.2 - Support and encourage our local businesses to provide safe and healthy food environments to our community.		New Food Business Applications. Environmental Health Officers received, processed, and approved 102 new food business applications in 2023/24.				
		On Track	Small business friendly approvals program. Giving health advice to over 58 Business applications and contributed to advice on the Business Enhancement Grants provided 21 successful candidates in 2023/24.				
			Food handler training. Changes to the Food Standards Code required food businesses to undertake a level of food handler training. The City provided 1,144 Food business staff access to free Food Handler training in 2023/24.				

Page 22 of 26

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 5	Health Protection - Deliver evidence-based health protection services and programs for our community.					
Priority Area	Deliverable	Status	What have we achieved?			
	17.3 - Monitor, investigate and report current and emerging trends in communicable diseases.		Mosquito management. Performed routine monitoring of mosquito larvae in tidal areas along the Swan River, and in other low lying / at risk areas across the City. As and where needed, the team applied larvicide to interrupt breeding cycles, and reduce mosquito numbers.			
		On Track	Monitor communicable and foodborne disease. Reports received from Department of Health to ensure the City is aware of any Health Alerts including mosquito outbreaks and STI's and BBV's in our community. Health Services are also part of the Local Health Authority Analytical Committee and the Food & Environmental Monitoring & Sampling group that take part in sampling schemes of trending environmental, or food borne illnesses.			
			Creation of the Environmental Health Inner City Group in 2024. Vincent created a group of Environmental Health Professionals from Vincent, Perth, Subiaco, Victoria Park, and South Perth to host meeting on a biannual basis.			
	17.4 - Increase the City's understanding to assess the risks of climate change to environmental health.		Award for Climate Change & Resilience at the National Planning Institute of Australia Awards. This award recognises the City's environmentally sustainable design initiatives in the Built Form Policy to deliver sustainably designed homes across Vincent.			
		On Track	Achieved 10-year Gold Waterwise Council in 2024. Gold Waterwise Council status shows that Vincent demonstrates significant contribution towards developing waterwise communities and best practice water management and has a best practice waterwise verge policy, a water management team and a waterwise-endorsed aquatic centre in Beatty Park.			
			Mainstreaming Environmentally Sustainable Design in WA Event in March 2024. This event was a collaboration between the City, Perth Design Week, and the Local Government Planners Association. The session explored best practice examples in WA around how sustainable design can be embedded in the design process and local planning framework.			
			Launch of GreenTrack in January 2024. A suite of initiatives to incentivise Environmentally Sustainable Design in Single House and Grouped Dwelling developments.			

Page 23 of 26

Public Health Plan Annual Reporting – Review 4 (October 2024)

Table 5	Health Protection - Deliver evidence-based health protection services and programs for our community.

Priority Area	Deliverable	Status	What have we achieved?
	17.5 - Review and improve the City's frameworks to respond to environmental health risks such as urban and		Public Event Assessment for Foo Fighters. Assessed and approved the major concert event at HBF Park – Foo Fighters, in November 2024. The team assessed crowd and noise management to ensure the safety of attendees and neighbourhood amenity.
	environmental noise, asbestos and food safety to reduce their impact on human health.		Public Event Assessment for World Rugby Seven's Tournament at HBF Park. The City delivered Public Event Assessments to assess and mitigate potential risks associated with food safety, structures, amplified noise, crowd safety and emergency management. Twelve men's and twelve women's teams competed across the weekend.
			Introduction of new legislation including, Food Safety Standards 3.2.2A to improve food safety and help food businesses to manage food safety risks preventing the food-borne illnesses, outbreaks, and reputational damage. The City has provided advice and advertising to local businesses in relation to the new Food Safety Standards from the Department of Health. The Health team has developed a content specific webpage and has improved awareness through social media campaigns.
		On Track	Introduction of stage 5 of the Public Health Act 2016 is a significant milestone for local government enforcement agencies as health planning, policies and environmental health regulations replace the Health (Miscellaneous Provisions) Act 1911.
			Acoustic Reports. The City stringently assess acoustic reports supporting planning referrals and help in implementing the best outcomes in relation to noise pollution.
			Draft National Asbestos Strategic Plan. Submission from Vincent relating to Phase 3 of the Plan.
			Asbestos Awareness Training delivered for relevant employees
			RAC Air Health Initiative. Two new air quality monitors were installed in 2024 with a total of four monitors now in Vincent. The biggest threat to Perth's air quality is prescribed burning. The second is vehicle emissions worsened by urban sprawl, traffic, and school drop offs.

Table 5	Health Protection - Deliver evidence-ba	sed health pr	otection services and programs for our community.		
Priority Area	Deliverable	Status	What have we achieved?		
Alcohol and Smoking	18.1 - Develop partnerships with the community, organisations, and licenced premises to reduce the risk of antisocial behaviour and alcohol related harm in the community.		 Alcohol Action Plan. Perth, Vincent and Subiaco Local Drug Action Group delivered fo workshops over 2024 with the Mental Health Commission and 19 stakeholders to develor measurable objectives and actions to help reduce alcohol related harm. These included: Extend the reach of existing alcohol education campaigns and community safety campaigns; Promote alcohol free events and activities; Utilising local health and community safety data to inform Local Government strategies, plans and policies; and Increase the adoption of harm minimisation strategies at licenced sporting clubs 		
		On Track	Renewed Community Partnership for 2024/25 with the Constable Care Foundation to deliver harm prevention programs for children, young people, families, schools and community services.		
			Alcohol and Drug Round Table was run for the Claisebrook / Highgate Precinct in August 2024. Over 10 local cross-sector organisations with significant interest in future collaboration and a further meeting planned for early 2025. Key outcomes included promoting services, promoting safe disposal options, staff training and community education workshops.		
			North Perth and West Perth Community Safety Forum in August 2024. Opportunity to connect with the City of Vincent, WA Police Force, Department of Communities, Neighbourhood Watch WA at this event aimed to foster dialogue, collaboration and to enhance safety in the suburbs of North Perth and West Perth.		
	18.2 - Support the implementation of alcohol and or smoke free environments including festivals, events, activities and or clubs		Festival and Event Sponsorship/Funding Agreement. Public Health considerations included in Agreement for event organisers to provide healthier food and drink options, low and no alcoholic beverage options, smoke and vape free events, support smart travel initiatives and provide sunshade and sunscreen.		
		On Track	Smoke Free Events. Events that took place in town centres, Vincent facilities and parks were all smoke-free events. Provided resources to event organisers on how to include smoke and alcohol-free event information on socials.		
	10.2		Event Sponsorship. Events with a strong focus on alcohol were no approved through Event Sponsorship process.		
	18.3 - Incorporate public health principles into applications involving the sale and supply of alcohol.	On Track	Liquor Licence Policy and Alcohol Management Policy to be reviewed in 2024/25 and to incorporate public health considerations. Liquor Licence Objection. The City sent an objection to the Director of Liquor Licencing for

Priority Area	Deliverable	Status	What have we achieved?
·			a proposed Liquor Store. Used Public Health considerations to object to the store including the density, size, and location of a venue.
Emergency Management	19.1 - Lead the development of innovative approaches to care for the health and wellbeing of the community when responding to and recovering from emergencies	On Track	Emergency Management Risk Workshops. Workshops held to assess hazards of rail crash, road crash, chemical spills, and heat waves. Evaluation of risks statements to be included in the City's risk register. Internal Emergency Management exercises. Evacuation at City buildings including the Depot, Recreation Centre, Community Centre, Administration Building, and Beatty Park Leisure Centre. AWARE grant training and Welfare Centre training through Western Central LEMC. Development of Risk Management Matrixes. Council adopted the Western Central Local Emergency Management Arrangements 2024.
Screening and Immunisation	20.1 - Promote screening and immunisation campaigns to local residents around childhood	On Track	Social media promotion. Screening and immunisations campaigns promoted via City's social media channels throughout the year.
	immunisations, flu vaccination and screening (e.g. cervical cancer).	On Track	Tetanus and Hepatitis A and B vaccinations organised for relevant employees.

6 INFRASTRUCTURE & ENVIRONMENT

6.1 LOFTUS RECREATION CENTRE - REVIEW OF ANNUAL LEASE PAYMENTS

Attachments:

1. Belgravia Financial Statements - FY2020/21 to FY2022/23 - Confidential

RECOMMENDATION:

That Council:

- 1. APPROVES a variation of lease with Belgravia Health & Leisure Group Pty Ltd (ACN 005 087 463) located at portion of Lot 501 (99) Loftus Street, Leederville as follows:
 - 1.1 Reduction of rent for FY2024/25 by 50% from 1 July 2024 to 30 June 2025 in the amount of \$94,143; and
 - 1.2 COVID-19 balance deferred rent repayments amounting to \$14,977.08 to be suspended until 30 June 2025; and
- 2. Subject to satisfactory negotiations carried out by the Chief Executive Officer, AUTHORISES the Mayor and CEO to execute the Deed of Variation of Lease in accordance with the Execution of Documents Policy.

PURPOSE OF REPORT:

For Council to consider reviewing the rent for FY24/25 and varying the lease with Belgravia Health & Leisure Group Pty Ltd (**Belgravia**) (ACN 005 087 463) in respect of the Loftus Recreation Centre.

DELEGATION:

Delegation 2.2.18 - *Disposing of Property by Leases and Licences* of Council's adopted Register of Delegations, Authorisation and Appointments only applies to minor variations of Category 3 leases. Reduction of rent is not considered a minor variation.

BACKGROUND:

Lease and Contract

Belgravia leases part of the Loftus Recreation Centre at Lot 501 (99) Loftus Street, Leederville pursuant to a Lease (**Lease**) between Belgravia and the City. At the same time the Lease was entered into, the City and Belgravia executed a Deed of Contract (**Contract**). The Contract runs concurrently with the Lease and governs the operation and management of the Loftus Recreation Centre by Belgravia.

The Loftus Recreation Centre provides multi-court sports and fitness programs to the Vincent community.

The Lease and Contract with Belgravia commenced on 1 January 2007. Pursuant to the terms of the Contract, Belgravia would manage Loftus Recreation Centre following the redevelopment of the sports facility initially for 10 years plus another 10 years. At its Ordinary Council Meeting on 26 July 2022, Council approved an extension to Belgravia of the Lease and Contract until 31 December 2027.

The Contract includes a profit share arrangement and a loan repayment provision relating to the repayment by Belgravia of the City's \$3 million loan which funded the redevelopment of the Loftus Recreation Centre. Pursuant to the Contract, Belgravia is required to make loan repayments to the City and the City is required to use the loan repayments to pay off the principal and interest owing by the City under the loan.

Financial assistance

During the COVID-19 period, on 30 June 2020, the COVID-19 Relief and Recovery Committee approved a deferral of Belgravia's obligations to pay 27 per cent of rent, variable outgoings, sinking fund contributions and loan repayments for the period between 1 April 2020 and 31 July 2020. The total deferred amount was \$64,900.72. Repayment of this deferred amount commenced on 1 September 2023 and is continuing to be serviced until 31 December 2027.

On <u>26 July 2022</u>, Council also approved to reduce the annual Rent by an amount equal to 50% of the annual land tax liability on the Lease. The reduction in rent for the FY2022-23 was approximately \$26,000.

On 30 July 2024, Administration presented at Council Workshop the financial sustainability of Belgravia and their request for a rent reduction and Covid-19 deferred repayment.

Current payments to the City

The table below shows that the current annual payments by Belgravia amount to approximately \$660,000 under the Lease and Contract depending on Outgoings which is a variable fee.

	Monthly (August 2024)	Annual
Rent (lease fee)	\$15,690.49	\$188,285.88
Covid deferred payments	\$ 1,248.09	\$ 14,977.08
Contribution to Reserve Fund	\$ 6,418.85	\$ 77,026.20
Outgoings (variable fee)	\$ 8,710.55	\$ 104,526.60
Loan Servicing	\$23,332.00	\$279,984.00
TOTAL Monthly payments (inc GST)	\$55,399.98	\$664,799.76

DETAILS:

Request by Belgravia

In May 2024, the WA State Manager for Belgravia met with the City to discuss the ongoing financial challenges at Loftus Recreation Centre. He indicated that since the period Pre-Covid they had observed a consistent downward trend (except for the COVID-19 pandemic when Jobkeeper payments were received) of the venue's financial performance, which is now not sustainable for Belgravia.

Belgravia has provided their audited financial statement showing the increasing losses since the FY2020/21 financial year. The audited financial information is included at **Confidential Attachment 1**.

Belgravia proposed a waiver of the monthly rent and suspension of the Covid deferred rent repayments to allow them to reduce their annual deficit to less than \$100K for the remainder of the Lease and Contract term.

Administration's proposal and further action

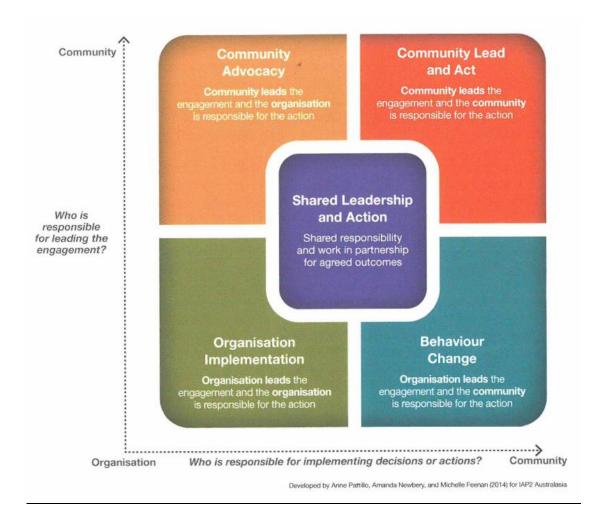

Administration attended a site visit with Belgravia to understand their financial challenges and the actions and steps they had taken to address them. These steps included closure of the creche, reduction of staff, removal of underperforming group fitness classes and utilising the Loftus Centre Reserve Fund for other facility enhancements.

Council approved the use of the Loftus Recreation Centre Reserve Fund at the Mid-Year Budget Review FY2023/24 to make several enhancements to the facility. These improvements included the purchase of Pilates machines, refurbishment of an area for Pilates classes, upgrade of gym cardio equipment and improvements to the gym layout. These upgrades are expected to enhance the facility's appeal and marketability, potentially increasing patronage and revenue to Belgravia. The new Pilates area was opened in September 2024.

Given the actions undertaken by Belgravia, Administration is recommending that Council considers a 50% reduction of the rent for FY2024/25 with a review 3 months before the financial year end. During the review, Administration would assess if the proposed financial assistance coupled with the enhancements to the Loftus Recreation Centre has improved Belgravia's financial position and their ability to resume payment of full rent and deferred rent repayments. If approved by Council, the reduction in revenue for FY2024/25 will be adjusted in the Mid-Year Budget Review FY2024/25.

CONSULTATION/ADVERTISING:

Administration's consultation with Belgravia has resulted in the City making some enhancements to the facility at Loftus Recreation Centre, which is aimed at increasing Belgravia's membership and generating additional revenue.

Organisation Implementation

Organisations lead engagement and seek input, shape the policies, projects and services for which they are responsible. This is a familiar and traditional approach to policy development, project management and service delivery.

Tension: People feel forced leading to an unresponsive process.

Mitigation: Increasing the level of influence, and implementing a transparent, robust process.

LEGAL/POLICY:

Belgravia is a Category 3 tenant under the Property Management Framework. Delegation 2.2.18 of the City's Delegated Authority Register does not extend to variation of lease (except for minor variations) under Category 3 which require a specific resolution of Council.

RISK MANAGEMENT IMPLICATIONS:

Low: It is low risk for Council to reduce the rent and defer payment of the COVID-19 balance rent repayments as the rent received would still cover the outgoings for the facility and the required loan repayments.

RISK CATEGORY	RISK APPETITE / TOLERANCE STATEMENT	DESCRIPTOR /CLARIFICATION
Financially Volatile Decisions	The City has a <i>low appetite</i> for risk in decision making that impacts financial volatility and sustainability	These are for those decisions not specifically considered below: Based on risk consequence criteria - Risk of loss more than \$100,000 (0.035% - 0.17% of operating budget)
Decisions causing Budget Deficiency	The City has a <i>low tolerance</i> for decisions or actions that result in material deficiency in achievement of budgeted: Surplus Balance sheet ratios Profit and loss ratios Rate of return on investments	Based on risk consequence criteria - Risk of loss or missing budget more than \$100,000 (0.035% - 0.17% of operating budget)

STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2022-2032:

Connected and Healthy Community

Our community facilities and spaces are well known and well used.

Thriving Places

Efficiently managed and maintained City assets in the public realm.

Innovative and Accountable

We deliver our services, projects and programs in the most inclusive, efficient, effective and sustainable way possible.

SUSTAINABILITY IMPLICATIONS:

This is in keeping with the following key sustainability outcomes of the *City's Sustainable Environment Strategy 2019-2024.*

This does not contribute to any environmental sustainability outcomes. This action/activity is environmentally neutral.

PUBLIC HEALTH IMPLICATIONS:

This is in keeping with the following priority health outcomes of the City's Public Health Plan 2020-2025:

Increased mental health and wellbeing

FINANCIAL/BUDGET IMPLICATIONS:

A reduction in revenue for FY2024/25 totalling \$109,120.02 being:

- a) 50% reduction in the 2024/25 rent of \$94,142.94; and
- b) COVID-19 balance deferred rent repayments of \$14,977.08.

COMMENTS:

The recent addition of Pilates and renewal of several key pieces of gym equipment along with future plans for fitness class changes should allow Belgravia to affect positive changes in the operations of the Loftus Recreation Centre. The ongoing popularity of Beatty Park Leisure Centre makes it difficult to manage two large facilities in such close proximity especially as Loftus Recreation Centre has not had the same capital investment as Beatty Park.

Options for the future use of Loftus Recreation Centre will be considered in detail before the end of the current lease in 2027.

7 COMMUNITY & BUSINESS SERVICES

7.1 FINANCIAL STATEMENTS AS AT 31 AUGUST 2024

Attachments: 1. Financial Statements as at 31 August 2024 1

RECOMMENDATION:

That Council RECEIVES the Financial Statements for the month ended 31 August 2024 as shown in Attachment 1.

PURPOSE OF REPORT:

To present the statement of financial activity for the period ended 31 August 2024.

DELEGATION:

Regulation 34 (4) of the Local Government (Financial Management) Regulations 1996 requires the local government to prepare a statement of financial activity each month, which is to be presented to Council within 2 months after the end of the relevant month.

BACKGROUND:

Regulation 34 (1) of the *Local Government (Financial Management) Regulations 1996* requires a local government to prepare each month a statement of financial activity including the sources and applications of funds, as compared to the budget.

DETAILS:

The following documents, included as **Attachment 1**, comprise the statement of financial activity for the period ended **31 July 2024**:

Note	Description	Page
1.	Statement of Financial Activity by Nature or Type Report	1
2.	Net Current Funding Position	2
3.	Statement of Financial Position	3
4.	Summary of Income and Expenditure by Service Areas	4-6
5.	Capital Expenditure including Funding graph and Capital Works Schedule	7-12
6.	Cash Backed Reserves	13
7.	Receivables: Rates and Other Debtors	14
8.	Beatty Park Leisure Centre Financial Position	15-16

Explanation of Material Variances

The materiality thresholds used for reporting variances are 10% and \$20,000, respectively. This means that variances will be analysed and separately reported when they are more than 10% (+/-) of the year-to-date budget and where that variance exceeds \$20,000 (+/-). This threshold was adopted by Council as part of the budget adoption for 2023/2024 and is used in the preparation of the statements of financial activity when highlighting material variance in accordance with *Financial Management Regulation 34(1) (d)*.

In accordance with the above, all material variances as at 31 August 2024 have been detailed in the variance comments report in **Attachment 1**.

Comments on the Statement of Financial Activity by Nature or Type (as at Attachment 1).

Revenue by Nature or Type (on page 1) is tracking higher than the YTD budgeted revenue by \$563,452 (1.1%). The following items materially contributed to this position:

- A favourable variance of \$566,886 in Fees and Charges mostly due to timing variances in:
 - \$203,253 favourable ranger services parking and infringement revenue,
 - o \$137,249 favourable Beatty park enrolment fees and membership fees.
 - o \$96,552 favourable waste management fees,
 - \$65,179 favourable swimming pool inspection fees,
 - o \$52,414 favourable building leases and rentals, and:
 - \$42,534 favourable development application fees.
- An unfavourable timing variance in Operating grants, subsidies, and contributions of \$255,183.
- A favourable variance in Interest earnings of \$123,572 mostly due to timing variances.
- A favourable variance of \$93,107 in other revenue mostly due to a reimbursement of GST from sale of land at Catalina Regional Council.

Expenditure by Nature or Type (on page 1) is favourable, attributed by an under-spend of \$3,582,459 (30.6%). The following items materially contributed to this position:

- \$2,187,108 favourable Depreciation expense due to timing variances.
- \$1,021,984 favourable Materials and Contracts mainly due to timing variances.
- \$214,068 favourable Employee related costs mostly due to timing variances.
- \$183,501 favourable Utility charges due to timing variances.
- \$50,959 favourable interest expense due to timing variances.
- \$74,797 unfavourable other expenses mostly due to timing variances.

Surplus Position

The surplus position brought forward to 2024/25 is \$7,927,084 compared to the adopted budget amount of \$4,689,661. The actual opening surplus figure will be adjusted after the year audit has been finalised in December 2024.

The favourable opening surplus position also includes a higher brought forward payment of \$1,294,204 in Federal Grant Funding. An adjustment will be required at Mid-Year Budget Review 2024/25 to reduce the budgeted grant revenue in lieu of the higher brought forward payment and account for capital carry forward amounts.

Content of Statement of Financial Activity

An explanation of each report in the Statement of Financial Activity (**Attachment 1**), along with some commentary, is below:

- 1. <u>Statement of Financial Activity by Nature or Type Report (Note 1 Page 1)</u>
 This statement of financial activity shows revenue and expenditure classified by Nature or Type.
- Net Current Funding Position (Note 2 Page 2)
 'Net current assets' is the difference between the current

'Net current assets' is the difference between the current assets and current liabilities, less committed and restricted assets.

- 3. Statement of Financial Position (Note 3 Page 3)
 - This statement of financial position shows the new current position and the total equity of the City.
- 4. <u>Summary of Income and Expenditure by Service Areas (Note 4 Page 4-6)</u>
 This statement shows a summary of operating revenue and expenditure by service unit including variance commentary.
- 5. Capital Expenditure and Funding Summary (Note 5 Page 7-12)

The full capital works program is listed in detail in Note 5 in **Attachment 1**. The attachment includes a summary of the year-to-date expenditure of each asset category and the funding source associated to the delivery of capital works.

6. Cash Backed Reserves (Note 6 Page 13)

The cash backed reserves schedule provides a detailed summary of the movements in the reserve portfolio, including transfers to and from the reserve. The balance as at 31 August 2024 is \$24,561,370.

7. Receivables: Rating Information (Note 7 Page 14)

The notices for rates and charges levied for 2024/25 were issued on 25 August 2024. *The Local Government Act 1995* provides for ratepayers to pay rates by four instalments. The due dates for each instalment are:

	Due Date
First Instalment	30 August 2024
Second Instalment	1 November 2024
Third Instalment	3 January 2025
Fourth Instalment	7 March 2025

The outstanding rates debtors balance at 31 August 2024 was \$25,940,143, excluding deferred rates of \$172,457. The outstanding rates percentage at 31 August 2024 was 49.71% compared to 58.37% for the same period last year.

8. Receivables: Other Debtors (Note 7 Page 14)

Total trade and other receivables at 31 August 2024 were \$3,710,074. Below is a summary of the significant items with an outstanding balance over 90 days:

- \$817,255 relates to unpaid infringements (plus costs) over 90 days. Infringements that remain unpaid for more than two months are referred to the Fines Enforcement Registry (FER), which then collects the outstanding balance on behalf of the City for a fee.
- \$170,762 relates to cash-in-lieu of car parking debtors. In accordance with the *City's Policy* 7.7.1 Non-residential parking, Administration has entered into special payment arrangements with long outstanding cash in lieu parking debtors to enable them to pay their debt over a fixed term of five years.

9. <u>Beatty Park Leisure Centre – Financial Position report (Note 8 Page 15-16)</u>

As at 31 August 2024, the Centre's net surplus position was \$445,389 compared to the year to date budget of \$157,365.

CONSULTATION/ADVERTISING:

Not applicable.

LEGAL/POLICY:

Section 6.4 of the Local Government Act 1995 requires a local government to prepare an annual financial report for the preceding year and other financial reports as prescribed.

Regulation 34 (1) of the Local Government (Financial Management) Regulations 1996 requires the local government to prepare a statement of financial activity each month, reporting on the source and application of funds as set out in the adopted annual budget.

A statement of financial activity and any accompanying documents are to be presented at an Ordinary Meeting of the Council within two months after the end of the month to which the statement relates. Section 6.8 of the Local Government Act 1995 specifies that a local government is not to incur expenditure from its Municipal Fund for an additional purpose except where the expenditure is authorised in advance by an absolute majority decision of Council.

RISK MANAGEMENT IMPLICATIONS:

Low: Provision of monthly financial reports to Council fulfils relevant statutory requirements and is consistent with good financial governance.

STRATEGIC IMPLICATIONS:

Reporting on the City's financial position is aligned with the City's Strategic Community Plan 2022-2032:

Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

Our community is aware of what we are doing and how we are meeting our goals.

Our community is satisfied with the service we provide.

We are open and accountable to an engaged community.

SUSTAINABILITY IMPLICATIONS:

Expenditure within this report facilitates various projects, programs, services and initiatives that contribute to protecting/enhancing the City's built and natural environment and to improving resource efficiency.

PUBLIC HEALTH IMPLICATIONS:

Expenditure within this report facilitates various projects, programs and services that contribute to the priority health outcomes within the City's *Public Health Plan 2020-2025*.

FINANCIAL/BUDGET IMPLICATIONS:

As contained in this report.

- 2. August 2024 Payments by Direct Debit 🗓 🖺
- 3. August 2024 Payments by Cheques J
- 4. August 2024 Payments for Fuel Cards J

Recommendation:

That Council RECEIVES the list of accounts paid under delegated authority for the period 01 August 2024 to 31 August 2024 as detailed in Attachments 1, 2, 3 and 4 as summarised below:

EFT payments, including payroll \$5,746,235.24

Cheques \$483.48

Direct debits, including credit cards

\$611,051.27

Total payments for August 2024

\$6,357,769.99

PURPOSE OF REPORT:

To present to Council the list of expenditure and accounts paid for the period 1 August 2024 to 31 August 2024.

DELEGATION:

Regulation 13(1) and (3) of the Local Government (Financial Management) Regulations 1996 requires that a list of accounts A list prepared under sub regulation (1) is to be presented to Council at the next ordinary meeting of Council after the list is prepared.

BACKGROUND:

Council has delegated to the Chief Executive Officer (Delegation No. 2.2.18) the power to make payments from the City's Municipal and Trust funds.

In accordance with *Regulation 13(1)* of the *Local Government (Financial Management) Regulations 1996* a list of accounts paid by the Chief Executive Officer is to be provided to Council, where such delegation is made.

The list of accounts paid must be recorded in the minutes of the Council Meeting.

Regulation 12(1) and (2) of the Local Government (Financial Management) Regulations 1996:

- "12. Payments from municipal fund or trust fund, restrictions on making
- (1) A payment may only be made from the municipal fund or the trust fund
 - if the local government has delegated to the CEO the exercise of its power to make payments from those funds by the CEO; or
 - otherwise, if the payment is authorised in advance by a resolution of Council.
- (2) Council must not authorise a payment from those funds until a list prepared under regulation 13(2) containing details of the accounts to be paid has been presented to Council."

Regulation 13(1) and (3) of the Local Government (Financial Management) Regulations 1996:

- "13. Lists of Accounts
- (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared
 - the payee's name;
 - the amount of the payment;
 - the date of the payment; and
 - sufficient information to identify the transaction.

Item 7.2

- (2) A list prepared under sub regulation (1) is to be
 - presented to Council at the next ordinary meeting of Council after the list is prepared; and
 - recorded in the minutes of that meeting."

RISK MANAGEMENT IMPLICATIONS

Low: Management systems are in place that establish satisfactory controls, supported by the internal and external audit functions. Financial reporting to Council increases transparency and accountability.

STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2022-2032:

Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

Our community is aware of what we are doing and how we are meeting our goals.

Our community is satisfied with the service we provide.

We are open and accountable to an engaged community.

SUSTAINABILITY IMPLICATIONS:

Expenditure covered in this report includes various projects, programs, services and initiatives that contribute to protecting/enhancing the City's built and natural environment and to improving resource efficiency.

PUBLIC HEALTH IMPLICATIONS:

Expenditure covered in this report includes various projects, programs and services that contribute to the priority health outcomes within the City's *Public Health Plan 2020-2025*.

FINANCIAL/BUDGET IMPLICATIONS:

All municipal fund expenditure included in the list of payments is in accordance with Council's annual budget.

7.3 **INVESTMENT REPORT AS AT 31 AUGUST 2024**

Attachments:

1. Investment Statistics as at 31 August 2024 J

RECOMMENDATION:

That Council NOTES the Investment Statistics for the month ended 31 August 2024 as detailed in Attachment 1.

PURPOSE OF REPORT:

To advise Council of the nature and value of the City's Investments as at 31 August 2024 and the interest amounts earned YTD.

DELEGATION:

Regulation 34 (4) of the Local Government (Financial Management) Regulations 1996 requires the local government to prepare a statement of financial activity each month, which is to be presented to Council within two months after the end of the relevant month.

BACKGROUND:

The City's surplus funds are invested in bank term deposits for various terms to facilitate maximum investment returns in accordance with the City's Investment Policy (No. 1.2.4).

Details of the investments are included in Attachment 1 and outline the following information:

- Investment performance and policy compliance charts;
- Investment portfolio data;
- Investment interest earnings; and
- Current investment holdings.

DETAILS:

Summary of Key Investment Decisions in this Reporting Period

\$5.2m of investments matured and \$20.2m was invested in August 2024.

Investment Status

The City's investment portfolio is diversified across several accredited financial institutions.

As at 31 August 2024, the total funds held in the City's operating accounts (including on call) was \$62,204,462 compared to \$52,712,628 for the period ended 31 August 2023. All funds are interest bearing as at 31 August 2024.

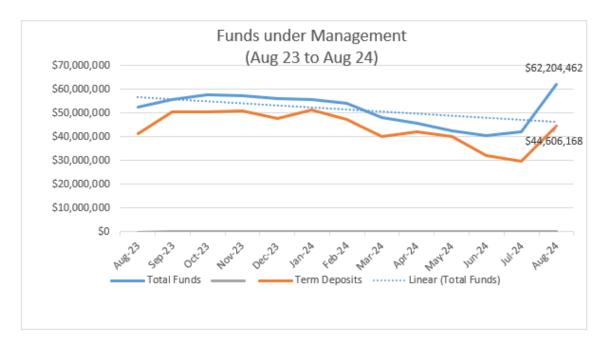

The total term deposit investments for the period ended 31 August 2024 were \$44,606,168 compared to \$41,197,329 for the period ended 31 August 2023.

The following chart shows funds under management from August 2023 to August 2024:

Interest Status

Total accrued interest earned on investments as at 31 August 2024 is:

Item 7.3 Page 97

Total Accrued Interest Earned on Investment	Budget Annual	Budget YTD	Actual YTD	% of YTD Budget	FY23/24 Actual
Municipal	860,000	143,332	174,558	121.79%	1,385,886
Reserve	800,000	133,332	174,099	130.58%	887,672
Subtotal	1,660,000	276,664	348,657	126.02%	2,264,890
Leederville Gardens Inc Surplus Trust*	0	\$0	31,513	N/A	193,472
Total	1,660,000	276,664	380,170	137.41%	2,467,031

^{*}Interest estimates for Leederville Gardens Inc. Surplus Trust were not included in the 2024/25 Budget as actual interest earned is restricted.

The City has a weighted average interest rate of 4.77% for current investments compared to the Reserve Bank 90 day accepted bill rate for August 2024 of 4.38%.

Sustainable Investments

The City's investment policy requires that in the first instance, the City considers rate of return of the fund. All things being equal, the City then prioritises funds with no current record of funding fossil fuels. The City can increase the number of non-fossil fuel investments but will potentially result in a lower rate of return.

Administration utilises a platform called 'Yield Hub' to ascertain the level of exposure banks have in fossil fuel activities and to determine daily interest rates published by banks.

The investment guidelines which is the supplementary document to the Council Investment Policy sets the maximum exposure limits to financial institutions at 90% as reflected in the below table. The majority of financial institutions lie within A-2 and A-1+ categories.

Short Term Rating (Standard & Poor's) or Equivalent	Direct Investments Maximum Maximum % of To %with any one institution		of Total Portfolio	
	Guideline	Current position	Guideline	Current position
A1+	30%	42.8%	90%	64.9%
A-1	25%	0%	90%	0%
A-2	20%	14.2%	90%	35.1%

The direct investment for A1+ institute is higher than normal due to rates revenue received for the month in the municipal operating account (Commonwealth Bank). Administration will continuously explore options to ascertain if a balanced investment strategy can be developed where investments in divested banks can be increased with a minimal opportunity cost of loss in interest rate returns for instances when banks not divested in fossil fuel activities offer a higher rate of return.

CONSULTATION/ADVERTISING:

Nil.

LEGAL/POLICY:

Section 19(2)(b) of the *Local Government (Financial Management) Regulations 1996* requires that a local government establish and document procedures to enable the identification of the nature and location of all investments.

RISK MANAGEMENT IMPLICATIONS

Low: Administration has developed effective controls to ensure funds are invested in accordance with the City's Investment Policy. This report enhances transparency and accountability for the City's investments.

STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2023-2032:

Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner. Our community is aware of what we are doing and how we are meeting our goals. Our community is satisfied with the service we provide.

We are open and accountable to an engaged community.

SUSTAINABILITY IMPLICATIONS:

This does not contribute to any specific sustainability outcomes of the City's Sustainable Environment Strategy 2019-2024, however focussing on non-fossil fuel investments contributes to a sustainable environment.

PUBLIC HEALTH IMPLICATIONS:

This does not contribute to any public health outcomes of the City's Public Health Plan 2020-2025.

FINANCIAL/BUDGET IMPLICATIONS:

The financial implications of this report are as noted in the details section of the report. Administration is satisfied that appropriate and responsible measures are in place to protect the City's financial assets.

7.4 DRAFT STRETCH RECONCILIATION ACTION PLAN 2025-2027

Attachments:

- 1. Draft Stretch Reconciliation Action Plan Deliverables 2025-2027 🗓 🖺
- 2. Aboriginal and Torres Strait Islander Engagement Guidelines 🗓 🖺

RECOMMENDATION:

That Council APPROVES the proposed 'Stretch Reconciliation Action Plan 2025-2027' deliverables, at Attachment 1, for the purpose of community consultation.

PURPOSE OF REPORT:

For Council to approve, for the purpose of community consultation, the draft Stretch Reconciliation Action Plan deliverables as detailed at **Attachment 1**.

DELEGATION:

Council is responsible for setting the strategic direction of the organisation, the *Stretch Reconciliation Action Plan 2025-2027*' deliverables is required to be adopted by Council to embed the Council and Community's expectations.

BACKGROUND:

Reconciliation Action Plans

A Reconciliation Action Plan (RAP) provides organisations with a framework to take meaningful actions to advance reconciliation and is a formal commitment to support Aboriginal and Torres Strait Islander peoples' rights, cultures, heritage and aspirations.

A RAP outlines practical actions to create inclusive opportunities for Aboriginal and Torres Strait Islander peoples that foster meaningful and respectful relationships and enhance cultural understanding. It is built on a framework of themes of reconciliation, being Relationships, Respect and Opportunities.

There are four types of Reconciliation Action Plan - Reflect, Innovate, Stretch and Elevate, allowing organisations to continuously develop their commitment throughout their reconciliation journey.

Reconciliation Australia

Reconciliation Australia are the lead body on reconciliation in Australia and support hundreds of organisations to participate in the RAP program. Reconciliation Australia formally review and endorse the RAP prior to implementation.

To ensure consistency across the country, Reconciliation Australia provide a RAP template with a selection of pre-determined actions. The organisation is required to expand on these actions to reflect the local community. Reconciliation Australia reviews each RAP and provides feedback, guidance and advice throughout their development.

City of Vincent's Reconciliation Journey

In 2017, Vincent was proud to commence its formal reconciliation journey with a <u>Reflect Reconciliation Action Plan</u>, followed by our first <u>Innovate Reconciliation Action Plan</u> in 2019, and then onto our current <u>Innovate Reconciliation Action Plan</u> that commenced in 2022.

Throughout this time, the City has demonstrated a strong commitment to reconciliation. Initiatives have included the delivery of programs targeted at building cultural awareness through events and workshops where staff and community members were able to immerse themselves in Noongar culture. Over the past seven years, the City has emphasised the importance of cultural awareness and education for staff and the wider community with training programs and workshops focusing on Aboriginal and Torres Strait Islander histories, cultures, and the impact of colonisation, with the aim of building understanding and respect.

We have shown our understanding of the importance of cultural protocols through actions such as the development and implementation of our Aboriginal and Torres Strait Islander Engagement Guidelines (**Attachment 2**) that provide Council members, staff, and consultants with knowledge about local Aboriginal and Torres Strait Islander peoples and how to engage with them in a culturally appropriate way.

We have focused on engaging with our Aboriginal and Torres Strait Islander community to ensure that their voices are heard and we have actively sought input and guidance from our Elders and knowledge holders to contribute to planning and decision-making, fostering a sense of ownership and partnership.

We have also acknowledged our shared history and have worked towards building stronger partnerships where we collectively established creative and innovative ways to 'walk side-by-side' with our Aboriginal and Torres Strait Islander community.

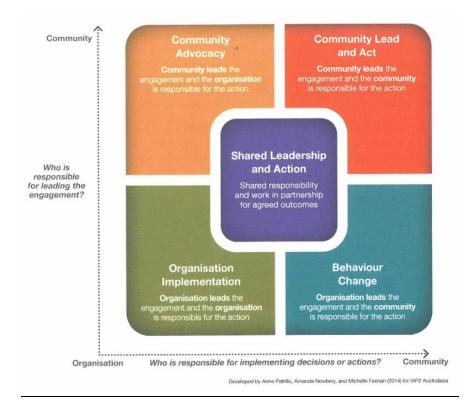

DETAILS:

The draft Stretch RAP 2025-2027 will be delivered over three years and outlines actions for achieving our organisation's vision for reconciliation. It highlights our commitment to continuing to develop strong and enduring partnerships between Aboriginal and non-Aboriginal people.

The draft Stretch RAP contains 106 deliverables, of which 59 are prescribed by Reconciliation Australia. Some key deliverables within the draft Stretch RAP that will further advance our reconciliation journey include:

- Develop and implement a formalised procedure to name unnamed places or laneways with Whadjuk Noongar names in consultation with Traditional Owners.
- Convert stories as told by Elders relating to the nine Aboriginal significant sites for interpretive signage and where appropriate engage Noongar artists to create artwork or sculptures in consultation with Traditional Owners.
- Locate a suitable site for a dedicated Noongar Six Seasons garden within the City.
- City wayfinding and interpretive signage upgrades will include Noongar language, where appropriate, including an Acknowledgement of Country in consultation with Traditional Owners.
- Work with Incorporated Aboriginal not-for-profit organisations to apply for grant funding for projects that
 preserve, promote, and protect Registered Aboriginal sites to manage their cultural heritage throughout
 Vincent
- Explore and implement support structures for Aboriginal and Torres Strait Islander businesses and organisations to encourage Aboriginal businesses and organisations to trade in the City of Vincent, including fee-waivers and other initiatives.
- Aboriginal and Torres Strait Islander employees to be supported to take on management and senior level positions through the provision of structured professional development opportunities to help them understand the organisation, management expectations and build knowledge and skills.
- Consult local Traditional Owners and/or Aboriginal and Torres Strait Islander advisors on the review and implementation of the Staff Cultural Learning Strategy and the implementation strategy.
- Senior leaders to publicly support anti-discrimination campaigns, initiatives or stances against racism and investigate implementing a zero-tolerance policy for discriminatory behaviours.
- Promote and share the City's reconciliation successes and learnings within the Local Government Reconciliation Network and actively collaborate on Reconciliation initiatives.

CONSULTATION/ADVERTISING:

Consultation to Date

Administration commenced the development of the draft Stretch Reconciliation Action Plan in April 2023.

An extensive desktop analysis and benchmarking exercise was undertaken along with meetings with key stakeholders including the Boordiya Reference Group, Reconciliation WA, Reconciliation Australia, the Internal Reconciliation Action Plan Working Group and other government agencies who have Stretch Reconciliation Action Plans already embedded within their organisations.

Officers also met with staff and senior leaders to discuss opportunities that exist across their service areas and locations and with the guidance of our knowledge holders, the Boordiya Reference Group and our Executive Management team, we developed an additional 47 deliverables.

Upcoming Consultation

It is now proposed that the draft Stretch Reconciliation Action Plan be released for stakeholder and community consultation for a period of 21 days with any written submissions to be considered prior to final endorsement by Reconciliation Australia and adoption by Council.

As part of the consultation process, Aboriginal and Torres Strait Islander Elders, community groups, organisations and businesses, the Noongar Chamber of Commerce, the Whadjuk Aboriginal Corporation and previous members of the City's external RAPWG and will be directly invited to provide their feedback.

In accordance with the City's <u>Community and Stakeholder Engagement Policy</u>, consultation must be provided for a period exceeding 21 days in the following ways:

- notice published on the City's website;
- notice posted to the City's social media;
- notice published in the local newspapers; and
- notice exhibited on the notice board at the City's Administration and Library and Local History Centre.

It is proposed that the draft Stretch RAP be released for public comment for a period of 21 days from 29 October – 18 November 2024.

Should any written submissions necessitate significant changes to the draft Stretch Reconciliation Action Plan, it will be necessary to seek re-endorsement from Reconciliation Australia.

LEGAL/POLICY:

There is no legal requirement to have a Reconciliation Action Plan.

RISK MANAGEMENT IMPLICATIONS

Low: It is low risk for Council to adopt a Reconciliation Action Plan

STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2022-2032:

Connected and Healthy Community

We recognise, engage and partner with the Whadjuk Noongar people and culture.

Our many cultures are celebrated.

We have enhanced opportunities for our community to build relationships and connections with each other and the City.

Thriving Places

Art, history and our community's living cultures are evident in the public realm.

SUSTAINABILITY IMPLICATIONS:

This does not contribute to any environmental sustainability outcomes. This action/activity is environmentally neutral.

PUBLIC HEALTH IMPLICATIONS:

This is in keeping with the following priority health outcomes of the City's Public Health Plan 2020-2025:

Increased mental health and wellbeing

FINANCIAL/BUDGET IMPLICATIONS:

The actions and deliverables of the Stretch RAP 2025-2027 are included in the 2024/25 operating budget and will need to be considered within subsequent financial year budgets through to FY 2026/27.

COMMENTS:

Vincent's population is made up of a diverse mix of cultures, nationalities, household, and family structures, all of which contribute to our vibrant community. We aspire to celebrate as a community what makes us unique and connect with those around us to enhance our quality of life, which includes embracing Noongar cultures and histories in our events, activities, open spaces, and in day-to-day conversations and interactions.

Final endorsement of our Stretch RAP will solidify the City's reputation as one of Western Australia's leading local governments in reconciliation.

Attachment 1: Draft Stretch Reconciliation Action Plan Deliverables

Relationships

Strengthening existing and developing new respectful and mutually beneficial relationships is important to us and to our reconciliation vision and journey. We strive for genuine, respectful relationships built on mutual trust and understanding. We strive to create mutually beneficial long-lasting connections to enable enduring relationships with our Traditional Owners. We acknowledge that in order to create these connections and build on our relationships, we need to invest time in connecting with Traditional

Owners and providing opportunities for truth telling by First Nations peoples.

Respect

The City is committed to working alongside Traditional Owners to ensure traditions, protocols and cultures are respected, understood, acknowledged, and appreciated. As we continue learning through Truth-telling we are better able to deepen the incorporation of respect for Aboriginal and Torres Strait Islander peoples and their cultures, which contributes to a more connected, inclusive, and resilient community. We celebrate our rich cultural diversity, and endeavour to be inclusive and

welcoming to Aboriginal and Torres Strait Islander communities.

Opportunities

We are committed to offering activities and opportunities within our sphere of influence that align with closing the employment, social, and economic gap between Aboriginal and Torres Strait Islander peoples and the broader community. We want to ensure that we create a fulfilling, diverse and inclusive workplace where our staff can thrive and openly contribute to ensure that we continue to value the diversity in our community. We are also committed to the professional development of Aboriginal and Torres Strait Islander staff.

ENGAGEMENT GUIDELINES

2023 - 2028

'To stand side by side as one community.'

Acknowledgement Of Country
The City of Vincent would like to
acknowledge the Triditional Owners of the land, the Whadjuk people of the Noongar Nation and pay our respects to Elders past and present.

We would also like to acknowledge all Aboriginal and Torres Strait Islander Elders for they hold the memories, the traditions, the culture and hopes of Aboriginal and Torres Strait Islander Australia.

We recognise the contribution the Whadjuk people have made and continue to make to our culture and in our community. We will continue to seek the input of the Traditional Owners.

The land on which we live, meet and thrive as a community always was and always will be Noongar land.

2 | CITY OF VINCENT ABORIGINAL & TORRES STRAIT ISLANDER ENGAGEMENT GUIDELINES 2023 – 2028 | 3

THE PURPOSE OF THE GUIDELINES

The Aboriginal and Torres Strait Engagement Guidelines outline the City of Vincent's commitment to our Aboriginal and Torres Strait Islander community to engage in a meaningful and consistent way. The guidelines are underpinned by local Aboriginal and Torres Strait Islander culture, knowledge and heritage.

The guidelines aim to provide Council members, staff and consultants with knowledge about local Aboriginal and Torres Strait Islander peoples and how to engage with them in a culturally appropriate way.

The guidelines also provide a set of principles, protocols and resources to support engagement with Aboriginal and Torres Strait Islander peoples and the community.

OUR LOCAL Aboriginal community

Our population is made up of a diverse mix of cultures, nationalities, households and family structures, all of which contribute to our vibrant community. We aspire to celebrate as a community what makes us unique and connect with those around us to enhance our quality of life, which includes acknowledging Noongar culture and history in our events, activities, open spaces and in our day-to-day conversations and interactions.

At the last Census, there were 311 Aboriginal and Torres Strait Islander residents that make up 0.84 per cent of Vincent's population.

A key part of our engagement process with Aboriginal and Torres Strait Islander peoples is taking the time to research and learn about local Aboriginal and Torres Strait Islander history and culture.

OUR PRINCIPLES

Our engagement is underpinned by key principles that have been developed in partnership with our Boordiya Reference Group which consists of Aboriginal Elders and leaders, our Aboriginal and Torres Strait Islander community and local businesses and stakeholders.

- We will value, respect and acknowledge Whadjuk Noongar culture.
- We will always allow time for authentic engagements.
- We will seek advice from the Boordiya Reference Group on wider City matters.
- We will listen, be respectful and transparent.
- We will always act with integrity and seek to build on our relationships to earn trust.
- We will always include Aboriginal and Torres Strait Islander people in matters that directly affect them and involve them throughout the lifetime of each project.
- We will follow cultural protocols.

OUR ENGAGEMENT PROCESS

Council endorsed our Community and Stakeholder Engagement Strategy that guides staff on how we should engage with our broader community.

This strategy is applicable when engaging with our Aboriginal and Torres Strait Islander community however, it must be accompanied by the Aboriginal and Torres Strait Islander engagement principles along with the cultural considerations detailed in these guidelines.

ABORIGINAL & TORRES STRAIT ISLANDER ENGAGEMENT GUIDELINES 2023 – 2028 | 5

Item 7.4- Attachment 2

WHY DO WE ENGAGE WITH THE ABORIGINAL & TORRES STRAIT ISLANDER COMMUNITY?

The City of Vincent believes that strong and meaningful relationships lie at the core of reaching greater reconciliation within our communities. We acknowledge the ongoing and tireless efforts of local organisations and individuals working with and for Aboriginal and Torres Strait Islander peoples.

We strive to better understand how the City can support local Aboriginal and Torres Strait Islander organisations and individuals, aiming to work alongside them in a productive, empathetic, meaningful and efficient way. The City is committed to taking real steps toward building and maintaining genuine partnerships and trust. Remembering and acknowledging wrongs that have occurred in the past, the City believes that it can work consciously and courageously beyond these wrongs, towards a place of reconciliation.

The City delivers a diverse range of services and projects to and for our community. Our engagement strategies are developed based on the level of impact, interest and influence. Policies, strategies, and projects that directly impact Aboriginal and Torres Strait Islander peoples required targeted engagement processes.

Item 7.4- Attachment 2

Engaging with Aboriginal & Torres Strait Islander peoples

It's important to understand that communicating and engaging are two different things. Although they are aligned, communication can be just talking, but engaging is when the other party listens and responds.

may engage a little at a time whilst trust is being established. This is where you can use informal meetings

Further to acknowledge that:

- Engaging incorporates both verbal and non-verbal communication.
- The first step to engaging is ensuring "cultural safety".

Cultural safety is behavioural based. It's about the obligations of those working with Aboriginal and Torres Strait Islander peoples to work within policies and practices that ensure services adequately meet cultural needs by recognising, appreciating and responding to the impact of cultural diversity on the effective use and provision of services.

How do you demonstrate cultural safety?

- clear, value-free, open and respectful communicationestablishing trust
- recognising and avoiding stereotypical behaviours
- having a two-way dialogue, where knowledge is shared
- understanding the influence of culture shock

Aboriginal and Torres Strait Islander peoples identify themselves through their land areas, relationship to others, language, and stories which may be expressed through ceremony, the arts, family, spirituality (religion) and sports.

Cultural heritage is passed on from one generation to the next. Language is vitally important as it forms part of identity, each language group has their own language. It's important to acknowledge that whilst the majority of the Aboriginal community within Vincent are Whadjuk Noongar people and the broader Noongar nation, they also include people outside of Noongar nation (other language groups) and Torres Strait Islander peoples. When you engage with the Aboriginal community to seek guidance or feedback, you are seeking their cultural knowledge. It is important that you are clear about what you are seeking and that you engage in a culturally appropriate way.

8 | CITY OF VINCENT

ABORIGINAL & TORRES STRAIT ISLANDER ENGAGEMENT GUIDELINES 2023 – 2028 | 9

Understanding cultural & community sensitivities, acknowledgement & respect

There may be cultural and community sensitivities that need to be considered when we determine the best approach to our engagement process. To understand the best way to minimise confrontation or conflict, communication methods should be discussed with the Community Development team prior to engaging.

Diversity within the community

There was a time when all Aboriginal and Torres Strait Islander peoples lived a traditional lifestyle that included kinship, control, economic systems and lifestyle practices. In the local environment as more and more Aboriginal people become involved in mainstream processes there is now a greater diversity within the Aboriginal community and a one size fits all approach no longer works.

It is important to understand the diversity that exists in order to adapt to different individuals and groups within our community. There are now many Aboriginal and Torres Strait Islander peoples who have adopted some parts of the contemporary western lifestyle. As with many cultures, Aboriginal and Torres Strait Islander culture has evolved, what remains the same is the dreaming, spirituality, connection to country, ceremonies, family and kinship and customary law.

Strategies to assist you may include:

- Gathering knowledge know who you are/should be talking to.
- Stay informed know what's going on in the local Aboriginal and Torres Strait Islander community.
- Be open, honest and understanding.

 Den't make promises if you can't keep the
- Don't make promises if you can't keep them.
 Acknowledge that there may be power imbalances.
- Marking important dates, attending special events are vitally important ways of demonstrating genuine interest in understanding and supporting Aboriginal and Torres Strait Islander people.
- Seek guidance from the City's Community
 Development team.

Family & kinship systems

Kinship is at the heart of Aboriginal society. A person's position in the kinship system establishes their relationship to others and to the universe, prescribing their responsibilities towards other people, the land and natural resources. Traditional kinship structures remain in many Aboriginal communities today.

There are many Aboriginal nations across
Australia. Within these nations there are clan
groups and within the clan groups there are family
groups. Clan groups share a common language
and kinship system based on either patrilineal or
matrilineal lines of descent.

When Aboriginal people refer to their family, they invariably mean their extended family which might include parents, several children, numerous aunts, uncles and cousins and grandparents. These family members can be both genetic and classificatory.

The continuance of Aboriginal society is dependent on keeping Aboriginal families strong and healthy both physically and culturally.

10 | CITY OF VINCENT

Item 7.4- Attachment 2

Kinship protocols

Relationships within the Kinship system have rules or prescribed behaviours. These behaviours govern relationships. The kinship system governs the relationships between:

- male and females
- young people and elders
- extended families

For example, you behave a certain way around your Elders and Aunties and Uncles, but in most cases, authority sits with the oldest. It determines behaviours that apply between males and females. How it is applied varies from one location to another, in some cases 'formally' and in others 'informally'. In remote locations, customary lore still exists and in these locations, it remains intact in its' entirety.

Note – If you are a non-Aboriginal or Torres Strait Islander person then you need to consider how this may affect your ability to engage effectively and culturally appropriately, especially across genders (male to female) or young to old.

Intellectual property

As Traditional knowledge holders, Aboriginal people should determine what happens with their cultural knowledge, how it is used and who can access it.

When seeking to source and use Aboriginal knowledge, the City will:

- Consult with the Boordiya Reference Group that comprises Aboriginal Elders and Leaders on cultural, heritage, social and environmental strategies, and decisions with the City.
- Seek advice from the Aboriginal community about the correct implementation of cultural protocols.
- Obtain consent from the Boordiya Reference Group and or/Aboriginal Elders and leaders to use cultural knowledge.

In providing cultural knowledge, it is important to acknowledge that Aboriginal people are using their intellectual property. For this reason, it is appropriate that payment is received for their services. The remuneration should consider the time involved in providing the cultural knowledge.

Developing & maintaining relationships

The Aboriginal and Torres Strait Islander community has been let down by past governments and agencies, and many times they have felt forgotten or left out. Building trust in the relationships takes time but is an essential step moving forward. Throughout any engagement process it is necessary to maintain regular communication and involvement with those we are engaging with.

Environment

Many people respond differently to unfamiliar environments. Picking the right environment can have a significant benefit to communication and engaging. Many Aboriginal people prefer to be in familiar environments and or weather permitting outside. If the weather doesn't allow for an outdoor environment, then perhaps a local community centre or organisation that people are familiar with could be used to meet rather than an office environment.

Alternatively, you could consider a coffee or a meal, especially when first meeting – start informally and get to know each other better. When people are relaxed, they are more likely to engage and communicate more openly. For example: Meetings on Country

Being 'on Country' is a useful engagement method to acknowledge and learn about the connection to Noongar Boodjar (country). Being 'on Country' also provides an opportunity for us to build relationships and strengthen partnerships with the local Aboriginal community. Where possible, meetings should be held in the location that is the subject of the meeting.

In-person meetings

Aboriginal and Torres Strait Islander culture is communicated orally, known as yarning. Yarning provides an opportunity to build relationships and have open discussions. Meetings should always therefore be held in person and only held online if unavoidable.

Understanding non-verbals

Non-verbals are a natural part of Aboriginal communication. Silence does not mean a person is not listening or does not understand, they could be:

- thinking or processing
- remaining non-committal
- wanting to confer with other family members
 or they may not understand, so you may need to confirm or rephrase

Time

The City interacts with our Aboriginal and Torres Strait Islander community on a range of topics and setting realistic timeframes can be a challenging process. When planning to engage, adequate timing needs to be considered. Generally, one month prior to broader engagement is a realistic time for cultural needs to be considered, however, this could change due to other cultural sensitivities.

When meetings have been set in advance, always check a day or so before that the meeting will still go ahead as planned. In some instances, funeral dates and family matters may take precedence and therefore flexibility is required.

Written communication

Wrtten communication is not the preferred method of communication. It is important that if there has been no response to written communication that it is not considered to be acceptance or disinterest. It is always recommended that face-to-face meetings are more appropriate to discuss cultural information. The written communication therefore should be clarifying discussion and agreed actions moving forward.

Yarning circles

Yarning Circles are an important process for Aboriginal and Torres Strait Islander peoples, as they provide an opportunity to learn from one another, build a shared understanding of information and sharing knowledge in a safe space. Yarning Circles also provide an opportunity to bring the community together to establish common ground. In meeting new people and groups, Yarning Circles can be an ideal starting point to develop trust.

12 | CITY OF VINCENT

Item 7.4- Attachment 2

TERMINOLOGY

The appropriate use of terminology and language in reports, letters and other types of publications is important as it demonstrates recognition and respect to Aboriginal and Torres Strait Islander peoples.

Aboriginal or Aborigine

You should avoid using the term 'Aborigine' as it can be offensive and could relate to past trauma and the misrepresentation of Aboriginal people.
Use 'Aboriginal' where possible.

ATSI is an acronym for Aboriginal and Torres Strait Islander and should not be used in oral or written form. This acronym can be considered offensive.

Using the word 'Indigenous' can be misunderstood or interpreted differently in Aboriginal communities. It's commonly used to reference Aboriginal and Torres Strait Islander peoples as a collective and does not recognise the distinction between the cultures.

7.5 UNDERGROUND POWER - NORTH PERTH MOUNT HAWTHORN - SERVICE CHARGES & CO-FUNDING AGREEMENT

Attachments:

- 1. Co-Funding Agreement North Perth/Mount Hawthorn Confidential
- 2. Timeline of Communications North Perth/Mount Hawthorn J.

RECOMMENDATION:

That Council:

- 1. AUTHORISES the Chief Executive Officer to execute on behalf of the City, the Co-Funding Agreement at Attachment 1 with Western Power to implement the North Perth/Mount Hawthorn Underground Power project as part of the Network Renewal Underground Power Program (NRUPP), which includes a commitment by the City to meet the cash call requirements detailed in the Agreement; and
- 2. NOTES that the service charges below will be included in the schedule of fees and charges in the Annual Budget 2025/26:
 - A residential network charge of \$2,078.
 - A commercial network charge of \$305 per KVA
 - A connection charge of \$0-\$3,457, depending on the current connection arrangements; and
- 3. NOTES that the owners of properties in North Perth and Mount Hawthorn NRUPP to be given the option of upfront payment or annual instalments over a period of 4 years funded by either or a combination of 4-year fixed interest term loans borrowed from the WATC, the Underground Power Reserve and the Catalina Land Sales Reserve; and
- 4. NOTES that the 4 year instalment option will be available for up to an estimated maximum of 70% of ratepayers subject to the City's borrowing capacity and available funds in the Underground Power Reserve and Catalina Land Sales Reserve; and
- 5. NOTES that the costs to fund the 4 year instalment option will be funded by the ratepayers who take up this option.

PURPOSE OF REPORT:

To seek Council approval to proceed with the North Perth/Mount Hawthorn NRUPP project based on the latest cost estimate as provided by Western Power.

BACKGROUND:

In 2022 the City agreed to work with Western Power towards undergrounding electricity distribution power lines throughout Vincent. Eight project areas were identified by Western Power and numbered in order of priority, based on the age and condition of assets to be replaced by undergrounding.

The first project area comprises parts of North Perth and Mount Hawthorn.

Engineering design for this project area was finalised by Western Power in early 2024 and the preferred construction contractor selected via a tender process completed in July 2024.

The City received the E10 construction price (contractor's estimate +/- 10%) in August 2024 and the attached Co-Funding Agreement in September 2024.

The project construction timeline proposed by Western Power is between November 2024 to November 2026.

DETAILS:

Project costs

The total project cost, based on the E10 construction price is \$35,159,989, with Western Power contributing \$28,466,394 (81%) and the City contributing \$6,693,594 (19%) as shown in the table below.

	Western Power Contribution	Ratepayer Contribution	Total Project Cost
E10 Estimate	28,466,394	6,693,594	35,159,988
E10 Estimate	81.0%	19.0%	100.0%

Western Power requires the City to settle payments by way of 5 (five) cash calls. The cash calls are \$1,338,719 each, to be made on 30 September 2025, 30 December 2025, 31 March 2026, 30 June 2026, and 30 September 2026.

Western Power funds the net benefit cost it receives from the project. This is equivalent to the avoided costs that it would otherwise incur in replacing and maintaining overhead assets. Western Power does not contribute to network costs in excess of its net benefit. These costs are passed on to the City as its share of the network charge. Western Power also does not contribute to the consumer mains cost. This is passed on to the City as the connection charge.

The City will raise a service charge to pass these costs onto the ratepayers within the project area.

Timeline

Upon execution of the Co-Funding Agreement, Western Power has proposed that the project can start as early as November 2024, with mobilisation of ground crew expected in early 2025 and practical completion in November 2026.

Manner of payments from ratepayers

It is proposed that the owners of properties within the project area be given the option to pay the service charge either upfront or in annual instalments over a period of 4 years.

The 4-year instalment option will be available for up to an estimated maximum 70% of ratepayers and funded by either or a combination of 4-year fixed interest term loans borrowed from the WATC, the Underground Power Reserve and the Catalina Land Sales Reserve. The interest rates will be subject to applicable WATC rates at the time the loan funds are drawn.

The costs to fund the 4-year instalment option will be funded by the ratepayers who take up this option.

Priority for the 4-year instalment option will be provided to pensioners and those experiencing financial hardship.

Owners of properties that hold either a Commonwealth issued Pensioner Concession Card or Commonwealth Seniors Health Card together with a WA Seniors Card are entitled to a 50% discount on underground power charges, proportionate to their share of the property. If they choose to pay by instalments this 50% discount is available for each year that instalment payments are applicable.

State Government Seniors Card holders (i.e. not pensioners) can access a fixed rebate of \$100, for payment in full (proportionate to their share of the property).

Service charge

The proposed service charge to be charged to properties in the project area would reflect the Western Power charge, which consists of:

- Network charge this is determined by property type (residential or commercial) and the associated demand for network capacity as allocated by Western Power.
- Connection fee this is dependent on whether the property has an existing underground consumer main, the location of the main electrical switchboard to which the mains supply is connected and the number of electricity meters that share a mains supply.

Ratepayers who elect for the 4-year instalment option will have these costs included in their service charge.

Residential

Network charge \$2,078 Connection charge \$0-\$3,457

Commercial

Network charge \$305 per KVA Connection charge \$0-\$3,457

Co-funding Agreement

The Co-Funding Agreement (confidential) outlines the terms under which the City and Western Power agree to work together throughout the construction phase of the project to deliver underground power to the North Perth/Mount Hawthorn project area. It sets out the roles and responsibilities of each party, including their respective financial contributions and agreed payment schedule (shown in Schedule 1 of **Attachment 1**).

While the details are commercial in confidence, the Co-Funding Agreement addresses the following key areas:

- Project costs shared between Western Power and the City (as outlined above);
- Management of design, tendering, project schedules and construction processes responsibility of Western Power;
- Management of project budget (with monthly updates for the City) responsibility of Western Power;
- Community engagement primary responsibility of the City, with support from Western Power and supplemental communication by the construction contractor about specific site works;
- Ownership of infrastructure network assets (primarily located outside of property boundaries) are owned by Western Power; the consumer mains cable (within the property boundary) is owned by the property owner;
- Planning and delivery of network construction responsibility of the construction contractor; and
- Reinstatement works to roadways, road verges, footpaths, driveways and gardens affected by the Project – responsibility of the construction contractor. To be completed in accordance with the "Local Government Guidelines for Restoration and Reinstatement in Western Australia" or, where the work falls outside the scope of these guidelines, in accordance with City of Vincent specifications.

Following execution of the Co-Funding Agreement, Western Power will award the construction contract to the selected contractor, who will produce a project schedule showing the phasing of works within the project area. This schedule and associated maps will be published on the City's website by the end of 2024.

CONSULTATION/ADVERTISING:

The community was consulted on the location of primary equipment for the project area, with letters sent to nearby property owners, signage placed in impacted parks and car parks and the City's website updated with information about the consultation process. All feedback was given due consideration in the decision-making on site selection.

The City will continue to provide communications to residents and ratepayers in the project area as shown in **Attachment 2**. This includes a letter to individual ratepayers to be sent in November, showing the specific service charges for their property and request a response with their preferred payment option. A community information session will be held jointly with Western Power on Saturday 30 November 2024 (time and venue to be confirmed). This will be an informal walk-in event at which resident and ratepayer questions relating to all aspects of the project will be addressed.

Six weeks prior to start of construction, Western Power will place a leaflet in every letter box in the project area, advising what to expect in the coming months and who to contact for further information.

The construction contractor will then precede the start of any works with a letterbox drop in impacted streets, providing details of the upcoming work and the contractor's contact information.

Information about the project is available on the Western Power and City of Vincent websites and is updated regularly.

LEGAL/POLICY:

The City will comply with the requirements of the Local Government Act 1995 and associated Regulations.

RISK MANAGEMENT IMPLICATIONS

Low to Medium: It is a low to medium risk for Council to proceed with the North Perth/Mount Hawthorn project. The construction and performance risk for the project would remain with Western Power as the asset owner and manager, with extensive experience in underground power programs. There would be a low to medium risk associated with managing community engagement/sentiment, and there would be a low to medium risk associated with willingness/capacity to pay for some property owners.

STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2022-2032:

Enhanced Environment

Our urban forest/canopy is maintained and increased.

Thriving Places

Our physical assets are efficiently and effectively managed and maintained.

Sensitive Design

Our built form is attractive and diverse, in line with our growing and changing community.

Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

SUSTAINABILITY IMPLICATIONS:

This is in keeping with the following key sustainability outcomes of the *City's Sustainable Environment Strategy 2019-2024*.

Urban Greening and Biodiversity

PUBLIC HEALTH IMPLICATIONS:

This is in keeping with the following priority health outcomes of the City's Public Health Plan 2020-2025:

Reduced exposure to environmental health risks

FINANCIAL/BUDGET IMPLICATIONS:

The City will be responsible for invoicing property owners for their contribution to the project. The cash calls for the project will be included in the 2025/26 Annual Budget. Total cost of the project will be recovered from the property owners in the project area by way of a Service Charge as allowed under the *Local Government Act 1995* and associated Regulations.

8.1 LOCAL GOVERNMENT ELECTIONS - WALGA ADVOCACY POSITIONS

Attachments: Nil

RECOMMENDATION:

That Council recommends WALGA adopt the following Local Government Election Advocacy Positions:

1. PARTICIPATION

(b) The sector supports compulsory voting at Local Governments elections.

2. TERMS OF OFFICE

(a) The sector continues to support four-year terms with a two year spill.

3. VOTING METHODS

(b) The sector supports Optional Preferential Voting (OPV) as the preferred voting method for general elections.

4. INTERNAL ELECTIONS

(b) The sector supports Optional Preferential Voting (OPV) as the preferred voting method for all internal elections.

5. VOTING ACCESSIBLITY

The sector supports the option to hold general elections through:

- (a) Electronic voting; and/or
- (b) In-Person voting.

6. METHOD OF ELECTION OF MAYOR

The sector supports:

(a) As per the current legislation with no change – Class 1 and 2 local governments directly elect the Mayor or President (election by electors method), with regulations preventing a change in this method.

PURPOSE OF REPORT:

To seek Council's endorsement of its Election Advocacy Positions to be provided to WALGA for tabling at their December 2024 State Council Meeting.

DELEGATION:

WALGA has requested that Councils provide their recommendation on the Election Advocacy Positions. Council is defined under the *Local Government Act 1995* as the Council of a Local Government, Council Meetings are Council's only decision making forum.

BACKGROUND:

The *Local Government Amendment Act 2023* introduced a range of electoral reforms that came into effect prior to the 2023 Local Government ordinary elections:

- the introduction of Optional Preferential Voting (OPV);
- extending the election period to account for delays in postal services;
- changes to the publication of information about candidates;
- backfilling provisions for extraordinary vacancies after the 2023 election;
- public election of the Mayor or President for larger Local Governments;
- abolishing wards for smaller Local Governments; and
- aligning the size of councils with the size of populations of each Local Government (change to representation).

Following requests from several Zone's, WALGA undertook a comprehensive review and analysis of 5 ordinary election cycles up to and including the 2023 Local Government election against the backdrop of these legislative reforms. The review and report focused on postal elections conducted exclusively by the Western Australian Electoral Commission (WAEC), with the analysis finding evidence of the rising cost and a reduction in service of conducting Local Government elections in Western Australia.

WALGA is requesting Councils consider the current and alternative Elections Advocacy Positions and provide a response back to WALGA for the December 2024 State Council meeting.

DETAILS:

WALGA has requested the following advocacy positions be considered by Councils, Administration has provided background and recommendations alongside each:

Advocacy item	WALGA Sector Position	Administration recommendation
1. PARTICIPATION (a) The sector continues to support voluntary voting at Local Government elections. OR (b) The sector supports compulsory voting at Local Governments elections	WALGA supports: Voting at Local Government elections to be voluntary.	7.0
		City engaged the WA Electoral Commission to run the election at a cost of \$152, 879.59 of which \$34,717.45 related to mail out of voting packages.

Ad	vocacy item	WALGA Sector Position	Administration recommendation
2.	TERMS OF OFFICE (a) The sector continues to support four-year terms with a two year spill; OR (b) The sector supports four-year terms on an all in/all out basis.	WALGA Supports: Four year terms with a two year spill.	(a) The sector continues to support four-year terms with a two year spill; By retaining the current election term split where every 2 years half the positions on council are elected this ensures continuity in decision making. Ensures that council members can deliver on adopted strategies that exist across multiple years and that there are mentors to support new council members that might commence.
3.	(a) The sector supports First Past the Post (FPTP) as the preferred voting method for general elections. If Optional Preferential Voting (OPV) remains as the primary method of voting, the sector supports the removal of the 'proportional' part of the voting method for general elections OR (b) The sector supports Optional Preferential Voting (OPV) as the preferred voting method for general elections.	WALGA supports: The first past the post method of counting votes The sector remains in favour of the first past the post method of vote counting. Risk of the infiltration of party politics, and that preference swapping leading to alliances amongst candidates has potential for factionalisation of Councils, were pre-eminent in the response. 'First past the post' voting remains favoured on the grounds of its simplicity, efficiency, ease of voter understanding, transparency and candidates campaigning based on the merits of the individual. However, if 'first past the post' is not retained, then optional preferential voting is preferred.	(b) The sector supports Optional Preferential Voting (OPV) as the preferred voting method for general elections. First-past-the-post does not allow for electors to express more than one preference. The candidate with the most votes wins, even if that candidate does not have a majority. Preferential voting better captures the precise intentions of voters and as a result may be regarded as a fairer and more representative system. Voters have more specific choice. Simplest model would be to use the same as State and Federal elections.
4.	(a) The sector supports First Past the Post (FPTP) as the preferred voting method for all internal elections. OR (b) The sector supports Optional Preferential Voting (OPV) as the preferred voting method for all internal elections.	WALGA supports: The first past the post as the preferred voting method for all internal elections.	The sector supports Optional Preferential Voting (OPV) as the preferred voting method for all internal elections. Preferential voting better captures the precise intentions of voters and as a result may be regarded as a fairer and more representative system. Voters have more specific choice.

Advocacy item	WALGA Sector Position	Administration recommendation
5. VOTING ACCESSIBLITY The sector supports the option to hold general elections through: (a) Electronic voting; and/or (b) Postal voting; and/or (c) In-Person voting.	WALGA supports: The option to hold elections through: Online voting Postal voting, and In-person voting The Local Government Act 1995 should be amended to allow the Australian Electoral Commission (AEC) and any other third party provider including Local Governments to conduct postal elections.	The sector supports the option to hold general elections through: (a) Electronic voting; and/or (b) In-Person voting. As noted above, the current voter turn out is 30%, mail out of postal votes cost the City \$35,000 in 2023 with this cost only increasing as the number of electors increase and the postage costs increase. It would be more effective for the government to introduce an online system such as the ivote. If postal voting was to be considered it should be similar to the approach taken in State Elections where voters apply for a vote by post. In-person voting is supported where compulsory voting is in place. The costs associated with having multiple polling places are likely to exceed those of the current mail out costs and this would not be cost effective to local governments. Preference is for electronic voting with a small number of ballots made available at the City facilities where this is required for accessibility.

Administration **WALGA Sector Position** Advocacy item recommendation METHOD OF ELECTION WALGA position: As per the current OF MAYOR legislation with no change Return to previous legislated - Class 1 and 2 local The sector supports: provisions – all classes of local governments directly governments can decide, by elect the Mayor or (a) As per the current absolute majority, the method for President (election by legislation with no electing their Mayor or President. electors method), with change - Class 1 and regulations preventing a change in this method. 2 local governments Retaining the discretion to choose directly elect the between popularly-elected Mayors Mayor or President and Presidents of Band 1 and 2 This does not impact the City as (election by electors Local Governments remains the Council had previously resolved favoured option. Respondents method), with to directly elect the Mayor. regulations preventing queried the lack of detailed benefit Mayors and Presidents of all a change in this of the proposal to enshrine one local governments perform an method. system of election over another, important public leadership role (b) Return to previous commenting that the alternate within their local communities. legislated provisions method of election provided under Band 1 and 2 local governments all classes of local s.2.11 and s.2.12 of the Act generally have larger councils than those in bands 3 and 4. governments can permits both a Local Government decide, by absolute and electors of the district to majority, the method exercise agency for change. Politics will always occur in local government but the direct for electing their Mayor or President. election of a Mayor may assist in (c) Apply current curtailing the establishment of a provisions to all Bands factionalised culture. The of Local Governments election of Mayors by Council - apply the election by can create this culture - by electors method to all actively encouraging Council classes of local Members to group behind a particular colleague for Mayor. governments. Mayors who are directly elected are ultimately not reliant on consistently seeking their colleagues favour for their ongoing support but are clearly accountable to ratepayers.

CONSULTATION/ADVERTISING:

Nil. This process is being led by WALGA for the purpose of determining the industry's advocacy agenda. Any changes to the Local Government Act 1995 to implement the positions would require public consultation by the State Government.

LEGAL/POLICY:

The above advocacy positions are not currently contemplated in the Government's reform agenda.

Local Government Reforms have been crafted in consultation with the local government sector and are based on 6 themes:

- 1. Earlier intervention, effective regulation and stronger penalties
- 2. Reducing red tape, increasing consistency and simplicity
- 3. Greater transparency and accountability
- 4. Stronger local democracy and community engagement
- 5. Clearer roles and responsibilities
- 6. Improved financial management and reporting.

<u>Full Reform Proposals</u> provides an overview of the reform themes and all reforms topics consulted on. To ensure that key election related reforms were in place before the 2023 local government elections, the amendments to the Act were divided into 2 tranches. The first tranche, the <u>Local Government Amendment Act 2023</u>, focused on electoral reform. The 2023 Amendment Bill was passed on 11 May 2023 and assented to 18 May 2023.

The second tranche focuses on introducing the new Local Government Inspector and monitors for early intervention and resolution of issues, as well as a range of other important reforms to the local government sector. The *Local Government Amendment Bill 2024* is the second tranche of major reforms to the Act has recently been introduced to Parliament.

RISK MANAGEMENT IMPLICATIONS

Low: It is low risk for Council to consider the WALGA Advocacy positions as this represents Council's view on specific areas of advocacy that WALGA is collating from the sector. This advocacy piece would then be used by WALGA to advocate to the State Government on *Local Government Act 1995* reform.

Risk Category	Risk Appetite/Tolerance Statement	Descriptor
Negotiate with Regulators, State & Federal Government Agencies	The City has a High risk appetite to consult and negotiate with regulators, State and Federal Government Agencies to achieve the City's objectives.	Nil.

STRATEGIC IMPLICATIONS:

Innovative and Accountable

Our decision-making process is consistent and transparent, and decisions are aligned to our strategic direction.

FINANCIAL/BUDGET IMPLICATIONS:

Nil associated with tabling a position.

8.2 ACQUISITION RIGHT OF WAY LOT 66 AND CONSIDERATION PRIVATE USE OF BRISBANE ST PARKING BAYS BY BRISBANE HOTEL

Attachments:

- 1. Survey Plan Lot 66 on Diagram 501 & Lot 33 on Diagram 50121 🗓 🖺
- 2. Brisbane Hotel Draft Concept Plan J

RECOMMENDATION:

That Council:

- 1. REQUESTS the Minister for Lands to acquire Lot 66 on Diagram 501, comprised in Certificate of Title Volume 2618 Folio 596 as shown in Attachment 1, as Crown land pursuant to section 52(1)(b) of the Land Administration Act 1997 (LAA) subject to the Chief Executive Officer:
 - 1.1 Providing public notice seeking submissions on the proposal to close by acquisition and amalgamate Lot 66 on Diagram 501 pursuant to section 52(1)(a) and section 87 of *Land Administration Act 1997* and Regulation 5 of *Land Administration Regulations 1998* into 292 Beaufort St, Perth (Lots 10-16 on Diagram 5740 & Lot 1 on Diagram 501); and
 - 1.2 Considering and responding to any submissions or objections received;

2. APPROVES the:

- 2.1 excision and disposition of portion of Lot 33 on Diagram 50121 (Parking Bays Land) in accordance with the *Local Government Act 1995*; and
- 2.2 sale process relating to the disposition of Parking Bays Land to commence simultaneous or after the amalgamation of ROW Lot 66 with Brisbane Hotel land;
- 3. DELEGATES BY ABSOLUTE MAJORITY to the Chief Executive Officer the authority to enter into a private treaty with Queenrise Corporation Pty Ltd (ARK Group) to:
 - 3.1 set the date for sale of the Land;
 - 3.2 provide local public notice;
 - 3.3 consider submissions;
 - 3.4 enter into private treaty negotiations;
 - 3.5 determining the sale price up to ten per cent (10%) variance on the market valuation; and
 - 3.6 conclude contract of sale with private treaty entity, and in this respect, determine and vary the settlement date and/or date of satisfaction of any conditions pursuant to the Contract of Sale between the City of Vincent and Queenrise Corporation Ptv Ltd:
- 4. AUTHORISES that the proceeds from the sale of the Parking Bays Land be applied towards:

The Public Open Space Reserve for use on upgrade projects associated with Birdwood Square; and

- 5. In respect of Recommendation 2 AUTHORISES:
 - 5.1 the Mayor and Chief Executive Officer to affix the common seal and execute the Contract of Sale and Transfer of Land document: and
 - 5.2 all other documents necessary to give effect to Recommendation 2 be executed in accordance with the Execution of Documents Policy.

PURPOSE OF REPORT:

For Council to consider a request from the Brisbane Hotel owners to:

- a) close by acquisition and amalgamate the private right of way known as Lot 66 on Diagram 501; and
- b) excise and sell seven parking bays within the Brisbane Street car park for exclusive use by the Brisbane Hotel.

DELEGATION:

Section 52(1)(a) of the *Land Administration Act 1997* (LAA) sets out that a Local Government may request the Minister for Lands to acquire as Crown land any private road within the district of the local government. The *Local Government Act 1995* defines 'Local Government' as the Elected Members unless otherwise delegated. This function has not been delegated.

In accordance with Council's adopted Register of Delegations, Authorisations and Appointments Section 2.2.17 Disposing of Property requires a decision of Council to consider the sale of any land owned by the City.

BACKGROUND:

The Brisbane Hotel (Hotel) located at No. 292 Beaufort Street, Perth (Lots 10-16 on Diagram 5740 (multi lots)) has recently been sold to Queenrise Corporation Pty Ltd (ARK Group). During the sale process, the purchaser identified a privately owned right of way held under Lot 66 on Diagram 501 (ROW Lot 66) which traverses the eastern boundary of the Hotel (shown below) which for all intents and purposes appear to form part of the Hotel site.

Following acquisition of the Hotel, Administration has received formal request from ARK Group acting on behalf of the Hotel to:

- 1. Register an acquisition order under Section 52 of the *Land Administration Act* to acquire ROW Lot 66 and amalgamate with the Hotel land; and
- 2. Acquire portion of the Brisbane Street car park comprising seven parking bays and the garden bed area on either side to the east of the Hotel.

DETAILS:

ROW Lot 66 - Closure by acquisition and amalgamation with Hotel land

S52 LAA & Reg 5 Land Administration Regulations 1998 (LAR) process

Administration is proposing to request that the Minister for Lands considers:

- a) closing by way of acquisition ROW Lot 66; and
- b) amalgamating the acquired ROW Lot 66 with the adjoining Hotel land located at No. 292 Beaufort Street, Perth comprising of Lots 10-16 on Diagram 5740 (multi lots) as per the plan at **Attachment 1**.

The process requesting the Minister for Land's consent to the acquisition is as follows:

- Applicant takes all reasonable steps to give notice or contact the owner of ROW Lot 66 or his estate;
 This has been provided.
- Council resolves that ROW Lot 66 be closed under Section 52 of LAA by way of an Acquisition Order made by the Minister.
- The City gives public notice for a period of 31 days of its decision to request the Minister close the ROW Lot 66 and considers any responses to any public submissions received.
- The City gives notice to suppliers of public utility services for a period of 31 days of its decision to request the Minister close the ROW Lot 66 and considers any responses to any public submissions received.
- The City makes a request in writing to the Minister for Lands for ROW Lot 66 to be closed under Section 52 of LAA and Regulation 5 of LAR which includes the following:
 - Council report of the recommendation to close and minutes of decision to close ROW Lot 66.
 - Survey plan showing the proposed future disposition of ROW Lot 66 after it has been acquired (Attachment 1).
 - Written confirmation that all reasonable steps to identify and notify the owner of ROW Lot 66, the adjoining landowners and the utility providers, as specified in section 52(3)(a) of LAA;
 - Copies of any submissions/objections received in response to the public notice, and the City's comments on these submissions / objections;
 - Written confirmation that the City has complied with section 52(3) of LAA.

Where a private road is closed by an Acquisition Order under s.52 of LAA, compensation is not payable to **any** person with an interest in the land (including the owner of the fee simple interest in the land) nor any person who may have the benefit of an easement over the private road created under s.167A of the *Transfer of Land Act*.

If the Minister grants the request for the closure of ROW Lot 66, the right of way will become unallocated Crown Land owned by the State of Western Australia under the care control and management of the Department of Planning Lands and Heritage (DPLH).

All costs associated with the notification of landowner, preparation of survey plan and lodgement with the DPLH are to be borne by the Hotel.

A review of Landgate Aerial imagery shows that between 1980 and 2003 ROW Lot 66 formed an accessway from Brisbane Street into a car park previously located on the northern side of the Hotel. In 2004 the Hotel was expanded with upgrades to the Brisbane street portion of the building and development of the beer garden and removal of on-site car park. A fence was subsequently installed on the eastern edge of ROW Lot 66 adjoining the Brisbane St car park. Administration is satisfied that the acquisition of this ROW would not impact on adjoining properties and would not result in the loss of vehicle access to any adjoining properties. Based on aerial imagery Administration is comfortable that since 1980, the Hotel has been the primary landowner who has enjoyed the benefit of ROW Lot 66.

Amalgamation – S87 LAA

The amalgamation of the right of way pursuant to s87 of LAA with the Hotel land holding will be the responsibility of the Hotel and DPLH. The amalgamation and sale of the acquired ROW Lot 66 with the Hotel land will be undertaken by the Hotel at their cost and expense. This land is currently not zoned under the City's Local Planning Scheme No.2 and would subject to separate planning process to address the anomaly and could be included in the City's current Scheme review process.

Brisbane St carpark - consideration sale of seven parking bays

Proposal

As part of the considerations for ROW Lot 66, the Hotel has expressed interest in acquiring some additional area, namely the seven parking bays including garden beds (Parking Bays Land) located immediately east of ROW Lot 66 within the City's Brisbane Street car park at 60 Brisbane Street, Perth (Lot 33 on Diagram 50121) (Lot 33). Please refer to Survey Plan in **Attachment 1**.

As part of their plans to develop and expand the Hotel, ARK Group proposes to use of the right of way and the Parking Bays Land to facilitate a community courtyard extension into the carpark bays as an enclosed permanent structure as shown in the draft concept plan in **Attachment 2**. The new courtyard would also create further back of house and storage with improved goods flow for the operations of the hotel.

Within the identified area are existing trees. ARK Group has proposed acquiring the portion of land where the trees are located as part of their expansion design. The concept plans indicate the retention of significant trees on site.

Zoning and Land Use

The Hotel is zoned Commercial under the City's LPS No.2 and Lot 33 is Zoned Mixed Use R80. The Hotel is an 'A' use (requires Application and Advertising prior to a decision). Should Council agree to progress the sale and development of the Parking Bays Land in association with the Hotel would be subject to separate Development Approval.

Excision and Sale

If Council is agreeable to the excision of the Parking Bays Land and sale by private treaty of the land to Queenrise Corporation Pty Ltd, Administration proposes that the Chief Executive Officer (CEO) be delegated the authority to exercise decision making functions as follows:

- 1. Excision of portion of Lot 33 and amalgamate with the Hotel land comprising of Lots 10-16 on Diagram 5740;
- 2. Sale of Parking Bays Land
 - (a) set the date for sale of the land;
 - (b) provide local public notice;
 - (c) consider submissions;
 - (d) enter into private treaty negotiations:
 - (e) determining the sale price up to ten per cent (10%) variance on the market valuation; and
 - (f) conclude contract of sale with Queenrise Corporation Pty Ltd. In this respect, determine and vary the settlement date and/or date of satisfaction of any conditions pursuant to the Contract of Sale between the City of Vincent and Queenrise Corporation Pty Ltd.

Property Investment & Disposal Policy

Administration has considered the key principles and disposal guidelines of this policy and inform the following:

- Brisbane St carpark is not identified as a strategic project within the Corporate Business Plan.
- Administration would be seeking market value for the sale of the Parking Bays Land.
- The proceeds from the sale of the land would be directed towards the Public Open Space Reserve fund. Council's Public Open Space Strategy identified a shortfall of local POS within Mount Lawley, Highgate and Perth. Proceeds from the sale would be directed towards improving existing POS within the area with Birdwood Square immediately opposite the site a suitable option for potential further upgrades.
- There are no foreseeable matters affecting the Parking Bays Land or the Brisbane St car park which would be impacted by the sale.
- The City would be relinquishing 4 per cent (7 out of 156 parking bays) of the total parking bays in Brisbane St carpark which would not affect availability of parking given the occupancy rate of the car park is currently at 20 per cent.

Administration's comments

Administration supports the sale of the Parking Bays Land for the following reasons:

- The expansion of the alfresco dining of the Hotel into a multi-faceted community courtyard would increase the occupancy of the car park and generate more revenue for the City. There is also potential for the hotel to organise bespoke carpark activation and events.
- Excision and sale of this portion of land would not affect or impact:
 - o potential sale or development of the remainder Brisbane Street car park site;
 - revenue to the car park;
 - o future development options on the remainder of the car park;
 - access to the existing car park;
 - supply of public parking within the area. Current occupancy data shows on average 20 per cent usage of the car park.

To consider an alternative option would not be advantageous to the City for the reasons below:

- A tenure arrangement (lease or licence) of the Parking Bays Land would not be a feasible as the City
 would ultimately be losing control of the land to the hotel if this piece of land was approved to be
 developed as part of the permanent structure of the Hotel.
- As a permanent structure, there would be no foreseeable return of the land in a state and condition
 which the City will have future use for when the tenure term expires. Inevitably, the City would be
 repetitively renewing the lease to comply with the tenure requirements of the Property Management
 Framework.
- The developed Parking Bays Land would also affect any future considerations and options for the Brisbane St car park as it is still within the City land holding.
- The City would lose out on financial revenue from sale of the Parking Bays Land.

CONSULTATION/ADVERTISING:

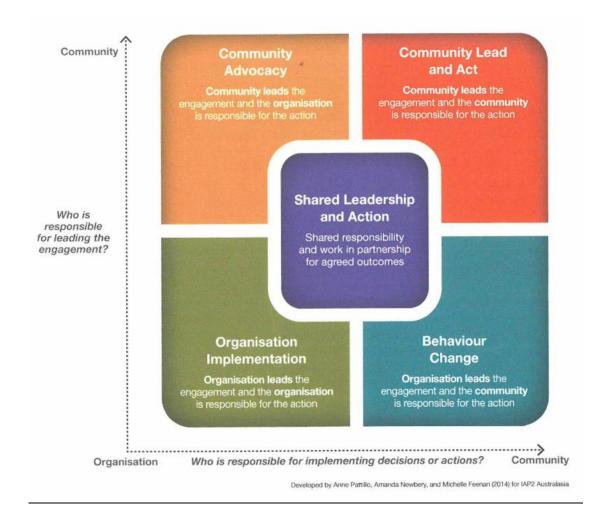

Closure and acquisition

Public notice to be given on closure and notice public utility services suppliers pursuant to <u>\$52(3)\$ Land Administration Act 1997</u>.

Sale of parking bays

Public notice of the sale of the Parking Bays Land will be required in accordance with <u>Section 3.58 (3) Local Government Act 1995</u>. Public notice will be provided for a minimum of two weeks in the following ways:

- on the City's website;
- in the local paper; and
- on the City's notice boards at the Administration and Civic Centre and Library.

Organisation Implementation

Organisations lead engagement and seek input, shape the policies, projects and services for which they are responsible. This is a familiar and traditional approach to policy development, project management and service delivery.

Tension: People feel forced leading to an unresponsive process.

Mitigation: Increasing the level of influence, and implementing a transparent, robust process.

LEGAL/POLICY:

Land Administration Act 1997

Section 52 of Land Administration Act 1997

Section 87 Land Administration Act 1997

Regulation 5 Land Administration Regulations 1998

Local Government Act 1995

In accordance with <u>Section 3.58 (3) Local Government Act 1995</u>, a local government can dispose of land directly to a third party conditional on a public notice period and consideration of any submissions received. Public notice must include the purchase price, name of the purchaser and valuation details.

<u>Section 5.4 Local Government Act 1995</u> provides that a local government may delegate powers and duties to the Chief Executive Officer.

Item 8.2 Page 145

RISK MANAGEMENT IMPLICATIONS

RISK CATEGORY	RISK APPETITE / TOLERANCE STATEMENT	DESCRIPTOR /CLARIFICATION
Activities against ratepayer values & ethics	The city has a very low risk appetite for investments and activities that do not align with the city's values.	The city has set its vision, purpose and guiding values based on the interpretation of those of the community it serves. When entering into new projects, investments and proposals, these values must be considered as one of the key consideration sets.

Council's adopted Risk Appetite & Tolerance Statements page 5.

Low: It is low risk for Council to close ROW Lot 66 by way of acquisition order and sell the Parking Bays Land to Brisbane Hotel. The sale of the land aligns with the pillars of Council's adopted SCP.

As the ROW is currently not publicly accessible and seemingly forms part of the Hotel site. Inclusion of this site within the Hotel would not have a noticeable impact on the surrounding area and would not impact on the City's adjoining landholdings which would continue to have uninterrupted street frontage and vehicle access. This space would be activated and support the Thriving Places and Sensitive Design pillars.

The sale of the seven parking bays would be of minimal impact to the City's overall landholding. The seven parking bays do not require separate access and would not obstruct access to the remainder of the City's car park. The excision of this portion would not preclude the City from proceeding with any future sale or development of the remainder of the land. The proceeds of the sale would provide funds towards the POS Reserve and would be used to enhance the City's existing reserves. This would support the Enhanced Environment and Connected & Health Community pillars of the SCP. All of the proposed land transactions would be advertised by Public Notice and submissions considered in line with the Innovative and Accountable pillar.

STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2022-2032:

Thriving Places

Efficiently managed and maintained City assets in the public realm.

Innovative and Accountable

We engage with our community so they are involved in what we are doing and how we are meeting our goals.

SUSTAINABILITY IMPLICATIONS:

This does not contribute to any environmental sustainability outcomes. This action/activity is environmentally neutral.

PUBLIC HEALTH IMPLICATIONS:

This does not contribute to any public health outcomes in the City's Public Health Plan 2020-2025.

FINANCIAL/BUDGET IMPLICATIONS:

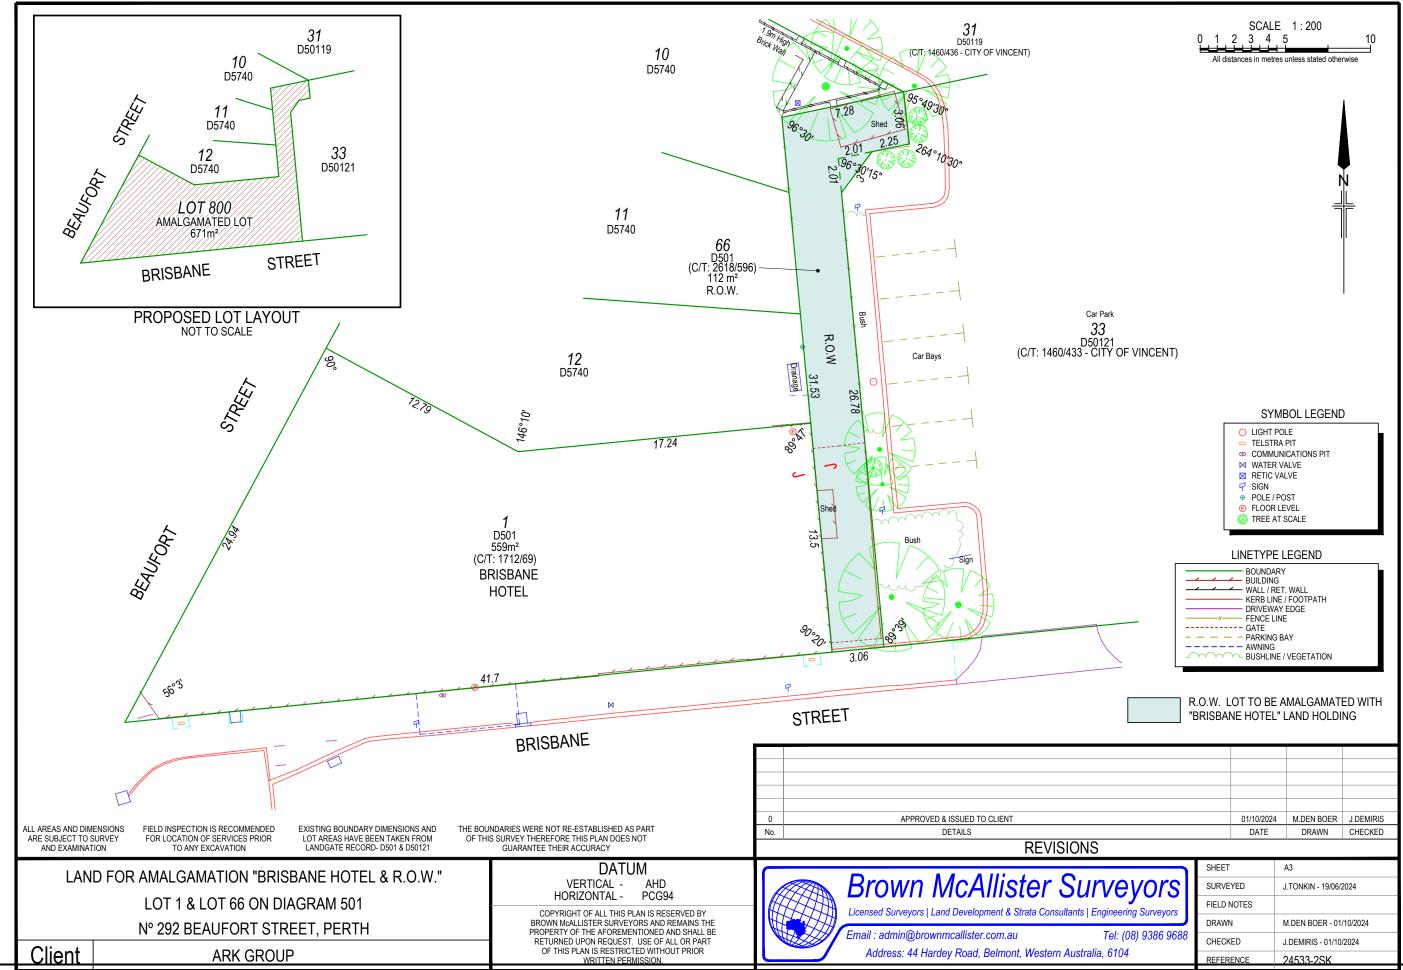

The proceeds from the sale of the Parking Bays Land would be applied towards Public Open Space Reserve as these funds could be contributed toward ongoing upgrades including lighting tower upgrades, occurring at Birdwood Square located opposite the site.

Item 8.2 Page 146

COMMENTS:

Administration supports the proposal to sell the seven parking bays including the garden bed areas to Brisbane Hotel as these parking bays make up a small fraction of the car parking compared to the 156 parking bays in this car park. The sale of these bays would also generate revenue to the City which could be utilised towards other projects occurring in the City.

Item 8.2 Page 147

DRAFT

Existing Site Boundary

City of Vincent Planning Scheme No.2

Land Tenure Considerations

The Brisbane Hotel is currently under unconditional acquisition by ARK Group with settlement anticipated in mid-June for the land and buildings.

A R.O.W on Lot 66 between Brisbane Hotel and the surrounding carpark is currently occupied by the Brisbane Hotel for B.O.H storage and servicing.

Zoning

The Brisbane Hotel, and a portion of the surrounding carpark (Lot 30 and 31) is within the 'Commercial Zone' under the City of Vincent Local Planning Scheme No.2 (LPS 2). The remainder of the carparking area is within the 'Mixed Use Zone' with a Residential Density Coding of R80.

Lot 66 is currently unzoned uder LPS 2.

Land Use Permissibility

Under LPS 2, a 'Tavern Use' is an Advertised 'A' Use within both the Commercial, and Mixed Use Zone. Meaning, a future expansion of the Brisbane Hotel into the carparking area is capable of approval under the existing local planning framework, following a period of public advertising.

REGISTER OF STATE ADMINISTRATIVE TRIBUNAL (SAT) APPEALS AS AT 7 OCTOBER 2024

NO.	ADDRESS & SAT REVIEW NO.	DATE RECEIVED	APPLICANT	REVIEW MATTER & COMMENTS
1.	Nos. 41-43 & 45 Angove Street, North Perth (DR 81 of 2023)	1 June 2023	Hidding Urban Planning/Lavan	Application for review of a Development Assessment Panel decision to refuse an application for a Service Station on 3 May 2023.
	(51.01.01.2020)			Directions hearing held on 16 June 2023. Mediation held on 4 July 2023, with Mayor Cole and interested community members in attendance to make a presentation. A second mediation was scheduled for 14 August 2023 and was vacated. Mediation was rescheduled to 10 October 2023 and was subsequently vacated. The matter was listed for a directions hearing on 10 November 2023 to schedule a new date for mediation. This was vacated. The matter has been listed for a directions hearing on 2 February 2024 with the applicant to provide additional information by 11 January 2024. The applicant has yet to provide any additional information and the matter is still proceeding to the directions hearing on 2 February 2024. The directions hearing has been vacated and the matter has been listed to a further mediation on 27 February 2024. This mediation was scheduled for 6 May 2024. Following this the matter has been listed for a further mediation to be held on 2 July 2024. This was vacated and has been rescheduled to 2 September 2024. The mediation was cancelled on 30 August 2024 and has been listed for a further directions hearing on 27 September 2024. Following this the matter has been listed for a further directions hearing on 1 November 2024.
2.	No. 5 Berryman Street, Mount Hawthorn (DR 71 of 2024)	22 May 2024	George Seal	Application for review of conditions of a Council decision to approve an application for a Change of Use from Single House to Single House and Restaurant/Cafe on 23 April 2024.
				The matter was listed for a directions hearing on 7 June 2024, which on agreement between the parties, was vacated and rescheduled for 5 July 2024. Following the directions hearing on 5 July 2024 the SAT issued orders inviting Council to reconsider the application pursuant to s.31(1) of the <i>State Administrative Tribunal Act 2004</i> , on or before 29 October 2024. The matter is also listed for a further Directions Hearing on 1 November 2024. The Applicant has requested an extension to the reconsideration dates to on or before 28 February 2025 and a further Directions Hearing on 7 March 2025. Revised Orders from the SAT have not yet been received. <i>Representation by: Administration</i>
3.	No. 120 Claisebrook Road, Perth (DR 110 of 2024)	30 July 2024	Allerding and Associates	Application for review of conditions of Western Australian Planning Commission decision to approve the Holcim Concrete Batching Plant to continue to operate until 30 December 2027 on 27 June 2024.
				The matter has been listed for a directions hearing on 30 August 2024 and has been listed for a mediation on 12 November 2024. The City has not been invited to take part in this mediation. Representation by: DPLH Director Planning Appeals

CITY OF VINCENT DESIGN REVIEW PANEL (DRP) REGISTER OF APPLICATIONS CONSIDERED BY DESIGN REVIEW PANEL AS AT 3 OCTOBER 2024

ADDRESS	APPLICANT	PROPOSAL	DRP MEETING DATE	REASON FOR REFERRAL
No. 381-387 Oxford Street, Mount Hawthorn	DMG Architects and Planning Solutions	Mixed Use Development	25 September 2024	Prelodgement Application – Previously Referred To consider amendments to the proposal made in response to the comments of the Design Review Panel (DRP) on 19 October 2022, 11 January 2023 and 5 April 2023.
No. 5 Bruce Street, Leederville	CF Town Planning	Multiple Dwellings (6)	25 September 2024	Pre-lodgement Application The proposal would benefit from referral to the Design Review Panel to consider departures to the City's Policy No. 7.1.1 – Built Form (Built Form Policy) and Residential Design Codes (R Codes), and the appropriateness of the development within its setting.

INFORMATION BULLETIN

SUBJECT:	Quarterly Street Tree Removal Request Report
DATE:	24 September 2024
AUTHOR:	Sarah Hill, Manager Parks
AUTHORISER:	Peter Varris, Executive Director Infrastructure & Environment

PURPOSE:

To present Council with a quarterly update on street tree removal requests within the City of Vincent.

BACKGROUND:

At the Ordinary Meeting of Council on the 5 December 2017, a Notice of Motion was presented requesting Administration provide a monthly Information Bulletin to Council summarising all requests for street tree removal within the City and the outcome of each.

This decision was subsequently altered to require the report be provided on a quarterly basis at the 3 December 2019 Ordinary Meeting of Council.

COMMENTS:

Please find below listing for the period 13 December 2024 to the 24 September 2024.

Ref: D24/99925 Page 1 of 11

INFORMATION BULLETIN

TITLE:	Register of Petitions – Progress Report – October 2024
DIRECTORATE:	Chief Executive Officer

DETAILS:

Petitions received by the City of Vincent are read out at the Council Meeting and are referred to the appropriate Director for investigation and report. This normally takes 6-8 weeks and the purpose of this report is to keep the Council informed on the progress of the petitions which have been reported to the Council.

A status report is submitted to Council as an Information Bulletin item on a monthly basis.

The following petitions still require action or are in the process of being actioned.

Key	Index:

Chief Executive Officer

CEO: EDCBS: EDIE: Executive Director Community & Business Services
Executive Director Infrastructure & Environment Executive Director Strategy & Development

Date Rcd	Subject	Action Officer	Action Taken
20/8/2024	A petition with 16 signatures was received from Trent Negus of Mt Lawley, requesting that Council install a 3 hour parking limit at the intersection of Joel Terrace and Mitchell Street and surrounding area, due to the fact that Mercy Hospital employees are taking up all the parking in the area all day. The intersection and street are now dangerously overcrowded and there has already been an accident last week because of the parking of hospital employees, patients and visitors.	EDIE	Petition received. • The lead petitioner has been contacted and advised a letter will be sent to surrounding residents seeking their comments on proposed parking restrictions if warranted. This will not only include Joel Terrace residents but residents in surrounding streets where there are currently no parking restrictions. • Parking occupancy surveys are currently being conducted by the Rangers. • We are in the process of setting up a meeting with a hospital representative to discuss the parking issues.
23/7/2024	A Petition with 26 signatures from Matthew Schembri of Mt Lawley requesting that Council support to resolve an issue with a potentially unapproved bin area adjoining a community right of way at the Strata of 83 Walcott Street.	EDSD	Completed Non-compliance (departure from approved plans) has been resolved, and bins are no longer being stored in the car parking bays. Mr Schembri was provided the outcomes of the City's investigation on 16 September 2024.
18/7/2024	A petition with 12 signatures requesting that the artwork The Globe be moved to a new site.	EDSD	Awaiting additional information from artist. Report to be presented to November Council Meeting.

[TRIM ID: D18/35574] Page 1 of 2

3/7/2024	A petition with 17 signatures (and a further 31 received by survey) has been received from Jerome Waddell of West Perth. The petition requests that the decision to create a "No Stopping" zone in front of 16 and 14 Hammond Street be reversed.	EDIE	Petition received. Investigation into short term measure to resolve parking issues along street. City will investigate further options once power is underground which will hopefully result in additional parking spaces. Consultant reviewing potential left out only onto Charles St. Internal review conducted and measures have been put in place to ensure residents are consulted in the first instance. Email response sent to lead petitioner detailing the above.

10 SEPTEMBER 2024

3 PUBLIC QUESTION TIME AND RECEIVING OF PUBLIC STATEMENTS

The following is a summary of questions and submissions received and responses provided at the meeting. This is not a verbatim record of comments made at the meeting.

3.1 Frances Thomas of Perth – Item 5.2

Due to technical difficulties the first part of this public speaker was not recorded. The below is a transcript of her written statement, up to when the recording starts.

I have lived at number 11 Baker Avenue for 50 years and raised my family there, also caring for my later mother there. My elderly neighbours at 13 Baker Ave have lived in Baker Avenue much longer, one of them since childhood.

The concert venue at number 13 has caused me and neighbours considerable distress. I do not feel comfortable speaking with Mr Mondia or his associatees, I find him both demanding and intimidating. He has always had a lot of social events at his place that I have juts put up with in the spirit of avoiding conflict with my neighbour. My house and his house, like most houses of the era, don't have the side setbacks that would be required these days. The houses are very close together. My house does not have double glazing, it has traditional leadlight windows that allow a lot of noise in.

Mr Mondia's outdoor area abuts my fence line and whenever he entertains outdoors till late at night and into the morning it is easily audible in my bedrooms.

The rest of her statement can be heard here

3.2 Nunzio Mondia of Perth - Item 5.2

Full statement can be heard at here

3.3 Andrew Pierce of Cottesloe - Item 5.1

Full statement can be heard at here

3.4 Dudley Maier of Highgate - Item 5.2 and 6.1

Full statement can be heard at here

What happened to the street sweeper that had an educting unit on it? Why do commercial properties have to retain more stormwater than residential properties?

3.5 Nick Mondia of Perth – Item 5.2

Full statement can be heard at here

3.6 Stephanie Elson of North Perth - Item 5.1

Full statement can be heard at here

3.7 Nicola Burton of North Perth - Item 5.1

Full statement can be heard at here

There being no further speakers, Public Question Time closed at approximately 6.21pm.

The following questions were submitted in writing prior to the meeting.

Frances Hopkins of Perth - Item 5.2

1. What compliance checks has the City of Vincent undertaken to confirm that the musical performance space is being used in accordance with the approval that was given on 15 October 2019?

Page 4

10 SEPTEMBER 2024

2. What was checked and on what dates? For example was any check made on whether the numbers exceeded the approved 40 or whether food or alcohol was provided on the premises after the show? Were any checks made to confirm whether the number of performances or the duration of the performances exceeded the council approval? Were checks made to ensure that patrons immediately left the performance and didn't congregate drinking and socialising outdoors?

Response to Q1 and Q2

No planning or building compliance checks have been required to be undertaken since the Music Studio approval commenced operation.

In accordance with the City's <u>Development Compliance Enforcement Policy</u>, the City would only investigate an alleged breach to an approval if it is brought to our attention through a community complaint. It is not the City's approach to proactively monitor all development to ensure that they are in compliance with their development approval.

Since operation commenced, there have been no alleged breaches to the terms of approval raised by the community to trigger any consideration of a compliance investigation.

 Mr Mondia has asserted that the 18-month approval should be from when he says he had his first performance rather than from the 2019 date that the approval was given despite the fact that Mr Mondia was actually continuously using his residence as a recording studio even prior to the 15 October 2019.

Condition 1 of the previous Council approval specifically states that the 18-month approval was granted from the date that the first musical performance was held.

The first musical performance was in February 2022. The City has no record of the use operating prior to this time, aside from the applicant confirming they used the studio for personal/private use.

4. Mr Mondia says his first performance was two and a half years later in February 2022. Given even on Mr Mondia's timeline the approval expired in August 2023 isn't it a fact that he been operating without approval for over a year at this point in time? And that even after lodging this most recent application he has continued to hold large shows without any approval in place such as he did on August 31st and September 1st 2024? What action, if any, has the City taken to ensure that his residential property wasn't used for fully commercial purposes without approval since August 2023?

As stated in response to question 2 above, the City has not received any concerns, complaints or requests to investigate alleged unauthorised use of the venue since it commenced operation. The City also does not conduct routine inspections of businesses or developments to ensure that they are complying with their development approval.

The applicant has been made aware they are unable to hold any events until they receive further development approval to do so.

5. Why should an approval be given "in perpetuity" to an individual who has so conspicuously breached his approval and conditions?

For reference here is a list of some of his obvious breaches:

- Operating the business without any approval prior to council approval in 2019.
- Operating the business for at least a year after his approval had expired.
- Consistently exceeding the approved numbers by over double the permitted number. The City
 approved 40 and Mr Mondia consistently has 80-100 persons in attendance.
- Serving food and alcohol after performances despite this being specifically listed as not permitted in his approval.
- In good weather entertaining patrons and performers in his outdoor area in his backyard till after midnight and sometimes much later.

Page 5

10 SEPTEMBER 2024

- Administration has recommended the proposal be approved in perpetuity having regard to the locational context of the subject site as well as noise, parking and venue management measures proposed.
- Administration's rationale for this is detailed within the Comments section of the Officer Report.
- Conditions of approval have been recommended to ensure the use operates in perpetuity in accordance with relevant management plans, occupancy numbers and operating hours. This is to manage potential amenity impacts to surrounding properties.
- The City has not previously received evidence to suggest conditions of approval have been breached. In the instance that the City does receive a complaint regarding the operation of the use or concerns that a condition of approval has been breached, the City would investigate the alleged breach at that time and in accordance with the Development Compliance and Enforcement Policy.
- 6. What are the penalties or consequences for breaching approvals of this kind?

Section 223 of the Planning and Development Act 2005 prescribes penalties for persons who commit an offence under this Act.

Section 2 of the City's Development Compliance Enforcement Policy sets out a range of options available depending on the seriousness of the breach/offence and whether the matter is considered to be dangerous, or of a high risk.

For an alleged breach, such as a condition breach pertaining to operating times, the City may take a graduated approach by having a verbal discussion with the alleged offender, followed by written communication. If the alleged breach has still not been rectified, the City has the option of serving a Planning Infringement Notice (PIN) which carries a penalty of \$500, serving a Written Direction, or as a last resort, initiating legal proceedings.

7. Has Mr Mondia been subject to any penalties? If not, given he had approval for a total of 40 to be in attendance and he regularly had over 80 people in attendance, what is the consequence if he in future has well over 100 people in attendance should that number be actually approved for a residential zone?

The operator has not been subject to any penalties since operation commenced.

Condition 2.5 of the previous approval permits a maximum of 100 attendees for Musical Performance Events. The City has not previously received any evidence to suggest the applicant breached terms of approval relating to permitted occupancy numbers.

8. If Mr Mondia is unfortunately again given approval why wouldn't the City impose an approval period of say 2 years, renewable subject to all new conditions actually being met? How can the City seriously give an in-perpetuity approval to an entertainment venue in a residential zoning especially when the applicant has continuously thumbed his nose at the original conditions imposed on his approval?

As mentioned in response to Question 5, Administration's assessment concludes that the use is capable of being approved in perpetuity.

The previous time limited approval provided the applicant with the opportunity to demonstrate that the use can be managed successfully. Operation over the last two years has demonstrated that the conditions of approval and management measures implemented are sufficient in ensuring the use of the venue does not result in adverse amenity impacts to surrounding properties. This is evidenced through no complaints being received by the City during the previous time-limited approval when the use was operating.

The amenity of adjacent properties would remain to be safeguarded through similar conditions of approval, management measures and the design of the venue.

10 SEPTEMBER 2024

The City has not previously received evidence to suggest the applicant breached terms of approval but would investigate any future complaints to ensure the use continues to operate in accordance with terms of the approval.

9. Given Mr Mondia serves alcohol at his commercial musical events what action has the City taken with respect to the continued breaches of approval? (this is evident in many social media photos that he, Centrestage and others have posted- where bottled beer, champagne glasses and red wine in tumblers are clearly visible at every event).

The Racing, Gaming and Liquor (RGL) division of the Department of Local Government, Sport and Cultural Industries manage all approvals and compliance relating to liquor licences.

The Liquor Control Act 1988 does provide <u>circumstances</u> where the sale, supply and consumption of liquor is exempt from the Act under the Liquor Control Regulations 1989.

The Applicant has advised the City that serving of alcohol at the venue occurs in accordance with these exemptions and on advice they have received from RGL. The City has advised the applicant they will need to re-engage with RGL if the development approval is received, to ensure the updated operation meets relevant liquor licencing obligations. An advice note has been included reiterating this information.

The City is unable to confirm whether these exemptions were complied with across historic events, noting that any investigation would be undertaken by RGL.

We have raised concerns received with RGL and any future complaints should be directed to them for their investigation.

10. Is the City familiar with the requirements of the WA Liquor Licensing Act with respect to the sale of alcohol and specifically that if an entry fee is charged and alcohol is served that is by law the sale of alcohol and requires a liquor license and failure to take out a license is subject to a fine of up to \$20,000?

The City is aware of this requirement.

Racing, Gaming and Liquor has advised that the venue/operator does not hold a liquor licence but could be operating as a BYO venue or under exemptions.

If the applicant is considering selling alcohol, they could apply for an occasional liquor licence, special liquor licence or club licence.

As mentioned in the response to Question 9, the applicant is aware of these requirements and the City has recommended the applicant re-engage with RGL to ensure they are complying with relevant liquor licencing obligations moving forward.

11. Is the City aware as to whether Mr Mondia has on any of the many occasions that he has held paid ticketed events ever obtained a liquor license? If so which events and on what dates?

No, the City is not aware of this information. As mentioned above, there are specific circumstances where venues can serve liquor without a liquor licence.

12. How many toilets are provided at the venue, and would this meet the requirement for a 100-person theatre in a commercial zone?

Three on-site toilets are provided. This meets the sanitary convenience requirements of the Public Building Regulations 1997 and the National Construction Code (NCC).

13. By allowing Mr Mondia to operate from his house in a residential zone wouldn't you be giving him an unfair commercial advantage over similar businesses where he used to perform such as the Ellington Jazz Club that operates on commercially zoned land and pays commercial rates? If not, why not?

Threat of economic competition between businesses is not a valid consideration in determining a planning application. This is in accordance with Clause 67 of the Planning and Development (Local Planning Scheme) Regulations 2015.

Page 7

14. Would an in-perpetuity approval given to Mr Mondia be transferable to another person or entity or would it require a fresh approval by the City of Vincent? For example could Mr Mondia lease or sell his premises to another person to run music or other events in his theatre or would the approval be restricted to Mr Mondia?

Development approvals run with the land and not the operator. This means it would be available for the land use to be facilitated through an alternate operator.

Any operator would be required to run the Music Studio land use in accordance with the terms of the development approval, including the approved venue management plan and acoustic report, unless further development approval were sought.

This includes assumptions and conditions made within the Acoustic Report which specifies that noise emitted from music inside the venue is unlikely to be audible at the subject receivers provided the three following conditions are fulfilled:

- (a) Noise levels inside the venue are kept at values no more than specified in the Acoustic Report (indicated in Table 4);
- (b) Low frequency (bass) sound is kept to a minimum; and
- (c) External doors and windows are kept closed as much as practicable.

On this basis, further acoustic modelling may be required if any future proponent sought to facilitate musical performances of different musical genres.

15. Usually someone conducting a business or non-residential activity from their home in a residential zoning has to apply for a home business or home occupation why doesn't this apply to Mr Mondia?

Home Business and Home Occupation uses are distinct land uses defined within the City's Local Planning Scheme No. 2. While Home Business and Home Occupation land uses are common within Residential Zones, it is also open for proponents to seek approval for other non-residential land uses as detailed within the Zoning Table of the City's Local Planning Scheme No. 2.

The Music Studio proposal does not fit within these respective definitions or any other land use definitions. This is because the proposed Music Studio land use is not specifically referred to in the zoning table of LPS2 and cannot reasonably be determined as falling within the interpretation of one of the listed land uses.

This means that the Music Studio land use is required to be considered as an Unlisted Use in accordance with Clause 18(4) of LPS2. An Unlisted Use is not a prohibited land use and can be approved at the discretion of the local government, in consideration of the objectives of the Residential zone, and following community consultation.

Administration has assessed the acceptability of the land use against relevant considerations set out in the planning framework.

16. Aren't home businesses in the City's Town Planning scheme restricted to 50m2 and can only involve 2 people who are not members of the household? Why doesn't this apply to Mr Mondia? For example, a single hairdresser or dressmaker operating from home would be subject to these restrictions and would only operate on standard weekdays or Saturdays with no business occurring after 5pm. This use would cause minimal disruption to a residential street by comparison. How can such a huge and successful business venture operating during the week with up to 80 in attendance at any one time and attracting up to 600 people on a weekend be permitted at someone's house in a residential zone?

These standards do not apply given approval is not sought for a 'home business' land use. The proposal is instead seeking development approval for an Unlisted Use (Music Studio) which is capable of consideration and approval in accordance with the planning framework.

Following a planning assessment, Administration considers the proposed use is appropriate for the reasons detailed within the Comments section of the Officer report and should be approved subject to conditions.

10 SEPTEMBER 2024

17. Can the City confirm that what is proposed here is a 7 day a week business in a residential zone operating till 11pm on Fridays and Saturdays and 10pm on Sundays, with the biggest crowds and impositions being on weekends and evenings?

The terms of approval would permit the Music Studio to operate as stated in question 17, noting Condition 2 provides restrictions for the number of weekends Musical Performances and number of sessions that can be held in any given month.

18. Why wouldn't it be reasonable to expect that the City wouldn't at least oppose a commercial business operating in a residential zone on a Sunday? Especially given the proposed business model would permit 2 shows on a Sunday, each with 100 persons present? I note here that Mr Mondia frequently boasts that his shows have sold out and the sheer number of arrivals in his driveway for his concerts are a testament to his commercial success.

Administration is supportive of Sunday operation, subject to reduced operating hours between 12:00pm and 7:00pm only (or until 11:00pm if the following Monday is a public holiday).

The acoustic report submitted by the Applicant, included as **Attachment 4** of the Officer Report, confirms noise levels meet the relevant assigned levels of the Noise Regulations during these approved operating times. This along with other management measures would reduce any undue impact to surrounding properties on a Sunday.

19. Can the City provide any advice about anywhere else in the city where up to a total of 500 people are regularly permitted to enter and leave a home in a residential zone on a Friday night, a Saturday night and again on a Sunday?

Administration is not aware of similar venues that operate in the Residential zone.

Nevertheless, each application is considered on its merits noting this proposal is considered appropriate due to its unique locational context, venue design and management measures. This makes it acceptable when considered against the relevant planning framework.

20. In the briefing agenda it refers to a number of "performances". For example on page 18 it says that 14 musical "performances" took place in the 18 months that he had an approval, yet currently the applicant defines a performance as having 4 sessions (14x4 = 56 shows) and proposes that if his current application is approved to have 5 sessions of each "performance" presumably because the sessions are generally fully booked and he can easily sell a fifth session. Is the City aware that what is being asked for is 12 "performances" times 5 sessions for each performance per year - that is 60 commercial events with up to 100 people entering and leaving and socialising in a residential zone for each of them?

Yes.

21. On every weekday Mr Mondia wants to increase the number of musicians/performers to 80 at any one time so he can accommodate a small orchestra, are there any other businesses operating in a residential zone that have permission for 80 visitors at one time on weekdays? If so, could you provide examples?

The City is not aware of other examples in Vincent that would operate in a similar manner.

22. Recommendation 2.1 says that there will be no more than one musical performance in any calendar month yet 2.3 says the 5 sessions of up to 4 hours each with 100 persons can be held over 2 weekends. Am I right in interpreting the following as being possible with these recommendations: A show on Friday night 7pm -11pm, a show on Saturday night 7-11pm, a show on Sunday night 6-10pm and then the very next weekend another show on both Friday and Saturday night 7pm- 11pm? And again, on the Sunday night utilizing recommendation 2.4?

Yes, the scenario as outlined would be possible.

10 SEPTEMBER 2024

23. Can you clarify if recommendation 2.4 adds an additional one more session or one more performance of 5 sessions per month?

Condition 2.4 would allow one additional musical session only per calendar month.

Each one-off musical performance session shall run for a maximum of four hours and shall not commence prior to 10:00am or conclude later than 10:00pm Sunday to Thursday and 11:00pm on Friday and Saturday.

24. Why wouldn't it be clearer to refer to each "session" as a show rather than admit that each so-called performance is really a cover for 4 or 5 individual performances? Effectively each session is a separate performance with a new 100 persons! The applicant has clearly chosen this terminology to attempt to downplay and minimize the sheer number of fully commercial shows that he is holding in a residential area and the hundreds of people attending.

The format of conditions was prepared by Administration to provide flexibility for the applicant when scheduling Musical Sessions whilst also ensuring that there would be weekends in each month where there is no or only one musical session.

25. Under this proposed approval could performances effectively be held over 3 weekends in addition to the weekday business hour use of the premises to record orchestras and bands.

Yes. One Musical Performance Event that consists of 5x musical sessions can occur over two-consecutive weekends. The third weekend could only operate 1x four-hour musical session. This possible scenario would equate to a total of 6x musical sessions (24 hours of operation) across three weekends per month, plus the ability to operate the Music Studio on weekdays between 9:00am-5:00pm.

26. Is the City satisfied that the premises meet the Fire Safety requirements for a commercial theatre with 100 people in attendance and if so, how has the City satisfied itself of this and what responsibility does the city have for ensuring the safety of patrons at this venue?

Fire safety requirements are part of the Public Building Regulations and were approved on 28 January 2022.

The City's Health Services conduct routine inspections of public buildings to assess the compliance of fire safety provisions such as exit suitability, decorative treatment such as wall structures or curtains to be made with non-toxic fire-retardant materials, firefighting equipment serviced and well maintained, evacuation plan, and exit lighting maintenance.

In response to concerns raised, an inspection was undertaken on 12 September 2024 that confirmed the premises complies with fire safety requirements of the Health (Public Buildings) Regulations 1992.

In response to concerns raised, an inspection is due to be undertaken on 12 September 2024.

4 DECLARATIONS OF INTEREST

Cr Suzanne Worner declared an impartiality interest in Item 5.2 No. 9 (Lot: 22, D/P: 6645) Baker Avenue, Perth - Change of Use from Single House to Single House and Unlisted Use (Music Studio) (Amendment to Approved). The extent of her interest is that she is acquainted with the applicant and has helped him arrange events in the space, and has attended events in the space.

Mayor Alison Xamon declared an impartiality interest in Item 6.3 RFT IE346/2024 Sullivan Logistics Stadium Sports Floodlighting Upgrade. The extent of her interest is that she is a member of the East Perth Football Club.

Mayor Alison Xamon declared an impartiality interest in Item 6.4RFT IE345/2024 Sullivan Logistics Stadium Playing Surface Redevelopment. The extent of her interest is that she is a member of the East Perth Football Club.

Page 10

Item 8.3- Attachment 11

10 SEPTEMBER 2024

Cr Ashley Wallace declared a financial interest in Item 5.4 Outcome of Advertising and Adoption of Local Planning Policy: Development Guidelines for Heritage Places. The extent of his interest is that his home is on the municipal heritage inventory. He is not seeking approval to participate in the debate or to remain in Chambers or to vote on the matter.

Cr Ron Alexander declared a financial interest in Item 5.4 Outcome of Advertising and Adoption of Local Planning Policy: Development Guidelines for Heritage Places. The extent of his interest is that his home is on the municipal heritage inventory. He is not seeking approval to participate in the debate or to remain in Chambers or to vote on the matter.

REPORTS

The Presiding Member, Mayor Alison Xamon, requested Council Members to indicate:

Items which Council Members wish to discuss which have not already been the subject of a public question/comment and the following was advised:

COUNCIL MEMBER	ITEMS TO BE DISCUSSED
Mayor Xamon	6.3 and 6.4
Cr Worner	5.3 and 8.1
Cr Woolf	5.4

Page 11

REPORTS WITH DISCUSSION

5.2 NO. 9 (LOT: 22, D/P: 6645) BAKER AVENUE, PERTH - CHANGE OF USE FROM SINGLE HOUSE TO SINGLE HOUSE AND UNLISTED USE (MUSIC STUDIO) (AMENDMENT TO APPROVED)

Ward: South

Attachments:

- 1. Location and Consultation Plan
- 2. Development Plans
- 3. Applicant Justification
- 4. Acoustic Report
- 5. Parking Management Plan
- 6. Venue Management Plan
- 7. Matters to be Considered Administration Comment
- 8. Summary of Submissions Administration Response
- 9. Summary of Submissions Applicant Response
- 10. Determination Advice Notes

RECOMMENDATION:

That Council, in accordance with the provisions of the City of Vincent Local Planning Scheme No. 2 and the Metropolitan Region Scheme, APPROVES, the development application for a Change of Use from Single House to Single House and Unlisted Use (Music Studio) (Amendment to Approved) at No. 9 (Lot: 22; D/P: 6645) Baker Avenue, Perth, in accordance with the plans in Attachment 2, subject to the following conditions, with the associated advice notes in Attachment 10:

- 1. All conditions and requirements detailed on the development approval 5.2019.171.1 granted on 15 October 2019 are deleted and replaced as follows:
 - 1. Extent of Approval

This approval is for Change of Use from Single House to Single House and Unlisted Use (Music Studio) (Amendment to Approved) as shown on the approved plans dated 14 May 2024 other development forms part of this approval:

- 2. Use of Premises:
 - 2.1 No more than one musical performance event shall be held in any given calendar month;
 - 2.2 Each musical performance event shall consist of a maximum of five musical performance sessions that shall run for a maximum of four hours each and shall not be held outside of the following hours:

Friday: 11:00am - 11:00pm;
 Saturday: 11:00am - 11:00pm;
 Sunday: 12:00pm - 7:00pm; and

- Sunday, if the following Monday is a public holiday: 11:00am 11:00pm;
- 2.3 A musical performance event outlined in Condition 2.2 may run across a maximum of two consecutive weekends, including the preceding Friday;
- 2.4 In addition to the music performance events outlined in Condition 2.2, one additional one-off musical performance session may be held per calendar month. Each one-off musical performance session shall run for a maximum of four hours and shall not commence prior to 10:00am or conclude later than 10:00pm Sunday to Thursday and 11:00pm on Friday and Saturday;

10 SEPTEMBER 2024

- 2.5 The musical performances outlined in Condition 2.2 and Condition 2.4 shall have a maximum occupancy of 100 persons in attendance at any given time inclusive of staff and performers;
- 2.6 All patrons are to have left the premises by the time which the musical performance is required to have concluded as outlined in Condition 2.2 and Condition 2.4;
- 2.7 Outside of dedicated musical performance events, the Music Studio may be used between 9:00am and 5:00pm Monday to Saturday for music related activities including, but not limited to:
 - Sound and film recording;
 - Educational sessions;
 - Masterclasses;
 - Conferences and meetings; and
 - Community events.
- 2.8 When used as outlined in Condition 2.7, the Music Studio shall have a maximum capacity of 80 persons at any given time;

3. Venue Management Plan

- 3.1 Prior to the commencement or use of the development, an amended Venue Management Plan, to the satisfaction of the City, shall be submitted to and approved by the City. The amended Venue Management Plan shall detail how the development will operate, including, patron numbers, management of patrons before and after attendance for musical performance events and other musical related activities. The amended Venue Management Plan shall be consistent with the Venue Management Plan stamp-dated 4 April 2022 and shall include management strategies for the approved operation, addressing the following:
 - Scheduling of musical performances;
 - Patron control measures inside and outside the venue before, during and after musical performance events and music related activities to minimise noise impacts on adjoining properties;
 - Parking and transport management for musical performance events and musical activities, including:
 - The use of the two on-site car parking bays;
 - o Attendees being directed to use the Brisbane Street public carpark;
 - Promotion of Public Transport and Rideshare;
 - Discouraging the use of Baker Avenue parking bays; and
 - Identification of drop-off and pick-up locations for taxis rideshare, with no drop-off and pick-up to be from Baker Avenue; and
- 3.2 The use of the premises shall be carried out in accordance with the approved Venue Management Plan outlined in Condition 3.1 or any Plan approved by the City thereafter and all requirements of the Venue Management Plan shall be implemented to the satisfaction of the City; and

4. Acoustic Report

All recommended measures in the acoustic report produced by Lloyd George Acoustics and dated 7 June 2019 shall be undertaken in accordance with the report to the City's satisfaction, prior to the use of the development and maintained thereafter to the satisfaction of the City at the expense of the owners/occupiers

10 SEPTEMBER 2024

CR CASTLE:

The calculations of the number of events seems overly complicated so I'm just wondering if we can have an explanation about why it is structured this way as opposed to just setting a maximum number of events or sessions per month?

A/MANAGER DEVELOPMENT & DESIGN:

The structure of the recommended conditions of approval are proposed to respond to the applicant's business model, where multiple sessions of one-performer could occur on a given weekend.

This is while also ensuring that there would be weekends each month where events are not held.

This would mean that there would be one or two weekends per month where there would be no events. There would be only one weekend, and not two, without events in the instance that a one-off event is held. A one-off event could be on a weekday or weekend.

The scheduling of events as recommended reduces potential detrimental impacts to the amenity of adjoining residential properties by reducing the frequency of events and containing them to two weekends per month only. The additional one-off event per month is to provide some flexibility to the applicant while reducing the number of events outside of scheduled Musical Performances.

CR ALEXANDER:

Is there any evidence that the entire street supports the development application?

A/MANAGER DEVELOPMENT & DESIGN:

Administration consulted with all owners and occupiers of Baker Avenue as part of our formal community consultation undertaken as part of the assessment of this application. The City did not receive any formal submissions of support as part of this process.

Where no submission is made, this does not indicate support nor opposition to a development application that has been advertised.

Administration has not received any other evidence to suggest that Baker Avenue owners and occupiers specifically support the proposal.

The applicant has advised they do have letters of support from owners and/or occupiers of Baker Avenue which they will circulate to Council Members prior to the Council meeting.

The applicant submitted messages received in support of events through social media platforms and included in **Attachment 3** of Administration's Report. Administration has no evidence to confirm that these messages of support are from owners and occupiers of Baker Avenue or the broader community.

CR CASTLE:

Regarding the service of alcohol, are they allowed to sell or supply alcohol? Is liquor licencing approval required?

A/MANAGER DEVELOPMENT & DESIGN:

The Racing, Gaming and Liquor (RGL) division of the Department of Local Government, Sport and Cultural Industries manage all approvals and compliance relating to liquor licences.

The Liquor Control Act 1988 does provide <u>circumstances</u> where the sale, supply and consumption of liquor is exempt from the Act under the Liquor Control Regulations 1989.

The Applicant has advised the City that serving of alcohol at the venue occurs in accordance with these exemptions and based on advice they have received from RGL.

The City is unable to confirm whether these exemptions were complied with across historic events, noting that any investigation would be undertaken by RGL.

We have raised concerns received by community members with both the applicant and RGL to ensure compliance with liquor licencing moving forward. The applicant has confirmed they will re-engage with RGL at the stage in which they receive further development approval. An advice note has been included reiterating this information.

Page 14

10 SEPTEMBER 2024

CR CASTLE:

What are the measures in place to control of comings and goings of patrons and the noise associated with this?

A/MANAGER DEVELOPMENT & DESIGN:

Measures to control patrons entering and exiting the venue and to mitigate noise and disturbance to surrounding properties are managed through the Venue Management Plan (VMP) as included as **Attachment 6.** These measures are summarised as follows:

- Patron exit and entry from the venue being from Baker Avenue only. No use of Astone Lane is permitted, except for emergency evacuation.
- A staff member is stationed at the entry/exit point of the site to direct patrons to the rear of the site. A
 second staff member would guide patrons to their seats within the facility.
- Staff members present ensure that noise is kept to a minimum when patrons arrive/leave, this includes
 ensuring patrons do not stop and chat outside the venue.
- Ticketing and website information discourages parking and pick-up/drop off from Baker Avenue and instead encourages the following:
- Visitors to utilise the Brisbane Street Public Carpark for parking:
 - Walk to the venue or use public transport;
 - o Use Bulwer Steet or Beaufort Street for rideshare pick-up/drop-off (Uber, Taxi etc).
- Zero tolerance provided to visitors who are disruptive. Such visitors would be asked to leave immediately.

Condition 3.1 seeks for an amended VMP to be provided prior to the commencement of the use to provide additional management strategies to mitigate noise disturbance to surrounding properties from human behaviour. This includes:

- Specific discouragement of Baker Avenue parking. This would be via website information.
- The identification of specific pick-up / drop-off locations on Bulwer Avenue, Brisbane Street or Beaufort Street, with specification that no pick-up / drop-off shall occur on Baker Avenue. This would be via website information and staff direction at the end of musical performance sessions.
- Additional patron control measures inside and outside the venue to minimise noise impacts.
- Following Council Briefing, the condition has been modified to include a requirement that patrons shall
 not congregate within outside areas adjacent to the venue before or after a musical performance.

Condition 3.2 would require the use of the premises to be carried out in accordance with the approved VMP, including the above measures, at all times.

CR WORNER:

It was mentioned that the subject site was mixed use at the time of purchasing the property. Is this the case?

A/MANAGER DEVELOPMENT & DESIGN:

The subject site has been zoned Residential since the current landowner purchased the property in 1996.

A history of density changes across the current and previous Planning Scheme's is summarised as follows:

- The subject site is currently zoned Residential R50 under the City's Local Planning Scheme No. 2, which was gazetted in 2018.
- The site was also zoned Residential R50 between 1994-2018 under the City of Vincent Town Planning Scheme No. 1.
- The site was zoned Residential R80 prior to 1994 under the City of Perth Planning Scheme.

While the density of the site decreased from R80 to R50 in 1994, the City has no record of the subject site being zoned for anything other than Residential.

10 SEPTEMBER 2024

5.1 NOS. 367 AND 369 (LOT: 273 & 274; D/P: 1237) FITZGERALD STREET, NORTH PERTH - PROPOSED VIEWING PLATFORM (UNLISTED USE) (UNAUTHORISED EXISTING DEVELOPMENT)

Ward: South

Attachments: 1. Consultation and Location Plan

- 2. Development Plans
- 3. Site Photos
- 4. Assessment of Clause 67 Matters to be Considered by Local Government
- 5. Summary of Submissions Applicant's Response
- 6. Summary of Submissions Administration's Response
- 7. Determination Advice Notes

RECOMMENDATION:

That Council, in accordance with the provisions of the City of Vincent Local Planning Scheme No. 2 and the Metropolitan Region Scheme, APPROVES the development application for a proposed Viewing Platform (Unlisted Use) (Unauthorised Existing Development) at Nos. 367 and 369 (Lot: 273 & 274; D/P: 1237) Fitzgerald Street, North Perth, in accordance with the plans shown in Attachment 2, subject to the following conditions, with the associated determination advice notes in Attachment 7:

1. Development Approval

This approval is for a temporary Viewing Platform (Unlisted Use) including associated fencing (Unauthorised Existing Development) as shown on the approved plans dated 10 June 2024 and 19 August 2024. No other development forms part of this approval;

2. Time Limited Approval

This development approval is valid for a maximum period of 9 months from the date of this approval, until 17 June 2025. The Viewing Platform and associated fencing shall be disassembled and removed entirely from the subject site by 1 July 2025, being 14 days after the approval ceases, by the applicant/landowner and to the satisfaction of the City;

- 3. Use of Viewing Platform
 - 3.1 The Viewing Platform shall be limited to the following hours of operation, by appointment only:
 - Monday to Friday: 10:00am to 6:00pm; and
 - Saturday and Sunday: 10:00am to 5:00pm;
 - 3.2 No more than three people are permitted on the Viewing Platform at any one time, to the satisfaction of the City;
 - 3.3 The base of the Viewing Platform shall be enclosed by the approved fencing during its entire operation and securely locked outside of viewing times, to the satisfaction of the City; and
 - 3.4 Attendees shall be accompanied by a staff member associated with the Viewing Platform at all times, to the satisfaction of the City; and
- 4. Car Parking

Prior to use of the Viewing Platform, three (3) car parking bays and related access ways as shown on the approved plans shall be available for the Viewing Platform use. These bays shall be line marked, sign-posted and maintained in accordance with Australian Standard AS2890.1, to the satisfaction of the City.

10 SEPTEMBER 2024

CR CASTLE:

Can we please have some reasoning why Administration consider visually impermeable fencing to be acceptable in this instance?

A/MANAGER DEVELOPMENT & DESIGN:

The metal sheet fencing that surrounds the temporary Viewing Platform would be consistent with the element objectives of the Built Form Policy. This is because:

Site Security & Minimised Opportunities for Concealment

The purpose of the fencing is to prevent unauthorised entry to the Viewing Platform. The fence is locked when the Viewing Tower is not in use, and the metal sheet material would mean that the fence would be non-climbable. This assists in reducing potential safety impacts resulting from unauthorised entry.

Opportunities for concealment are reduced because the pedestrian entry gate to provides access behind the fence is locked when not in use and the fence material is non-climbable. This reduces potential safety issues to the broader community.

External Surveillance

External to the fenced area around the Viewing Platform there would be opportunities for passive surveillance of the structure. This includes from the Office at No. 369 Fitzgerald Street, located adjacent to the structure to the north, and provides windows fronting Fitzgerald Street that would provide actual and perceived surveillance.

There are also windows that would be facing the subject site from existing dwellings and businesses along Raglan Road and Fitzgerald Street that would further contribute towards actual and perceived surveillance to reduce anti-social behaviour from occurring.

Temporary Nature

The use of metal sheet fencing is common around the perimeter of construction sites. While not the desired long-term outcome for the subject site, the use of this material is supported because of the security benefits that it provides and set out above, and that it is a temporary measure only.

The fencing would be required to be removed from the subject site at the same time as the Viewing Platform once the time-limited approval expires. This is reflected in Condition 2 as recommended by Administration.

CR WOOLF:

Please provide an overview of antisocial behaviour occurring and what is being doing to mitigate it?

A/MANAGER DEVELOPMENT & DESIGN:

Administration does not have any record of complaints received regarding antisocial behaviour occurring on or around the temporary Viewing Platform since it was erected in June 2024. Because of this Administration is unable to validate any claims of antisocial behaviour.

The applicant has also confirmed that they have not received any complaints of antisocial behaviour relevant to the Viewing Platform.

Measures to reduce antisocial behaviour have been implemented by the applicant as part of the temporary Viewing Platform.

This includes the secure fencing to prevent unauthorised entry, any use of the Viewing Platform being under supervision only, the fencing being coated in an anti-graffiti coating, prompt removal of graffiti and "no unauthorised entry" signs posted on the perimeter of the fencing.

Administration is aware of some instances of antisocial behaviour occurring in the broader area. This is a separate matter to the subject application and Administration have been working with the WA Police and outreach services in response to this.

At 6.48pm A/Manager Development & Design left the meeting and did not return.

Page 17

10 SEPTEMBER 2024

6.1 OUTCOME OF ADVERTISING AND ADOPTION OF STORMWATER DRAINAGE CONNECTIONS POLICY

Attachments: 1. Stormwater Drainage Connections - Final Policy

- 2. Survey Results of Stormwater Drainage Connections Amended Policy
- 3. Current Stormwater Drainage Connections Policy
- 4. Marked Up Stormwater Drainage Connections Final Policy

RECOMMENDATION:

That Council ADOPTS the Stormwater Drainage Connection Policy at Attachment 1.

CR WALLACE:

What is the Feasibility of storage on site? Please look at a case study of 1000m2 commercial lot, what would be the storage requirement and financial cost?

EXECUTIVE DIRECTOR INFRASTRUCTURE & ENVIRONMENT:

For a 1000m2 commercial development, it is required to design for 100 Year ARI.

Assuming 90% of impervious area for commercial development.

- 800m2 Roof Area
- 100m2 Impervious Paved Area
- 900m2 Total Impervious Area
- Sand Soil Type
- 60 Design Duration (mins)
- 35.15 Inflow Volume (m3)
- 8 x 1.8m dia x 1.8mh = 36.6 m3 Storage
- Cost Estimate (ex gst): \$3,951.00 each x 8 = \$31,608.00

For a 400m2 residential development, it is required to design for 20 Year ARI.

Assuming 75% of impervious area for residential development.

- 300m2 Total Impervious Area
- Sand Soil Type
- 60 Design Duration (mins)
- 8.3m3 Storage required
- 2 x 1.8m D x 1.8m H = 9.2m3 Storage
- Cost Estimate (ex gst): \$3951 each x 2 = \$7,902.

10 SEPTEMBER 2024

At 6:57 pm, Cr Ashley Wallace left the meeting due to a previously declared financial interest. At 6:57 pm, Cr Ron Alexander left the meeting due to a previously declared financial interest.

5.4 OUTCOME OF ADVERTISING AND ADOPTION OF LOCAL PLANNING POLICY: DEVELOPMENT GUIDELINES FOR HERITAGE PLACES

Attachments:

- Draft Local Planning Policy Development Guidelines for Heritage Places clean copy
- 2. Draft Local Planning Policy Development Guidelines for Heritage Places Initial Version for Consultation
- 3. Summary of Submissions Administration Response
- 4. Department of Planning, Land & Heritage Review of Heritage Management Local Planning Policies
- Draft Local Planning Policy Development Guidelines for Heritage Places markup

RECOMMENDATION:

That Council:

- PROCEEDS with amendments to Policy No. 7.6.1 Heritage Management Development Guidelines for Heritage and Adjacent Properties included as Attachment 5, pursuant to Schedule 2, Part 2, Clause 5 of the *Planning and Development (Local Planning Schemes)* Regulations 2015; and
- 2. NOTES that Administration will publish a notice in accordance with Clause 87 of the *Planning and Development (Local Planning Schemes) Regulations 2015.*

CR WOOLF:

What supporting information is available from Administration if landowners have questions about the policy and how this impacts on their property?

A/MANAGER STRATEGIC PLANNING:

The City has a wide range of information available on it's <u>website</u> for community members in relation to heritage in Vincent.

This includes an overview of State and local heritage listings and how these are to be considered in undertaking works to heritage-listed properties.

There is also a specific information sheet that provides more detailed information on works that are exempt from requiring planning approval and an outline of the planning approval process.

Should Council approve the proposed amendments to the Local Planning Policy – Development Guidelines for Heritage Places, the information sheet as well as the City's website content will be updated to provide additional guidance to reflect the updated policy setting and to assist community members.

Administration will also carry out a postcard drop to the owners of heritage-listed properties to ensure landowners are aware of the changes to the policy and directing them to the supporting information that is available on the City's website in the first instance.

At 6:59 pm, Cr Ron Alexander returned to the meeting.

At 6:59 pm, Cr Ashley Wallace returned to the meeting.

At 6.59pm A/Manager Strategic Planning left the meeting and did not return.

10 SEPTEMBER 2024

6.3 RFT IE346/2024 SULLIVAN LOGISTICS STADIUM SPORTS FLOODLIGHTING UPGRADE

Attachments: 1. Evaluation Worksheet RFT IE346-2024 - Confidential

RECOMMENDATION:

That Council:

- NOTES the outcome of the evaluation process for Tender IE346/2024 Sullivan Logistics Stadium Sports Floodlighting Upgrade;
- 2. ACCEPTS the alternate tender submission of Stiles Electrical & Communication Services Pty Ltd for Tender IE346/2024 Sullivan Logistics Stadium Sports Floodlighting Upgrade; and
- 3. In accordance with section 6.8 of the *Local Government Act 1995* APPROVES (by Absolute Majority) the establishment of the following capital budget to undertake Stage 1 and 2 of the Sulivan Logistics Stadium Redevelopment works –

Capital Expenditure – Sullivan Logistics Stadium Redevelopment (Stage 1 & 2) \$5,125,887Dr

Capital Income – Sullivan Logistics Stadium Redevelopment (Grant & Contributions) \$4,876,083Cr

Capital Income – Transfer from Reserve (Asset Sustainability) (Leederville Oval) \$ 249,804Cr

MAYOR XAMON:

Please provide commentary on the time frames and affect this may have on the project in relation to the Western Power transformer upgrade, when is the latest we need them to come to the party to have the ground usable?

MANAGER COMMUNITY FACILITIES:

Western Power has indicated that a quote for the required transformer upgrades will be available by July 2025, with the work likely to be completed between December 2025 and March 2026.

The current transformer provides sufficient capacity for general usage for training and 500 lux night games (untelevised). The transformer upgrade is necessary to meet the increased power demands of the upgraded floodlights (at 1000 lux) as well as any future enhancements to the grandstand and venue infrastructure. It has been confirmed that the upgraded lights can be commissioned without the transformer upgrade, and based on discussions with our lighting consultant, the floodlights will be able to operate at full 1000 lux capacity for televised sporting events even without the transformer upgrade, however the load will need to be managed (either through isolating unnecessary load or supplementing with a generator). While this arrangement can be managed in the short term, an upgraded transformer is required to address future power requirements, such as grandstand improvements or other enhancements. The cost of the transformer upgrade has been factored into the overall project budget, ensuring we future-proof the facility for additional developments.

It's important to note that the delay in the application for the transformer upgrade from Western Power stems from an administrative error on Western Power's part. They cancelled the City's transformer review application, which was lodged previously, due to a lack of response. Upon further investigation, it was revealed that their emails were sent to an incorrect address, despite their previous acknowledgment of the updated contact information. This oversight has been formally acknowledged by Western Power. We are continuing to pursue all avenues to ensure that any further delays are minimised and that the project remains on track.

CR GREER:

Please provide commentary regarding the maintenance/warranty advice on the lighting project

MANAGER COMMUNITY FACILITIES:

Floodlighting systems designed to meet specific lux levels incorporate a maintenance factor, which accounts for issues such as gradual dimming of LED luminaires and the accumulation of dust or dirt on the lens. For

Page 22

COUNCIL BRIEFING NOTES

10 SEPTEMBER 2024

example, a maintenance factor of 0.89 means the system is designed to perform at 11% above the required lux level to ensure that performance is maintained over time.

Industry standards for maintenance factors typically range between 5-10% across different designers and vendors. It is also standard practice for luminaires to come with a 5-year warranty, though this generally does not include annual testing of lux levels.

The proposed submission offers a maintenance factor of 0.92, which is 8% above the required lux level, along with a 10-year warranty and the inclusion of an annual lux test at no additional cost to the City. The tender review panel considers this an acceptable and advantageous alternative to the industry norm of a 0.89 maintenance factor, a 5-year warranty, and no annual testing provision.

Additionally, it should be noted that the industry standard design life for sport floodlighting luminaires is approximately 50,000 hours. This translates to 2 hours and 45 minutes of daily use for roughly 50 years, offering long-term reliability and durability.

MAYOR XAMON:

Are the toilet blocks Heritage listed?

MANAGER COMMUNITY FACILITIES:

Leederville Oval itself is heritage listed but based on the description and the statement of significance the listing is related to the grandstand/oval itself. There's no reference to the toilets inherit-State Heritage
Office (dplh.wa.gov.au)

10 SEPTEMBER 2024

6.4 RFT IE345/2024 SULLIVAN LOGISTICS STADIUM PLAYING SURFACE REDEVELOPMENT

Attachments:

1. Evaluation Worksheet RFT IE345-2024 - Confidential

RECOMMENDATION:

That Council:

- NOTES the outcome of the evaluation process for Tender IE345/2024 Sullivan Logistics Stadium Playing Surface Redevelopment; and
- 2. ACCEPTS the tender submission of Newground Water Services for Tender IE346/2024 Sullivan Logistics Stadium Playing Surface Redevelopment.

MAYOR XAMON:

I would like an indication about what measures need to be put in place for ongoing protection to the new turf if other events are to be held there given the amount of money being outlaid.

MANAGER COMMUNITY FACILITIES:

The recent request for a Licence to use Sullivan Logistics Stadium for a series of events has been withdrawn as the applicant could not agree to several terms including those related to turf care and remediation costs. Moving forward, all event applications will be processed through the City's established Event Application system. Each application for the use of Leederville Oval will be carefully evaluated on its individual merits in consultation with the City's Parks team, to ensure the venue is suitable for the proposed event and to safeguard the playing surface. For any event approved to take place on the oval, strict conditions will be imposed regarding turf care and ongoing maintenance. In addition, a substantial bond will be required to cover any potential remediation costs should damage to the turf occur. This ensures that the necessary protections are in place to safeguard the playing surface and maximize its lifespan following the recent investment.

Furthermore, the contractor responsible for the turf installation will provide a comprehensive handover to the City's grounds maintenance contractor, which will include detailed maintenance schedules to ensure the longevity of the new turf.

The biggest ongoing risk to the stadium turf is excessive football usage, particularly to high-wear zones. The City will actively collaborate with the football clubs and the AFL to distribute facility usage more evenly. This will involve strategic scheduling and a reduction in non-essential use of the facility to mitigate wear and tear on the turf in combination with a well-developed turf management and maintenance schedule to encourage optimal turf condition for years to come.

At 7.05pm Manager Parks left the meeting and did not return.

At 7.05pm Executive Assistant Infrastructure & Environment left the meeting and did not return.

At 7.05pm Coordinator Sport & Recreation left the meeting and did not return.

Item 8.3- Attachment 11

10 SEPTEMBER 2024

8.1 CONSIDERATION OF AUTHORISATIONS ASSOCIATED WITH LAND MANAGEMENT

Attachments:

- 1. Deed of Discharge and Release No. 51 Albert Street, North Perth
- 2. Certificate of Title No. 51 Albert Street, North Perth
- 3. Right of Carriageway Easement to No. 177 (Lot: 2) Scarborough Beach Road, Mount Hawthorn
- 4. Proposed Delegation Power to Modify Documents

RECOMMENDATION:

That Council:

- APPROVES the Withdrawal of Caveat over No. 51 Albert Street, North Perth;
- 2. APPROVES the:
 - 2.1 Surrender of Easement over Lot 3 on Diagram 62595; and
 - 2.2 Grant of an Easement over a portion of Lot: 109 on Plan: 3642;
- AUTHORISES the execution of such documents as required to effect the:
 - 3.1 Withdrawal of Caveat G758743 No. 51 Albert Street, North Perth; and
 - 3.2 Surrender of Easement and Grant of Easement Coogee St carpark;

to be executed in accordance with the Execution of Documents Policy; and

4. DELEGATES BY ABSOLUTE MAJORITY the power to approve modification, variation, amendment or removal of an existing encumbrance, right or burden condition already approved by Council under Delegated Authority or as required by a condition of a subdivision approval relating to the land within the control and management of the City function under Section 5.41 of the Local Government Act 1995, as detailed in Attachment 4.

CR CASTLE:

Can you provide examples of when this delegation would be used and when previous decisions have been presented to Council?

EXECUTIVE MANAGER CORPORATE STRATEGY & GOVERNANCE:

We have not been able to locate any previous similar decisions of Council.

Currently Council's Execution of Documents Policy provides authorisation for Administration to execute the following documents:

10 SEPTEMBER 2024

3. Category 2 No common seal - Officers authorised by Council

Category 2 documents do not require the City's common seal to be affixed.

In accordance with s9.49(A) (4) of the Act, the Council authorises the Officers listed in the table below to sign documents on behalf of the City.

The following is a list of Category 2 documents:

Description	Authority to Execute
Documents required in the management of land as a landowner,	CEO;
including a development application, building permit application,	Executive Manager Corporate
easement or agreement in respect to City owned or managed	Strategy and Governance; and
land.	the responsible Executive Director
Documents required to enact a decision of Council, a Council	CEO; responsible Executive Director;
Committee or the Development Assessment Panel (i.e.	and responsible Manager.
contractual documents resulting from a tender process, transfer	
of land forms, notification on title as required by a condition of	
approval, memorandum of understanding etc.).	
Documents required to enact a decision made under delegated	CEO;
authority or as a condition of approval given under delegated	the responsible Executive Director;
authority (i.e. caveats, restrictive covenants and s 70A	and
Notifications).	the Officer exercising the delegated authority.
Where a condition of approval given under delegated authority	CEO;
has subsequently been met, documents that are required to	the responsible Executive Director;
remove, withdraw or extinguish the earlier document or	and
registration (e.g. withdrawal of caveat or a document that	the Officer exercising the delegated
removes a restrictive covenant)	authority.

This authorisation is limited to entering into documents required by a condition of approval and provides for the removal of burdens where this was a condition of approval under delegated authority. The authorisation does not extend to where a document is being removed and may have been a condition of Council decision.

Examples:

Standard subdivision condition Transport Noise:

A notification, pursuant to Section 165 of the Planning and Development Act 2005 is to be placed on the certificate(s) of title of the proposed lot(s). Notice of this notification is to be included on the diagram or plan of survey (deposited plan). The notification is to state as follows:

This lot is situated in the vicinity of a transport corridor and is currently affected, or may in the future be affected by transport noise. Additional planning and building requirements may apply to development on this land to achieve an acceptable level of noise reduction. (Western Australian Planning Commission)

Standard DA condition Amalgamation:

In accordance with the City's Policy No. 7.5.19 – Amalgamation Condition on Planning Approvals, prior to the lodgement of a Building Permit application for the proposed development, ('The lots') are to be amalgamated into a single lot on a Certificate of Title; or alternatively, the owner entering into a legal agreement with the City and secured by an absolute caveat lodged over the certificates of title to the Lots requiring the amalgamation to be completed within twelve months of the issue of a Building Permit for the proposed works;

Standard DA condition where lot is within Clause 26 area:

Prior to the occupation or use of the development, a restrictive covenant, to the benefit of the City pursuant to Section 129BA of the Transfer of Land Act 1893 is to be placed on the certificate of title of proposed lot X advising of the existence of a restriction on the use of the land. Notice of this restriction is to be included on the diagram or plan or plan of survey (deposited plan). The restrictive covenant is to state as follows:

In accordance with Clause 26(1) of Local Planning Scheme No.2 the Owner acknowledges

Page 25

10 SEPTEMBER 2024

that without limiting the foregoing, it may not:

- (i) demolish, damage or alter any part of the Existing Dwelling;
- (ii) carry out any works on or around the Existing Dwelling which are reasonably likely to demolish, damage or alter any part of the Existing Dwelling; or
- (iii) modify, renovate or improve the Existing Dwelling in a manner that is inconsistent with its original appearance, without the City's consent.
- (iv) Removal of the existing dwelling will revert the density of the land to R30 and all future development shall be in accordance with the development requirements of State Planning Policy 7.3 (or similar) as applicable to R30 coded development.

Administration is seeking delegation to approve certain documents related to the control and management of land within the City of Vincent where the CEO is satisfied that the relevant document would not result in any risk to the City such as financial or environmental. The authority to approve would only apply to modification, variation, amendment or removal of an existing encumbrance, right or burden condition already approved by Council under Delegated Authority or as required by a condition of a subdivision approval relating to the land within the control and management of the City.

In relation to the matters subject of this council report, should Council grant the delegation then the Caveat is an example of a document that Administration would have authority to remove. The Easement which is proposing a new burden to the City's land would still require Council approval.

CR WALLACE:

With reference to the definition of *Property* in S3.58 of the Local Government Act (LGA) – are caveats and easements considered an interest of the LG within the definition of *Property* and does this mean S3.58 would apply? Is it appropriate to delegate this function to the CEO?

EXECUTIVE MANAGER CORPORATE STRATEGY & GOVERNANCE:

Under the LGA, the following definitions have relevance:

"Property" is defined as including the whole or any part of the interest of a local government in property, but does not include money.

"Dispose" includes to sell, lease, or otherwise dispose of, whether absolutely or not. Under the Local Government (Functions and General) Regulations 1996, Regulation 30(2), sets out that a disposition of land as an exempt disposition:

- (a) if the land is disposed of to an owner of adjoining land (in this paragraph called the transferee) and -
 - (i) its market value is less than \$5,000; and
 - (ii) the local government does not consider that ownership of the land would be of significant benefit to anyone other than the transferee;

This delegation sought is to approve a modification, variation, amendment or removal of an existing encumbrance (excluding leases), right or burden condition already approved by Council. An existing encumbrance typically includes a caveat, easement, covenants and notifications.

An easement could be interpreted as a 'disposition' within the meaning of S3.58. The grant of easement, being a right to use another person's land, for a particular purpose is "otherwise disposing" of an interest in local government property. By reference to Reg 30(2)(a), the grant of an easement would be an 'exempt disposition'. There is no market value attached to an easement and the local government does not consider the burdened land to be of significant benefit to anyone other than the transferee.

In this delegation, the modification, variation, amendment or removal of an existing encumbrance (excluding leases), right or burden condition already approved by Council refers to (in context), withdrawal of caveat, surrender of easement or removal of a covenant or notification. In the circumstances, s3.58 does not apply as the City is not 'otherwise diposing' of an interest in local government property. It is therefore appropriate to delegate the function to approve to the CEO.

Attachment 4 of the report has been updated to exclude registered leases which is construed as an encumbrance which is already considered under Delegation 2.2.18 and is not the intent of this delegation.

At 7.08pm Manager Community Facilities left the meeting and did not return.
